

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

CONTRIBUTIONS BY PARISHES, ETC., TO MAINTENANCE OF ROAD.

Sec. 11. Be it further enacted, etc., That whenever any road shall be constructed or improved in any parish, city, town or village, under the provisions of this Act, or has heretofore been so constructed or improved under previous statutes relating to road improvement, under which State aid has been granted, the State Highway Engineer shall thereafter keep all such roads in proper condition and repair, and the total cost of such maintenance shall be paid by the State Treasurer, the said parish, city, town or village to reimburse the State its proportional share of such total cost—one-half thereof, such payment and reimbursement to be made in like manner and as provided in Section 7 hereof for the original cost of such highways.

The State Treasurer is hereby authorized to pay, upon the warrant of said State Highway Engineer, approved by the President of the State Board of Engineers, such sums as may be required for the repair of such roads. It shall be the duty of the said State Highway Engineer to organize a system of continuous repair and inspection of State highways so that the same will be in good condition at all times.

LAYING PIPE, ETC., ON ROADS—PERMISSION REQUIRED.

Sec. 12. Be it further enacted, etc., That no State highway shall be dug up or otherwise used for laying pipe lines, sewers, poles, wires or railways, or for other purposes, without the written permit of the State Highway Engineer, and then only in accordance with the regulations prescribed by said engineer; and all such work shall be done under the supervision and to the satisfaction of said engineer, and all the cost of replacing the highway in as good condition as previous to its being disturbed shall be paid by the person to whom or in whose behalf such permit was given, or by the persons by whom the work was done. In case of immediate necessity therefor, a city, town or village may dig up said State highway without such permit from said State Highway Engineer; provided, that in such cases such highway shall be forthwith replaced in as good condition as before at the expense of such city, town or village. No railway or trolley line shall be permitted within the right of way of any State highway, except at crossings, and no trees on any State highway shall be used or be disturbed for the erection of electric lights, telephone or telegraph lines. It shall be the duty of the State Highway Engineer, as far as practicable, to have State highways bordered by trees.

PURCHASE OF ROAD BUILDING APPARATUS.

Sec. 13. Be it further enacted, etc., That the State Highway Engineer, with the approval of the State Board of Engineers, may purchase for the State all rock crushers, steam rollers and other road machinery, tools and implements, and draft animals that may be needed for the purposes of this Act, and such machinery shall be managed and used under the direction of said engineer, who shall employ competent men to operate and keep them in repair.

Said State Highway Engineer may purchase all necessary materials and supplies and incur such other expenses as may be necessary in the operation, maintenance and transportation of all such road machinery, tools and implements. Upon the application of the police jury of any parish, or of the mayor or other governing authority of any city, town or village, said State Highway Engineer may furnish for use such road machinery when convenient and practicable for use in building or repairing any road or roads in such parish, city, town or village, all expenses incurred thereby to be borne by said parish, city, town or village.

ACQUISITION OF RIGHT OF WAY FOR ROAD.

Sec. 14. Be it further enacted, etc., That in all cases where it is necessary to acquire a right of way in constructing a new highway or changing the location of an old, the right of way thereof shall be acquired by the parish, city, town or village, either by purchase, donation or by expropriation under the general laws of the State relative to expropriation of private property for public purposes, in the event the owner of said property and

the governing authorities of such cities, towns or villages, or the State Highway Engineer should not agree upon the price thereof. In expropriating lands for the right of way, the measure of damages to such land owner shall be double the assessed value of the property per acre, appearing on the last assessment rolls. This measure of damages shall include the price of the land and all damages that may result to the owner; provided, however, that if any improvements of the land owner, or any crops upon the land are damaged or destroyed by the location of such highway, then he may recover additional compensation for the actual injury or destruction of such improvements or crops. After the State Highway Engineer has laid out a road over a certain tract of land, and actually commenced the construction of said highway thereon, the land owner shall not be entitled to prevent or retard the construction of the road by any legal process, but shall be remitted to an action for damages, and recover such damages as is authorized under this Act. All State highways shall be of such width as shall be fixed by the State Highway Engineer, and the rights of way authorized to be acquired under this Act shall be of such width as may be designated by the State Highway Engineer, as in his judgment is best suited to that particular locality. The State Highway Engineer shall also have the right and authority to have dug canals and ditches or drains sufficient in his judgment to properly drain the road being constructed through any lands of private individuals or corporations to drain the public roads. The right of way for such canals and ditches may be acquired in the same manner and for the same compensation as is herein provided for acquiring rights of way for highways. In the event the land owner should donate the right of way for the ditch or canal through his property, then under such terms, restrictions and regulations as may be imposed by the State Highway Engineer he shall be permitted to drain into said ditch or canal. If, however, such private owner will not donate this right, it shall be left to the discretion of the State Highway Engineer whether he be permitted to drain into such ditch or canal under any conditions.

Note. This section violates Const. Art. 167, but its unconstitutionality does not invalidate the entire statute. *Police jury vs. Martin*, 140 L. 848.

SALE OF LAND ON WHICH OLD ROADS ARE LOCATED.

Sec. 15. Be it further enacted, etc., That the said State Highway Engineer, with the approval of the State Board of Engineers and the president of the police jury, or the mayor or governing authority of any city, town or village, may exchange such land or part thereof upon which any highway is now located for another location for such highway, or he may sell such lands when the highway has been abandoned, or may vacate any lands or part thereof, or rights in lands which have been taken or acquired for road purposes, under this Act, by executing and recording a deed therefor, and said vacation shall vest the title to the lands or rights so vacated in the persons their heirs and assigns who are named in said Act.

EMPLOYMENT OF LABOR OF CONVICTS.

Sec. 16. Be it further enacted, etc., That the said State Highway Engineer shall have the authority to employ any and all labor necessary when performing a contract for the construction or repair of public roads, or performing the preliminary work of surveying or performing any other work necessary in connection therewith, and when such labor is employed by the day he shall only pay the reasonable and customary price.

That in order to further carry out the provisions of this Act and provide labor sufficient to construct and maintain the public roads as herein provided, the convicts of the State of Louisiana may be worked upon the said public roads as authorized by the Constitution of the State. Whenever in the opinion of the State Highway Engineer convicts can be profitably worked upon the public roads, he shall apply to the Board of Control of the State Penitentiary, who shall furnish such convicts in case they are available. The labor performed by the convicts shall be furnished free of charge, provided, however, that the cost of maintenance and operation shall be

borne by the parish, municipality or road district having the work performed, and paid out of the fund available for said work. The Board of Control of the State Penitentiary shall at all times retain control and supervision over said convicts in the same manner and to the same extent as if they were upon the State farms or in the penitentiary walls.

STATE HIGHWAY FUND.

Sec. 17. (As amended by Act 237, 1918.) Be it further enacted, etc., That the Road Fund provided for and created by Act No. 14 of 1910, adopted as an amendment to the Constitution at the Congressional Election of 1910, and embodied as Article 291 of the Constitution of 1913, created to construct and keep in repair the State highways or public roads throughout the State, with the necessary culverts, bridges and drains, and all other appurtenances incident and accessory thereto, shall be set apart and dedicated to the carrying out of the provisions of this Act. Said fund shall be paid into the State Treasury, and shall be known and designated as the "State Highway Fund," and applied for the exclusive uses and purposes of this Act; provided, however, that from and after the first day of January, 1919, there shall also be created and maintained a special fund to be known as "State Highway Fund No. 2, Chef Menteur and Hammond-New Orleans State Highways," and into the last mentioned special fund shall be paid all motor vehicle licenses collected from the parishes of Jefferson, St. Charles, St. John the Baptist, Tangipahoa, St. Tammany and Orleans, and such portion or sufficient amount out of the special road tax collected under said Article of the Constitution from the Parish of Orleans as may be necessary to create and maintain a fund of Sixty Thousand Dollars per year, and said last mentioned special fund shall be set apart and dedicated for the purpose of paying any and all contracts heretofore made or hereafter to be made, and any and all bonds, notes or evidences of indebtedness made or issued by the State Highway Department to provide moneys for the cost of constructing the following State highways:

First. The Chef Menteur Road, commencing at People's Avenue, in the Parish of Orleans, and extending to a place in the Parish of St. Tammany, at the boundary line between the States of Louisiana and Mississippi, opposite or nearly opposite to Logtown, in the State of Mississippi; and,

Second. For the construction of a model State highway determined upon and laid out by the Highway Department, to extend approximately parallel to the Illinois Central Railroad from Hammond into New Orleans.

The State Treasurer is authorized to disburse said special funds for all expenditures authorized by this Act, upon warrant of the State Highway Engineer, approved by the President of the State Board of Engineers. When the said Chef Menteur Road and the said Hammond-New Orleans Road shall have been fully constructed and all obligations incurred for the construction of the same have been fully paid, principal and interest, the said "State Highway Fund No. 2, Chef Menteur and Hammond-New Orleans State Highways," shall be discontinued, and no moneys shall be set apart and dedicated thereto from the Parish of Orleans out of the special road tax collected under Article 291 of the Constitution. Any portion of the special road tax of one-quarter of a mill on the dollar collected under Article 291 of the Constitution of 1913, known herein as the "State Highway Fund," not expended at the expiration of any fiscal year shall revert to the Road Fund and be used for the purposes and in the manner set forth in Act 49 of 1910.

WHAT TERM "HIGHWAY" INCLUDES.

Sec. 18. Be it further enacted, etc., That the term "State Highway" so used in this Act shall be construed to include all highways constructed under the provisions of this Act, and all such highways heretofore constructed to which the aid of the State has been extended.

Highway Department

ETC., OF STREETS.

It further enacted, etc., That nothing in this Act shall be allowed to prevent the highway commission created under this Act to be the sole authority for the building or improvement of streets in cities or towns, except in such cases where the streets connect with streets constructed or improved under the provisions of this Act.

It further enacted, etc., That all laws and parts of laws in conflict with the provisions of this Act be and the same are hereby repealed.

Legislature.]

1738.] Whenever any person shall wish to impeach an officer before the Legislature, he shall address the representatives a memorial containing a brief statement of such public officer which are supposed to be in violation of law; the memorial shall be sworn to and signed by the person presenting it, and shall contain a list of the individuals who shall furnish information relative to the facts set forth, with several charges which each individual included shall substantiate by his testimony.

Referral to Committee.]

1739.] Whenever a memorial of the nature of impeachment shall be submitted to the House of Representatives, it shall be referred to a committee, who, after having examined the memorial and the accompanying documents, shall report to the House the officer accused, as aforesaid, with the witnesses who shall be cited to appear at a subsequent period, at the same session of the Legislature, or any subsequent session thereof, according as said committee may deem proper. The committee may also, on his part, cause to be taken into consideration the time that the General Assembly shall sit. The accused may also, on his part, cause to be taken into consideration the necessary citations for the witnesses who he wish to summon in his defense.

Report before Committee.]

1740.] At the appointed time the committee shall meet and swear and examine the witnesses, both for and against the accused, whose testimony shall be taken down in writing. The committee shall then make their report to the House of Representatives, and shall declare in the conclusion whether they find the charges are well founded; in which case the committee shall, after having obtained all necessary information, report whether it be expedient to proceed by means of impeachment or by address. In case the committee shall report in favor of the accused, the adoption of the report shall be sufficient, and the accused shall be discharged and shall never after be brought before the Legislature on any charge with which he has been already charged.

Commission—When.]

1741.] Whenever in the opinion of the committee the witnesses shall reside at such a distance that their attendance at the seat of government must give rise to great expense of time, the said committee shall prepare interrogatories to be made to the witnesses by commission as in judicial proceedings. fore him the witness to whom they are propounded, and, having administered the oath to him, shall take down in writing his answers and make him sign them. The interrogatories thus prepared by the committee shall, previous to their being sent as aforesaid, be communicated to the accused or his counsel, who shall have a right to add his cross-interrogatories, to which the witness is equally bound to answer. The accused on his part shall be allowed to submit to the committee such interrogatories as he may wish to be propounded to witnesses in his behalf, and it shall be the duty of the committee, after having added such cross-interrogatories as they shall deem proper, to direct the whole as aforesaid, that it may be proceeded upon in the same manner.

[Enforced Attendance of Witnesses.]

[R. S., Sec. 1742.] The magistrate to whom the interrogatories shall be directed, as stated in the foregoing section, may employ all such means as are allowed by law to compel a witness to appear, and may condemn to a fine of not less than fifty dollars and not exceeding one hundred, or to an imprisonment not exceeding ten days, any witness for or against the accused, who, being duly cited, shall have refused to attend, or who, having attended, should refuse to answer to the interrogatories or sign his answers.

[Costs, By Whom Paid.]

[R. S., Sec. 1743.] Whenever the culpability of a public officer shall be ascertained, either by the sentence of the Senate or by the concurrence of both Houses, agreeable to the Constitution, all the costs arising from the investigation and prosecution of his suit shall be paid by said officer, which shall be recovered by a suit to be instituted against the party condemned, by the District Attorney; and in order that the provisions of this section shall have full effect, it shall be the duty of the Secretary of the Senate and the Clerk of the House of Representatives, to make out a full statement of all costs incurred in the prosecution which shall come to their knowledge, and hand over the same to the District Attorney.

[Costs By Defendant.]

S., Sec. 1744.] In case the public functionary against whom an accusation shall be brought should resign his office pending the inquest which shall have been ordered by the House, he shall be bound to pay all the costs which shall have been incurred until that time, to be recovered in the manner provided by the foregoing section.

1760, as it stood originally, established the "Insane Asylum of Louisiana," and the Act 146 of 1898, printed *infra*, provided for its change to that name. The amending Act of 1910 changed the name of the hospital to that now in use. It made no provision for its administration; it may therefore be that the Act of 1898 still controls. See Act 92 of 1902, printed at p. 889, "Louisiana Hospital for the Insane of the State of Louisiana," in *the same*.

The said Board shall be appointed from the State at large, and to be appointed, two of them shall be designated for the term of two years, and shall be chosen from among the members of the Board. Two shall be designated for the term of two years,

Sec. 2. Be it further enacted, etc., That the Governor of the State shall, ex-officio, be President of the Board of Administrators; the Board shall elect from its members a vice-president to preside in the absence of the President, and an Executive Committee of four (4). The executive committee shall visit the institution at frequent intervals, not less than monthly, and shall report its condition and management to the president of the board, and the whole shall meet not less than four (4) times a year.

WHEN ACT GOES INTO EFFECT.

Sec. 3. Be it further enacted, etc., That this act shall take effect on the expiration of the terms of the Board of Administrators now in office.

REPEAL OF ACT 10, 1875, ETC.

Sec. 4. Be it further enacted, etc., That Act No. 10 of the Acts of 1875, extra session, being an act to amend an act entitled an act to establish an Insane Asylum and to regulate the same, approved March 10, 1855, (1782 Revised Statutes), and also to amend an act in reference thereto, approved March 12th, 1874, and also Act 147, of the Acts of 1890, being an act to provide for the appointment of the Board of Administrators of the Insane Asylum of the State of Louisiana, and also all other laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Note. Act 78 of 1912, p. 90. The Board of Administrators of the East Louisiana Hospital for the Insane may permit the use of the railroad switch to the public and charge therefor.

R. S., Secs. 1761-1762 were amended by Act 50 of 1874, which, however, did not mention the sections of the Revised Statutes, but did mention Act 327 of 1855, on which they were based. Act 50 of 1874 was repealed by Act 146 of 1898 printed *supra*.

[Power of Board to Make Rules, Etc.]

[R. S., Sec. 1763.] The Board shall have power to make all rules and regulations for their own government, not contrary to law; to make all necessary contracts; provided, however, that no member of said Board shall in any manner be connected with the taking of such contracts, and they shall further have the right to accept any donation or legacy in the name of the Asylum and for its use, to sue and be sued, plead and be impleaded, in all actions appertaining to the Asylum.

[R. S., Sec. 1764.] Amended by Act 50 of 1874, which was repealed by Act 146 of 1898.

[Visiting Committee to Be Appointed, Etc.]

[R. S., Sec. 1765.] At every regular meeting, the Board shall appoint two of its members, whose duty it shall be to visit said Asylum at least once a week, for the purpose of ascertaining the manner in which the regulations are complied with, and at each monthly meeting to report the condition of the Asylum. The Board shall furnish the Legislature, on the second Monday of each session, a detailed statement of the annual receipts and ex-

penditures of said Asylum: a statement of the names of the insane persons in the Asylum, of the number and names of those admitted; of those deceased, and of those cured and discharged during the current year.

[Election of Treasurer, Bond, Salary, Etc.]

[R. S., Sec. 1766.] The Board shall elect annually a Treasurer, who shall be *ex-officio* Secretary, and who shall not be a member of the Board, and who shall give bond and security for the faithful performance of his duty, to be approved by the majority of said Board. It shall be his duty to collect all debts due to said Asylum; to receive quarterly upon the warrant of the President, whatever appropriations may be made by the State for its benefit; to take care and keep an exact account of the property, credits and revenues, and to make all necessary payments under such rules and regulations and restrictions as may be established by the Board. Said Treasurer and Secretary, elected by the Board, shall receive an annual salary for his services the sum of six hundred dollars, paid quarterly on the warrant of the President, out of the funds annually appropriated by the State.

[Vacancy in Board, How Filled.]

[R. S., Sec. 1767.] The seat of any member who shall absent himself without sufficient cause from the regular meetings, shall be vacated by a majority of said Board, and the vacancy shall be immediately filled in the manner heretofore provided for. In the absence of the President, a majority of the members shall have power to call a meeting of the Board whenever the necessities of the Asylum may require it.

[Admission of Insane, Duty of Judge and Other Officers.]

[R. S., Sec. 1768.] Whenever it shall be made known to the Judge of the district, by the petition and oath of any individual, that any lunatic or insane person within his district ought to be sent to or confined in the Insane Asylum of this State, it shall be the duty of the said District Judge to issue a warrant to bring before him, in chambers, said lunatic or insane person, and after proper inquiry into all the facts and circumstances of the case, if in his opinion he ought to be sent to or confined in said Insane Asylum, he shall make out his warrant to the Sheriff of the parish, commanding him to convey the lunatic or insane person to the Insane Asylum, for which duty the Sheriff shall have the right to demand the same fees as are now allowed by law for the conveyance of convicts to the penitentiary of the State, which shall be paid out of the parish treasury, upon the order of the District Judge, and likewise all other expenses previously incurred in bringing said insane person before the District Judge.

Note. Where, after verdict and prior to sentence, doubts arise as to the sanity of the person convicted, the Court has the right, upon the suggestion of the District Attorney, to cause an investigation to be made, and he may do so in the criminal proceeding, which has not yet been closed. *State ex rel. Chandler, praying for Habeas Corpus*, 45 A. 696. The relator was convicted of murder, and the court on the report of a commission appointed to inquire into relator's sanity, refused to submit the question of sanity *vel non* to a jury. Held, that mandamus would not lie to constrain such

submission by the trial judge. *State ex rel. Armstrong vs. Judge*, 48 A. 502. See *State ex rel. Paine vs. Potts*, 49 A. 1502; *State vs. Lyons* 113 L. 1001; *State vs. Same*, 49 A. 1095.

[Powers of Board to Receive Insane.]

[R. S., Sec. 1769.] The Board of Administrators shall have authority to receive persons, not sent to the Asylum by a District Judge, on such terms and conditions as they may deem fit to adopt; and money so received shall be applied to the support of the institution.

[Entering Premises of Asylum Without Permission.]

[R. S., Sec. 1772.] If any person shall, without permission, enter any of the buildings or enclosures appropriated to the use of patients, or shall make any attempt to do so, or shall enter anywhere upon the premises belonging to said Asylum, and commit or attempt to commit any trespass or depredation thereon, or shall, either from within or without the enclosure, annoy or disturb the quiet of any patient confined therein, upon conviction thereof before the Mayor or any Justice of the Peace in the town of Jackson, be condemned to pay a fine of not less than five nor more than one hundred dollars for the use of said Asylum subject to appeal to the District Court as in other cases. Buildings to Be Provided.]

S., Sec. 1829.] It shall be the duty of the Board to cause to be built suitable warehouses in the city for the storage of tobacco, at the lowest rates at which they can be obtained, two of which shall be located in the Fourth District; which warehouses shall be well roofed and floored with plank two inches thick, and provided with a sufficient number of presses, and shall be located at such point as will be most convenient for the reception of tobacco, and for the convenience and interest of those engaged in the tobacco trade.

Receipts on Tobacco.]

S., Sec. 1830.] When the tobacco is brought to the warehouse, it shall be received by the Inspector or Inspectors of said warehouse or their clerk, who shall immediately

mark with ink the warehouse numbers, commencing with one and running to the end of the year, on each end of the cask; when called on by the owner or agent to inspect a lot of tobacco, they shall cause the hogshead or cask to be placed at a convenient distance from the press and under the eye of the Inspector or their clerk to cause one head of the cask to be taken out; the cask must then be headed upon the open end, and the whole cask be taken from the tobacco and weighed. The Inspector shall then have the tobacco broken in four different places, from each of which he shall draw four hands or bundles of tobacco, which shall be tied up neatly and compactly, the bundle from the top breaks forming the first layer of the sample. The Inspector shall be careful that the sample shall be a fair representation of the quality of the whole hogshead of tobacco, as near as he can make it. They shall give a sample of it, expressing the probable extent of the damage, but without inspection seal. If upon the inspection of a hogshead of tobacco it be apparent that it is falsely or fraudulently packed, said hogshead shall be marked "condemned," and the Inspectors shall refuse to give a sample of it. It shall then be at the disposal of the owner or agents subject to the same charges as if it had been inspected. If the cask or hogshead shall prove to be of green or unsound timber, the Inspectors shall provide a suitable cask at the expense of the owner or agent.

[Classification of Tobacco.]

[R. S., Sec. 1831.] There shall be two classes of tobacco, to-wit: Admitted and Refused. The Inspectors shall class as Admitted all tobacco they may find to be sound, well cured and in good keeping condition; and they shall class as Refused all such tobacco as they may find to be soft, high in case, or otherwise unsound.

REPEALING CLAUSE.

Sec. 10. Be it further enacted, etc., That all laws or parts of laws in conflict with this Act, or inconsistent therewith, are hereby repealed, and that this Act shall take effect from and after its passage.

Note. The act does not violate Arts. 114 and 118 of the Constitution of the State, or the provisions of the Constitution of the United States giving Congress the power to regulate commerce or forbidding a State to impose an export duty. The act is an inspection law, and the State may as a necessary incident provide that a fee be charged for the service. *Clark vs. Board of Health*, 30 A. 1351. The right to pass inspection laws is not granted to Congress, and consequently remains subject to State legislation, as an incident of the police power, subject to the paramount right of Congress to regulate commerce with foreign nations and between the States. *State vs. Overby*, 142 L. 21.

OFFICIAL JOURNAL.

Sec. 2. (Act 266, 1916, p. 554). Be it further enacted by the General Assembly of the State of Louisiana, That the term "official journal," as used in this Act, is hereby defined to mean the official journal of the parish in which any company incorporated under the provisions of this Act is domiciled.

WHAT IS REPEALED.

Sec. 3. (Act 266, 1916, p. 554). Be it further enacted by the General Assembly of the State of Louisiana, That only such parts of laws as are inconsistent or in conflict with the provisions of this Act be and the same are hereby repealed.

Note. See note to Sec. 7 *infra*.

A Fire Insurance Company under this section has no standing to attack as unconstitutional the act under which it was organized. A company organized with a capital stock of \$100,000 has not complied with the law, when one-fourth of the subscriptions are represented by notes of the subscribers. *State ex rel People's Fire Ins. Co vs. Michel*, 125 L. 55. See also *State ex rel. Gulon vs. People's, etc., Ins. Co.*, 126 L. 548.

be paid for in cash, under the penalty provided for in Section 3 of Article 1 of this Act. A majority of the directors shall certify on oath that the money has been paid by the stockholders for their respective shares and the same is held as the capital of the company invested, or to be invested, as required by this section. Before issuing any policy or making any contract of insurance, the company shall file with the Secretary of State a certified copy of its charter and a statement verified by the oath of its president, and its secretary, showing that said company is duly organized.

(b). Upon receiving such statement the Secretary of State shall examine such company, and if he finds that it has complied with the terms of its charter and the laws of the State, he shall issue certificate authorizing such company to issue policies and make contracts of insurance.

Note. See note to Section 7 *infra*.

COMPANIES MUST NOT DEAL IN MERCHANDISE.

Sec. 6. Be it further enacted, etc., No insurance company organized under the laws of this State shall deal or trade in buying or selling goods, wares, or merchandise, except articles insured by it on which losses are claimed and except in replacing, rebuilding or repairing insured property, as provided in its policies, nor discount commercial, or other than first mortgage paper, nor engage in any banking business whatsoever. Every such company may purchase, hold and convey real property only for the following purposes, and in the following manner:

First—Such as may be requisite for its convenient accommodation in the transaction of its business; provided, that the total value of same shall not be in excess of twenty-five per cent. (25%) of its capital and net surplus.

Second—Such as shall have been mortgaged to it in good faith by way of security for loans previously contracted, or for moneys due.

Third—Such as shall have been conveyed to it in satisfaction of debts previously contracted in the course of its dealings.

In case of the marine or inland marine insurance company, it may also acquire and hold such property within the State, or upon,

or in its waters, which is, or may be adapted to, or available for use in protecting, storing and caring for such vessels and appliances as are, or may be employed for assisting the same, or which is, or may be adapted to, or available for other purposes, or incident to marine salvage service, and may manage and dispose of such real property in the same manner and with like effect as if it were an incorporated owner thereof.

Sec. 7. (As amended by Act 50, 1902, p. 73). No insurance company organized under the laws of the State of Louisiana shall declare and pay any dividend to its stockholders unless its capital is fully paid in cash and is unimpaired and has a surplus beyond its capital stock and other liabilities equal to fifteen per cent of its capital stock.

Note. Note the absence of an enacting clause to Sections 1, 3, 5 and 7. Most cases hold that a statute without an enacting clause is void. *Montgomery, etc., Co. vs. Montgomery Traction Co.*, 140 F. R. 988; *People vs. Dittenthaler*, 44 L. R. A. 164; *State vs. Patterson*, 4 S. E. 350 (1 Wash. T. 115); *Sydberg vs. Security, etc., Ass.*, 76 N. W. 1116; *Burritt vs. State Central Com.*, 11 N. E. 180; but see *City, etc., vs. Kelly*, 52 Mo. 424 (14 Am. Rep. 427). Absence of part of the clause, or the use of words tantamount to those prescribed will however save the section. *McPherson vs. Leonard*, 29 Md. 377; *Swan vs. Buck*, 40 Miss. 268; *State vs. Rogers*, 21 Am. Rep. 738; *State vs. Fore*, 131 La. 813 (60 S. R. 255). Sections 1, 3, 5, 7 of Act 105, 1898, were amended by Act 144 of 1900 and, as shown, again amended by Act 50, 1902. Section 1 of this latter act reads: "Be it enacted by the General Assembly of the State of Louisiana, That Sections 1, 3, 5 and 7 * * * be amended and re-enacted so as to read as follows, to wit," then follow the sections as amended without an enacting clause for each amended section.

IMPAIRMENT OF CAPITAL.

Sec. 8. Be it further enacted, etc., If it appears to the Secretary of State from any statement made to him or from an examination made by him or by any examiner appointed by him, that the capital stock of any insurance company organized under the laws of this State is impaired to the extent of twenty-five per cent (25%) thereof, or that its assets are insufficient to justify its continuance in business, he shall determine the amount of such impairment or deficiency and issue a written requisition to the corporation to require its stockholders to make good the amount of the impairment, or deficiency within such period as he may designate, not more than ninety (90) days from the service of such requisition.

If the amount of any such impairment or deficiency shall not be made good within the time specified in such requisition, the corporation shall be deemed insolvent, and may be proceeded against as an insolvent corporation by the Secretary of State.

Note. On the application of the Secretary of State, the court appointed a Receiver for the company and enjoined it from further proceeding with the conduct of its business. A day after such appointment, one of the policy holders of the company sustained a loss by fire. Held, that the insured is not entitled to recover the amount of his loss; he is merely a creditor of the corporation to the extent of the unearned portion of the premium paid by him. *Michel vs. Southern Ins. Co.*, 128 L. 562.

MAKING UP DEFICIENCY BY STOCKHOLDERS.

Section 9. Be it further enacted, etc., Upon the receipt of the requisition of the Secretary of State, specified in the last preceding section, the directors of the corporation shall forthwith call upon the stockholders ratably for such amount as will make up such impairment or deficiency. If any stockholder refuses or neglects to pay the amount called for after notice, personally given, or by advertisement, in such time and manner as the Secretary of State shall approve, the directors shall require the return of the certificate, or certificates of stock held by the stockholders, and in lieu thereof issue to him new certificates for such number of shares as he may be entitled to, in proportion that the ascertained value of the assets of the corporation as determined by the Secretary of State bears to its original capital, the corporation paying for any fractional parts of shares.

The directors may create new stock and issue certificates therefor, and dispose of the same at not less than par for an amount sufficient to make up the original capital of the corporation.

For any losses accruing upon risks taken after the expiration of the period limited by the Secretary of State, in any such requisition, and before

such impairment or deficiency shall have been made up, the directors of the corporation shall be jointly, severally and individually liable to the extent thereof.

Any transfer of stock made during the pendency of any such examination or after any such report shall have been made, and before any impairment or deficiency specified, in any such requisition shall be made good, shall not release the person, making the transfer from his liability for losses accrued previous to such transfer.

WHEN REDUCTION IN CAPITAL PERMITTED TO REPAIR DEFICIENCY

Sec. 10. Be it further enacted, etc., Should the sum of impaired capital be equal to, or in excess, of the minimum amount of original capital as required under Section 2, of this act, the Secretary of State, in lieu of demanding that the impairment be made good, may permit the reduction of the capital in the sum of the impairment. In that event, it shall be the duty of the Board of Directors to call in the old certificates of stock, and issue new certificates for the number of shares which each stockholder is entitled to in the proportion that the reduced capital bears to the original capital. Provided, that any insurance company shall have the right when its assets are in excess of its capital twenty-five per cent (25%) or more, may reduce its capital to a sum which shall not be less than the sum required under Section 1, of this article. Provided, however, that the assent of three-fourths of the stockholders shall be secured either by personal vote, or by proxy to such reduction.

Upon the completion of such reduction of capital, the company shall submit to the Secretary of State a certificate setting forth the proceedings thereof, and the amount of such reduction, and the assets and liabilities of the company signed and sworn to by its president and secretary and the majority of the Board of Directors. The Secretary of State shall examine the facts in the case, and if the same conform to the law he shall issue a certificate to that effect which shall be published for thirty (30) days in the official journal. For such certificate the Secretary of State shall be entitled to a fee of ten dollars (\$10.00).

HOW CAPITAL MAY BE INCREASED.

Sec. 11. Be it further enacted, etc., Any insurance company organized under the laws of this State, may increase the amount of its capital stock upon a vote of two-thirds (2-3) of its Board of Directors ratified by a vote of two-thirds of its stockholders, representing not less than two-thirds of its capital stock, at a meeting called for that purpose after a notice published for thirty (30) consecutive days in the official journal, and a notice mailed to each stockholder at least thirty (30) days prior to the date of such meeting.

It shall not be lawful for any insurance company to increase its capital stock by the distribution of any portion of its net surplus.

Within thirty (30) days after such meeting of stockholders at which such increase shall be voted, the new subscriptions must be paid in cash and new certificates of stock issued. Upon the completion of the proceedings, the company shall submit to the Secretary of State a certificate setting forth the amount of the increase, and the facts of the transaction, signed and sworn to by its President, Secretary and a majority of its Directors.

If the Secretary of State finds that the facts conform to the law, he shall issue a certificate to that effect.

ALL COMPANIES BROUGHT UNDER ACT.

Sec. 12. Be it further enacted, etc., Any insurance company heretofore incorporated, or the charter of which has been extended under the provisions of any general or special law of the State, is hereby brought under all the provisions of this act, except that its capital may continue of the amount named in its charter during the existing term thereof, provided, however, that it shall have had at least twenty-five thousand dollars (\$25,000.00) of unimpaired capital actually paid up in cash, unless it extends its business to other kinds of insurance not included in its original charter. In such event the capital must be increased to the sum required under Section 3, of this Act.

Insurance Companies

CH COMPANIES MAY TRANSACT.

It further enacted, etc., All insurance companies authorized to transact insurance business in this State, may in addition to the business now authorized by law to do, insure sprinklers, pumps and apparatus for extinguishing fires, against damage, loss or injury from accidental causes other than fire; and may also insure any such property in which such companies are authorized to insure against loss or damage from fire, against damage, loss or injury by water or otherwise, resulting from the accidental breaking of, or injury to such sprinklers, pumps or apparatus arising from causes other than fire. Contracts of insurance provided for in this paragraph shall not be incorporated in any policy of insurance against loss or damage by fire, but shall be contained in distinct policies.

OF COMPANIES AFFAIRS.

It further enacted, etc., As often as once in every three years, if in the judgment of the Secretary of State, there should be cause, the Secretary of State may personally or by his assistant, or by one or more competent persons appointed by him, and who are not connected with, or interested in any insurance corporation in this State other than as policyholders, visit each insurance company organized under the laws of this State, and thoroughly inquire into its affairs, especially as to its financial condition and its obligations, and whether it has complied with the laws. The Secretary of State may make an examination of any such company whenever he may deem it proper to do so upon the request of five or more of its stockholders, policyholders or persons pecuniarily interested therein, and may administer an affidavit of their belief, with specifications of their reasons why such company is in an unsound condition.

When aforesaid, the Secretary of State, or his assistant, or any persons employed as aforesaid, making the examination, shall have access to all the books and papers of an insurance company that may be in its possession, and to the books and papers kept by any of its agents, and shall be sworn and qualify as witnesses, under oath, and examine the agents and trustees of any such company, and any other persons connected with it, in relation to its affairs, transactions and conditions.

After such examination, he is of the opinion that the company is exceeding its powers, or that its condition is such as to render its proceedings dangerous, he shall at once call upon the company to take such steps as may be necessary to restore the company to its former condition.

Upon demand of the Board of Directors, within the time specified by the Secretary of State, to comply with such demand, it shall be the duty of the company to apply to the District Court, or to any one of the judges thereof, should the court be in vacation, for an injunction, without bond, restraining the company, in whole or in part, from further proceeding. Such court may, in its discretion, issue the injunction upon notice and hearing thereon, and after a full hearing of the matter, dissolve or modify such injunction, or make it perpetual, and may make such orders and decrees needful in the premises, and may appoint a receiver to take possession of the property and effects of the company, and may require bond for such sum as the court may fix, and to settle its accounts, and may make such rule and orders as the court may from time to time deem proper in the course of proceedings in equity.

COPIES OF CONSTITUTION, ETC., AS EVIDENCE.

Sec. 22. Be it further enacted, etc., That every society transacting business under this Act shall file with the Secretary of State a duly certified copy of all amendments of or additions to its constitution and laws within ninety days after the enactment of the same. Printed copies of the constitution and laws as amended, changed or added to, certified by the secretary or corresponding officer of the society, shall be prima facie evidence of the legal adoption thereof.

ANNUAL STATEMENT OF SOCIETY.

Sec. 23. Be it further enacted, etc., That every society transacting business in this State shall annually, on or before the first day of March, file with the Secretary of State, in such form as he may require, a statement under oath of its president and secretary or corresponding officers, of its condition and standing on the thirty-first day of December next preceding and of its transactions for the year ending on that date, and also shall furnish such other information as the Secretary of State may deem necessary to a proper exhibit of its business and plan of working. The Secretary of State may at other times require any further statement he may deem necessary to be made relating to such society.

VALUATION OF CERTIFICATES.

In addition to the annual report herein required, each society shall annually report to the Secretary of State a valuation of its certificates in force on December 31, last preceding; excluding those issued within the year for which the report is filed, in cases where the contributions for the first year in whole or in part are used for current mortality and expenses; provided, the first report of valuation shall be made as of December 31, 1912. Such report of valuation shall show, as contingent liabilities, the present mid-year value of the promised benefit provided in the constitution and laws of such society under certificates then subject to valuation; and, as contingent assets, the present mid-year values of the future net contributions provided in the constitution and laws as the same are in practice actually collected. At the option of any society, in lieu of the above, the valuation hereinbefore provided, and said net value, when computed in case of monthly contributions, may be the mean of the terminal values for the end of the preceding and of the current insurance years.

CERTIFICATION BY ACCOUNTANT.

Such valuation shall be certified to by a competent accountant or actuary, or, at the request and expense of the society verified by the actuary of the department of insurance of the home State of the society, and shall be filed with the Secretary of State within ninety days after the submission of the last preceding annual report. The legal minimum standard of valuation for all certificates, except for disability benefits, shall be the National Fraternal Congress Table of Mortality as adopted by the National Fraternal Congress August 23, 1899, or at the option of the society, any higher table; or, at its option, it may use a table based upon the society's own experience of at least twenty years and covering not less than one hundred thousand lives with interest assumption not more than four per centum per annum. Each such valuation report shall set forth clearly and fully the mortality and interest basis and the method of valuation. Any society providing for disability benefits shall keep the net contributions for such benefits in a fund separate and apart from all other benefits and expense funds and the valuation of all other business of the business of the society; provided, that where a combined contribution table is used by a society for both death and permanent disability benefits, the valuation shall be according to tables of reliable experience and in such case a separation of the funds shall not be required.

The valuation herein provided for shall not be considered or regarded as a test of the financial solvency of the society, but each society shall be held to be legally solvent so long as the funds in its possession are equal to or in excess of its matured liabilities.

REPORTS TO BENEFICIARIES.

Beginning with the year 1914 a report of such valuation and an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each beneficiary member of the society not later than June 1 of each year; or in lieu thereof, such report of valuation and showing of the society's condition as thereby disclosed may be published in the society's official paper and the issue containing the same mailed to each beneficiary member of the society. The laws of such society shall provide that if the stated periodical contributions of the mem-

bers are insufficient to pay all matured death and disability claims in full, and to provide for the creation and maintenance of the funds required by its laws, additional, increased or extra rates of contribution shall be collected from the members to meet such a deficiency; and such laws may provide that, upon the written application or consent of the member, his certificate may be charged with its proportion of any deficiency disclosed by valuation, with interest not exceeding five per centum per annum.

WHAT VALUATION OF CERTIFICATES MUST SHOW.

Sec. 23. Be it further enacted, etc., That if the valuation of the certificates, as hereinbefore provided on December 31, 1917, shall show that the present value of future net contributions, together with the admitted assets, is less than ninety per centum of the present value of the promised benefits and accrued liabilities, such society shall be required thereafter to reduce such deficiency not less than five per centum of the total deficiency on said December 31, 1917, at each succeeding triennial valuation. If at any succeeding triennial valuation such society does not show such percentage of improvement, the Secretary of State shall direct that it thereafter comply with the requirements herein specified. If the next succeeding triennial valuation after the receipt of such notice shall show that the society has not made the percentage of improvement required herein, the Secretary of State may, in the absence of good cause shown for such failure, institute proceedings for the dissolution for such society, in accordance with the provisions of Section 24 of this Act, or, in the case of a foreign society, he may cancel its license to transact business in this State.

TRIENNIAL VALUATION.

Any such society, shown by any triennial valuation, subsequent to December 31, 1917, not to have made the improvement herein required shall, within one year thereafter, complete such deficient improvement or thereafter, as to all new members admitted, be subject, so far as stated rates of contributions are concerned, to the provisions of Section 12 of this Act, applicable in the organization of new societies; provided, that the contributions and funds of such new members shall be kept separate and apart from the other fund of the society until the required improvement shall be shown by valuation. If such required improvement is not shown by the succeeding triennial valuation then the said new members may be placed in a separate class and their certificates valued as an independent society in respect of contributions and funds.

receiver of such society, and shall proceed at once to take possession of the books, papers, moneys, and other assets of the society and shall forthwith, under the direction of the court, proceed to close the affairs of the society and to distribute its funds to those entitled thereto.

No such proceedings shall be commenced by the Attorney General against any such society until after notice has been duly served on the chief executive officers of the society and a reasonable opportunity given to it, on a day to be named in said notice to show cause why such proceedings should not be commenced.

ATTORNEY GENERAL ONLY MAY OBTAIN INJUNCTION, ETC.

Sec. 25. Be it further enacted, etc., That no application for injunction against or proceedings for the dissolution of or the appointment of a receiver for any such domestic society or branch thereof shall be entertained by any court in this State unless the same is made by the Attorney General.

All decisions and findings of the Secretary of State made under

the provisions of this section may be reviewed by proper proceedings in any court of competent jurisdiction, as provided in Section 16 of this Act.

AN ACT prohibiting the use of the co-insurance clause in policies of insurance covering losses on property in this State from fire, lightning or windstorm, except where the policies cover only personal or movable property, and such policies are stamped on the face and back thereof to show that they are subject to the co-insurance clause.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That no insurance policy hereafter issued by any insurance company authorized to do business in this State, shall contain any clause or provision requiring the assured to take out or maintain a larger amount of insurance than that covered by such policy, nor in any way providing that the assured shall be liable as co-insurer with the company issuing the policy for any part of the loss or damage which may be occasioned by fire, lightning or windstorm to the property located in this State covered by such policy, nor making provisions for a reduction of such loss or damage, or any part thereof by reason of the failure of the assured to take out and maintain other insurance upon said property. And all clauses and provisions in such insurance policy, issued after the taking effect of this Act, in contravention of the prohibitions in this Act contained, shall be ab initio void and of no effect; provided, that the provisions of this Act shall not apply to policies issued upon personal or movable property whenever the said policies are stamped on the face and back of the policy as follows:

"This policy is issued subject to the conditions of the co-insurance clause attached hereto."

Note. Before the enactment of this statute it was held that an owner, whose immovable property is insured for less than seventy-five per cent of its value is a co-insured for the deficit, where the policy contains a clause to that effect. Act 135, 1900, does not prohibit the making of such a contract. *Simon et al. vs. Queen Ins. Co.* 120 La. 477.

The owner of insured property destroyed by fire is without right to waive the benefit of this act, and agree to an adjustment on the basis of three-fourths of the value of the property destroyed, to the prejudice and without the knowledge and consent of a mortgage creditor to whom the policy is made payable as interest may appear. The mortgage creditor may sue to recover without a direct action to set aside the adjustment. Liability for twelve per cent. statutory damages and a reasonable attorneys fees. *Tilley vs. Camden Fire Ins. Assn.*, 139 L. 985.

Note. Sect. 2 of the act is merely complementary of Sect. 1 and the two sections considered together, the act must be held to relate exclusively to policies of Fire Insurance covering property which is immovable by nature. *Melancon vs. Phoenix Ins. Co.*, 116 L. 324. (The case considers questions relating to proofs of loss, their waiver, etc.). See note to Act 107, 1908, *infra*. Notes to Act 105, 1898, on p. 927, et seq.

NOTICE OF LOSS BLANKS FOR PROOF.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That whenever any loss or damage shall be suffered in this State from fire, by any person, firm or corporation, upon property insured under a policy of insurance of any fire insurance company doing business in this State, and notice of the fact that such loss or damage has occurred shall be given by the person, firm or corporation incurring the same, or the agent thereof, to the insurance company issuing such policy, or to the agent thereof nearest the place of loss, immediately after the date of such loss or damage—the limit to which reasonable time shall be mentioned in said policy and made a part thereof at the time of issuing the same, but the time fixed in the policy shall not be taken or construed to be a condition precedent to the right of recovery—then it shall thereupon become the duty of such insurance company to furnish to the person, firm or corporation incurring such loss or damage, such reasonable blank forms of statements and proofs of loss as such insurance company may desire to be filled out, in regard to the time, origin and circumstances of the fire causing such loss or damage, and the knowledge and belief of the insured touching the same, the lists and description and quantity of property destroyed or damaged, and of property saved, and the original cost of such property, and the cash value thereof at the time of the fire, the details as to possession, ownership, title, and incumbrances, and changes of title, use, occupation, location and exposure since the time of issuing such policy, if any, and other insurance, if any, and description and schedules of such policy.

FAILURE TO FURNISH BLANK PROOF.

Sec. 2. Be it further enacted, etc., That if any such fire insurance company shall fail, neglect or refuse to furnish blank forms of statements and proofs of loss to the insured, in case of loss or damage by fire, as provided in the preceding section, then such company shall be deemed to have waived the requiring of any statement or proofs of loss at the hands of such insured person, firm or corporation, and upon suit brought upon such policy, such insurance company shall not be heard to complain of the failure of the insured to furnish any such statement or proofs of loss, any provision in any such policy of insurance to the contrary notwithstanding.

WHEN LOSS MUST BE PAID.

Sec. 3. Be it further enacted, etc., That whenever any loss or damage shall be suffered in this State from fire by any person, firm or cor-

poration upon property insured under a policy of insurance of any fire insurance company doing business in this State, it shall be the duty of the fire insurance company that has issued the policy or policies upon receipt of proofs of loss from the assured, to pay the amount due under its policy or policies, within sixty days thereafter, or if the said proofs of loss are not satisfactory to the company, it shall be the duty of the company to proceed under the terms of the policy or policies to ascertain and adjust the amount of the loss and its liability under its policy or policies and to make payment of the amount due under the policy or policies to the insured within sixty days from the date upon which it received the proofs of loss offered by the assured, and should the company fail to pay, within said time the amount due the insured under the policy after demand made therefor, such company shall be liable to pay the holder or holders of such policy in addition to the amount of the loss, 12 per cent damages on the total amount of the loss as may be determined by a court of competent jurisdiction, together with all reasonable attorney's fees for the prosecution and collection of such loss; provided that whenever the insurance company shall pay to the insured within sixty days from the date upon which it received the proofs of loss offered by the assured the amount which its adjuster or agent has determined or admitted to be due, then in that case the insured shall only recover from the said insurance company the difference between the amount thus paid him and the amount judicially ascertained to be actually due under the policy together with 12 per cent damages on said difference and all reasonable attorney's fees for the prosecution and collection of such loss.

REPEALING CLAUSE.

Sec. 5. Be it further enacted, etc., That all laws or parts of laws in conflict herewith be and the same are hereby repealed.

Note. The act is not unconstitutional. It does not arbitrarily discriminate against Insurance Companies and transfer their right to seek relief through the courts, nor does it impose an iron clad rule on the courts to allow damages and attorneys fees. *Monteleone vs. Seaboard, F. & M. Ins. Co.*, 126 L. 807. See also 128 L. 425. *Central Globe Co. vs. Niagra Fire Ins. Co.*, 130 La. 221. In the case 126 L. 807 the court held that the act applies to policies issued before the passage of the act. This holding is reversed in *Central Glass Co. vs. Niagra Fire Ins. Co.*, 131 L. 513. See also *Central Glass Co. vs. Hamburg Bremen Fire Ins. Co.*, 123 L. 1598, which the court considers and distinguishes. *Fraternal Muster Circle vs. Snyder*, 227 U. S. 407. An Insurance Company is not liable for statutory penalties under the act for withholding the amount of liability admitted by the agent or adjuster of the company, as long as the insured demands the payment of a larger sum and refuses to submit to an appraisal provided for in the policy. *Hart vs. Springfield F. & M. Ins. Co.*, 136 L. 114.

If the Insurance Company arbitrarily refuses to pay the amount—which the adjuster has admitted to be due—except as a full and final settlement, the company is liable for twelve per cent. statutory damages on the full amount adjudged to be due under the policy and a reasonable attorneys fee. (The judgment finally rendered was for \$1350 and attorney's fees fixed at \$150.) *Tilley vs. Camden Fire Ins. Assn.*, 139 L. 985. Where a fire insurance company has been garnished by a creditor of the assured, before the latter demanded payment of the amount of the loss, this act has no application. *Frank I. Abbott Lumber Co. vs. Home Ins. Co.*, 140 L. 130.

If the Secretary of State and Insurance Commissioner are satisfied that the applicant is trustworthy and competent and intends to hold himself out and carry on business in good faith as a fire insurance broker, he shall issue to him the license applied for. The Secretary of State and Insurance Commissioner may at any time after the granting of a broker's license, for cause shown, and after a hearing, determine that the licensee has not complied with the insurance laws or is not trustworthy or competent, or is not holding himself out and actually carrying on business as a fire insurance broker; or is not a suitable person to act as such broker, and he shall thereupon revoke the license of such broker and notify him that his license has been revoked. A broker's license shall remain in force until the first day of the next April after its issue, unless sooner revoked by the Secretary of State and Insurance Commissioner for cause. The Secretary of State and Insurance Commissioner shall publish a notice of the revocation of a broker's license in such manner as he deems proper for the protection of the public. No fee for the license aforesaid shall be required of any agent of a foreign fire insurance company whose license fees as such agent amount to twenty dollars (\$20.00), and in case his license fees as such agent are less than twenty dollars (\$20.00), then he shall be required to pay such amount as with such fees shall amount to twenty dollars (\$20.00). Broker's license issued on application as herein provided may, in the discretion of the Secretary of State and Insurance Commissioner, be renewed upon the payment of the proper fees without his requiring anew the details required in the original application.

Sec. 2. Be it further enacted, etc., That all laws and parts of laws inconsistent with the provisions of this Act are hereby repealed and this Act shall take effect from and after January 1, 1915.

Sec. 11. Be it further enacted, etc., That this Act shall take effect from and after the date of its promulgation, and that all laws or parts of laws contrary to or in conflict with the provisions of this Act, be and the same are hereby repealed.

REPEALING CLAUSE.

Sec. 9. Be it further enacted, etc., That all laws and parts of laws in conflict with this Act or contrary thereto be and the same are hereby repealed and this Act shall take effect from and after the date of its promulgation.

In *State vs. Lafayette Fire Ins. Co.*, 134 La. 78, it was held that Const. Arts. 319, 320, Const. 1898, conferred upon the electors of the city, the right to elect the officers charged with the exercise of the police powers of the city, that the Fire Marshal appointed by the Governor was therefore without the right to do so. That this entailed the nullity of the tax, in so far as the City of New Orleans and a company "which resides and carries on its business in the city is concerned." But see Const. (1913), Art. 320, "The office of Fire Marshal * * * is hereby recognized," etc.

SURETY COMPANIES; ORGANIZATION AND OPERATION.

Act 41 of 1894, p. 45.

TITLE.

AN ACT to authorize certain corporations to become surety upon bonds required to be furnished by law, and prescribing the conditions under which they may do so.

COMPANIES MAY BE ACCEPTED AS SURETIES.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That hereafter any corporation duly incorporated under the laws of this or any other State of the United States for the purpose of transacting the business of guaranteeing the fidelity of persons holding places of public or private trust; guaranteeing the performance of contracts other than insurance policies, and executing and guaranteeing bonds or undertakings required or permitted in actions or proceedings by law allowed, and having a paid-up cash capital of not less than \$250,000.00 and which has complied with and is qualified under the provisions of this Act and which has assets allowable as such under the laws of this State, or under the laws of the State in which it is incorporated, in excess of its capital stock, its outstanding debts, and a premium reserve on all outstanding risks as herein provided for, may be accepted as sole and sufficient surety

upon any bond, undertaking or obligation, required, or permitted to be made, given, tendered or filed with surety or sureties, by any law of this State, or the ordinances, rules, or regulations of any municipality, board body, organization, or public officer in lieu of any surety or sureties now required by law; and such execution by such company of such bond, undertaking or obligation shall in all respects be a full and complete compliance with all the requirements of such laws, ordinances, or regulations that such bond, undertaking, or obligation shall be executed by one or more sureties, or that such sureties shall be residents, or freeholders, or either or both, or possess any other qualifications. And such company shall be subject to all the liabilities and have all the rights of sureties under the provisions of law relating thereto, it being the true intent and meaning of this Act to enable corporations created for the above purposes to become and be accepted as sole surety on all bonds, undertakings or obligations required or permitted by law or the rules, ordinances or regulations of any municipality, board, body, organization or public officer.

DEPOSIT BY PRINCIPAL TO SECURE COMPANY.

Sec. 2. Be it enacted, etc., It shall be lawful for any party of whom a bond or understanding is required, to agree with such company, acting as surety for the deposit of any or all moneys for which such sureties are or may be held responsible with a trust company or bank authorized by law to receive deposits, if such deposit is otherwise proper; and also for the safe-keeping of any or all other depositable assets for which such sureties may be held responsible with a safe deposit company, or bank authorized by law to do business as such, in such manner as to prevent the withdrawal of such money or assets or any part thereof, except with the written consent of such surety, or an order of court made on such notice to them as the court may direct.

DEPOSIT REQUIRED OF COMPANY.

Sec. 3. Be it enacted, etc., That no company shall act as surety on such bonds, undertakings or obligations unless at least one hundred thousand dollars of its cash capital is invested in securities created by the laws of the United States or by or under the laws of the State where it is incorporated, or in other safe, marketable and interest-bearing stocks or securities, the value of which at the time of such deposit shall be at or above par, and unless such securities are deposited with and held by the Insurance Commissioner, Auditor, Comptroller, or other chief financial officer of the State where said company is domiciled, in trust for the benefit of all the obligees of such company in the United States, and not subject to withdrawal until all outstanding obligations of suretyship of such company in the United States are terminated and satisfied.

CERTIFICATE OF SECRETARY OF STATE.

Sec. 4. Be it enacted, etc., That all such companies before transacting any such business in this State, shall file with the Secretary of State a written application to be authorized to do so, a copy of its charter or act of incorporation, and a statement, signed and sworn to by its President and Secretary, stating the amount of its paid up cash capital particularizing each item of investment, the amount of premium on existing bonds upon which it is surety and the amount of liability for unearned portion thereof estimated at fifty per centum of the annual premium on all outstanding risks for one year or less, and pro rata for terms of more than one year; specifying also the amount of its outstanding debts of all kinds; and the amount of its income and expenditures for the preceding year, specifying the items thereof. And if such company is incorporated under the laws of any other State than this State, it shall besides, file a power of attorney appointing some resident of this State, upon whom service of process can be made as required by existing laws.

ANNUAL STATEMENT OF COMPANIES.

Sec. 5. Be it enacted, etc., Every such company shall annually, in the month of January, file with the Secretary of State a similar statement to

that required by the previous section and shall also furnish him with a certificate from the officer with whom the deposit required by section three of this Act is made, showing the description of such securities and the manner in which they are held and stating that he is satisfied that such securities are fully worth one hundred thousand dollars; and shall besides, furnish the Secretary of State with such other information touching its condition and credit as he may require, signed and sworn to, as above directed.

SOLVENCY OF COMPANY; CERTIFICATE OF SEC'TY OF STATE.

Sec. 6. Be it enacted, etc., If the Secretary of State be satisfied that such company is solvent; that it has the cash capital as provided in section one hereof, and surplus assets in excess of its capital stock, its outstanding debts and the premium reserve in such section four specified, and that it has complied in all respects with and is qualified under this Act, he shall issue to it, and to each of its agents in this State his certificate that it is authorized to become and be accepted as sole surety on all bonds, undertakings, or obligations required or permitted by law or such ordinances, rules and regulations of any municipality, board, body or public officer and such certificate shall be conclusive proof of its solvency and credit for all purposes, and of its right to be so accepted as such sole surety and its sufficiency as such.

INVESTIGATION BY SECRETARY OF STATE.

Sec. 7. Be it enacted, etc., That the Secretary of State shall have the right at any time, and at the expense of the company, to personally or by persons appointed by him, examine into the affairs of any such company, doing or desiring to do business in this State, and shall have free access to its books, papers, etc., and may examine under oath its officers and agents in relation to its affairs and shall revoke its authority to do such business whenever such examination shall be refused or whenever from its statement, or from such examination, it shall appear to him that it cannot or does not comply with the provisions of this Act, or is not qualified to act as surety thereunder and thereupon cause notice of such revocation to be published, and thereafter such company shall cease doing such business in this State.

COMPANY CANNOT DENY ITS LIABILITY, ETC.

Sec. 8. Be it enacted, etc., No company having signed such bond or bonds shall be permitted to deny its corporate power to execute said instrument, or incur such liability in any proceeding to enforce liability against it thereunder and such company shall be sueable in the same jurisdiction as the principal obligee on such bond, and citation shall be served on it, or its attorney, for services of process, as is by law in such cases provided.

ACT DOES NOT CHANGE EXISTING LAW.

Sec. 9. Be it enacted, etc., That this Act is not intended in any manner, except as above provided, to change existing laws on the subject of suretyship, and except to permit such a company to act and be accepted as sole surety on all bonds, undertakings and obligations required or permitted by the laws of this State, or the ordinances, rules or regulations of any municipality, board or public officer.

REPEALING CLAUSE.

Sec. 10. Be it enacted, etc., That all laws or parts of laws in conflict herewith are hereby repealed.

Note. This act is not unconstitutional and a surety company organized in another State but subject to the jurisdiction of the courts of this State, is a good surety on a bond for suspensive and devolutive appeal. *Standard Seed Co. vs. Matheson*, 48 A. 1321. *Moffit vs. Koch*, 106 L. 371; *Eichhorn vs. N. O. & C. Rys. Co.*, 114 L. 712. An executor is not authorized to charge to the succession, the premium which he paid a surety company to sign his bond. *Suc. of Rabasse*, 51 A. 590 (but see Act 76, 1900, printed at p. 1009) for what is proper service on a surety company, where execution against the principal in a forthcoming bond has been returned nulla bona. In *re Curtis*, 115 L. 918.

This act was not repealed by Act 214, 1914, requiring sureties on appeal bonds in Justices Courts to reside in the ward in which the court is held, and a surety company properly authorized to do business in this State, is such a surety as the law prescribes. *Savant vs. Mercadal*, 136 L. 248. Where proof had not heretofore been made, that a surety company, surety on a bond of appeal, had heretofore qualified to transact business in this State, the showing may be made by certiorari. *Pons vs. Pons*, 127 L. 25. The security on the bond remains legally valid, though the company has withdrawn from the State, as it had left a deposit of \$50,000 in the hands of the Treasurer of the State for the protection of the bonds subscribed by it, and outstanding. *Franek vs. Brewster et al.* 139 L. 46. When a contractor furnishes to a municipality a bond with one or more surety companies—duly authorized to do business in that State—is such a bond subject to the approval of the municipal authorities, and if it is, to what extent have the authorities the right to question anything more than the fact that the bond was duly signed by properly authorized representatives of the company? *City of New Orleans vs. LeBlanc*, 139 L. 113. A duly admitted surety company is such a surety as the law prescribes and there is nothing in the charter of the city of Lafayette—Act 310, 1914—which repeals either this act or Act 71, 1904. *State ex rel Colomb vs. St. Julien*, 140 L. 258.

RETURN DAYS.**Act 106 of 1908, p. 163.****TITLE.**

AN ACT relative to appeals to the Supreme Court, and providing for return days therein.

LIMIT OF TIME FOR RETURN DAYS IN APPEAL CASES.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the Judges of all the courts throughout the State shall fix the return days in all cases, civil or criminal, appealable to the Supreme Court, provided, that the Judge shall fix the return day in the order granting the appeal which shall not be less than fifteen nor more than sixty days from the date of the order, except by consent of parties.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws in conflict herewith are hereby repealed, and that this Act shall take effect from and after its passage.

Note. C. P., Arts. 586, 587, 588, 883.

Previous acts relating to return days are Act 45, E. S. 1870, p. 99; Act 69, 1894, p. 80; Act 98, 1898, p. 100; Act 92, 1900, p. 150; Act 108, 1898, p. 155. The whole subject is now governed by Act 106, 1908.

Under Act 45, E. S. 1870, p. 99, Sec. 1, returns from Orleans, Iberville, St. Bernard, Plaquemines and Tangipahoa (as to Tangipahoa this was changed by Act 69 of 1894, p. 80) were returnable on the first and third Mondays of each month. Act 92 of 1900, p. 150, made all appeals from courts throughout the State (Orleans excepted) returnable "not less than fifteen nor more than sixty days from date of order," and in *Brooks vs. Smith*, 118 La. 758, the court held, that the return day was controlled by the Act of 1900. This, of course, applied only to cases from parishes other than Orleans, for the Parish of Orleans was specifically excepted. Act 106 of 1908, printed *supra* (this title), has in fact, though not in terms, repealed Act 92 of 1900, because the provisions of the two acts are identical, except that the earlier act exempts Orleans, while the later does not. Yet in *State ex rel. Guion vs. Peoples, etc., Co.*, 125 La. 983, the court held that Act 106 of 1908 "has never been held to apply to the Parish of Orleans." The Court, however, did not seem to think it necessary to decide the question in that case.

"The right to file a transcript of appeal within three judicial days following its fixed return day, has become a rule of practice acknowledged by the jurisprudence of the State, which this Court will not disturb." *Wood & Roane vs. Wood*, 32 A. 801; *Posner vs. Southern, etc., Co.*, 109 La. 659; *Lopes vs. Sahuque*, 114 La. 1004; *State vs. Cobb*, 134 La. 207; but see *State ex rel. Bourg vs. Marrero*, 132 La. 109, and *Larche vs. Martin*, 135 La. 798. The days of grace are allowed whether the court is in session or not.

Lopes vs. Sahuque, 114 La. 1004. See *Rosetta, etc., Co. vs. Adler*, 52 A. 689.

Where an extension has been granted and return day fixed, days of grace are not allowed. *Hudson vs. Sheriff*, 47 A. 1584; *Building & Loan Assn. vs. Church*, 48 A. 1458; *Suc. Theriot*, 118 La. 648; *Brooks vs. Smith*, 118 La. 758.

An application to extend the return day on an appeal made one day after the last day of a prior extension, comes too late, and the right of appeal is lost. *Louisiana Ry. & N. Co. vs. Miller*, 114 La. 59.

The ex parte order granting an extension of the return day may be traversed by the appellee. *Oertling vs. Commonwealth B. & C. Co.*, 134 La. 26 (Other phases of the question are discussed in the opinion).

If an appellant files his transcript on the return day fixed by the Court, the appeal will not be dismissed, though the return day so fixed is for a day later than the term allowed by Act 106 of 1908. The appeal is saved by C. P., Art. 898. *Lazarus vs. Friedrichs*, 125 La. 619.

The return day or its extension cannot be extended by implication to the first day of the next term of the Supreme Court. *Brooks vs. Smith*, 118 La. 758. Where the return day is the first Monday in June, 1899, which fell on the fifth, the transcript is filed in time on the thirteenth, when the court was not in session on the twelfth. *Rosetta, etc., Co. vs. Adler*, 52 A. 689.

The inferior court is without authority to grant an extension of the return day fixed in the order granting an appeal. *State vs. Cobb et al.*, 134 La. 207; *State ex rel. Guion vs. People's Fire Ins. Co.*, 125 La. 983.

The order for appeal read "appeal returnable according to law" appeal dismissed. *State vs. Jones*, 128 L. 637 (the Court distinguishes this case from those where the omission of the date is due to the error of the Court granting the appeal). The motion for appeal read "on motion of counsel for defendant it is ordered that said defendant * * * be granted an appeal * * * returnable before the Supreme Court of this State, according to law." Held the appeal would not be dismissed, as the failure to fix the return day was the act of the Court. *State vs. Augustus*, 129 L. 617; *State vs. Majors*, 131 L. 466, 132 L. 244. That an appeal was made returnable instantan is no cause for its dismissal. (The law is not less than fifteen nor more than sixty days. *Ross vs. Naff*, 130 L. 590)

Appeals in all cases civil or criminal are returnable to the Supreme Court in not less than fifteen nor more than sixty days, *State vs. Thomas*, 132 L. 377. An appellant has three days, after the return day fixed in the order of appeal within which to file his transcript, to apply for an extension of time, but the days are running and not judicial days. *State ex rel. Bourg vs. Marrero*, 132 L. 109. See note, p. 1012.

The trial judge after fixing the return day is without authority to extend it. The Supreme Court alone has the jurisdiction, and the day for filing the transcript will be counted from the day of return originally fixed. *State vs. Cobb*, 134 L. 207.

This act does not apply to appeals from orders appointing receivers. The appeal in such cases is governed by Act 159, 1898. *Kerlin vs. Bryce and Lumber Co.*, 134 L. 463.

As the return days of appeals fixed by Act 45 E. S. 1870 do not control, in so far as the act is in conflict with the Act of 1908, the former is repealed by implication. *State ex rel. Duffy vs. Gaff*, 135 L. 335.

Appeals to the Court of Appeal for the Parish of Orleans are returnable according to Act 106, 1908, and appellants must file their appeal on the date fixed for the return day if one was fixed, or within three calendar, not judicial days thereafter. *Larche et al. vs. Martin*, 135 L. 798.

The rule that an appeal will not be dismissed where the error in fixing the return days fixed by Special Acts for certain cases, as well as for appeals taken under the general act relative to appeals. *Louisiana Ry. & Nav. Co. vs. Baton Rouge Brickyard*, 136 L. 833.

CASES FOR WHICH COURT SHALL NOT DISMISS APPEALS.

Sec. 11. Be it further enacted, etc., That no appeal of the Supreme Court shall be dismissed on account of any defect, error or irregularity of the petition, citation or order of appeal, or in the certificate of the clerk or judge, or in the citation of appeal or service thereof, or because the appeal was not made returnable at the next term of the Supreme Court, or on a proper day, whenever it shall not appear that such defect, error or irregularity may be imputed to the appellant or his attorney; but in all cases the court shall grant a reasonable time to correct such defects, errors or irregularities, in case they are not waived by the appellee, and may impose upon the appellant such terms and conditions as in its discretion it may deem necessary for the attainment of justice.

DECREE AGAINST SURETY ON APPEAL BONDS.

Sec. 12. Be it further enacted, etc., That in all cases of appeal to the Supreme Court, or other tribunals in this State, if the judgment appealed from be affirmed, the party in whose favor it is rendered may, on return of execution in the lower court that no property has been found, or not enough to satisfy the judgment and execution, after due demand on both parties, or their attorneys or legal representatives, obtain a decree against

the surety on the appeal bond, or his legal representative, for the amount of the judgment or any unsatisfied balance thereof, on motion, after ten days' notice, which motion shall be tried summarily and without the intervention of a jury, unless the surety or his legal representative shall allege, under oath, that the signature to the bond, purporting to be that of the surety, is not genuine, or that judgment has been satisfied.

ADJOURNMENT OF COURT.

Sec. 13. Be it further enacted, etc., That the Supreme Court may be adjourned from day to day by one or more of its judges until a quorum be convened, and if neither of the judges be present on the day fixed by law for the commencement of the term, the clerk may adjourn it in like manner for ten days.

TRIAL OF CAUSES FOR REMOVAL OF JUDGES.

Act 122 of 1880, p. 156.

TITLE.

AN ACT relative to suits, and the trial thereof, before the Supreme Court of the State, for the removal from office of judges of the courts of appeals, of district courts throughout the State, and of the city courts for the parish of Orleans, under the provisions of Articles 196 and 200 of the State Constitution.

JUDGES OF COURT OF APPEAL AND DISTRICT COURT.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That all suits for the removal from office of any judge of the courts of appeal, of the district courts throughout the State, or of the city courts for the parish of Orleans, for any of the causes specified in Article 196 of the State Constitution, shall be brought and instituted, pursuant to Article 200 of the Constitution, before the Supreme Court of the State, by petition, and the pleadings, citations and all the proceedings therein, shall be made and had as is now provided for, and practiced before the district courts of the State in cases of usurpation in office, except in so far as may be otherwise provided in the State Constitution and herein.

BY WHOM SUITS MAY BE INSTITUTED.

Sec. 2. Be it further enacted, etc., That all such suits shall be instituted by the Attorney General, or a district attorney, in the name of the State, on his relation, and he shall allege that that suit is instituted on the written request of fifty or more citizens and taxpayers residing within the territorial jurisdiction of the court the judge of which is sought to be removed, and he shall set forth, in his petition, the names of such citizens and taxpayers.

CITIZENS MAY EMPLOY COUNSEL.

Sec. 3. Be it further enacted, etc., That the citizens and taxpayers at whose request the suit is instituted, shall have the right, at their own exclusive cost, to employ counsel to aid the State's attorney in instituting and conducting the same.

ORDERS WHICH SUPREME COURT MAY MAKE.

Sec. 4. Be it further enacted, etc., That Supreme Court, in the exercise of its original jurisdiction in such cases, shall have the power to grant all orders and to issue and to cause to be issued all writs, summons, warrants, commissions and all other process that may be necessary to secure a fair hearing and just trial thereof. It shall have the power to adopt all rules of court it may deem proper, and which may not be established or prohibited by law.

WHEN PERSONAL APPEARANCE OF DEFENDANT MAY BE HAD.

Sec. 5. Be it further enacted, etc., That said court shall, in all such cases, when the incompetency of the defendant judge, arising out of want of sufficient learning, or mental incapacity, shall be at issue, have the power to cause such defendant, on its own motion, or on that of any party

to the suit, or of any of the persons at whose request same shall have been instituted, to appear before it in person, in open session, there and then to answer any pertinent questions that may be put to him; provided, that should the court over which such judge presides be in session at the same time with the session of the Supreme Court at which the case is to appear, the personal appearance of such judge shall not be required until such time as he may do so without interfering with and interrupting the session of his court.

TRIALS ARE SUMMARY.

Sec. 6. Be it further enacted, etc., That all such suits shall be summary in their nature, and shall be tried without the intervention of a jury. Either party thereto may make motions for new trials, in the same manner and form and on the same ground in and on which such motions may be made within three days after final judgment; and provided, further that all such motions be made and disposed of before the final adjournment of the session at which said judgment may have been rendered. Upon the expiration of the delays for making motions for new trials, no motion for a new trial having been made, or on the overruling of such motion, if one has been made, the judgment being signed, shall take effect and be executory.

COSTS, HOW PAID.

Sec. 7. Be it further enacted, etc., That in all such cases the defendant judge shall be condemned to pay the costs, if judgment be rendered against him; otherwise, judgment for costs shall be rendered as is provided for in Article 200 of the State Constitution.

Note. Const. Arts. 217 to 222.

Note. The State on the relation of the Attorney General had instituted proceedings to remove a judge from office and the court had so decreed and had ordered the defendant to pay the costs. The stenographer employed to take the testimony sought to have the costs taxed against the State, as the plaintiff in the proceeding, primarily liable for costs. Held no judgment could be rendered against the State, except in the manner and on the conditions, it has prescribed. *State ex rel. Cunningham vs. Lazarus*, 40 A. 856.

COURT MAY HEAR CERTAIN CASES DURING VACATION.

Act 15 of 1900, p. 21.

TITLE.

AN ACT to authorize the Supreme Court of the State to try and decide, at chambers, either during term time or at vacation, cases coming under their jurisdiction, under Articles 94 and 101 of the Constitution.

MAY HEAR CERTAIN CASES IN CHAMBERS.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the Supreme Court of the State of Louisiana shall have the authority to hear and decide, at chambers, either during term time or at vacation, all cases coming before them, under the supervisory powers conferred upon them by Articles 94 and 101 of the Constitution of this State.

WHEN DECISIONS BECOME FINAL.

Sec. 2. Be it further enacted, etc., That such decisions, when rendered in term time shall become final within six judicial days, or when rendered at vacation and subject to rehearing, shall become final and executory, after six calendar days, unless within the delay the parties in interest apply for rehearing. The Court is authorized to consider and dispose of such applications at chambers.

REPEALING CLAUSE.

Sec. 3. Be it further enacted, etc., That all laws or parts of laws, contrary to or inconsistent with the provisions of this Act be and the same are hereby repealed.

WHEN JUDGMENTS IN SUPREME COURT BECOME FINAL.

Act 223 of 1908, p. 341.

TITLE.

AN ACT to fix the delay within which judgments rendered in the Supreme Court shall become final.

Be it enacted by the General Assembly of the State of Louisiana, That judgment rendered in the Supreme Court of the State shall become final the executory on the fifteenth calendar day after rendition, in term time and out of term time, unless the last day shall fall on a legal holiday, when the delay shall be extended to the first day thereafter not a legal holiday; provided, that in the interval parties in interest shall have the right to apply for rehearing; provided, further, in the recess of the Court, the Court shall have the right to dispose, at chambers, of applications for rehearing.

Note. The original decree was rendered 30 November, 1908, application for rehearing was made 10 December, 1908. Rehearing granted 18 January, 1909. Order made 18 January, 1909, was therefore improvidently granted and must be set aside. *Board vs. Baker*, 123 L. 75, 87. (Note that application was made less than fifteen calendar days after rendition. From the decision it would appear, that the order granting a rehearing must be made within fifteen calendar days.) An application for a rehearing in a case which has been decided by the Supreme Court, has the effect of preventing the judgment from becoming final in whole or in part, whilst the court is deliberating thereon, and the whole case remains in the court, though the rehearing is granted in terms restricting it to particular issues. *Bloomfield et al. vs. Thompson*, 134 L. 923. For the purpose of correcting a clerical error, which forms the basis of its judgment (in the instant case an error in subtraction) the court has jurisdiction to amend the judgment, though the delay allowed for a rehearing has elapsed, and though the motion to amend is made at a term subsequent to the one at which the judgment was rendered, the judgment not having been sent to the District Court for execution. *State vs. Williams Cypress Co.* 132 L. 949. Under the act, an application for a rehearing comes too late if filed on the day the judgment of the Supreme Court becomes executory. The decree was handed down 11 January, 1915. Application for rehearing was filed 26 January 1915. *Peterson vs. Louisville & N. R. Co.*, 136 L. 460.

Note. Act 75, 1906, fixes fees, printed under R. S. Sec. 756.

EFFECT OF RENDITION OF DECREES IN APPELLATE COURTS.

Act 190 of 1918, p. 362.

TITLE.

AN ACT to authorize the registry and regulate the effect of decrees of Appellate Courts in the interim between the date of this rendition and the date when they become final, and to repeal all laws in conflict with the provisions of this act.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That when any decree has been rendered by any court of appeal, or by the supreme court, any party to the suit in which said decree may have been rendered shall have the right to demand a copy of the said decree, and to have same registered in either the mortgage or conveyance office of any parish in this State without regard to whether an application for a writ of certiorari or review, or for a rehearing, has or has not been made.

Sec. 2. Be it further enacted, etc., That the registry of a decree according to the provisions of Section 1 of this act shall operate as a judicial mortgage, or as a recognition of title, or otherwise, according to the terms of said decree, and shall continue to have that effect unless set aside or modified by the final decree in the proceeding.

Sec. 3. Be it further enacted, etc., That nothing in this act shall be construed to permit a writ in execution of a decree to issue until said decree is final.

Sec. 4. Be it further enacted, etc., That all laws or parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

[R. S., Sec. 1916.] Preference in all courts for "legal proceedings instituted to avoid delay, or in anywise obstruct the collection of tax levied under * * * an act levying a special tax * * * for the payment of the past-due interest on the bonds of the State, * * * approved September 29, 1868," obsolete.

[R. S., Secs. 1917, 1918.] Preference for Expropriation Cases in District and Supreme Courts. See Secs. 1489, 1490.

[R. S., Sec. 1919.] Property expropriated goes clear of mortgages to purchaser on deposit of fund in court. See R. S., Sec. 1491.

[R. S., Sec. 1920.] Preference in Supreme Court for expulsion of tenants. See R. S., Sec. 2163 and act printed *supra* this title.

[R. S., Sec. 1921.] Time within which suspensive appeal must be taken. Bond, Surety, etc. Now C. P., Art. 575.

[When Judge of Appellate Court Must Recuse Himself.]

[R. S., Sec. 1922.] Whenever, in any case before the Supreme Court, or any other Court having appellate jurisdiction, the judgment appealed from shall have been rendered, in the first instance, by any Judge of the said Appellate Court, at a time when he was a Judge of the Court of original jurisdiction, it shall be the duty of said Judge *ex-officio* to recuse himself, without its being necessary that a motion be made to that effect by any of the parties.

SALARIES OF JUSTICES OF SUPREME COURT.

Act 74 of 1906, p. 115.

TITLE.

AN ACT fixing the salaries of the Chief Justice and Associate Justices of the Supreme Court.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the chief justice and each of the associate justices of the Supreme Court shall receive a salary of six thousand dollars per annum, payable monthly on his own warrant.

Sec. 2. This Act shall take effect as soon as promulgated.

Note. Const., Art. 88. Term of Office, etc. Retirement on full pay when reaching age of seventy-five, after fifteen years' service.

TRANSFER OF CASES TO APPELLATE COURT HAVING JURISDICTION.

Act 19 of 1912, p. 25.

TITLE.

AN ACT to amend and re-enact Act No. 56 of the Acts of 1904, entitled "An Act relative to the jurisdiction of the Supreme Court and Courts of Appeal and to authorize either court to transfer to the other the record in any case where the appeal was brought up through mistake in the

jurisdiction, instead of dismissing the appeal," by authorizing the Supreme Court to transfer to the Court of Appeal any case that may be erroneously transferred to the Supreme Court by the Courts of Appeal, to be there proceeded with as if it had never been transferred to the Supreme Court.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in any case otherwise properly brought up on appeal to the Supreme Court, or to any of the Courts of Appeal throughout the State, the Judges of said Courts shall have the right, in cases where the appellant or appellants shall have appealed to the wrong Court, to transfer said case to the proper Court instead of dismissing the appeal, and the Court to which said cause shall have been transferred, will proceed with the same in the same manner as if said case had been originally appealed to the proper Court. Provided, further, that if the Supreme Court shall find that a case has been erroneously transferred by a Court of Appeal to the Supreme Court, the latter Court shall not dismiss the appeal, but shall re-transfer such case to the Court of Appeal, to be there proceeded with as if it had never been transferred to the Supreme Court.

Sec. 2. Be it further enacted, etc., That the judges of either Court shall regulate the costs incurred by the appellant and proceedings to be had in such cases.

Sec. 3. Be it further enacted, etc., That this Act shall apply to all cases now pending as well as to future cases and shall take effect from and after its passage.

Note. The Court will *ex proprio motu* notice want of jurisdiction and order transfer where proper affidavit is made (*Schutten vs. Schaffhausen*, 115 La. 199; *Netter vs. Riggio*, 113 La. 723). Affidavit must be made within six judicial ways. (*Suc. of Fullerton*, 114 La. 227.) But see Act 223 of 1908, which makes judgments final in fifteen calendar days. In *Ruston Ice & Fuel Co. vs. Compress Co.*, 120 La. 474, the Court said appeal will be held for ten days subject to appellant's right to transfer, failing to do so appeal would be dismissed.

After the dismissal of an appeal to the Court of Appeal has become final, an appeal direct from the District Court to the Supreme Court will be dismissed by the latter court and not transferred to the Court of Appeal. Appellant should have applied for a writ to review the dismissal of the appeal by the Court of Appeal, before it became final. *Muntz vs. Jefferson Ry. Co.*, 114 La. 860.

The Supreme Court may in its discretion dismiss or transfer an appeal improperly lodged in that court, and where the effort is made to give the Supreme Court jurisdiction by inflating a claim for damages, the appeal will be dismissed. *Samuel, etc., Church vs. Thomas*, 117 La. 253. The appellate court has jurisdiction to decide whether the appeal should be dismissed or transferred. Art. 56 of 1904 does not confer a jurisdiction not already granted by the Constitution. *Bolden vs. Barnes*, 118 La. 273.

Two cases were tried together, but separate judgments rendered. Held, that the amount involved in one of them being below the jurisdictional minimum of the Supreme Court, the appeal will be transferred. *Arcadia Cotton Mills vs. Fisher*, 120 La. 1076. See, also, *State vs. Scuttari*, 121 La. 220.

A mandamus proceeding to establish relator's right to office involves the fees of that office, and an appeal erroneously taken to the Supreme Court will be transferred to the Court of Appeal. *State ex rel. Rogers vs. Parsons*, 120 La. 263.

Where affidavits filed in Supreme Court show the land in controversy to be worth more than two thousand dollars, the case will not be transferred to the Court of Appeals. *Garret vs. Spratt*, 131 L. 707. Where the amount claimed is \$2,000 with interest the case will be transferred. *Jones vs. Tex. & Pac. Ry. Co.*, 134 L. 838. There was no money demand in a petition for injunction, which was dissolved on a bond for \$500 and the bond of appeal was fixed at \$100. The case was transferred to the court of appeal. *Blache vs. Greco*, 134 L. 978. The Court of Appeal ordered a case transferred to the Supreme Court. Held that appellants property filed a transcript—not the original record—in the Supreme Court, and that it was not necessary to name a return day. *Landry et al. vs. McWilliams*, 135 L. 655. The Act gives the Supreme Court the right to transfer any case to the Court of Appeal within its jurisdiction; but the statute does not compel a transfer of the appeal instead of dismissing it. *Lafayette Realty Co. vs. Poer*, 136 L. 472. The Court of Appeals transferred to the Supreme Court a case which the Supreme Court found was within the jurisdiction of the Court of Appeal. Held that the case would be transferred to the Court of Appeal, there to be proceeded with, as if it had never been transferred. *Jung & Sons vs. Trosclair*, 139 L. 321. Where the record does not disclose that the salary or emoluments of an office in contest exceed \$2,000, and the District Court has declared the statute constitutional, the Supreme Court is without jurisdiction. But it has authority to dismiss the appeal instead of transferring it to the Court of Appeal, though the matter be within the jurisdiction of that court. *Landry vs. Gonzalez*, 142 L. 577.

RETURN DAY, COURT OF APPEAL, ORLEANS.**Act 22 of 1914, p. 63.****TITLE.**

AN ACT to regulate the return day for appeals from District Courts to the Court of Appeal for the Parish of Orleans.

Be it enacted by the General Assembly of the State of Louisiana, That the return day for appeals from District Courts to the Court of Appeals for the Parish of Orleans, shall be fixed by the judge in the order granting the appeal; which return day shall be not less than fifteen nor more than thirty days from the date of the order, unless by the consent of the parties.

Note. See note to Act 106, 1908, printed at p. 1012.

REVIEWS BY SUPREME COURT, ON CERTIFICATION, ON WRIT OF REVIEW.**Act 191 of 1898, p. 436.****TITLE.**

AN ACT relative to Courts of Appeal, and to carry out the provisions of Article 101 of the Constitution of this State.

JUDGES MAY CERTIFY QUESTIONS TO SUPREME COURT.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in any case pending before them in which the judges of the Courts of Appeal may desire the instructions or opinion of the Supreme Court on any question of law arising therein, the said judges shall submit to the Supreme Court, a clear and concise statement in writing signed by them of the points or propositions of law concerning which the opinion of that Court is desired and solicited. Should the Supreme Court deem an examination of the records necessary to a proper decision of the question of law so certified and submitted to it, it shall be the duty of the judges

of the Court of Appeals, on receipt of the written request of such officer to that effect, to forward the original record to the Clerk of the Supreme Court for the Court's consideration. And thereupon the Supreme Court may give its opinion on the points or propositions of law so submitted, which opinion, with the original record, shall be transmitted by the Clerk of the Supreme Court to the Court of Appeals. Said opinion shall be binding on the judges of the Court of Appeal, and they shall proceed to determine and dispose of said cause in conformity with the principles stated therein.

RIGHT OF LITIGANTS TO WRIT OF REVIEW; REQUISITES.

Sec. 2. Be it further enacted, etc., That within thirty (30) days after the rendition and entry of a judgment in any case, by the Court of Appeal, the party cast in the suit or any other party in interest, who may feel aggrieved thereby, shall have the right to bring said cause before the Supreme Court by writ of certiorari, mandamus or prohibition for its review and determination on questions of law or jurisprudence or concerning the jurisdiction of said Court of Appeals. The party desiring to avail himself of the remedy provided for by this section, pursuant to the provision of Article 101 of the Constitution of this State, shall, within the delay above mentioned, file in the Clerk's office of the Supreme Court, his petition and application, addressed to the Supreme Court or one of the Justices thereof, in which he shall set forth as briefly as possible the nature of the case, the issue therein and the questions of law, jurisprudence and jurisdiction involved; he shall also annex to said petition a statement or assignment of errors alleged to exist in the decree complained of. The petition shall be sworn to and the applicant shall file therewith a copy of the original petition and answer or other pleadings in the case. The Supreme Court may require such case to be certified to it by the Court of Appeals for its review and determination with the same powers and authority in the case as if it had been carried directly by appeal to said Court or it may require that the whole record be sent up for its consideration and thereupon shall decide the whole matter in controversy in the same manner as if it had been on appeal directly to the Supreme Court; provided, that nothing herein contained shall affect the authority and power of the Supreme Court to stay proceedings in the Courts of Appeal anterior to judgment to test the question of their jurisdiction "*ratione materiae*."

REPEALING CLAUSE.

Sec. 3. Be it further enacted, etc., That all laws or parts of laws in conflict with the provisions of this Act be and the same are hereby repealed.

Note. Act 190, 1918, Effect of Rendition of Decrees in Appellate Courts, printed at p. 1021.

WHO MAY APPLY FOR THE WRIT.

Sec. 2 of the act in declaring that the party cast in the Court of Appeals, or other person in interest who may feel aggrieved by the judgment rendered, shall in any case have the right to bring the cause to the Supreme Court for review and determination, goes beyond the constitutional intendment, and as far as it goes, is not to be followed. *Monroe Mercantile Co. vs. Elder*, 51 L. 1773. *Toole vs. Menge*, 50 A. 748.

The parties authorized to apply for the review of a judgment of the Court of Appeals, are the parties cast in the judgment or some party in interest therein, and not some person interested in the question in issue. The State Tax Collector for one of the Districts in New Orleans is without right to apply for a writ in a case arising in another District. *Bonner vs. Board, Etc.*, 52 A. 2062.

NOTICE WHICH MUST BE GIVEN.

Notice addressed to the parties to the suit, of the intention to apply for writ of certiorari must be filed in the office of the Clerk of the Court of Appeals before the application is filed in this court, and the affidavit of the filing must accompany the petition. Where the notice was not given, the writ will be recalled. Notice to the Court is not notice to the parties. *Guillaume vs. Guillaume*, 132 L. 413. The thirty days after final judgment in the Court of Appeal, within which the application for the writ must be filed in the office of the Clerk of the Supreme Court, will not be extended by adding to it the time it took to notify the attorneys in interest of the decision of the Court of Appeal. *McFall vs. Tebault*, 126 L. 243.

APPLICATION FOR REHEARING ANNEXING DOCUMENTS, OATH.

Failure of counsel to support his application for a rehearing in the Court of Appeal with a brief will not cause his application for a writ to be dismissed, when it

appears that the Court of Appeals denied a rehearing without referring to the failure to file a brief—after a writ of review has been granted, it is too late for opponent to the grant, to call the attention of the court to the failure of the applicant to annex to the petition for the writ, a copy of the original petition and answer or other pleadings. *Harrison vs. Ottman*, 111 L. 730, but see *Cooignet vs. Nelson*, 128 L. 414 on rehearing p. 420. The petition for the writ must be sworn to or the application will be refused, though the order to send up the record was issued, before the attention of the Court was directed to the absence of an oath. *Landry vs. Labarre*, 125 L. 714. *Landry et al. vs. Poirrier et al.* 135 L. 731. The oath of the attorney is not sufficient. *North British & M. Ins. Co. vs. Sims*, 132 L. 411. Unless the applicant is absent or incapable. In such a case, the attorney may make it. *Stubbs vs. Fleming*, 135 L. 796. Where the applicant failed to annex a copy of the original petition, the application will be refused, though the order to bring up the record was issued, and more than three judicial days have passed since the record was filed in the Supreme Court. *Splazale vs. Lacroix*, 128 L. 1053. Where however the case has been submitted and a decision rendered, a motion to dismiss the certiorari because copies of the original pleadings did not accompany the application for the writ, comes too late, although both parties have applied for a rehearing. *Lehman Dry Goods Co. vs. Lemoine*, 129 L. 382, 391.

TIME WITHIN WHICH APPLICATION MUST BE MADE.

Application for a writ of review must be made within thirty days after the rendition and entry of the judgment refusing a rehearing. The delay begins to run from the rendition and entry of the judgment in the Court of Appeal, and not from the date upon which such judgment may be filed in the District Court. In the absence of any suggestion to the contrary, it will be presumed that a judgment of the Court of Appeals was entered on the minutes the day it was rendered. *Landry vs. Ramos Lumber & Mfg. Co.*, 124, 1599. *Aucoin vs. Same*, 124 L. 601. *Simoneaux vs. Same*, 124 L. 602. *Summer vs. Jones*, 117 L. 910. The petition for the writ must be sworn to, if it is not the application will be refused, though the order to send up the record was issued before the attention of the Court was directed to the absence of the oath. *Landry & Son vs. Labarre*, 125 L. 714. The application for the writ must be filed in the office of the Clerk of the Supreme Court, within thirty days after the final decision of the Court of Appeals has been noted on the minutes. *Holliday & Sons vs. Joffrion*, 134 L. 843. And this time cannot be extended by adding to it the time it took to notify the attorneys in interest of the decision of the Court of Appeal. *McFall vs. Tebault*, 126 L. 243.

ASSIGNMENT OF ERRORS.

An application for a writ of certiorari to the Court of Appeal will be dismissed, where no assignment of errors is embodied in or annexed to the petition. *State ex rel. Stewart vs. Minden*, 132 L. 938. It is too late to file the assignment after the case is submitted. *Rapier vs. Guedry*, 136 L. 443.

WHAT WILL BE CONSIDERED.

An issue which is not raised by the pleadings, and which has not been presented in argument, either in the District Court or Court of Appeals will not be considered in the Supreme Court on an application to review the judgment of the Court of Appeals. *North British & Mercantile Ins. Co. vs. Sims*, 132 L. 411. *Sintes vs. Commerford*, 112 L. 706. Nor can these new issues be raised by being embodied in the assignment of errors. *Rapier vs. Guedry*, 136 L. 443.

SUSPENSION OF JUDGMENT OF COURT OF APPEALS.

The filing in the Court of Appeal of the notice of intention to apply to the Supreme Court for a writ of review suspends execution of the judgment of the Court of Appeal during the thirty days, allowed for filing the petition, and thereafter until the final judgment of the Supreme Court on the application. *Saltes vs. Southern Pub. Co.* 140 L. 739.

SUBMISSION OF CAUSES FIRST CIRCUIT COURT OF APPEALS.

Act 89 of 1914, p. 204.

TITLE.

AN ACT providing for the mode and manner in which cases shall be heard, submitted and finally disposed of by the Court of Appeals of the First Circuit of the State of Louisiana, providing for the apportionment of the costs of appeal in such cases, and providing for library and room for the use of the Judges of said Court.

submission of cases; that immediately after the submission of cases, the Clerk of the District Court, where said cases are heard and submitted, shall transmit the records in such cases, with briefs therein filed, to the Clerk of the District Court of East Baton Rouge where the cases thus transferred shall be finally determined by said Court. Upon the rendition of judgment in such cases, the Clerk of the District Court of East Baton Rouge shall without delay return the records in all such cases to, and notify the Clerk of the District Court, where such cases originated, of the judgment so rendered by the said Court of Appeals in order that the party aggrieved may, if he so desires, apply for rehearing within the delay prescribed by law. That said application for rehearing shall be filed with the Clerk of the Court where said causes originated, whose duty it shall be to immediately forward the same together with the records in said causes to the Clerk of the Court at Baton Rouge.

Sec. 2. Be it further enacted, etc., That the deposit to be paid by the appellant for appeal, shall be apportioned as follows: Three and a half dollars shall be retained by the Clerk where the case has been heard, and one and a half dollars shall be by him forwarded and paid to the Clerk of the District Court of East Baton Rouge.

Sec. 3. Be it further enacted, etc., That a working library with room shall be furnished said Judges in the City of Baton Rouge.

WHEN JUDGMENTS BECOME FINAL IN COURT OF APPEAL.

Act 16 of 1910, p. 28.

TITLE.

AN ACT to fix the delay within which judgments rendered in the Courts of Appeal shall become final.

Be it enacted by the General Assembly of the State of Louisiana, That judgments rendered in the Courts of Appeal of the State shall become final and executory on the fifteenth calendar day after the rendition, except in cases of appeal from the City Courts of the City of New Orleans, which shall be and become final on the sixth calendar day after rendition in term time and out of term time, unless the last day shall fall on a legal holiday, when the delay shall be extended to the first day thereafter not a legal holiday; provided, that in the interval parties in interest shall have the right to apply for rehearing; provided, further, in the recess of the Court, the Court shall have the right to dispose at chambers of applications for rehearing.

CLERKS OF COURT OF APPEAL TO FURNISH COPY OF OPINION.

TITLE.

AN ACT requiring the Clerks of the Court of Appeals throughout the State to furnish a certified copy of the opinion of the Court to be filed with the original papers.

OPINION IN COURTS OF APPEAL TO BE FILED WITH ORIGINAL PAPERS; FURNISHED BY CLERK.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the Clerks of the Court of Appeals shall furnish a certified copy of the opinion of the Court of Appeals in each case, to be filed with the original papers in the Clerk's office in the parish where the suit originated.

Sec. 2. Be it further enacted, etc., That this Act shall take effect from and after its promulgation.

RECUSATION OF JUDGE OF COURT OF APPEAL**Act 10 of 1880, p. 17.****TITLE.****AN ACT** to provide for the trial of recused cases in Courts of Appeal.**CASES IN WHICH JUDGE SHALL BE RECUSED.**

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That any Judge of the Courts of Appeal, elected under the Constitution of the State, adopted and ratified in 1879, or who may hereafter be elected, shall be recused in cases before his court of any of the following causes:

1. His being interested in the case; provided, that in all causes in which the State, the parishes, or political or religious corporations are interested, it shall not be sufficient cause to recuse the Judge to allege that he is a citizen or inhabitant of the State, or of the parishes, or a member of the said political corporations, or that he pays any State, parish or city license.

2. His being related to one of the parties within the fourth degree.

3. His having been employed or consulted as advocate in the cause.

4. His being the father-in-law, son-in-law, or brother-in-law of one of the parties.

5. His having performed any judicial act in the cause in any other Court.

VACANCY CAUSED BY RECUSATION; HOW FILLED.

Sec. 2. Be it further enacted, etc., That for the trial and determination of all causes where the following causes or recusation exist, the Judge or Judges shall appoint as follows:

1. In cases where one of the Judges shall be recused for any cause, there being no cause of recusation of the other, the one not recused shall appoint a lawyer having the qualifications of a Judge of the Court of Appeals, or a district Judge of his circuit against whom no cause of recusation exists, who shall act with himself.

2. In cases where both Judges shall be recused for any cause, they shall appoint each a Judge of the district court of their circuit, who shall act together.

AUTHORITY OF APPOINTEE.

Sec. 3. Be it further enacted, etc., That the lawyer or Judge or Judges appointed under the provisions of this Act shall, in the trial of the cause for which he or they may be appointed, have and exercise the same powers that may be exercised by any Judge of the Court of Appeals, and all orders and decrees rendered by them, or either of them, shall have the same force and effect as orders and decrees rendered by a Judge of the Court of Appeals where no cause of recusation exists.

REPEALING CLAUSE.

Sec. 4. Be it further enacted, etc., That all laws and parts of laws in conflict herewith be and the same are hereby repealed.

Note. Const. 1913, Art. 102. Should two judges of the Court of Appeal be absent, recused or unable to serve, the remaining judge shall appoint district judges or lawyers with the aforesaid qualifications to sit in the case. See C. P., Arts. 337 to 342.

SESSIONS, ORLEANS EXCEPTED.

Act 163 of 1898, p. 320.

TITLE.

AN ACT relative to sessions of the District Courts throughout the State, the Parish of Orleans excepted, and to carry out the provisions of Article 117 of the Constitution; to confer on District Judges certain powers in relation to the conduct of business before said Courts and regulating the practice and proceedings therein.

SESSIONS WHERE DISTRICT IS COMPOSED OF ONE PARISH.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in districts composed of one parish, the Judge shall hold court during the ten (10) months of the year and the sessions shall be continuous, Sundays and legal holidays excepted, for the trial of civil and criminal cases and the disposition of all other matters that may be brought before the Court. The Judge, by a rule of court, may fix the hours for the opening and adjournment of court, but the sessions shall not be fixed for less than five hours' duration each day.

WHERE COMPOSED OF MORE THAN ONE PARISH.

Sec. 2. Be it further enacted, etc., That in districts composed of more than one parish, the Judge shall sit alternately in each parish, and the session from one parish to the other shall be continuous; provided, that no session in any parish of a district shall be fixed for less than one week or more than three weeks, as the public business may require. The District Judge shall, by an order of court, fix a date for the holding of the sessions in each parish, which order shall be entered on the minutes of the Court and published at least three times in the official journal, in each parish,

and after being so fixed, no change shall be made in such order within less than one year thereafter.

COURTS ALWAYS OPEN; PROCEEDINGS PUBLIC.

Sec. 3. Be it further enacted, etc., That it is the intent and meaning of Article 117 of the Constitution that District Courts shall always be open and the proceedings held to be in open court, while the Judge is on the bench and that the fixing of sessions in districts composed of more than one parish shall not affect the authority or duty of the Judge to set at any time in any of the parishes of his district when the public interest may require it.

Note. The district attorney moved that the trial of a criminal case be fixed for first of August. Held that both in Districts composed of one parish as well as in Districts composed of several, the court hold sessions for ten months, and where August and September are the accepted vacation period in a District, a trial cannot be had on first of August. *State vs. Colbert*, 129 L. 326. Where the District Judge has set aside two months as vacation, after fixing the dates for the session of court, he could open his court during vacation to try misdemeanor cases. *State vs. Hincey*, 129 L. 636. The whole subject is carefully reviewed in *Lawrason vs. Swartz*, 132 L. 511. *Colonial Homes etc Co. vs. Sample*, 136 L. 195.

The fixing of sessions in a District composed of more than one parish, does not interfere with the authority of the Judge to sit in any parish at any time when the public business required it. *Carr vs Louisiana Central Lumber Co.*, 137 L. 419.

COURTS MAY ADOPT RULES OF COURT.

Sec. 4. Be it further enacted, etc., That District Judges may adopt rules for the conduct of business in their respective courts, provided that same shall contain nothing contrary to the Constitution and laws of this State.

Note. The judge is not only authorized to hold court at any time in any parish of his district when public interest may require it, but also when as he thinks proper to order the commission to draw additional jurors for service during any session of the court or during a continuous session. *State vs. Freddy*, 118 L. 468. *State vs. Winters*, 109 L. 3.

JUDGMENTS IN DISTRICT COURTS TO BE SIGNED WITHIN THREE DAYS FROM RENDITION.

Sec. 5. (As amended by Act 40, 1904, p. 76). Be it further enacted, etc., That all judgments rendered by the District Courts shall be signed within three days from the date of the rendition of such judgment, provided that within such delay an application for a new trial may be filed, and the granting of a new trial shall have the effect of setting aside the judgment signed within said three days, provided that judgment in confession may be signed at any time in open court.

JUDGMENTS, WHEN EXECUTORY; SUSPENSIVE APPEALS.

Sec. 6. Be it further enacted, etc., That all judgment of the District Courts shall become executory ten (10) days, exclusive of Sundays, after being signed by the Judge. Any person aggrieved by the judgment may suspend the execution thereof by obtaining an order of appeal and furnishing bond for a suspensive appeal within the delay above mentioned in such sum as the law requires or may be fixed by the Judge, said appeal to be returnable to the proper appellate Court according to law.

REPEALING CLAUSE.

Sec. 7. Be it further enacted, etc., That all laws or parts of laws conflicting with the provisions of this Act be and they are hereby repealed.

Note. Where the transcript shows the presence of the accused at all the material stages of the case, and inferentially that all the pleadings were had in open court, the verdict will not be set aside on the ground that the minutes failed to show affirmatively the opening of the court from day to day. The court is open while the judge is on the bench. *State vs. Grigsby*, 117 L. 1046. The expression "open court" as used in the act, means the actual session of the court while the judge is on the bench, as contradistinguished from the continuous session of ten months as provided by Const. Art. 117. *State vs. Vicknair*, 118 L. 963. The Legislature did not intend to control the judges as to the time when they shall hold court in the respective parishes of their districts, but merely that they shall designate in advance certain periods as "terms of court" so as to fix dates for drawing jurors and doing other acts which under existing laws have to be done a certain number of days before opening of court. *Webb vs. DeBaillon*, 51 A. 789.

A judgment should be signed within three calendar days from date of rendition, and the judge may do so any time within that delay, such judgments become executory in ten days—not including Sundays—after being signed, unless execution is stopped by appeal within said delay or application for new trial within three calendar days after rendition. *Britt vs. Caldwell etc. Co.* 129 L. 243. The court refused to consider the constitutionality because presented for the first time in brief by counsel who had ample opportunity to present the question in the District Court). The act is not in conflict with the fourteenth amendments to the Constitution of the United States. *State vs. Jackson*, 142 L. 636.

ELECTION OF JUDGES TO FILL VACANCY, ORLEANS EXCEPTED.

Act 58 of 1884, p. 81.

TITLE.

AN ACT to carry out paragraph five, of Article 109 of the Constitution of the State of Louisiana, relative to the election of District Judges in cases of vacancy.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That it shall be the duty of the Governor, immediately upon ascertaining the death, resignation or removal of any District Judge, to order an election to fill the vacancy, except in the Parish of Orleans. Said election shall be holden throughout the judicial district in which the vacancy occurred, and in every respect under the general election laws of this State, and the Governor shall issue his proclamation of said election, fixing therein the day for said election, and shall have said proclamation published in at least one newspaper in every parish of said judicial district.

TRIAL OF CRIMINAL CASES WITHOUT JURY.

Act 93 of 1916, p. 211:

TITLE.

AN ACT to provide that in all criminal cases tried before the Judge without the intervention of a jury, counsel shall have the right to submit to the Judge propositions of law in the same manner as requested charges to the jury are now submitted; that it shall be the duty of the Judge to pass upon the legality and applicability of said submitted proposition before rendering any judgment upon the guilt or innocence of accused; that counsel shall have the right to reserve bills of exception to the rulings of the Judge upon said submitted propositions; that counsel shall have the right to annex the evidence to said bills of exception so reserved; and to repeal all laws and parts of laws in conflict herewith.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in all criminal cases tried before the judge without the intervention of a jury counsel shall have the right to submit to the Judge propositions of law in the same manner as requested charges to the jury are now submitted, and it shall be the duty of the Judge to pass upon the legality and applicability of such submitted propositions before rendering any judgment upon the question of the guilt or innocence of the accused; and counsel shall have the same right to reserve bills of exception to the rulings of the Judge upon the said submitted propositions as now exists with reference to the rulings upon requested charges, and shall have the right to have annexed the evidence to said bills of exception, in the same manner and to the same extent as is now done in the case of bills of exceptions reserved to rulings on requested charges to the jury; provided, that the provisions of this Act shall not affect any case which shall be pending at the time of the passage thereof.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws contrary to or inconsistent with this Act be and the same are hereby repealed.

Note. See *State vs. Nejin*, 140 L. 793.

TRIAL OF CASES ON LEGAL HOLIDAYS.**Act 6 of 1904, p. 9.****TITLE.**

AN ACT to provide for the trial of cases upon legal holidays, Sundays and Christmas day excepted, and upon legal half-holidays.

PROVIDING FOR TRIAL OF CASES ON LEGAL HOLIDAYS.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That whenever empanelling of a jury or the taking of evidence on the trial of any case, shall have been begun, but not concluded, at the time at which there shall intervene any legal holiday or legal half-holiday, it shall be lawful for the presiding judge, and within his discretion, to order said trial to be proceeded with upon said legal holiday, if not a Sunday or Christmas day, or upon said legal half-holiday, and all proceedings thereafter had in the trial of said case shall have the same force and effect as though had on a day not a legal holiday or legal half-holiday.

Sec. 2. Be it further enacted, etc., That all laws and parts of laws contrary to or in conflict with this Act be and the same are hereby repealed.

Note. The case was submitted to the jury before midnight on Saturday, the jury returned its verdict at 12:15 a. m. Held that Act 6 of 1904, did not change the rule which permitted the return of the verdict on Sunday. *State vs. Keatine*, 130 L. 434.

CONTEMPT OF COURT.**Act 189 of 1898, p. 43.****TITLE.**

AN ACT to carry into effect Article 177, of the Constitution, and to limit the power of courts to punish contempts of court.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That failure to obey an order or judgment of Court, when such order or judgment is in effect an order or judgment for the payment of money, shall not be construed as a contempt, if it appear that the failure to obey is due to inability to comply with the order or judgment which inability existed when the order or judgment was rendered.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws, conflicting with this act, or contrary to its provisions, be and the same are hereby repealed.

Note. Judgment was rendered compelling municipal officers to "levy, collect, budget and do all things necessary" to deliver a certain tax to a School Board. A suspensive appeal was taken and pending the appeal, the taxes were collected and disbursed otherwise than to the Board so that when the judgment was affirmed in the Supreme Court, the municipal corporation and its officers were unable to comply with it. Held their failure under the circumstances could not be construed as a contempt. *State ex rel Forsythe vs. Board* 133 L. 1045. (There was no injunction to stay the collection and disbursement of the tax pending the appeal, said the court, and the antecedent conduct was not considered on the trial of the rule to punish for contempt.)

TIME WITHIN WHICH JUDGES MUST DECIDE CASES.**Act 94 of 1898, p. 117.****TITLE.**

AN ACT to amend and re-enact Act No. 72 of the Acts of the General Assembly of Louisiana, approved July 10, 1884, entitled, "An Act to prescribe the time within which District Judges and Judges of the City Courts, the Parish of Orleans excepted, shall decide cases submitted and taken under advisement by them, and to provide for the rendition of judgments and granting of appeals in such cases out of term time under certain circumstances, and to provide penalties for the violation of this Act; and further, to prescribe the duties of the Clerk of Court in such cases, and to prescribe penalties for his failure to perform his duties.

DUTY TO DECIDE WITHIN THIRTY DAYS.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That Act No. 72 of the Acts of the General Assembly of 1884, approved July 10, 1884, be amended and re-enacted so as to read as follows: That it shall be the duty of the District Judges and the Judges of the City Courts, to render judgments in all cases taken under advisement by them, within thirty days from the time said cases are submitted for their decision; and that all motions, exceptions or applications for a new trial shall be passed upon by said Judges of the District Courts, and the Judges of the City Courts within seven days from the time such motions, exceptions or applications for a new trial are submitted to them for their decision; provided, that by the written consent of the attorneys representing both sides, filed in the records or spread upon the minutes, the time herein granted may be extended for a further period of ten days, but no longer.

RENDITION OF JUDGMENT WHEN COURT NOT IN SESSION.

Sec. 2. Be it further enacted, etc., That when the thirty days herein provided expires at a time when the Judge is not holding court in the parish wherein the case was tried and submitted, or in case there is a vacation of said Court, the Judge shall forward his decree to the Clerk of the said Court, who shall enter said decree upon the minutes of said court, and said decree shall have the same effect as if rendered in open court. In all of said cases which are appealable, the District Judges and Judges of the City Courts, shall at the time of rendering their judgment, grant an order of appeal, and fix the appeal bonds when same are not fixed by law; and either party to any suit shall have the right, upon filing the required bond, to take an appeal, which appeal shall have the same legal effect as if granted in open court. The Judge whose commission is for the longest term shall have the selection and direction of the first grand jury organized under this act.

Note. The provisions of this article were entirely superseded by the act of 1897. The Grand Jury consists of twelve members, and nine must concur in its verdict. Sec. 6. Be it further enacted, etc., That the criminal district court of the parish of Orleans be divided into two sections, "A" and "B"; that the judge of the Criminal District Court for the Parish of Orleans; that the judge of the short term shall preside in section "B" of said court; that the judge appointed for the long term shall preside in section "A" of said court; and that each of said judges shall select the petit jury for his section, in conformity with the provisions of this act.

Note. The record need not show the manner or process by which the jury is made. It is sufficient that it shows it was done, and the legal presumption is that it was done rightly. *State vs. Beeder* 44 A. 1097.

VACATION OF JUDGES.

Sec. 7. Be it further enacted, etc., That each of the Judges of the Criminal District Court for the Parish of Orleans may have an annual vacation of three months, during the time from the first of June to the first of December, they regulating the time between themselves; provided, that the court shall remain open during the entire year, and either one of the two judges shall hold court during the above mentioned period.

Note. The prosecution after showing the absence of the witness (not permanent absence) offered in evidence his testimony taken at the preliminary examination under the provisions of this act. The judge admitted the testimony over objection by defendant that it was not shown that the witness was permanently absent. Held that the admission of the evidence vitiated the verdict. *State vs. Banks*, 106 L. 490. A sufficient foundation for the admission of evidence taken at a preliminary trial is laid, where it is shown that the witness resides out of the State, that after testifying at the preliminary trial he was seen on a west bound train, presumably bound for Mexico and has not been seen in the State since. *State vs. Bolden*, 109 L. 484. The Constitutional right of the accused to be confronted by the witness is preserved, when he is so confronted by the witness at the preliminary trial. *State vs. Banks*, 115 L. 22.

TITLE.

AN ACT relative to juries in and for the State of Louisiana, the Parish of Orleans excepted, and to carry out the provisions of Articles 116 and 117, of the Constitution, to prescribe the qualifications of grand and petit jurors and the exemption of certain persons from service as jurors; to provide for a Jury Commission in each parish; to prescribe the manner of drawing juries and of selecting grand and petit jurors, and to confer on District Judges certain discretionary powers in relation thereto; to provide for the summoning of jurors, prescribing means to enforce their attendance; and penalties for their non-attendance; for their compensation and for the taxing of jury costs in civil jury cases; to fix the number of peremptory challenges in civil and criminal jury cases, and to repeal Act No. 99, of the General Assembly of 1896, entitled: "An Act relative to juries, etc.," approved July 9, 1896, and all laws or parts of laws in conflict with the provisions of this Act.

QUALIFICATIONS OF JURORS.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the qualifications of a juror to serve in any of the courts of this State shall be as follows:

To be a citizen of the United States and of this State, a bona fide male resident of the parish in and for which the court is holden for one year next preceding such service not under interdiction or charged with any crime or offense nor convicted at any time of any crime or offense punishable by hard labor, unless he has been pardoned, and to be a competent and intelligent person of full age having capacity to serve as a juror to try and determine both civil and criminal cases, provided that there shall be no distinction made on account of race, color, or previous condition; and provided further, that the judges of the District Courts shall have discretion to decide upon the competency of jurors in particular cases where from physical infirmity or from relationship or from ignorance of the English language and inability to understand the same when read or spoken, or other causes, the person may be, in the opinion of the judge, incompetent to sit upon the trial of any particular case. In addition to the foregoing qualifications, a grand juror shall be able to read and write the English language and be a person of well known good character and standing in the community.

Note. See Act 18, 1906, printed p. 1076.

Note. One against whom a charge is pending of having failed to pay the per capita road tax is not a competent Grand Juror, and a motion to quash an indictment found by a grand jury of which he was a member was properly maintained. *State vs. Nicholas*, 109 L. 86. The rejection of a juror by the judge—even if erroneous—is not legal ground of complaint. *State vs. Thompson*, 116 L. 829; *State vs. Sheriff*, 118 L. 194; *State vs. Kennedy*, 133 L. 945. A Grand Juror is not incompetent because charged with the violation of a municipal sanitary ordinance, which is neither a crime or offense. *State vs. Calhoun*, 117 L. 82. The removal of a juror for prejudice is not objectionable. *State vs. Polndexter*, 117 L. 380. Qualification of Grand Juror, ability to read and write. *State vs. McClendon*, 118 L. 792. Temporary absence from the Parish does not disqualify for jury service. *State vs. Wineby*, 119 L. 139. Jurors are not incompetent because of their lack of knowledge of the law relative to self defense, burden of proof, etc. *State vs. Wille*, 130 L. 454. Jurors are to be selected for their competency, regardless of race or color. Each commissioner is to determine on his responsibility and oath and commissioners should look beyond the apparent and technical qualifications of the persons whom they select. *State vs. Turner et al*, 133 L. 555. (The opinion treats the subject at some length). Competent jurors, who have not been called to render service, are not disqualified or exempt. *State vs. Alles*, 133 L. 563. The accused has no legal right to be tried by jurors from a particular portion of the parish, or by jurors speaking his language. *State vs. Manuel*, 133 L. 571. The District Judges have discretion to decide on the competency of jurors in special cases and the discretion will not be interfered with by the Supreme Court. *State vs. Blue*, 134 L. 561; *State vs. McCollum*, 135 L. 432. The Supreme Court will not interfere with the discretion unless some violation of the law is shown, and exception is properly taken at the time. *State vs. Duvale*, 135 L. 710. The judge is vested with some discretion in the matter of excusing or discharging a limited number of the regular jurors. *State vs. Ardoin*, 136 L. 1086.

PERSONS EXEMPT FROM JURY DUTY.

Sec. 2. Be it further enacted, etc., That the following persons shall be exempt from serving as grand or petit jurors, but the exemption shall be personal to them and when they do not themselves claim the exemption, it shall not be sufficient cause for challenging any person exempt under the provisions of this Act, viz.:

First—The members, the officers and the clerks of the General Assembly, during the session of the Legislature and in going and returning from the same.

Second—The Governor, Lieutenant Governor, State Auditor, State Treasurer, Secretary of State, Superintendent of Public Education, their clerks and employees and all public officers commissioned under authority of the United States.

Third—Judges and officers of the several courts of this State, members of the Police Jury, attorneys-at-law, ministers of the gospel and physicians actually engaged in the practice of their profession, professors and school teachers, apothecaries and notaries and all members of paid fire departments.

Fourth—All persons over sixty (60) years of age, those who from sickness or other physical infirmity may be incapacitated from rendering such service, and those who have served as grand jurors under the provisions of this Act during the period of six (6) months, and those who have served as petit jurors as herein provided, who shall not again be called as jurors until after the expiration of one year from the date of their service.

Fifth—All telegraph and telephone operators actually employed as such agents representing them at various stations. Also chief engineers of electric, water works, ice plants and sugar factories while actually engaged in the performance of their respective duties.

Note. On a motion in arrest of judgment, defendant suggested that a member of the Grand Jury which had found the indictment, was at the time a member of the School Board. Held the exemption was personal and when not claimed, is not cause for challenging the competence of the juror. *State vs. Rosberry*, 113 L. 651. Exemption from service as juror because of previous service is also personal, and will not avail the defendant in a motion in arrest as judgment. *State vs. Hopkins*, 115 L. 786. Being a Justice of the Peace, or a constable or a deputy sheriff is not sufficient cause for challenge, nor that the juror is conducting a gambling house. *State vs. Petit*, 119 L. 1013.

The office of Jury Commissioner is ipso facto vacated when the incumbent takes another office, State, parish or municipal, and jurors selected by the body of the commission in which the designated person participated, are not competent to serve—this is not "an irregularity" within the meaning of Sec. 15 of Act 135, 1898. (*State vs. Bain*, 135 L. 776.) But objection to the trial jury which had been drawn by such a body, comes too late after trial and conviction. *State vs. Powers*, 136 L. 75.

SELECTION OF JURY COMMISSION.

Sec. 3. Be it further enacted, etc., That the several District Judges throughout the State, the Parish of Orleans excepted, shall select and appoint five discreet citizens and good men and true, able to read and write the English language who, with the clerk of the District Court, or in case of the inability of said clerk to act for any cause his chief deputy, as a member thereof ex-officio, shall constitute a Jury Commission for such parish and hold their office during the pleasure of the District Judge, provided that no person holding any office under the State or any parish or municipality therein shall be competent to hold the office of Jury Commissioner. The evidence of the appointment of said Jury Commissioners shall be the written order of the District Judge, which order shall be entered upon the minutes of the District Court; and before entering upon the discharge of their duties the persons thus appointed members of the Commission shall take an oath faithfully to discharge the duties imposed upon them by this Act. Three members of said commission, together with the clerk of the District Court, shall be a sufficient number to perform the duties imposed by this Act, provided all the members shall have been duly notified by the clerk of the District Court of the time and place designated by him for the meeting of said Commission, which notification shall appear from the certificate of the clerk in case of the absence of any member thereof.

Note. An indictment found by a grand jury selected by commissioners, one of whom had not qualified is properly quashed. *State vs. Flint et al.* 52 L. 62. Not however where the motion to quash comes after verdict. (Sec. 18). *State vs. Stapp*, 52 L. 611. It is not error for the judge to set aside a venire drawn by a jury commissioner two of the members of which had not been sworn, and to accept the venire drawn by commissioners whom he appointed and who were properly sworn. *State vs. Kellogg*, 104 L. 582. The offices of Drainage Commissioner and Jury commissioner are incompatible, and one who qualifies for the latter vacates the former office. *State vs. Scott*, 110 L. 369. It is not necessary to mention the act in administering the oath to the jury commissioners. It is sufficient for them to take the oath required to be taken by all officers and to perform all the duties of jury commissioners for the Parish of St. Mary, etc. *State vs. Stewart*, 117 L. 476. Oath of office, vacancy in Jury Commission. *State vs. McClendon*, 118 L. 792. The term of jury commissioner does not end with that of the Judge who appointed them. *State vs. Bradley*, 120 L. 248; *State vs. Jordan*, 136 L. 478. An order reading "It is ordered that a jury commissioner is hereby ordered composed of the following citizens, etc., given verbally in open court and entered on the minutes is sufficient to constitute the commission. *State vs. Marrioneaux*, 120 L. 453.

A democratic parish executive committeeman is not an officer within the meaning of Sec. 3 of Act 135 of 1898, and is thus competent to act as jury commissioner. *State vs. Ardoin*, 136 L. 1085. A jury commissioner who served as a delegate to the Constitutional Convention of 1913 did not thereby vacate his office as commissioner. *State vs. Doyle*, 138 L. 350. See note to Sec. 2.

MEETINGS OF COMMISSION; SELECTION OF JURORS.

Sec. 4. (As amended by Act 58, 1904, p. 136). Be it further enacted, etc., That within thirty (30) days after their appointment under the provisions of this Act, or sooner, if so ordered by the District Judge, which order shall be entered on the minutes of the Court, the members of said Commission or a majority of them, shall meet at the office of the clerk of the District Court and in the presence of two or more competent and disinterested witnesses of lawful age, competent to read and write the English language and residents of the parish, who shall be summoned by the clerk for that purpose, select from the persons qualified under this Act to serve as jurors for their respective parishes, the name of three hundred (300) competent, good and true men, a list of whom shall be made out by the clerk under the supervision of the Commission, and said witnesses and said list shall be kept complete and supplemented from time to time as hereinafter enacted. Each of the names on said list shall be written by the said clerk on a separate slip of paper, together with the number of the ward or place of residence of such person, and the slips of paper or ballots containing the names selected, except those containing the names of the persons chosen to serve as grand jurors as hereinafter provided, shall be placed in a box which shall be labeled: "General Venire Box," immediately after completing said general venire list, the Commission shall select therefrom the names of twenty (20) citizens possessing the qualifications prescribed by Section one (1) of this Act, to be taken from different

portions of the parish, as far as practicable, who shall be subject to duty as grand jurors during the term of six months after the grand jury is empanelled and until a succeeding grand jury shall have been empanelled.

The names of the persons so selected shall be written on slips of paper by the clerk in the presence of the Commissioners and they shall place the slips in an envelope, seal the same and endorse thereon the words, "List of Grand Jurors." Thereupon, the slips contained in the general venire box shall be well mixed, and one of the members of the Jury Commission, in the presence of the others and of the witnesses as above provided, shall draw therefrom one at a time, the names of thirty (30) persons to serve as petit jurors for the first or for the second week, as the Jury Commission may decide or the District Judge direct, of the next ensuing session of the Court, and if, in the judgment of the Commission a jury for another week may be required, or if the District Judge should so direct, they shall draw, in the same manner, thirty (30) additional names for service as jurors during the second or third week, as the case may be, of the session.

Provided that until such persons so drawn shall have actually served as jurors they may be required by the District Judge to perform jury duty during any week of the session thereafter ensuing.

The clerk and the Commission shall place the thirty (30) slips or ballots first drawn, in an envelope and seal and endorse on the same the words: "List of Jurors, No. 1," and the thirty (30) additional names, when drawn, shall be likewise enclosed and sealed, and the words: "List of Jurors, No. 2," endorsed thereon.

Said sealed envelope, with the one containing the list of grand jurors, shall be placed in a box, to be provided for that purpose, labeled "Jury Box," which shall be locked and sealed and placed in the custody of the clerk for use at the next session of the court, subject to the orders of the District Judge as hereinafter provided.

The said clerk shall keep a record of the drawings with a list of all the names in the order they are drawn and showing the week for which they are to serve; and when the drawing and the proces verbal is complete, shall deliver a copy of the same to the Sheriff of the parish, who shall without delay, proceed to summon all the persons on said list to attend upon the session of the court and serve for the week for which they are drawn and the clerk shall cause a copy of said list, including the list of the names of the persons selected to serve as grand jurors to be published in the official journal of the parish, if there be one, or in some other newspaper published in the parish.

If there be no official journal or other newspaper in said parish, he shall post a copy of such list on the door of the courthouse.

Provided, that in all the districts of the State, whether composed of one or more parishes, whenever the Judge shall deem proper, under the authority conferred by this Act, to direct the Commission to draw additional jurors for service during any session of the Court or during a continuous session, no publication of the list shall be necessary, and the jurors so drawn may be summoned without delay to try and determine the classes of criminal cases enumerated in Article 116 of the Constitution, as well as all the others where a jury may be required.

Note. The drawing of jury from a box containing less than three hundred names is a gross irregularity and those affected by it need not do more than allege it. The motion to quash should have been sustained. *State vs. Love*, 106 L. 659, but see *State vs. Batson*, 108 L. 479. It is not necessary to publish the lists of jurors drawn to serve at special sessions ordered by the judge or during continuous regular sessions, when the original panel is exhausted. Publication is required only of the original lists drawn. *State vs. Winters*, 109 L. 3. *State vs. Thompson*, 116 L. 829. The presence of two or more competent witnesses is necessary at the meeting of the commissioners to select grand and petit jurors. *State vs. Teazell*, 114 L. 533. The failure of the clerk to write the names of the Grand Jurors on separate slips, or the selection by each of the commissioners of a number of jurors instead of the selection of all in conference, or the suggestion of some names as grand jurors by an outsider—the names however not being taken—are not grounds on which to set aside the general venire or quash the verdict in the absence of fraud or irreparable injury to the accused. *State vs. Sheppard*, 115 L. 942. As to number of jurors in box. *State vs. Johnson*, 116 L. 856; *State vs. Jones*, 118 L. 369. Term of Court—Publication of List. *State vs. Faldy*, 118 L. 468. The venire for a special term need not be

published. *State vs. Armstrong*, 118 L. 480. The failure of the proces verbal of the meeting of the jury commissioners to show that the clerk notified all the members is not fatal to the proceedings. *State vs. Sturgeon*, 127 L. 459 (the opinion considers the proces verbal and the questions connected with it) nor will the failure of the proces verbal to show that the names drawn to supplement the names in the box, were drawn in the presence of witnesses. *State vs. Claxton*, 129 L. 591, nor that the deputy clerk had acted in place of the clerk, where nothing prejudicial to the accused is shown, the presumption *omnia veta acta* will prevail. *State vs. Reeves*, 129 L. 716. *State vs. Ashworth*, 139 L. 590.

The failure of a commissioner to attend a meeting because the notice mailed to him, had been received by his wife, who neglected to give it to him until too late in the day, is not ground on which to quash the venire which had been drawn at the session. *State vs. Woodward*, 136 L. 291. It is not necessary to in the proces verbal of a jury drawing to recite the names of those stricken from the jury list for the several causes enumerated in the law. *State vs. Gremillion*, 137 L. 292.

A jury commissioner who has been appointed to succeed himself but has not qualified under the new appointment by taking the oath is nevertheless authorized to discharge the duties of his office. *State vs. Thomas*, 141 L. 561. Time for meeting of commissioners, notice, etc. *State vs. Connor*, 142 L. 583.

VENIRE BOX—DELIVERY TO CLERK.

Sec. 5. Be it further enacted, etc., That after the Jury Commission shall have selected the names of persons to serve as grand jurors and petit jurors, as prescribed in the preceding section, they shall lock and seal the general venire box and deliver the same to the clerk of the court, as the custodian thereof, and said box shall not be opened for any purpose except in the presence of a majority of the jury commission and two (2) disinterested witnesses possessing the qualifications required by this act.

RECONSTRUCTING JURY LIST.

Sec. 6. Be it further enacted, etc., That not less than twice in each year, or once in every six (6) months computing the time from the date of the first drawing by the jury commission, pursuant to the provisions of this act, the jury commission shall meet at the clerk's office, and after being furnished by the clerk of court with a list of the grand jurors and of those who have served as regular jurors since the previous drawing of the general venire, shall in the presence of said witnesses, examine the original venire list and strike therefrom the names of such as have so served, as well as the names of others on the list who are known to have died, removed from the parish, become exempt or disqualified to serve as jurors, since their names were entered thereon; and the names of those who have died, removed, become exempt or disqualified shall also be taken from the general venire box. The commission shall then supplement the original list and the ballots in the box, with the names of the same number of good and competent men from the qualified jurors of the parish, as have been taken from the box and erased from the list, so as to keep the number of names in the general venire box and on the jury list as the original standard of three hundred (300) contained therein. It shall be the duty of the clerk of the district court at each meeting of the commission to make a proces verbal of its acts in detail and record the same in a book to be provided for the purpose by the police jury, which shall at all times be open to the inspection of the public. Said proces verbal shall be signed by the clerk of court, the members of the commission present and the witnesses.

PROVIDING FOR GRAND JURIES; METHOD OF SELECTING; APPOINTING FOREMAN, ETC.

Sec. 7. (As amended by Act 155, 1906, p. 262). Be it further enacted, etc., That it shall be the duty of the jury commission, twice in each year, except in the parish of Cameron, to select the names of twenty (20) persons, in the manner provided in Section 4 of this Act, to serve as grand jurors until their successors are selected and qualified; and it shall be the duty of the district judge in each parish to empanel a grand jury twice in each year, except in the parish of Cameron, in which at least one grand jury shall be empaneled in each year. The grand jury shall be composed of twelve (12) members, nine (9) of whom must concur to find an indictment, and nine (9) members present shall constitute a quorum for the transaction of business with full power and authority to investigate all matters and to find and report indictments and other matters, the same as if the twelve (12) were present and acting, provided that when less

than twelve (12) are present, at least nine (9) shall concur to find indictments or report on other matters. In the event the foreman should be absent, then the presiding judge shall appoint one (1) of the remaining eleven (11) as acting foreman, or foreman, pro tempore, who shall possess and exercise all the powers (whilst so acting) of the foreman. In case one or more members of the grand jury, during its terms of service, shall die or before disqualified for any case, and be set aside by the judge, the judge shall have the right to select from the names remaining on said list of twenty (20) the number necessary to complete the panel of said grand jury, provided that in case the original list of twenty (20) shall be exhausted before the panel is completed, or in the event of vacancies occurring thereafter, the district judge shall direct the commission to select from the jury list, and withdraw from the general venire box an additional number of names to complete said panel or fill such vacancies."

Note. The judge after empannelling the grand jury found two of them incompetent and that another had left the State permanently. Held that he had the authority to substitute others but in doing so the full oath, should be used, and not the abbreviated form used to swear in those qualifying at the same time the foreman is sworn in by the use of the full oath. The refusal to quash the indictment when the full oath was not administered to the new jurors, is reversible error. *State vs. Turco* 51 A. 1086. Where the Grand Jury has been fully charged, it is not necessary to repeat the charge each time a new juror is added to fill a vacancy. *State vs. Turco*, 51 A. 1083. Where a sufficient number of jurors to complete the panel is present the accused cannot complain of the absence of some of the jurors. *State vs. Voorhies*, 115 L. 200. *State vs. Jones*, 118 L. 369. A grand jury selected from the general venire box, instead of being selected by the commissioners immediately after the completion of the general venire is competent to return a valid indictment. *State vs. Sturgeon*, 127 L. 459.

DUTY OF THE GRAND JURY IN SELECTING A FOREMAN.

Sec. 8. Be it further enacted, etc., That as soon as practicable after the selection by the commission of the list of persons to serve as grand jurors, under the provisions of this act and twice in each year, except in the Parish of Cameron, as hereinabove provided, pursuant to Article 117, of the Constitution, the district judge shall proceed to empanel a grand jury in their respective parishes. The judge shall select from the list of grand jurors a suitable person to act as foreman of the grand jury, and the sheriff, under direction of the court, shall draw from the envelope indorsed "List of Grand Jurors," the names therein until eleven answer, who, with said foreman, shall constitute the grand jury. The grand jurors so drawn shall perform the duties and have the same powers as are now prescribed by existing laws, and they shall hold their session at the seat of justice in each parish; they shall serve during six (6) months, and until a succeeding grand jury is empaneled. The names remaining in the envelope, after completing the panel of the grand jury, shall be replaced in the jury box for use in case any vacancy shall occur thereafter in the membership of that body.

IN DISTRICTS COMPOSED OF MORE THAN ONE PARISH, THE JUDGE MAY EMPANEL THE GRAND JURY IN ADVANCE OF THE TIME FIXED FOR THE NEXT SESSION OF THE COURT.

Sec. 9. Be it further enacted, etc., That in districts composed of more than one parish, the judge may empanel the grand jury and deliver his charge in advance of the time fixed for the beginning of the next session of the court and in that event it shall be the duty of the grand jurors to proceed at once to a performance of their duties as prescribed by law. Any report or finding by the grand jury by indictment or otherwise, if the court be not in session, shall be delivered by the foreman to the clerk of the court who shall file the same, provided, the judge may instruct the grand jury in any case, in returning an indictment, to deliver the same to the clerk of the court enclosed in a sealed envelope, or to make their presentment in open court without mentioning orally the name of the person accused.

HOW PETIT JURORS SHALL SERVE.

Sec. 10. Be it further enacted, etc., That in districts composed of more than one parish, the jurors drawn for the first week of the session

shall constitute the petit jury for that week, and those drawn for the second shall serve for the time for which they are drawn, provided, that if the jury drawn for any week of the session do not serve as jurors during that week, they may be required to serve during a subsequent week of any session of the court until another venire shall have been drawn by the commission, unless sooner discharged by the district judge; provided further, if a jury be empaneled in any case, and the trial commenced and the week for which the jury is drawn expires, such jurors shall continue to serve in the cause in which they are empaneled, until a verdict is rendered or they are discharged by the court.

Note. The prevalence of small pox prevented the trial of criminal cases during May, and the judge ordered the jury drawn for that month, to reassemble in June. Held, that under the circumstance, the court had the power to do this. *State vs. Ayles*, 120 L. 661.

SELECTION OF JURORS.

Sec. 11. (As amended by Act 113, 1918). Be it further enacted, etc., That it shall be the duty of the Jury Commission, at such other times as the court may order, to select one hundred tales jurors, good men and true, and place their names in a box to be known as the Tales Jury Box, securely seal the same and deliver it to the District Clerk of the parish, who shall keep the same so sealed and unopened and in his possession until ordered by the court to produce the same. If on the trial of any civil or criminal case the regular venire is exhausted, or it appears that it will be exhausted, before the selection of a jury therein, the Court at its discretion may instruct the Clerk to open such Tales Jury Box and draw therefrom such number of tales jurors as in its judgment may be necessary to serve on said case, and it shall be the duty of the Sheriff to forthwith summons such tales jurors to serve in said case, and it shall be the duty of such tales jurors so summoned to report immediately for jury service in said court in said case, provided, that the names of the tales jurors drawn from such Tales Jury Box, and who do not serve, shall not be returned to said Tales Jury Box by the District Clerk, but the slips upon which said names are written shall be destroyed in the presence of the Court by the District Clerk; and provided that the Jury Commission may at any time, without the order of the Court, supplement the names of tales jurors in said Tales Jury Box, until the full complement of one hundred is reached. All tales jurors shall possess the same qualifications as provided for regular jurors, but no publication of the tales jury list shall be necessary, but a copy of the same, as drawn by the Clerk, shall be furnished the defense before the trial shall proceed. The Jury Commission shall not make known in any manner the names placed in said Tales Jury Box, and should any of them do so he shall be held in contempt of court and punished accordingly, but nothing herein contained shall be so construed as to limit the right of the judge in criminal cases, by and with the consent of the District Attorney and the defendant, or his counsel, after the list of regular jurors is exhausted, after the trial has commenced, to order the summoning of talesmen from among the bystanders or person in proximity to the Court House, or from any portion of the parish, remote from the scene of the crime, which the judge may designate.

Note. The Judge properly ordered the talesmen selected from a locality remote from the scene of the crime. The attempted showing of antagonism between the two sections was not convincing. *State vs. Kellogg*, 104 L. 585; *State vs. Laborde*, 120 L. 136. The judge has authority to direct the sheriff to summon talesmen in anticipation of the exhaustion of the regular panel. *State vs. Watkins*, 106 L. 380; *State vs. Manuel*, 133 L. 591. Publication of lists of talesmen is not required. *State vs. Winters*, 100 L. 3. Jurors ordered drawn in anticipation of the probable exhaustion of the regular panel—are talesmen. It is not necessary to put their names in the box, they may be selected direct from the list. *State vs. Bordelon*, 113 L. 690. The court may order talesmen to stand and when they are not summoned in the manner directed. *State vs. Thompson*, 116 L. 829. On selection of talesmen under the section as amended by Act 182, 1914, in *State vs. Anderson*, 136 L. 261. (This section has been amended twice since then—i. e. by act 123, 1916 and 113, 1918). *State vs. Evans*, 137 L. 379. *State vs. Thompson et al*, 137 L. 547. *State vs. Gallot*, 138 L. 224. *State vs. Dorsey*, 138 L. 410. *State vs. Ashworth*, 139 L. 590. *Bradley vs. Shopt, etc., Co.*, 139 L. 1029. (The last cases cited, were all decided before the amendment of 1918.)

DISTRICT JUDGE TO ENFORCE ATTENDANCE.

Sec. 12. (As amended by Act 113, 1912, p. 134), Be it further enacted, etc., That it shall be the duty of every person selected and summoned to attend as a juror or talesman punctually and for the time for which he is so selected; and the District Judge shall have the right to enforce said attendance by issuing a *capias* and also punishment for non-attendance by imposing a fine on the delinquent juror of not more than fifty dollars (\$50) or imprisonment in the parish jail for not more than three (3) days, or both, in his discretion. The jurors who attend and serve shall be entitled to demand and receive from the parish treasury two dollars and fifty cents (\$2.50) for each day's attendance of court, and five cents (5c) for each mile necessarily traveled in going to and returning from the court house, but only one charge shall be made for mileage each way. Grand jurors shall be entitled to the same compensation and mileage, and the several clerks of the district courts, shall, upon the demand of each of such jurors, at the close of his term of service, issue to him a certificate of attendance, countersigned by the district judge, for the amount to which he may be entitled; provided, the district judge may direct the payment of the accrued mileage and per diem of grand jurors at any time during their term and service.

Note. In an expropriation suit, the plaintiff cannot recover from the defendant, nor the defendant from the plaintiff, the per diem and mileage of the jurors in the case; nor can the parish be charged with them. *Opelousas, etc., Ry Co. vs. St. Landry Cotton Oil Co.*, 121 L. 806. *Claussen vs. Cumberland T. & T. Co.*, 130 L. 143.

DEPOSIT OF JURY FEE IN CIVIL CASES.

Sec. 13. Be it further enacted, etc., That in all civil cases in which a jury is prayed for and allowed, said jury to be composed of twelve (12) members, nine (9) of whom concurring may render a verdict, it shall be the duty of the party praying for the jury to deposit with the clerk of the court twelve dollars (\$12) as jury costs and to give bond in favor of the parish for such amount as may be determined by the judge to cover the additional cost of the jury, with the right to have the same taxed as costs against the party cast in the suit, and no jury shall be ordered in any civil case unless the said deposit is made and the bond given; provided, that when the judge, ex-officio shall order a jury in a civil case, the plaintiff shall advance and pay to the clerk twelve dollars (\$12.00) for jury costs, which shall finally be taxed against the party cast in the suit. In case the plaintiff fails to advance the costs so ordered the cause shall be continued for thirty (30) days in districts composed of one parish and in districts composed of more than one parish, to the next session of the court, and should plaintiff fail to advance the jury costs within six (6) months from the time the petition was filed, his suit shall be dismissed, as in case of non suit. In districts composed of one parish, the clerk shall, at the end of every month during which sessions of court are held and in districts composed of more than one parish, at the close of each session, pay over to the parish treasurer the total civil jury tax which may have accrued under the provisions of this section; this fund shall be expended for no other purpose than that for which it was deposited; provided, that nothing herein shall be so construed as to require payment by any party of such jury costs more than once; provided further, that when a trial by jury in a civil case is prayed for and allowed or when one is ordered ex-officio by the judge, he shall on application of either party to said cause, in case there be no venire of jurors from which to select a jury, order the commission to draw such number of jurors as he may deem necessary to try and determine said cause, said drawing to be made in accordance with the forms prescribed by Section 4, of this act, except as to publication. In the trial of all civil jury cases each party, plaintiff and defendant, shall be entitled to six (6) peremptory challenges, and no more.

Note. In a civil case to be tried by a jury, each side is entitled to six challenges. *Schwing vs. Dunlap*, 130 L. 499.

WHEN SPECIAL DRAWING NOT REQUIRED.

Sec. 14. Be it further enacted, etc., That for the trial of all criminal cases to be tried by jury in the manner prescribed by Article 116, of the

Constitution, no special drawings of juries shall be necessary for particular cases, but juries for the trial of all criminal cases, whether to be composed of five (5) or twelve (12) in number, shall be drawn as hereinabove provided, the judge being fully vested with power and authority to direct the commission to draw additional juries for service whenever in his opinion the public interest may require it, which order shall always be entered on the minutes of the court. In the trial of cases in which the punishment may be at hard labor, by a jury of five (5), the accused shall be entitled to six (6) peremptory challenges, and the State to three (3); in cases in which the punishment is necessarily at hard labor and tried by a jury of twelve (12), the accused shall be entitled to twelve (12) peremptory challenges and the State to six (6) and in cases in which the punishment may be capital and tried by a jury of twelve (12), the accused shall be entitled to twelve (12) peremptory challenges and the State to six (6). The State and the accused may, in all cases, challenge any number of jurors for good and sufficient cause.

Note. Where there are two defendants and the punishment at hard labor, the State is entitled to twelve peremptory challenges and each of the defendants to twelve. *State vs. Cason et al*, 118 La. 349. R. S. Sec. 997, 998 were not repealed by implication by Act 24 E. S. 1878, and hence were subject to amendment. Sec. 997 was amended by Act 36, 1880, so as to give the State six peremptory challenges for each defendant in total. The amended and reenacted section has not been abrogated or repealed by Act 135, 1898. *State vs. Gauthereaux*, 134 L. 690.

WHAT NOT CAUSE FOR CHALLENGE.

Sec. 15. Be it further enacted, etc., That it shall not be sufficient cause to challenge the general venire elected for any session of the court or portion thereof or for service at any time in any parish or district of this State, or set aside the venire, because some of the jurors on the list are not qualified to act, nor because of any other defect or irregularity in the manner of selecting the jury as above provided; and to such defect or irregularity in the selection thereof or the summoning of the jury, shall be sufficient cause, if it shall not appear that some fraud has been practiced or some great wrong committed in the selection and the summoning of the jury that would work irreparable injury; provided, that it shall be good ground to challenge, for cause, any juror who is not qualified to act under the provisions of this act.

Note. The jury was drawn for the first and last week of the term namely the third of July, when apparently it should have been drawn for the week beginning on the sixteenth. Held not a defect for which the venire would be set aside, in the absence of fraud or a showing of great injury. *State vs. Thompson*, 104 L. 167. That the names on the slips in the box were written by the clerk and the commissioners, instead the clerk alone is not an error that works irreparable injury nor that the name of one juror was duplicated, or that the number of names fell short by one from the number presented by statute. The venire will not be quashed for such a cause. *State vs. Batson*, 108 L. 474. The sheriff took the slips from the envelope containing the names of the Grand Jurors and placed them in an open box, from which he drew the Grand Jurors, held a violation of law, which Sec 15 does not permit. *State vs. Levely*, 119 L. 368. That the jury commissioners did not repair to the office of the Clerk of Court and there supplement the jury list is not ground to quash the venire. *State vs. Bradley*, 120 L. 258.

WHEN OBJECTIONS MUST BE URGED.

Sec. 16. Be it further enacted, etc., That all objections to the manner of selecting or drawing the jury or to any defect or irregularity that can be pleaded against any array or venire must be urged before entering on the trial of the case; otherwise, all such objections shall be considered as waived and shall not afterward be urged or heard.

REPEALING CLAUSE.

Sec. 17. Be it further enacted, etc., That Act No. 99, of the General Assembly of 1896, entitled, "An act relative to juries in and for the State of Louisiana, the Parish of Orleans excepted," etc., approved July 9th, 1896, and all laws and parts of laws in conflict with the provisions of this act, be and the same are hereby repealed; provided, that this act shall not interfere with juries drawn under existing laws at the time this act goes into effect.

Note. This act has not repealed the provisions of the Revised Statutes (Sec. 1481) nor the articles of the Civil Code relative to juries of freeholders in expropria-

tion cases. *Cumberland T. & T Co. vs. Morgan L. & T. R. & S. S. Co.*, 142 L. 287. The act does not require lists of jurors to be published or posted for thirty days or any other particular time. *State vs. Voorhies*, 115 L. 200. A jury commissioner cannot be heard to contradict or impeach the return of the proces verbal made by him under the sanctity of his official oath. *State vs. Johnson*, 116 L. 856. There is nothing in the law which requires a grand jury engaged in investigating crime, to obtain permission of the court to visit the scene of the crime. It may meet at any place within the parish other than the court house. *State vs. Johnson*, 116 L. 856.

R. S. Sec. 1426 has been abrogated by this act, and a jury for the trial of a contested election matter, may be drawn by the jury commission under Act 135, 1898. *Dial vs. Hodge*, 123 L. 369.

The act is not unconstitutional as giving the jury commissioners discriminatory powers, and it does not violate the fourteenth and fifteenth amendments to the Constitution of the United States. *State vs. Connor*, 142 L. 631. *State vs. Jackson*, 142 L. 636.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws in conflict herewith are hereby repealed.

Note. General rules for the guidance of jury commissioners in the selection of jurors. What is competency, etc. *State vs. Turner et al.* 133 L. 555.

AN ACT to provide for exemption from jury duty of all bona fide commercial travelers, and to provide what persons shall be considered as bona fide commercial travelers.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That all bona fide commercial travelers residing in the State of Louisiana, be and they are hereby exempt from service as regular jurors, and that the exemption above provided for shall be personal to such persons, and when they do not themselves claim the exemption, it shall not be sufficient cause for challenging any person exempt under the provisions of this act.

Sec. 2. Be it further enacted, etc., That only such persons as are actually engaged in traveling, through this State or any other, either for themselves or in the interest of any wholesale dealer, commission merchant or any manufacturer of articles of commerce, shall be considered as bona fide commercial travelers and entitled to the exemption from jury service under the provisions of this act.

Sec. 3. Be it further enacted, etc., That all laws or parts of laws in conflict or inconsistent with the provisions of this act be and the same are hereby repealed, and that this act shall take effect from and after its passage.

Note. See Sec. 1, Act 136, 1898, printed at p. 1067.

AN ACT to fix the compensation for the Jury Commissioners throughout the State, the Parish of Orleans excepted.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the Jury Commissioners throughout the State of Louisiana, the Parish of Orleans excepted, shall receive for their services as such from the Parish Treasury the sum of three dollars (\$3.00) per day when in actual attendance upon the duties of the office and five cents (5c) per mile for every mile traveled in coming to and from the courthouse.

Sec. 2. Be it further enacted, etc., That all laws contrary to or inconsistent with the provisions of this act be and the same are hereby repealed.

NEW TRIALS.**Act 247 of 1908, p. 368.****TITLE.**

AN ACT to regulate new trials in civil cases and establish the method of procedure therein.

METHOD OF PROCEDURE AT NEW TRIALS.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in all civil cases whenever the trial judge shall be of opinion that the verdict of a jury or judgment of the court contains any error prejudicial to a party, he may at any time within three days, on motion of the party complaining, set aside such verdict or judgment and allow a new trial in the cause. On such new trial it shall not be necessary to re-summon the witnesses or hear them anew, if their testimony has once been reduced to writing, but all such testimony and all evidence offered on the former trial shall be considered as already in evidence, provided the same be filed as part of the record; reserving however to any party the right to call new witnesses or offer additional evidence, and with the permission of the court to recall any witness for further examination or cross examination as the case may be. Provided that nothing shall be construed to conflict with the provisions of Act No. 51 of 1908.

NUMBER OF TRIALS; EFFECT OF VERDICT.**Act 51 of 1908, p. 31.****TITLE.**

AN ACT in reference to trial by jury in civil cases.

NO MORE THAN TWO JURY TRIALS ALLOWED IN CIVIL CASES.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in any case where a jury has been prayed for by either party, and where the case has been tried twice by a jury without a verdict being reached, no further trial by jury shall be had, but the case shall be tried by the judge alone, the same as if no jury had been prayed for.

THIRD VERDICT SHALL NOT BE SET ASIDE.

Sec. 2. Be it further enacted, etc., That no judge shall have the right to set aside the verdict of a jury in the same case more than twice, but should there be three jury trials of the same case, the third verdict shall not be disturbed by the trial judge, who shall render judgment thereon without entertaining an application for a new trial.

Sec. 3. Be it further enacted, etc., That this law shall not affect cases pending at the time of its going into effect.

[R. S., Sec. 2136.] Selection of foreman of Grand Jury. Superseded by Act 135, 1898, Sec. 8, printed *supra* this title.

[Foreman of Grand Jury Authorized to Administer Oaths.]

[R. S., Sec. 2137.] The foreman of the Grand Juries of this State may administer the oath required by law, to all witnesses brought before them during their respective sessions.

[Power of Grand Jury to Adjourn.]

[R. S., Sec. 2138.] Grand Juries may adjourn for any time not exceeding three days, without leave of the Court, but for a longer time than three days the leave of the Court must first be had.

[Inspection of Prisons.]

[R. S., Sec. 2139.] Every Grand Jury is required to inspect the prisons within their respective districts and make report to the Judge of said court, of the manner in which the prisoners are treated, and if any of the Sheriffs, Jailors, prison keepers, or any of their deputies, should be presented by them for not having complied with the laws regulating the treatment of prisoners, he or they shall be fined in a sum not exceeding two hundred dollars.

Note. The sessions of the Grand Jury may be held anywhere within the Parish, and it should act not only on evidence submitted to it; but also on facts within the knowledge of its members. It does not need the permission of the court to investigate crime, it must do so of its own initiative, and determine for itself the character of the evidence the sufficiency of facts, etc., for the findings. *State vs. Johnson*, 116 L. 855.

[Failure to Perform Duties; Penalty.]

[R. S., Sec. 2140.] Any grand juror at any time of court when a grand jury is empaneled, who shall fail to inform the grand jury of any violation of the criminal laws of this State, or of any crime committed within the parish for which he is empaneled as a grand juror, since the sitting of the last preceding grand jury in that parish, which may have come to his personal knowledge, or of which he may have been informed, upon due conviction thereof shall, if it be an offense not punishable in the penitentiary, of which he has not given information, be fined in a sum of not less than fifty nor more than five hundred dollars, and if it be an offense which may be punished by death or imprisonment in the penitentiary, he shall be punished by imprisonment in the penitentiary at hard labor for not less than one nor more than five years.

Note. Where the conduct of the grand jury in finding an indictment is attacked, evidence to support the attack must come from others than its members. The failure of the clerk to issue and the sheriff to serve subpoenas on witnesses is not sufficient to overcome the presumption that the Grand Jury had sufficient evidence before it to support the bill found. *State vs. Britton*, 131 L. 879. See note to R. S. Sec. 2139.

[Grand Jurors as Witnesses.]

[R. S., Sec. 2141.] In order to prosecute the offense prescribed in the first section of this act, or to defend the charge, any member of the Grand Jury shall be a competent witness to

testify either before the grand jury or on the examination or trial of the case.

[Special Charge to Grand Jury.]

[R. S., Sec. 2142.] The several judges of the courts in this State before whom criminal cases are tried shall give this act specially in charge to each grand jury empaneled before them.

Note. For juries in Parish of Orleans see Act 98, 1880, printed at p. 1052.

[R. S., Secs. 2143 to 2151.] Who bound to serve on jury; jury, how drawn; composition of grand and petit juries, etc. The whole subject is governed by legislation enacted since adoption of Revised Statutes noted under this title.

[Fees of Jurors in Civil Cases.]

[R. S., Sec. 2152.] Those serving in the other courts, sitting in the city of New Orleans, shall be entitled to a compensation of one dollar each for every case in which they find a verdict, to be charged amongst the costs, which shall be advanced by the party when he files his petition or answer, praying for a trial by jury, otherwise said prayer shall be disregarded, and the case tried by the court.

Note. See Sec. 13, Act 136, 1898, printed at p. 1074.

Sec. 2. Be it further enacted, etc., That this act shall take effect from and after its passage.

FEES OF JURORS AND WITNESSES OUTSIDE ORLEANS.

Act 37 of 1890, p. 31.

TITLE.

AN ACT to provide for the manner in which the fees of jurors and witnesses throughout the State, the parish of Orleans excepted, are to be paid and collected.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That it shall be the duty of the clerks of the district courts of the State, the parish of Orleans excepted, to issue certificates of attendance on the court in all cases, free of charge to the jurors and witnesses.

Sec. 3. Be it further enacted, etc., That all laws and parts of laws in

conflict with this act are hereby repealed, and that this act shall take effect from and after its promulgation.

Note. In so far as this act makes the parishes responsible for the fee of the clerk in issuing certificates for the payment of jurors, it is unconstitutional (Art. 122), *Lemoine vs. Police Jury*, 137 L. 332.

[R. S., Sec. 2153.] Special jury of experts in courts of First Judicial District (Parish of Orleans). Superseded by Act 98, 1880, printed at p. 1052.

[R. S., Sec. 2154.] Empaneling of Grand Jury for Parish of Orleans in First District Court. Court is not in existence under present judiciary system. Act 98, 1880, Sec. 3, printed at p. 1052, provides for Grand Jury for parish.

LABOR LAWS.

BUREAU OF LABOR AND STATISTICS, COMMISSIONER, ETC.

Act 155 of 1908, p. 210.

TITLE .

AN ACT to create the Bureau of Labor and Industrial Statistics of the State of Louisiana, to provide for the appointment of a commissioner to be known as Commissioner of Labor and Industrial Statistics of Louisiana, prescribing his powers and duties, fixing his compensation and authorizing him to appoint deputies and to define their duties, and providing a penalty for violation thereof.

CREATING COMMISSIONER OF LABOR AND INDUSTRIAL STATISTICS; HIS APPOINTMENT, ETC.

Section 1. (As amended by Act 186, 1914, p. 351), Be it enacted by the General Assembly of the State of Louisiana, That the Governor shall, by and with the advice and consent of the Senate, appoint some suitable person who shall be designated "Commissioner of Labor" and said Commissioner of Labor shall appoint with the approval of the Governor two suitable persons who shall be designated "Assistant Commissioners of Labor," said assistant commissioners shall be residents of different sections of the State from each other and from the Commissioner of Labor. The headquarters of such Commissioner and Assistant Commissioners shall be fixed at such place as the Governor shall designate and they shall hold their offices for a term of four (4) years. The Assistant Commissioners of Labor shall perform their duties under the direction and orders of the Commissioner of Labor.

DUTIES OF COMMISSIONER AND ASSISTANTS.

Sec. 2. (As amended by Act 186, 1914, p. 351), Be it further enacted, etc., That the duties of said Commissioner and said Assistant Commissioners shall be to visit and inspect manufacturing establishments, workshops, mills, mercantile establishments, factories and other places where industrial work is being done for the purpose of enforcing the laws regulating or dealing with the conditions of employment of labor of any kind, and to prosecute all persons, firms, associations or corporations violating the labor laws of the State. It shall be the duty of such Commissioner and Assistant Commissioners to collect, assort, systematize, and present annual reports to the Governor to be by him biennially transmitted to the General Assembly, within ten days after the convening thereof, statistical

data relating to all departments of labor in the State, especially such data as relate to the commercial, industrial, social, educational and sanitary conditions of the laboring people and to the permanent prosperity of the productive industries of the State. It shall also be the duty of said Commissioner and Assistant Commissioners and they shall have authority to inquire into the causes of strikes, lockouts, or other disturbances of the relation of employers and employees and to report to the Governor at as early a date as possible thereafter the result of such inquiry.

POWERS AND DUTIES OF COMMISSIONER, ETC.

Sec. 3. (As amended by Act 186, 1914, p. 351), Be it further enacted, etc., That the Commissioner or Assistant Commissioners shall have power to take and preserve evidence, examine witnesses under oath and administer the same, and in the discharge of his duties may enter any public institution of the State, and at reasonable hours any factory, mill, workshop, mercantile establishment or other places where labor may be employed. In the City of New Orleans the Mayor shall appoint a factory inspector who may be either male or female. The Commissioner and each Assistant Commissioner shall have power to investigate all cases where violations of the laws pertaining to the conditions or employment of labor is complained of; and it is hereby made the duty of said Commissioner and Assistant Commissioners to order the criminal prosecution in any competent court of any person, firm, association or corporation, acting in violation of any laws of this State, regulating the conditions of the employment of labor.

MISDEMEANOR TO INTERFERE WITH DUTIES OF COMMISSIONER.

Sec. 5. (As amended by Act 186, 1914, p. 351), Be it further enacted, etc., That any person who shall wilfully impede or prevent the Commissioner or Assistant Commissioners in the full and free performance of his or their duties shall be deemed guilty of a misdemeanor and upon conviction of the same shall be fined not less than ten dollars (\$10.00), nor more than fifty dollars (\$50.00) or be imprisoned not less than five (5) or more than twenty-five (25) days in the parish jail, or both at the discretion of the court.

SALARIES.

Sec. 6. (As amended by Act 232, 1918.) Be it further enacted, etc., That the Commissioner shall receive a salary of two thousand four hundred dollars (\$2,400.00) per annum and each Assistant Commissioner a salary of fifteen hundred dollars (\$1,500.00) per annum. The Commissioner shall employ a secretary at a salary of one thousand dollars (\$1,000.00) per annum. The Commissioner and Assistant Commissioners shall be allowed the sum of five hundred dollars (\$500.00) per annum for office expenses and a sum not to exceed two thousand dollars, (\$2,000.00) per annum for traveling expenses and all other necessary expenses incurred in the performance of their duties. All of said amounts for salaries and expenses shall be payable out of the general fund upon the warrant of the commissioner.

Sec. 7. Be it further enacted, etc., That all laws or parts of laws in conflict herewith are repealed.

Sec. 8. (As amended by Act 186, 1914, p. 351), Be it further enacted, etc., That this Act shall take effect from the date of its promulgation.

REPEALING CLAUSE.

Sec. 9. (See note below). Be it further enacted, etc., That all laws or parts of laws in conflict with or inconsistent with the provisions of this Act are hereby repealed.

Sec. 9. Be it further enacted, etc., That nothing in this Act shall be construed as relating to sugar industries or sugar mills outside of any city or town in this State.

Note. The first Section 9, as here printed, is part of Act 186, 1914, p. 351, which amended Act 155, 1908; but neither the title nor the section of the Act of 1914, reciting the parts of 1908 which were to be amended, mention any Section 9. The

Section 9 of the Act of 1914 is therefore an independent section, not an amendment of the Act of 1908, and the validity must be judged from that standpoint. Section 9 of the original act is also given. The question is, however, presented whether the Section 9 of the Act of 1914 does not repeal the Section 9 of the Act of 1908. Act 79, 1900, p. 129, is repealed in fact, though not in terms, by this act.

FACTORY INSPECTOR; EMPLOYMENT OF CHILDREN, ETC.

Act 301 of 1908, p. 453.

TITLE. (As amended by Act 177, 1916, p. 407).

AN ACT to regulate the employment of children, young persons and women in this State; to provide for the issuance of age certificates; to provide necessary regulations for sanitary conditions and mechanical devices in mills, factories, mines and packing houses, hotels or restaurants, manufacturing establishments, work shops, laundries, millinery or dress making, or mercantile establishments, or in any theatre or concert hall, or in or about any place of amusement where intoxicating liquors are made or sold, or in any bowling alley, bootblackening establishment, freight or passenger elevators, or in the transmission or distribution of messages, either telegraph or telephone, or any other messages, or merchandise, or in any other occupation, not herein enumerated which may be deemed unhealthful or dangerous, and to provide for the appointment of a factory inspector in the City of New Orleans by the mayor, with the consent of the city council, and fixing penalties for the violation of this act.

PROHIBITING THE EMPLOYMENT OF CHILDREN UNDER FOURTEEN YEARS IN FACTORIES, ETC.; PENALTY.

Section 1. (As amended by Act 133, 1914, p. 248), Be it enacted by the General Assembly of the State of Louisiana, That from and after the passage of this act it shall be unlawful for a person, agent, firm, company, co-partnership or corporation to require or permit, or suffer or employ any child under the age of 14 years to labor or work in any mill, factory, mine, packing house, manufacturing establishment, work-shop, laundry, millinery or dressmaking stores or mercantile establishments, or hotel, or restaurants or in any theatre or concert hall or in or about any place of amusement where intoxicating liquors are made or sold or in any bowling-alley, bootblackening establishment, freight or passenger elevator or in the transmission or distribution of messages, whether telegraph or telephone or any other messages, or merchandise or in any other occupation whatsoever, provided that the provisions of this Act shall not affect Act 176 of 1908.

The provisions of this act shall not apply to agricultural pursuits. Any violations of this act shall be punishable by a fine of not less than \$25.00 or more than \$50 00 or by imprisonment in the parish jail (parish prison in New Orleans) for not less than 10 days or more than 6 months or both at the discretion of the court.

Note. The accused was found guilty of employing a child under fourteen to appear on the stage as a performer. Held that the words "where intoxicating liquors are made and sold" do not qualify the word "theater" and the word "work" comprehends acting on the stage. The act is not unconstitutional. *State vs. Rose*, 125 L. 462. (See Act 184, 1912, printed at p. 1088.)

AGE CERTIFICATES, BY WHOM ISSUED.

Sec. 2. Be it further enacted, etc., That the State Factory Inspector or any Factory Inspector appointed by the Mayor of the City of New Orleans with the consent of the Council acting in conjunction with the Board of Health and School Board in the Parish shall have full power to issue an age certificate to minors over 14 years and under 16 years of age seeking employment in any part of this State. Provided, however, that no person authorized to issue an age certificate as hereafter provided shall have authority to approve such certificate for any child then in or about to enter his own establishment, or the employment of a firm or corporation of which he is a member, officer or employee.

RECORD TO BE KEPT; PENALTY.

The person approving these age certificates shall have authority to administer the oath provided therein, but no fee shall be charged therefor. Every person issuing or approving these age certificates shall keep a record of the same, and shall forward to the office of the State Factory Inspector a duplicate of each certificate issued or approved. All such age certificates shall be subject to review by the State or other Factory Inspector, and may by him or her be canceled if he or she finds that such certificates may have been obtained through fraud, misrepresentation or falsification of facts, and whoever shall obtain or assist in obtaining such age certificates by fraud, misrepresentation or falsification of facts, is hereby declared to be guilty of a misdemeanor, and on conviction before a court of competent jurisdiction shall be fined less than \$10 or more than \$50. In such cases the Factory Inspector shall give written notice to the employer, who shall at once cause the minor affected to be dismissed from employment. Printed forms of the age certificates hereinafter provided shall be furnished by the State Factory Inspector upon request made by persons authorized to issue them. An age certificate shall not be approved unless satisfactory evidence is furnished by a certificate of birth or baptism of such child, the register of birth of such child with an officer of a city or town designated to keep a register of births, or by the records of the public or parochial school attended by such child, that such child is of the age stated in the certificate, or by a certified copy of their passport from the Commissioner of Immigration; provided, that in cases where the above proof is not obtainable, the parent, guardian or custodian of the child shall make an oath before the State Factory Inspector, or any Factory Inspector, or before a Juvenile or District Court as to the age of such child, and the State Factory Inspector, or any Factory Inspector, or the Court, may issue to such child an age certificate as sworn to. A duplicate of such age certificate shall be filled out and shall be forwarded to the office of the State Factory Inspector. The age certificate shall be printed and shall be filled out, signed and held or surrendered in the following forms:

CONTENTS OF SAME.

This certifies that I am (father, mother, guardian or custodian) of name of minor) and that (he or she) was born at (name of town or city) in the (name of county if known) and (State or county of) on the (date of birth and year of birth) and is now (number of years and months) old.

(Signature of parent, guardian or custodian.)

(City or town and date.)

There personally appeared before me the above named (name of person signing) and made oath that the foregoing certificate by (him or her) signed, is true to the best of (his or her) knowledge. I hereby approve the foregoing certificate of (name of child), height, (feet and inches), weight, complexion (fair or dark), hair (color), having no sufficient reason to doubt that (he or she) is of the age therein certified.

Owner of Certificate. This certificate belongs to (name of child and in whose behalf it is drawn), and is to be surrendered to (him or her) whenever (he or she) leaves the service of the corporation or employer holding the same, but if not claimed by said child within thirty days from such time, it shall be returned to the office of the State Factory Inspector for cancellation.

(Signature of person authorized to approve and sign with official character of authority.)

(Town or city and date.)

Such certificate shall be issued without charge. The provisions of this section shall not become operative until 60 days after the promulgation of this Act.

Note. It is negligence to employ a minor without requiring the certificate from the Factory Inspector. *Dalberni vs. N. O. Canning Co.*, 139 L. 49; *Alexander vs. Standard Oil Co.*, 140 L. 54, but the act does not make the employer the insurer of the minor against accidents caused by his own negligence. *Alexander vs. Standard*

Oil Co., 140 L. 54. Contributory negligence may be pleaded and proved by the defendant. Flores vs. Steeg Pub Co., 142 L. 1068.

AUTHORITY GIVEN FACTORY INSPECTORS TO ENFORCE THIS ACT.

Sec. 3. Be it further enacted, etc., That it shall be the duty of the Commissioner of Labor and Industrial Statistics and his deputies, and such Factory Inspectors as will be appointed in incorporated cities and towns by the Mayor, with the consent of the Council, and in parishes, by the Police Jury, and they are hereby authorized and empowered to visit and inspect, at all reasonable times and as often as possible all places enumerated in Section 1 of this Act, and to file complaint in any Court of competent jurisdiction to enforce the provisions of this Act, and it shall be the duty of the Parish or District Attorney to appear and prosecute all complaints so filed.

HOURS OF DAY'S LABOR FIXED AT TEN HOURS; HOLIDAYS EXCEPTED FOR STORES; PENALTY.

Sec. 4. (As amended by Act 177, 1916, p. 407). Be it further enacted, etc., That no child or person under the age of 18 years, and no woman shall be employed in any of the places and industries enumerated in Section 1 of this Act for a longer period than ten hours per day of 60 hours per week. The relator was charged with violation of the act, after conviction on previous like charges from which he had appealed. Held that prohibition would not lie to consider the subsequent charges and a stay of proceedings until the pending appeal is disposed of. *State vs. Rose*, 124 L. 526. A charge that the defendant permitted certain children under fourteen to perform on the stage of a theater, charges no offense recognizable in the juvenile court, when it fails to charge that they are neglected or delinquent. *State vs. Rose*, 125 L. 1080 (see note to Sec. 2 at p. 1083).

LANDLORD AND TENANT.

[Ejectment Proceedings.]

[R. S., Sec. 2155.] (As amended by Act 49, 1918.) When any person, having leased any house, store or other building, or landed estate, for terms of one or more years or by the month or otherwise, either verbally or otherwise, shall be desirous of obtaining possession of the said leased premises upon the termination of the lease, either by limitation, or by non-payment of the rent when due, or any other breach of said lease, he shall demand and require in writing his tenant to remove from and leave the same, on allowing him five calendar days from the day such notice is delivered, and if the owner or his agent shall be desirous of obtaining the possession of the said leased premises for any other reason or cause, such as for the purpose of leasing the said premises to another tenant, or otherwise, he shall give the tenant a notice in writing to vacate, ten days before the expiration of the month, if the same be a monthly lease, or thirty days before the expiration of the lease, if the said lease be in writing, and for a term of one or more years, or otherwise, other than by the month; and if the tenant shall refuse to comply therewith, and with the said notice, after the expiration of such delay, and to remove from the said premises, it shall be lawful for such lessor to cause the tenant to be cited summarily to show cause, within two days after service of such rule, to appear before any court, having competent jurisdiction, in order to be there condemned to deliver him the possession of the leased premises. On the day and hour that the said rule is made returnable, which day shall be the third day after the service of the said rule, the justice or judge shall immediately try the rule, and hear the defense to same, if any is made, and if no appearance is made by said tenant, either in person or through counsel, the said justice or judge shall give judgment against said tenant, ordering him to deliver to the lessor the possession of the leased premises. If the tenant does not comply with the judgment, within twenty-four hours after the rendition of said judgment, it shall be the duty of said justice or judge who rendered the judgment to issue forthwith his warrant, directed to the constable, marshal or sheriff of his court, commanding him forthwith to deliver to the lessor the full possession of the leased premises, and to levy the costs of the case out of such goods and chattels of the tenant as are allowed by law to be seized; and in case the constable should find the windows and doors of the house, store or other buildings, or gates of the landed estate so leased locked up it shall be lawful for him on a warrant issued to that effect by the justice or judge having competent jurisdiction to break open the doors, windows or gates in the premises, in the presence of two witnesses, in order to put the lessor in full possession of leased premises.

Note. Granting the lessees the option to purchase the property during the existence of a contract of lease will not deprive the landlord of the remedy provided by this section. *Doullut vs. Rush*, 142 L. 443. The lessor filed suit claiming rent, then

filed suit for ejectment. Held a plea of *lis pendens* filed in the latter proceeding will not be maintained. *Dollut vs. Rush*, 142 L. 443. The tenant alleging the existence of a lease enjoined the landlord from ejecting him, the landlord reconvened. Held that the case was summary. *State ex rel McMahon vs. Judge*, 50 A. 1340. The summary character of the proceedings are not changed into ordinary, by the averments of the answer or the intervention of third party. *Mitchell vs. Kelly*, 51 A. 281. Answer must be filed within three days from date of service and trial had on three days notice. *Ricou vs. Hart*, 47 A. 1370; *Ward vs. Stakelum*, 47 A. 1546. (The earlier cases are cited in the opinion, pleas must be filed with answer. *Godchaux vs. Bauman*, 44 A. 25 B; *State ex rel Mall vs. Judge*, 37 A. 843. The rule of court designating certain days to try Civil Jury cases, does not necessarily exclude trial of summary cases. *Ricou vs. Hart*, 47 A. 1370. (See not to R. S. Sec. 2157).

[Jurisdiction of Courts.]

[R. S., Sec. 2156.] Whenever the monthly rent paid by the tenant, or the lease which he shall allege to hold, shall exceed the sum of one hundred dollars, then the summary proceedings allowed by the preceding section for the possession of leased property shall be instituted and carried on before any District Court having competent jurisdiction in the manner provided in the preceding section, and the cases shall at all times be tried by preference, after three days notice.

Note. The Civil District Court has jurisdiction when and where the monthly or yearly rent exceeds one hundred dollars (*Ward vs. Stakelum*, 47 A. 1546) and when admissible by the nature of the action it may be shown that the amount involved is within the courts jurisdiction. *Godchaux vs. Bauman*, 44 A. 253. There is no presumption of tacit renewal (reconduction) where no plea has alleged it. *Godchaux vs. Bauman*, 44 A. 253.

When the "yearly rent" exceeds \$100, though payable in monthly instalments of less than \$100, the District Court has jurisdiction to entertain ejectment proceedings. *Dreyfus vs. Process Art Co.* 140 L. 50. *Langa vs. Bradat*, 127 L. 543.

[When Suspensive Appeal Will Lie.]

[R. S., Sec. 2157.] No appeal from any such judgment shall suspend execution unless the defendant has filed a special defence, supported by his oath, that all the facts contained in his answer are true, and entitle him to retain possession of the premises, and unless further, he give bond with good and sufficient security, for all such damages as the appellee may sustain.

Note. A suspensive appeal from a judgment ordering the ejection of lessees will be granted only when a specific defense has been made as provided in this section. The general rule of the code of practice relating to appeals do not apply (*Dollut vs. Rush*, 142 L. 452, citing previous cases). Appellants must present a specific defense setting up some relevant fact, the section does not authorize an appeal, where the defense is based on defendants opinion of the law of the case, failing to do this, defendants are without right of appeal. *Dollut vs. Rush*, 142 L. 454.

The appeal must be taken within twenty-four hours from the rendition—not the signing—of the judgment. Nor is it such a special defense as will warrant a suspensive appeal, when the defendant after judgment endorses an affidavit on the previously filed answer, and an appeal bond in such a case is not the ordinary appeal bond prescribed by the code of practice, but should be "for all such damages as the appellee may sustain, no valid appeal having been taken. The lower court had jurisdiction to issue a writ of ejectment and relief by certiorari denied. *Audubon Hotel Co. vs. Braunig*, 119 L. 1070.

The delay for appeal begins to run from the time the judgment is pronounced and not from the time it is entered on the minutes, and it runs from the time of rendition and not the signing of the judgment. *State ex rel Mallu vs. Judge*, etc., 128 L. 914.

The amount of the bond for a suspensive appeal which the tenant must give in ejectment proceedings is fixed by this section and not the provisions of the code of practice and the trial judge fixes the amount. *State ex rel Werlein vs. Ellis*, 110 L. 1042.

Note. The lessors privilege attaches for twelve months whether it be or be not occupied by the tenants Trustee in Bankruptcy. *Trager & Co. vs. Cavaroc*, 124 L. 611. The limitation of the landlords right to twelve months, contained in the act applies only to leases of buildings used wholly or in part for mercantile purposes. Insolvency matured the future rentals, and present value is obtained by deducting interest, etc. *Patterson Co. vs. Port Barre Lumber Co.*, 136 L. 60.

LAWS.

[Repeal of Laws in Force Before Civil Code, Etc.]

LEGITIMACY.

[Modes of Legitimizing.]

[R. S., Sec. 2173.] That so much of the article two hundred and seventeen as abolishes all other modes of legitimation except that by marriage, be, and the same is hereby repealed, and that law seventh, title fifteenth, of the fourth Partidas, which was repealed by said Article of the Code be and the same is hereby revived; and that natural fathers and mothers shall have power to legitimate their natural children, by acts declaratory of their intentions, made before a notary and two witnesses. Nothing herein contained shall be so construed as to prevent a white parent from legitimating a colored child, nor to prevent a person of color from legitimating his colored children; provided, that natural children are the issue of parents who might, at the time of conception, have contracted marriage; and, provided, that there do not exist, on the part of the parent legitimating his natural offspring, ascendants or legitimate descendants.

Another way of legitimating natural children is, where a father declares by writing executed by his own hand, or which he causes to be executed by a Notary Public, and attested by three witnesses, that he acknowledges such a one for his son, designating him expressly by name. But in such acknowledgment the father ought not to say he is his natural son; for if he does, the legitimation will have no effect. Likewise, where a man has several children by a concubine (*amiga*) and he acknowledges only one of them in writing, in the manner above mentioned, by such acknowledgment, the other brothers and sisters will be legitimated, though no mention be made of them, so far as to enable them to inherit the estate of their father, as effectually as the one whose name is mentioned in the writing. And what we say in this and the preceding laws, is to be so understood that they who

are therein mentioned as being legitimated, can inherit both the estates of their fathers and other relations.

Note. Children conceived at a time when the parents were prohibited from contracting marriage on account of difference of race, may after being duly acknowledged be legitimated and given the rights of heirs, by the marriage of their parents, celebrated after the impediment has been removed by law. *Suc. of Caldwell*, 34 A. 265, (the question is very fully considered). See *Marrionneaux vs. Dupuy*, 48 A. 469 and criticism of the decision in *Davenport vs. Davenport*, 116 L. 1014. A white man may acknowledge and legitimate children who are born to his colored concubine (citing this act *Suc. of Yorst*, 103 L. 309 *Davenport vs. Davenport* 116 L. 1000), although act 54, 1894 prohibits the marriage between white persons and persons of color. *Suc. of Segura*, 134 L. 84. (See note to Act 68, 1870 *infra*).

LEGITIMATION BY NATURAL PARENTS.

Act 68 of 1870, p. 96.

TITLE.

AN ACT to authorize natural parents to legitimate their natural children.

Section 1. Be it enacted by the Senate and House of Representatives of the State of Louisiana in General Assembly convened, That natural fathers and mothers shall have power to legitimate their natural children, by acts declaratory of their intentions, made before a notary public and two witnesses; provided, that there existed at the time of the conception of such children, no other legal impediments to the inter-marriage of their natural father and mother except those resulting from color or the institution of slavery.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws in conflict with the provisions of this act, except an act entitled an act relative to marriages, approved November fifth, one thousand eight hundred and sixty-eight, be and the same are hereby repealed.

Sec. 3. Be it further enacted, etc., That this act shall take effect from and after its passage.

Note. *Davenport vs. Davenport*, 116 L. 1000. The child of a woman slave by a white man is a bastard and cannot inherit the succession of the mother opened in the State of Louisiana, since the adoption of Act 54, 1894, prohibiting marriage between white persons and persons of color. Act 68 of 1870 has no application to a case where the parents have not availed themselves of the benefit of the statute. *Suc. of Davis*, 126 L. 178. See *Suc. Sigura*, 134 L. 84.

[R. S., Secs. 2174 to 2178, inclusive.] Relate to legalization of private or religious marriages, their force and effect. Benefit of law of acquets and gains. That no distinction shall be made because of race and color and legalization of consensual marriages. See R. S., Secs. 2212 to 2216, inclusive, Title "Marriage."

Sec. 6. (As amended by Act 21, 1910, p. 32). Be it further enacted, etc., That hereafter it shall be unlawful for any person, firm or corporation, conducting a barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house, beer garden, or other place where spirituous, vinous or malt liquors or intoxicating beverages are sold, in this State, to sell or permit to be sold or to give or permit to be given, any intoxicating liquors to women, or girls, or minors, or to set apart in such places any apartment where intoxicating liquors are sold to girls or women, or minors, or to permit girls or women, or minors, to enter or drink in any such apartment; provided, that nothing in the foregoing part of this section shall apply to hotels, boarding houses or restaurants where malt, vinous or other liquors are sold in connection with the service of meals or supplied to guests.

That hereafter it shall be unlawful for any person, firm or corporation conducting a barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house, beer garden, or other place where spirituous, vinous or malt liquors or intoxicating beverages are sold, to permit in the same building the sale for consumption on the premises of intoxicating liquors to persons of the Caucasian and colored races.

Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof, be fined in a sum not less than \$50 nor more than \$500, or by imprisonment in the parish jail or parish prison for not more than two (2) years, or by both such fine and imprisonment.

Note. The law does not permit the conduct of separate salons for white persons and negroes in the same building. Separate apartments in the same building does not comply with the law, which requires separate buildings. *State ex rel Tax Collector vs. Falkenheimer*, 123 L. 617. The accused was convicted and sentenced to pay a fine of \$500 and to imprisonment for two years, and in default of payment of fine and costs to imprisonment for another year. Held that the law did not permit the additional imprisonment for failure to pay fine, etc. *State vs. Anderson*, 125 L. 779. A motion in arrest of judgment, filed however before judgment was rendered averred that this act had been repealed by Act 21, 1910, that it was unconstitutional, etc., etc. The motion was sustained in the court below and the appeal of the State to the Supreme Court dismissed for want of jurisdiction. *State vs. Kramer*, 127 L. 1033.

SELLING LIQUOR TO MINORS AND WOMEN OR PERMITTING GAMBLING ON PREMISES WHERE LIQUOR IS SOLD.

Sec. 7. (As amended by Act 21, 1910, p. 32). Be it further enacted, etc., That any person, firm or corporation, having a license to conduct a barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house, beer garden, or other place where spirituous, vinous or malt liquors, or intoxicating beverages are sold, who shall be convicted of selling or permitting to be sold, or giving or permitting to be given, any intoxicating liquors to women, girls, or minors, or of setting apart in such places any apartment where intoxicating liquors are sold to women, girls or minors, or of permitting women, girls or minors to enter or drink in such apartment, except as provided in Section 6 of this Act, or of permitting any game prohibited by law to be played, dealt or exhibited in such barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange drinking saloon, grog shop, beer house, beer garden, or other place where spirituous, vinous or malt liquors, or intoxicating beverages are sold, or of renting or letting such places or any part thereof for such purpose or purposes, or of permitting the sale of liquors for consumption in the same building to persons of the Caucasian and colored races shall, in addition to the punishment prescribed in Section 6 of this Act, be permanently deprived thereafter of the privilege of conducting a barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house, beer garden, or other place where spirituous, vinous or malt liquors, or intoxicating beverages are sold; and the revocation of said privilege shall be declared by the court having jurisdiction to impose the penalties fixed by Section 6 of this Act.

Note. The defendant was prosecuted in the juvenile court for violating Sec. 10 of the Act, the other for selling, etc., intoxicating liquors to a minor aged sixteen. The cases were by agreement tried together. There were two judgments one on each charge. Held, that the license was properly revoked. *State vs. Apfel*, 124 L. 649.

The affidavit charging the second offense should refer to the first conviction or a revocation of license cannot be sustained on the a davit in the second case. *State vs. Compagno*, 125 L. 669.

The court is not authorized to revoke or annul the license or permit of the accused the sentence should merely provide in the language of the statute, or its equivalent that "accused be permanently deprived" etc.—and it is improper to confine the deprivation to a single parish, it should extent over the entire State. *State vs. Biggio*, 141 L. 323.

MANNER OF MAKING APPLICATION AND PETITIONING FOR A LICENSE, MAJORITY OF PROPERTY HOLDERS REQUIRED.

Sec. 8. Be it further enacted, etc., That any person or firm desiring to conduct a barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house or beer garden, and desiring a license to conduct such business in any locality within this State, prior to the issuance to him of any license by either State, town, parish or municipal authorities, shall, where such barroom, cabaret, coffee house, beer saloon, liquor exchange, drinking saloon, grog shop, beer house or beer garden is to be located in any incorporated city or town of this State, address a sworn petition to the city council or board of aldermen of such incorporated city or town, and in cases where such barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house or beer garden is to be located in this State outside of the limits of incorporated cities or towns, shall address a petition to the police jury of the parish in which such establishment is to be located, which shall state the location of the places, and in cities and towns the street and the number in which it is intended that such establishment shall be conducted; the name and place of the residence of the person or persons applying for the license, or, if the applicant is a firm or corporation, the style of the firm or name of the corporation and the names and places of residence of the individual members of the firm or the officers and stockholders of such corporation, as the case may be, and shall contain allegations that such person or persons, or officers or stockholders in such corporation, are citizens of the State of Louisiana, law abiding and of good moral character, and that such person, firm or corporation, or any member, officer or stockholder thereof is not disqualified under the provisions of this Act regulating and affecting the sale of intoxicating liquors from

engaging in said business. This petition must be accompanied by the affidavit of two reputable citizens of this State, domiciled at the place where such applicant desires to locate his establishment, vouching for the truth of all the allegations contained in applicant's petition, as hereinabove specified. Notice of the filing of this petition, setting forth the name of the applicant the place where he intends to locate his establishment, shall be published during ten days in a daily newspaper, published at the place where said establishment is intended to be located, or if there be no daily newspaper published at said place, in that case said notice shall be published three times in a weekly newspaper; and after said publication, and upon due proof thereof, said city councils or boards of aldermen or police juries shall proceed to pass upon said application. The ordinances of the city councils or boards of aldermen, or the resolutions of the police juries granting applicant such permission shall be applicant's warrant for obtaining a license from the State, parish, municipal or town authorities after paying for the license according to the classification contained in this Act. If, however, an opposition is filed to an applicant's petition, the city councils or boards of aldermen or police juries, shall hear the parties contradictorily, and in a summary manner and with as little delay as possible and dispose of the matter accordingly.

No council or board of aldermen of any incorporated city or town of this State shall grant any privilege for the opening of any barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house or beer garden, except upon the written consent of a majority of the bona fide property owners, or their agents, within three hundred feet measured along the street fronts of the proposed location of such barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house or beer garden; provided, that the council or board of aldermen shall have power and authority to refuse to grant any such privilege even when accompanied by the written consent of the property owners or their agents aforesaid, whenever the council or board of aldermen shall deem such refusal advisable.

The council or board of aldermen shall revoke any privilege on the petition of a like number of persons, any prior privilege to the contrary notwithstanding.

No council or board of aldermen or police jury shall grant any privilege for the opening of any barroom, cabaret, coffee house, cafe, beer saloon, liquor exchange, drinking saloon, grog shop, beer house or beer garden, within three hundred feet of any church, or of any school where children are taught.

Note. One operating a barroom under a permit granted him before the enactment of this statute does not need to obtain another permit after its enactment. *State vs. Grunewald*, 123 L. 527; *State vs. Lewis*, 133 L. 540.

To falsely make oath before a notary to obtain a license to conduct a saloon is not perjury. *State vs. Parrish*, 129 L. 547.

The right to maintain a particular barroom within 300 feet of a church or school, can be determined only in a suit by the State, it cannot be raised by an attempt to enjoin the Police Jury from revoking a license. *Sennette vs. Police Jury*, 129 L. 728.

This section is not applicable to a social club. *State ex rel Boston Club vs. Fitzpatrick*, 131 L. 1080.

Sec. 9. Be it further enacted, etc., That any person who has previously been convicted by the courts of this or of any other State of felony shall be incompetent to hold or obtain a license as a retail liquor dealer or as a retail malt and vinous liquor dealer from this State, or from any of the subdivisions of this State.

Note. The defendant moved in arrest of judgment alleging that the rear of a barroom as set out in the affidavit is not a place in which gambling is prohibited. Held the alleged defect could not be considered, as it was cured by the verdict. *State vs. Apfel*, 124 L. 649.

PRESENT LOCAL OPTION LAWS NOT AFFECTED BY THIS ACT.

Sec. 14. Be it further enacted, etc., That this Act shall only apply to cities, towns, villages and parishes of the State of Louisiana where the sale of liquor is permitted, and nothing in this Act shall be construed to affect, modify, amend or repeal any local option laws or to interfere with or prevent the exercise of local option on the liquor traffic, and that nothing in this Act shall be construed in any way or manner as affecting, amending, modifying or repealing any existing special or local Act or Acts prohibiting or restricting the sale of liquor from or within any locality or localities in this State.

Note. This act applies only to districts where the sale of liquor is permitted. *State vs. Spence*, 127 L. 336. It is not a local statute. *State vs. Donato*, 129 L. 394; *State vs. Quinox*, 136 L. 435 and see *State vs. Crech*, 107 L. 880; *State vs. Nejin*, 140 L. 793.

As there can be no lawful retailer of intoxicating liquor in a prohibition parish, local sales by a wholesale dealer to illicit vendors of liquor at retail, will be treated as unlawful sales to individuals. *State vs. Cunningham*, 130 L. 749; *State vs. Spence*, 127 L. 336; — *vs. Pomeranky*, 130 L. 339; *State vs. Foster*, 130 L. 219; *State vs. Monsur*, 130 L. 450.

WHEN ACT BECOMES EFFECTIVE.

Sec. 16. Be it further enacted, etc., That this Act shall take effect from and after December 31, 1908.

Note. Constitutionality. The act does not violate either the fourteenth amendment of the Constitution of the United States or articles two and 31 of the Constitution of the State. *State ex rel Tax Collector vs. Falkenheimer et al*, 123 L. 617.

Jurisdiction of Supreme Court.—The two members of a firm were each fined \$150 with costs and their license revoked. The court is without jurisdiction of an appeal from the sentences, for even if the two sums be added, it yet was not in excess of \$300 and costs for the loss imposed by the revocation of the license can be added to the fine. *State vs. Price*, 124 L. 97. The accused was sentenced to pay a fine of \$300; imprisonment in parish jail for six months and to a further six months in default of payment of fine. Held that the Supreme Court was without jurisdiction of defendants appeal. *State vs. Hamilton*, 128 L. 91. The forfeiture of the privilege to conduct a saloon forms no part of the fine or imprisonment for purposes of appellate jurisdiction. *State vs. Trapp*, 140 L. 425.

Police Power.—The act is not a Revenue act but a police regulation and is applicable to one who brings beer into the State from another State, and sells it in this State in the original packages containing less than five gallons, from the warehouse in which it is stored. *State vs. Pabst Brewing Co.* 128 L. 770. One importing wines and selling in quantities less than five gallons is liable for the tax, though the sales were made in the original packages from a warehouse. *State vs. DeBary & Co.*, 130 L. 1090. The terms of the act do not cover a brewery which sells in quantities exceeding five gallons. *State vs. Annheuser Brewing Co.*, 134 L. 572.

[Judges May Celebrate Marriages.]

[R. S., Sec. 2207.] The several judges of the District and Parish Courts in this State shall be authorized to celebrate marriages, under the same regulations and penalties as are now prescribed for Justices of the Peace.

[R. S., Sec. 2208.] Justices of the Peace may celebrate marriages within their respective parishes. R. C. C., Art. 103.

[R. S., Sec. 2209.] Directs that C. C. 101, 102 (R. C. C., Art. 102) shall be so construed that any priest or minister may celebrate marriages in any parish of the State, though he be not a resident of parish. R. C. C., Art. 102.

[R. S., Sec. 2210.] What constitutes Bigamy; exceptions and penalties. R. S., Sec. 800, title "Crimes and Offenses."

[Notaries of West Feliciana Parish May Celebrate Marriages.]

[R. S., Sec. 2211.] From and after the passage of this act the regularly commissioned notaries of this State, in and for the Parish of West Feliciana, during their term of office, shall be empowered to perform within said parish the ceremony of marriage, under the formalities required by law, and said ceremony, when performed by them, shall have the same legal effect as when performed by any other person or persons authorized by existing laws to perform the same.

[Legalization of Private or Religious Marriages.]

[R. S., Sec. 2212.] All private or religious marriages contracted in this State at any time previous to the passage of this act shall be deemed valid and binding, and as having the same force and effect as if said marriages had been contracted with all the formalities and forms prescribed by the laws then existing; *provided*, that at any time within two years from the date of this act the parties having contracted such private or religious marriages shall by an authentic act before a duly commissioned notary public, if they reside in the State, or before a competent officer, if they reside in another State, or before a United States Ambassador, Charge d'Affaires, or Consul, or Vice-Consul, if they reside in a foreign country, make a declaration of their marriage, the date on which it was contracted, the names and ages of the children born of said marriages, acknowledge said children as their legitimate offspring, and in acce

benefit of this act bind and obligate themselves to perform all the duties and to assume all the obligations imposed by existing laws in relation to civil marriages, and to abide by the same; and, *provided*, that no marriage shall be ratified nor the issue of such marriage legitimized by or according to the provisions of this act, when there existed at the date of such private or religious marriage, or at any time since, any other legal impediment to the marriage of the parties to the private or religious marriage than that of race or color.

Note. The nullity of consensual marriages may be inferred from this statute which provides for their validation on the authentic acknowledgment of the marriage relation by the parties in interest. This is true even of so called slave marriages, where the slaves "took up with each other" and, lived together with the consent of their owner. *Johnson vs. Raphael*, 117 L. 967.

[Force and Effect of Such Marriages.]

[R. S., Sec. 2213.] All marriages, duly legalized as aforesaid, shall have, from the date on which they were privately or religiously contracted, full force and effect as if they had been contracted with all the formalities and forms required by the then existing laws, and the children born of said marriages and acknowledged as aforesaid shall have and enjoy all the rights and privileges granted by existing laws to legitimate children.

[Benefits of Law of Acquets and Gains.]

[R. S., Sec. 2214.] All marriages legalized as aforesaid shall be deemed contracted under the law of community of acquets and gains, unless other stipulations authorized by existing laws are agreed between the parties and embodied in the authentic act legalizing their marriages; *provided*, that any other stipulation than that of community of acquets and gains shall only have effect from and after the date of the authentic act making the marriage legal and valid in law, as provided in the first section of this act.

[No Distinction of Color or Race.]

[R. S., Sec. 2215.] The said right of making private or religious marriages legal, valid and binding, as aforesaid, shall apply to marriages of all persons of whatever race or color, as well as to marriages formerly prohibited by Article Ninety-five of the Civil Code of Louisiana, or by any other article of said code, or by any law of the State.

[Consensual Marriages, Etc.]

[R. S., Sec. 2216.] Any parties who at any time previous to the passage of this act have lived together as man and wife, and who desire to contract a legal marriage, shall be entitled to the benefit of the provisions of this law, and the issue of such cohabitation shall be hereby legitimized upon the parties complying with the foregoing requirements, subject, however, to the exceptions contained in Section 2212.

Note. See note to R. S. Sec. 2212.

In 1896 the office of Wardens of the Port was merged into the Port of Commissioners for the Port of New Orleans. *Planters Cotton Oil Co. vs. Texas & Pac. Ry. Co.*, 139 L. 206. (The act referred to is Act 70 of 1896 mentioned above.)

S., Sec. 2226.] If, after the arrival in port of any seagoing vessel, the hatches shall be first opened without a member of the Board of Wardens be present, and the cargo or any part thereof shall come from on shipboard in a damaged condition, these facts shall be presumptive evidence that such damage occurred in consequence of improper stowage or negligence on the part of the person in charge of said vessel, and such default shall be chargeable to the owner, consignee, master or other persons in interest (as part owner or master) of said vessel, each and all of whom shall be primarily liable for such damage. *Provided*, That stress of weather or accident does not render it necessary that the hatches of a vessel shall be opened after said vessel may be in charge of a pilot at this port.

parties and amount, and in case of several violations of the provisions of this act by the same party or parties, it shall not be indispensable to institute a separate suit for each violation, but the said master and wardens may have and maintain their suit, before any court having jurisdiction of the parties and amount for the aggregate amount of damages, for which the defendant or defendants may be liable under the provisions of this act.

All persons claiming exemption must, within ten days after receiving such notice, file a written statement of such exemption, verified by affidavit, in the office of the said Clerk of Court. Such Clerk shall thereupon, if such person be exempted according to law, mark the word "exempt" opposite his name; and the remainder of all thus enrolled, and not thus found to be exempt, shall constitute the militia of this State and be subject to military duty, and such clerk shall transmit a copy of such corrected list of enrollment to the Adjutant General within twenty days after the filing of the original list of enrollment by the enrolling officer, for which he shall be allowed two cents for each name on such list, to be paid by the parish. The Governor shall direct his order to the sheriff for each parish from which any draft is required, setting forth the number of persons each parish is to furnish. Upon requisition of the Governor being received by the sheriff, he shall, immediately, personally notify the Clerk of Court, who shall repair to his office and, in public, shall copy, by name and number, from the corrected list of enrollment of such parish on file in his office, all persons who are so returned as liable to perform military duty; such names of their corresponding numbers shall be placed on slips of paper of the same size and appearance, as near as practicable, which slips, so named and numbered, shall be placed in a box suitable for that purpose, and the number required to fill such draft or requisition shall be drawn therefrom, in the same manner as jurors are by law now drawn. All persons so drawn and liable to perform military duty shall be determined to be legally held to serve in the manner and for the purpose and time specified in the requisition, and the sheriff shall notify the persons so drafted, by registered letter, or personally in writing, at what time and place they shall appear; for which service he shall receive expense of postage and five cents each, to be paid by the parish.

Be it further enacted, etc. That any person in the unorganized militia of this state who has been drawn to perform military duty, may, at any time be exempt, until again required in his turn to serve, by furnishing an acceptable substitute on or before the day fixed for his appearance; but if, during any period of service, any man who is serving in the active militia as a substitute for another, becomes liable for service in his own person, he shall be taken for such service, and his place as substitute shall be supplied by the man in whose stead he is serving, or another substitute.

Note. Applicant for writ of Habeas Corpus was condemned to pay a fine of two dollars and in default of payment to be imprisoned for two days in the parish jail under Section 119. Held that the court was without jurisdiction and the order heretofore issued was recalled. *State vs. Stettson*, 133 L. 601. Enlistment in the active militia of the State—save in times of war or public danger or disturbance—is voluntary, and constitutes a contract. The State has no power, by repealing the law under which the contract was made, and substituting another law, to impose upon the other party more onerous conditions and obligations, without his consent. The original act was the measure of the rights and obligations of the parties. Power of State to establish militia—courts martial, etc. *State ex rel Lanng vs. Long* 138 L. 1. The question whether a proclamation of martial law, within the limits of a certain parish, ipso facto divests the functions of a district judge, becomes a moot question where the Governor and ex officio commander in chief of the State Troops, formally requests such judge to hold court and discharge the duties of his office. *Barataria Land Co. vs. Louisiana Meadows Co.* 188 L. 428.

[Mortgage on Property of Stepfather.]

[R. S., Sec. 2362.] The tutor's bond or the clerk's certificate, as the case may be, recorded as provided in the second section of this act, shall operate a mortgage on the property, present and future, of the husband in favor of the children of a previous marriage of his wife, when the marriage takes place without the wife being continued in the tutorship by a family meeting, if such husband is domiciled in the parish in which such record was made; and if he is not domiciled in such parish, then it shall be the duty of the undertutor to such minors to cause such bond, or clerk's certificate, to be recorded in the parish in which such husband resides or owns mortgageable property; and any failure of the undertutor to have such recording done shall subject him to any damages the said children of a previous marriage, or any one of them, may have sustained. Such mortgage shall operate from the date of the marriage for all acts of tutorship from that date, if the husband is domiciled in the parish where the same was originally recorded; if not, from the date of the recording in the parish of his domicile.

[Adjudication of Minor's Property to Parent.]

[R. S., Sec. 2363.] When mortgageable property has been adjudicated to either parent of the minor, the act of adjudication shall be recorded in the book of mortgages in the parish in which the property is situated, and it shall operate a mortgage and vendor's privilege; the amount of the value as stipulated in the act shall operate a mortgage against such property in favor of the minor; and no such adjudication shall have any legal or binding effect until such record is made.

Note. The law requires a decree of adjudication and the registry in the book of mortgages, else there is no divestiture of the title of the minor. *Suc. of Burguières*. 104 L. 51. See *Krone vs. Krone*, 138 L. 675.

[Mortgage on Property of Surviving Parent.]

[R. S., Sec. 2364.] When the surviving husband or wife or heirs have been invested by the inventory with the care of the property of the community or succession, a certificate from the

same, then any property owned by the minors, for whose benefit such services were performed, shall be sold to pay the same, and the statement of the clerk or recorder shall be sufficient evidence to entitle the parish to judgment in any suit for such fees.

Note. This section gives to the minor a mortgage on the property of his parents—whether they are tutors or not—as soon as the inventory of his property is placed of record. *Aaron vs. Bayon*, 131 L. 228.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That no action shall lie after the expiration of six months from the passage of this act to set aside any judgment of adjudication under Article 343 of the Revised Civil Code, where the sole ground for the attack upon such judgment is that the share of the minors and not the whole property held in common between them and their surviving parent was adjudicated.

Sec. 2. Be it further enacted, etc., That the limitation provided herein shall apply to minors, interdicted persons, married women and absentees.

Sec. 3. Be it further enacted, etc., That all laws or parts of laws in conflict or inconsistent with the provisions of his act, be and the same are hereby repealed.

REMOVAL OF CHILDREN FROM CUSTODY OF PARENTS.**Act 79 of 1894, p. 91.****TITLE.**

AN ACT to empower Judges of District Courts throughout the State to remove children from the custody of such parent or parents, tutor or other person having the care of children whenever the physical or moral welfare of such child is seriously endangered by the neglect or abuse of the vicious or immoral habits of the custodian, and to provide such child or children with a home in some institution in the State and to authorize the Louisiana Society for the prevention of cruelty to children to conduct the proceedings and to provide penalties for a violations of this act.

CAUSES FOR REMOVAL—PROCEDURE.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That whenever an affidavit shall be made before any district judge that the physical or moral welfare of any child in the State is seriously endangered by the neglect, or abuse, or the vicious, or immoral habits, or associations, of its parents, or parent, tutor, or other person having the custody of such child, or that the physical or moral welfare of any such child is seriously endangered by the inability, refusal or neglect of such parents, parent or tutor or custodian to properly care for such child, it shall be the duty of such district judge to summon witnesses, as to the facts set forth in such affidavit, and also such parents, or parent, tutor or custodian of such child, and if the proofs be sufficient to establish the facts set forth in such affidavit, it shall be the duty of such judge to cause such child to be removed from the custody of such parents, or parent, tutor or custodian, and provided with a home or such place for safe keeping and provision of such child as may be available and in his best judgment most suitable.

INTERFERENCE WITH REMOVAL, ETC.

Sec. 2. It shall be a misdemeanor for said parents or parent, tutor or custodian to interfere with or remove such child from the place so provided without the written consent of such judge, punishable by imprisonment not exceeding 30 days, or fine not exceeding one hundred dollars, or both.

Note. Where the welfare of the child requires it, its possession will be given to the grandmother rather than the father, the latter is however, permitted to visit it at all times and is entitled to a hearing in anything relative to its welfare—"the decree is only temporary." *State ex rel Taylor vs. Jones*, 113 L. 298. See *La. Soc. P. C. C. vs. Tyler*, 114 L. 592, where the case was remanded for further hearing. The S. P. C. C. obtained the custody of the child, by an order made in Claiborne Parish, where the child was at the time. It was then taken to New Orleans. Held that the courts of Orleans Parish had jurisdiction. *La. S. P. C. C. vs. Tyler*, 116 L. 425. The father had in a divorce proceeding, alleged that the child was an adulterous bastard. Held the allegation would estop him from later claiming the child. *State ex rel Curtis vs. Thompson*, 117 L. 102.

MONITION.

[When Monition Will Be Granted.]

[R. S., Sec. 2370.] The purchasers of property at Sheriffs' sales, those made by authority of the court, those made by the Syndics of insolvent estates, and finally, those of any description which are made by the authority of justice, and all subsequent purchasers by a regular chain of title, may protect themselves from eviction of the property so purchased, or from any responsibility as possessors of the same, by pursuing the rules hereinafter prescribed.

Note. Property was seized and sold under execution and the purchaser obtained a judgment on monition approving the sale. In a suit to annul the sheriff's authority to sell and the description of the property was attacked. Held the judgment on monition being regular in form, all the requirements complied with, it operated as a bar to further proceedings touching its validity. Want of description, etc., should have been urged at the monition proceeding. *Wills vs. Nicholson*, 24 A 545. A monition which relates to informalities in the decrees under which judicial sales are made—and to defective and irregular proceedings connected with the sales—will cure the same defects which are set at rest by the prescription of five years (R. C. C. Art 3543) and both remedies may be invoked to cure the informalities in the assessment and in the sale for taxes. *Kent vs. Brown and Larned*, 38 A 802. See *Kearns vs. Collins*, 40 A 455, *Montgomery vs. Marydale L. & L. Co.* 46 A 408. See note to R. S. Sec. 2376.

[How Advertised.]

[R. S., Sec. 2371.] It shall be the duty of the purchasers, if the purchase has been made within the limits of the city and parish of Orleans, to publish three times, or if the sale has been made out of the limits of the parish and city aforesaid, to publish the same for the same space of time and in the manner required for advertising judicial proceedings, a monition calling on all persons who can set up any right to the property, in consequence of informality in the order, decree or judgment of the court, under which the sale was made, or any irregularity or illegality in the appraisements, an advertisement, in time and manner of sale, or for any other defect whatsoever, to show cause within thirty days from the day the monition is first inserted in the public papers, why the sale so made should not be confirmed and homologated.

Note.—An opponent in a monition proceeding is not required to make an tender as a condition precedent to opposing a confirmation of a sale, and if he has coupled a petitory action with his attack on the monition, want of tender will dismiss the petitory action without operating as a dismissal of the opposition. In re. *Fazendo & Seixas*. 35 a, 1145.

[Description of Property.]

[R. S., Sec. 2372.] This monition shall state the judicial authority under which the sale took place, and shall also contain the same description of the property purchased as that given in the judicial conveyance to the buyer, and shall further declare the price at which the object was bought.

[Judges Grant Monition.]

[R. S., Sec. 2373.] The Judges of the respective courts from which the orders, decrees or judgments may have issued, and in virtue of which the sales ought to be homologated, have been made, shall, on application of the buyer, grant this monition in the name of the State, and affix to it the seal of the court.

[Judgment.]

[R. S., Sec. 2374.] At the expiration of the thirty days, the party obtaining the monition may apply to the Judge of the court, out of which the monition is issued, to confirm and homologate the sale, and it shall be the duty of the Judge, in case no cause is shown against the prayer for the monition, to homologate and confirm the judicial sale in question; provided always, that before he does so confirm it, he shall be fully satisfied that the advertisements have been inserted in the newspapers, as already directed, and that the property has been correctly described, and the price at which it was purchased, truly paid; but in case opposition be made to the homologation, and it should appear that the sale was made contrary to law, it shall then be the duty of the Judge to annul it, otherwise to confirm it, as in case no opposition was made.

[Effect of Judgment.]

[R. S., Sec. 2375.] The judgment of the court, on the monition aforesaid, shall be in itself conclusive evidence that the monition has been regularly made and duly advertised, nor shall any evidence be received thereafter to contradict the same, or to prove any irregularity in the proceeding.

[Effect As Res Judicata.]

[R. S., Sec. 2376.] The judgment of the court, confirming and homologating the sale, shall have the force of *res judicata*, and operate as a complete bar against all persons, whether of age or minors, whether present or absent, who may thereafter claim the property sold, in consequence of all illegality or informality in the proceeding, whether before or after judgment; and the judgment of homologation shall in all cases be received and considered as full and conclusive proof that the sale was duly made according to law, in virtue of a judgment or order legally and regularly pronounced on the interest of parties duly represented.

Note. The valid judgment of a court, rendered in a monition proceeding, homologating a tax sale of property, has the force of *res judicata* and operates as a complete bar against minors, and all other parties in interest, on account of any illegality or informality in the proceedings, whether before or after the judgment, and shall be conclusive proof that the sale was made according to law (*White J. Sewell vs. Watson*, 31 A 588. Irregularities and defects growing out of any judicial or tax sale are as well cured by the lapse of five years as by a judgment in a monition proceeding and minors, married women and interdicted persons are concluded thereby. *Roberts vs. Zansler*, 34 A 205. See note to R. S. Sec. 2370.

[Effect of Judgment Where Party Not Cited.]

[R. S., Sec. 2377.] Nothing herein contained shall be taken or understood so as to render valid any sale made in virtue of a judgment when the party cast was not duly cited to make defence; and in every case where minors are interested, they shall have their recourse on their tutors, if they have improperly neglected to make opposition to the confirmation of the sale of their property.

[Costs—By Whom Paid.]

[R. S., Sec. 2378.] Where no opposition is made to the confirmation of the sale, the costs of attending the proceeding shall be paid by the party for the monition; and where opposition is made, the costs shall be borne by the party against whom judgment is rendered.

[Time for Payment Not Extended.]

[R. S., Sec. 2379.] Nothing herein contained shall be construed or understood to authorize the purchaser at a judicial sale to refuse carrying the same into effect, or to delay the payment of the price for a greater space of time than is now allowed by law.

[Monition in Tax Sales.]

[R. S., Sec. 2380.] The provisions of the foregoing sections shall be extended to tax sales: provided such sales shall have been made ten years previous to the application for monition.

Note. See notes to R. S. Sec. 2370, 2376.

The Judge shall take up such exceptions in preference over all other business and shall decide all questions raised therein within ten days after submission, and his ruling shall have the effect of res judicata, unless the party cast shall appeal, within 5 days. The appeal shall be returnable to the Appellate Court within ten days, where the case shall be heard and determined within forty days. Should said exceptions be overruled by final judgment of the Appellate Court, the defendant must file his answer covering all questions of controverted fact within fifteen days thereafter, and the case may be set down for trial on the application of either party, in which case the Judge shall take up the consideration of the matter, in preference over all other business.

WHAT CORPORATIONS SHALL NOT DO.

Sec. 5. Be it further enacted, etc., That no corporation engaged in commerce shall acquire, directly or indirectly, the whole or any part of the stock or other share capital of another corporation engaged in the same line of commerce, where the effect of such acquisition may be to substantially lessen competition between the corporation whose stock is so acquired and the corporation making the acquisition, or to restrain such commerce in any section or community, or tend to create a monopoly in any line of commerce. No corporation shall acquire, directly or indirectly, the whole or any part of the stock or other share capital of two or more corporations engaged in the same line of commerce where the effect of such acquisition, or the use of such stock by the voting or granting of proxies, or otherwise, may be to substantially lessen competition between such corporations, or any of them, whose stock or other share capital is so acquired, or to restrain such commerce in any section or community, or tend to create a monopoly of any line of commerce; provided, however, that nothing in this section contained shall prohibit corporations from purchasing such stock or other share capital solely for investment, and not using same by voting or otherwise to bring about, or in attempting to bring about, the substantial lessening of competition; nor shall anything contained in this section prevent a corporation engaged in commerce from causing the formation and holding and owning and voting share capital of subsidiary corporations for the purpose of carrying on their immediate lawful business, or the natural and legitimate branches of extensions thereof, when the effect of such formation is not to substantially lessen competition; nor shall anything herein contained be construed to prohibit any common carrier in this State from aiding in the construction of branches or short lines so located as to become feeders to the lines of the company so aiding in such construction, or from acquiring or owning all or any part of the stock of such branch lines; nor to prevent any such common carrier from acquiring or owning all or any part of the stock of a branch or short line constructed by an independent company where there is no substantial competition between the company owning the branch line so constructed and the company owning the main line acquiring the property or an interest therein, nor to prevent such common carrier from extending any of its lines through the medium of the acquisition of stock or otherwise of any other such common carrier where there is no substantial competition between the company extending its lines and the company whose stock, property, or interest therein is so

acquired; provided, further, that nothing contained in this section shall be held to affect or impair any right heretofore legally acquired.

JURISDICTION OF COURTS—INJUNCTIONS.

Sec. 6. Be it further enacted, etc., That the several District Courts of the State are hereby vested with jurisdiction to prevent and restrain violations of this Act, and it shall be the duty of the Attorney General or of the several District Attorneys in their respective districts under the direction of the Attorney General or of the Governor, to institute proceedings to prevent and restrain such violations. Such proceedings shall be by way of petition and by citation, setting forth the case and praying that such violations shall be enjoined or otherwise prohibited. When the parties complained of shall have been duly notified of such petition, the Court shall proceed as soon as may be, to the hearing and determination of the case; and pending such action, and before the final decree, the Court may at any time make such temporary restraining order or prohibition as shall be deemed just in the premises. Whenever it shall appear to the Court before which such proceedings shall be pending, that the ends of justice require that other parties should be brought before the Court, the Court may cause them to be summoned, whether they reside in the parish in which the Court is held or not, and subpoenas to that end may be served in any parish by the sheriff thereof.

VENUE OF SUITS.

Sec. 7. Be it further enacted, etc., That any suit, action or proceeding under this Act in the name of the State against a corporation, shall be brought in the parish where it is domiciled, or if it has no domicile in this State, then in any parish in which it may be found or transacts business. Sec. 8. Be it further enacted, etc., That any person, firm, corporation or association shall be entitled to sue for and have injunctive relief, in any Court of this State having jurisdiction over the parties, against threatened loss or damage by a violation of the provisions of this Act, when and under the same conditions and principles as injunctive relief against threatened conduct that will cause loss or damage is granted by courts of equity, under the rules governing such proceedings and under the laws of Louisiana, and upon execution of proper bonds against damages for an injunction improvidently granted; and upon a showing that the danger of irreparable loss or damage is immediate, a preliminary injunction may issue.

WHAT IS PRIMA FACIE EVIDENCE OF VIOLATIONS.

Sec. 9. Be it further enacted, etc., That a final judgment or decree hereafter rendered in any criminal prosecution, or in any civil suit or proceeding, brought by or on behalf of the United States under the anti-trust laws of said Government, or by or on behalf of this State, under this Act, to the effect that a defendant has violated said laws shall be prima facie evidence against such defendant in any civil suit or proceeding brought by any other party against such defendant under said laws as to all matters respecting which said judgment or decree would be an estoppel as between the parties thereto; provided, that this section shall not apply to consent judgment or decree. Whenever any suit or proceeding, civil or criminal, is instituted by the United States, or by this State, to restrain or punish violations of any of the anti-trust laws thereof, the running of prescription of each and every private right of action arising under said laws and based in whole or in part on any matter complained of in said suit or proceeding shall be suspended during the pendency thereof.

RECEIVERSHIP—SEQUESTRATION.

Sec. 10. Be it further enacted, That in any case where because of irreparable injury to the public interest injunction has issued, or should issue, under this act, the Court may, if required by the ends of justice, issue such interlocutory orders as it may deem requisite for ex-officio sequestration or for receivership over any property utilized in violating this law, and if the business is one to which a public interest has attached by reason of the monopoly, or other act of the defendant, or by other circumstances or if the public welfare would suffer from the suspension of defendant's business and the impounding of his property as provided herein, the court may order the judicial sequestrator or receiver appointed by him, after such officer has been sworn and has given bond in such amount as the court shall have fixed, to carry on the business of such defendant until the termination of the suit with all powers customary and necessary in a receivership proceeding, either side aggrieved by the judgment appointing or refusing to appoint a receiver to have suspensive appeal to the Court of competent jurisdiction within five days, without bond, upon the original papers and in the Appellate Court of competent jurisdiction said cause shall be heard and determined within forty days after the appeal is lodged; provided, should said appeal be lodged during vacation of said court, said period of forty days shall begin immediately after the termination of said vacation.

In computing said period of one year, any plant shall be treated as idle which has not been operating bona fide. No sale or lease shall be made to any individual who has been connected with the management of said plant, nor to any corporation or firm composed in whole or in part of said individuals; and no corporation shall buy or lease said plant if more than thirty per cent of its stock be held by former stockholders of the offending corporation. Provided all sales by receivers under this or other sections of this act shall be made according to the law governing Sheriff's sales.

TRIAL PROCEDURE.

Sec. 13. Be it further enacted, etc., That in all cases under this law the defendant shall file all exceptions in limine litis, if need be in the alternative, after the usual delays, and such additional delays as the Court may allow, provided, however, that a plea to the jurisdiction shall not be considered waived by other pleas or exceptions filed under the reservation

thereof. The judge shall take up such exceptions in preference over all other business and shall decide all questions raised therein within ten days after submission, and his ruling shall have the effect of *res judicata*, unless the party cast shall appeal within five days. The appeal shall be returnable to the appellate court within ten days where the case shall be heard and determined within forty days. Should said exceptions be overruled by final judgment of the appellate court, the defendant must file his answer covering all questions of controverted fact within fifteen days thereafter and the case may be set down for trial on the application of either party, in which case the judge shall take up the consideration of the matter in preference over all other business.

APPEALS OF INTERLOCUTORY JUDGMENTS.

Sec. 14. Be it further enacted, etc., That any and all interlocutory judgments in the cases affected by this act not otherwise provided for herein shall be appealable within five days and shall be heard and determined in the appellate court within twenty days after appeal is lodged, and any interlocutory judgments not appealed, except those rendered during the progress of the trial, shall be final; and shall not be reopened on final appeal. Such appeals shall be on the original papers, on the order of the district judge, if a transcript cannot be prepared in time.

MUNICIPAL CORPORATIONS.*

[Qualification of Voters at Municipal Elections.]

[R. S., Sec. 2445.] In all elections by the people, for officers under political charters, granted or to be granted, by the General Assembly of Louisiana, the qualification of voters shall be the same as those prescribed at the time being, by the Constitution of Louisiana, for the electors of Representatives of the General Assembly.

[Elegibility to Office in Municipal Corporations.]

[R. S., Sec. 2446.] All persons shall be eligible to hold office under all political corporations granted or to be granted by the General Assembly of Louisiana, when, by the Constitution of the State for the time being, the same class of persons are eligible to the House of Representatives of the General Assembly of this State.

Note. The Mayor and Council of Lake Charles, proceeding under the authority of Sec. 43 Act 136 of 1898 (printed at p. 1276), prepared and adopted an amendment to the existing charter to the effect that the Mayor "shall be * * * an owner of real estate, situated within the corporate limits, assessed for taxes at a valuation not less than \$300" and that "the qualification of aldermen shall be the same as are prescribed for the Mayor." Held that the amendment was unauthorized as in conflict with both R. S. Sec. 2446 and Section 21 and 28 of the Act 136 of 1898. *Powel vs. Hart* 132 L. 287.

***Note.** The Sections of the official edition of the Revised Statutes are followed by the many acts on the subject, which are now in effect. Acts specifically or by clear implication repealed are not given, but in the latter case reference is made to them at the appropriate places. Even some of the Acts printed or some part of them have been repealed or superseded, it was however considered best to print wherever there was the least doubt.

[Shall Not Lay Tax on Certain Persons.]

[R. S., Sec. 2447.] It shall not be lawful hereafter, for any municipal corporation within this State, to lay any tax on persons engaged in selling articles of their own manufacture, manufactured within this State.

[Limitation of Power in Contracting Debts.]

[R. S., Sec. 2448.] The police juries of the several parishes, and the constituted authorities of incorporated towns and cities in this State, shall not hereafter have power to contract any debt or pecuniary liability, without fully providing in the ordinance creating the debt, the means of paying the principal and interest of the debt so contracted.

Note. The limitation on the authority of police juries and municipal officers contained in this section is not applicable to levee boards. *Hughes vs. Board*, 108 L. 146. "Contracts whereby municipal corporations undertake to make provision in advance for such prime necessities as light and water, and incur obligations therefor to be met from time to time, as those necessities are furnished from current revenues, do not fall within 'the restrictions of this section. *Blanks vs. City of Monroe*, 110 L. 949 (citing many cases). The Police Jury offered rewards for evidence to convict those violating prohibition statutes without setting aside any fund out of which to pay them. Held not to violate the section of the Revised Statutes, as the outlay came within the classification of criminal or current expenses, which had already been provided for. *Luchini vs. Police Jury*, 126 L. 972. See *Dunham vs. Town of Slidell*, 139 L. 933.

[Duration of Ordinance Providing for Payment of Debts.]

[R. S., Sec. 2449.] The ordinance or enactment providing for the payment of the principal and interest of any debt, created by any Board of Police or authorities of incorporated towns and cities, shall remain in full force until the debt and interest is paid.

Note. This Section is modified by Act 32 of 1902, to the extent that the period during which the ordinance providing for the payment of the debt incurred, is limited to ten years. *Dupuy vs. Police Jury*, 115 L. 579. *Same vs. Same*, 116 L. 783.

[Mode of Enforcing Debts Created by Municipalities and Parishes.]

[R. S., Sec. 2450.] Whenever the police juries or authorities of incorporated towns or cities, shall have provided for the payment of a debt by levying a tax, and shall fail or refuse to cause the tax to be collected for the purpose of paying the debt and interest for which it was imposed, it shall be the duty of the District Judge, on motion of the Attorney of any of the creditors of the parish or incorporated town or city, after having obtained a judgment in their favor, to issue his mandate directed to the Sheriff or other Tax Collector of the parish or incorporated town or city in which the judgment may have been obtained, to proceed forthwith to collect the taxes in the same manner as is prescribed by existing laws; and the same shall be appropriated to the payment of the judgment and costs, the Sheriff or other Tax Collector retaining the commissions allowed by law for the collection of parish taxes, as compensation for his services.

Note. Where a judgment against a parish has been provided for out of the taxes of certain years, which remain uncollected, a decree ordering the levy of a tax for the payment of said judgment is not warranted by law. *Kline vs. Parish of Ascension*,

28 A. 538. Bonds issued by a municipality are void, if the ordinance under which they were issued failed to provide for their payment. This is true even if they were issued in lieu of a cash subscription for stock in a railroad, which subscription was to be paid by a special tax. The provision for the payment of the stock is not applicable to the payment of the bonds. *Knox vs. City of Baton Rouge*, 36 A. 427.

[Power to Punish Violation of Ordinances Relative to Gunpowder.]

[R. S., Sec. 2451.] The City Councils of the incorporated cities of this State be, and they are hereby vested with the full power to punish with a fine, not exceeding the sum of eight hundred dollars, any contravention of the police regulations by which any individual is forbidden to keep in his house or place of residence, more than a certain quantity of gunpowder as fixed by the said police regulations, and to apply a part of the fines to the informers, and the other part to the benefit of the corporation of the cities.

[Protection Against Contagious Diseases.]

[R. S., Sec. 2452.] The authorities of incorporated towns and cities are authorized to enact ordinances to protect them from the introduction of contagious and epidemical diseases.

[Liability for Damage to Property by Mobs.]

[R. S., Sec. 2453.] The different municipal corporations in this State shall be liable for the damage done to property by mobs or riotous assemblages in their respective limits.

Sec. 95. Be it further enacted, etc., Wherever municipalities of the State of Louisiana adopting this form of municipal government and incorporating under the provisions of this Act, do, by virtue of existing laws, own

or operate, or both, their own system of public schools, under the jurisdiction of local authorities, created and empowered by existing law, or in any way separate or apart from the parochial or State school systems, as to such cities nothing contained herein shall be deemed, construed or held to in any way abrogate, annul, impair or affect such school system or its legal status, but the same shall continue under and by virtue of the law or laws heretofore applicable to the same, so long as those laws are not repealed or amended, which it is not the intention of any provision herein so to do. As to such municipalities the provisions hereof relative to public education or to public schools shall be deemed and held as not written.

MUNICIPAL COURTS.

Sec. 96. Be it further enacted, etc., Wherever municipalities of the State of Louisiana adopting this form of municipal government and incorporating under the provisions of this Act maintain or fall within the jurisdiction of municipal, police, magistrates or Justice of the Peace Courts, under and by virtue of general or special laws or particular provisions of general or special municipal charters, such courts shall continue under and by virtue of such laws, and nothing contained herein shall be deemed, construed or held to impair, repeal or in any manner affect the status of such courts or the validity or existence of any such laws, which are hereby ratified and affirmed and declared to be and to remain in full force and effect.

CONTRACTS FOR LOCAL IMPROVEMENTS.

Sec. 97. Be it further enacted, etc., the Commission shall have power by ordinance to provide for the construction, reconstruction, repair and maintenance by contract or directly by the employment of labor, of all things in the nature of local improvements, and to provide for the payment of any part of the cost of any such improvement by levying and collecting special assessments upon abutting, adjacent and contiguous or other specially benefited property. The amount assessed against the property specially benefited to pay for such local improvements shall not exceed the amount of benefits accruing to such property.

ASSESSMENTS FOR PUBLIC IMPROVEMENTS.

Sec. 98. Be it further enacted, etc., Special assessments upon the property deemed benefited by a public improvement shall be by one of the following methods:

- (a) By a percentage of the tax value of the property assessed;
- (b) In proportion to the benefits which may result from the improvement;
- (c) By the foot frontage of the property bounding or abutting upon the improvement.

METHODS OF SUCH ASSESSMENTS.

Sec. 99. Be it further enacted, etc., When it is deemed necessary to make public improvement to be paid for in whole or in part by special assessment, the Commission shall declare the necessity therefor by resolution, and such resolution shall state the method of assessment, and the mode of payment and the number of annual installments, together with the total estimated cost of the improvement. Such resolution shall be certified to the City Accountant, who shall thereupon proceed to make an assessment report in accordance with the method of assessment provided in the resolution, which report shall be filed with the Commission and shall show the lots and lands assessed, and the amount of the assessment as to each, together with the amount of benefit or damage to each lot or parcel of land to be assessed, with an estimate of the life of the improvement. The number of annual installments in which the assessment shall be paid, shall be fixed, but in no case shall they be greater in number than the estimated years of the life of the improvement.

PLANS, SPECIFICATIONS FOR IMPROVEMENTS.

Sec. 100. Be it further enacted, etc., At the time of the passage of the resolution hereinbefore provided, there shall be on file in the office of the City Engineer, plans, specifications, estimates and profiles of the proposed improvements, giving all information necessary; and such plans, specifications, estimates and profiles shall be open to the inspection of the public.

PROCEDURE FOR ASSESSMENT OF PROPERTY.

Sec. 101. Be it further enacted, etc., Upon the filing of such report the City Accountant shall cause written notice to be served upon the owner of each lot or parcel of land to be assessed, or otherwise affected, or upon the persons in whose names the same may be assessed for taxation upon the tax rolls. Said notice shall be served and return made by a person designated by the City Manager in the manner provided for service of summons in civil actions; and, as to all non-residents and persons who cannot be found, service shall be made by publication of such notice at least once in a daily newspaper of general circulation in the city. Said notice shall contain a statement of the character of the proposed improvement, the fact that such assessment report has been filed with the Commission the rate, of such assessment, the number of installments, the total estimate of the cost of the improvement, the amount of benefits or damage to such lot or parcel of land, and shall state a time and place when complaints and claims will be heard before the Board of Revision of Assessments.

BOARD OF REVISION.

Sec. 102. Be it further enacted, etc., the City Manager, the City Attorney and the City Engineer shall constitute the Board of Revision of Special Assessments. It shall organize and meet at times and places to be provided by its rules, and shall hear all claims and objections as to the character of all improvements to be paid for in part or in whole by special assessments, the necessity therefor and the equity of the assessments as provided in the assessment report. A majority of those constituting the Board of Revision of Special Assessments shall have power to determine all complaints and objections submitted to it; and, as to each improvement, the Board shall, after such hearing, approve, amend, equalize, or adjust the assessment report in every detail, and shall report its findings as to the necessity for the improvements and any amendment it directs in the assessments, the estimate of benefit and allowance of damages to the Commission.

CLAIMS FOR PROPERTY DAMAGED BY IMPROVEMENT.

Sec. 103. Be it further enacted, etc., An owner of a lot of land bounding and abutting upon a proposed improvement, claiming that he will sustain damage by reason of the improvement, shall present such claim to the Board of Revision of Special Assessments within two weeks after the service of notice or the completion of publication hereinbefore provided. Such claim shall be in writing and shall set forth the amount of damages claimed, with a general description of the property with respect to which it is claimed the damage will accrue, and shall be filed with the Board of Revision of Special Assessments. Any owner who fails so to do shall be deemed to have waived such damages, and shall be barred from filing a claim or receiving damage therefor. This provision shall apply to all damage which will obviously result from the improvement, but shall not deprive the owner of his right to receive or recover damages arising without his fault, from acts of the city or of its agents. If, subsequent, to the filing of such claim, the owner sells the property, or any part thereof, the right of damages, if any, shall follow the ownership of the land without other transference of the claim. The Board of Revision of Special Assessments shall report to the Commission all such claims for damages filed with it.

(b) After the passage of this ordinance levying the final assessment no property owner shall be heard to complain thereon because of any lack of or defect in his notice or the method of procedure followed in making the said assessment, or because of any other technical reason and after the

said time no property owner shall have the right to interfere with or hold up the progress of the proposed improvement by injunction or otherwise, nor to bring any action in relation thereto, other than to test the validity of the amount of his own assessment.

LEVY OF ASSESSMENT.

Sec. 104. Be it further enacted, etc., Whenever the Board of Revision of Special Assessments shall have made its final report to the Commission of any improvement, the Commission, if it determine that the improvements shall proceed, shall pass an ordinance levying the assessment as reported by the Board of Revision of Special Assessments, and directing that the improvement proceed. In such ordinance it shall be sufficient to describe the lots and land abutting upon the improvement and to be assessed therefor, as all the lots and lands bounding and abutting upon such improvements between and including the terminal of the improvement; and in describing lands which do not abut, it shall be sufficient to describe the lots by their appropriate lot numbers, and the lands by meters and bounds; and this rule of description shall apply in all proceedings in which lots and lands are to be charged with special assessments.

SPECIAL ASSESSMENT, HOW PAYABLE.

Sec. 105. Be it further enacted, etc., Special assessments shall be payable by the owners of the property assessed at the time stipulated in the ordinance, and shall be a lien from the date of the assessment upon the respective lots and parcels of land assessed, enforceable in the manner provided by laws of the State of Louisiana.

ASSESSMENT OF INJURY CAUSED BY IMPROVEMENTS.

Sec. 106. Be it further enacted, etc., At the time of the passage of the ordinance determining to proceed with the improvement as hereinbefore provided, the Commission shall determine whether the claims for damage so filed shall be allowed and paid or judicially inquired into either before commencing or after the completion of the proposed improvement. If it decide that the damages shall be assessed before commencing the improvement, the City Attorney shall then make a written application to the District Court, or a judge therefor in vacation, or any other court having jurisdiction, for the summoning of a jury to determine such damages, and the judge shall direct that a jury be summoned as is provided for the appropriation of property, and fix the time and place for inquiry into and assessment of such damages, which inquiry and assessment shall be confined to such claims.

SAME SUBJECT.

Sec. 107. Be it further enacted, etc., When the Commission determines to assess the damages after the completion of the improvement for which a claim for damages has been filed as hereinabove provided, the City Attorney shall within ten (10) days after the completion of the improvement make a written application as hereinabove provided in the case of the ascertainment of damages before the improvement was made, and the same proceedings shall be had as provided in the next preceding section.

SUIT FOR DAMAGES.

Sec. 108. Be it further enacted, etc., A person who claims damages arising from any cause shall not commence suit therefor against the city until he shall have filed a claim for such damages, with the City Manager and sixty (60) days shall have elapsed thereafter. This provision shall not apply to an application for an injunction or other proceedings to which it may be necessary for such applicant to resort in case of urgent necessity.

CONTRACTS FOR IMPROVEMENTS.

Sec. 109. Be it further enacted, etc., When the Commission shall have passed an ordinance directing that an improvement be made, to be paid for

in whole or in part by special assessments, the City Manager shall, as provided by ordinance, either directly by the employment of labor or by entering into a contract therefor, cause the improvement to be made.

RULE FOR ASSESSMENT OF PROPERTY.

Sec. 110. Be it further enacted, etc., When special assessments are levied by the percentage of tax value of the property assessed or by the foot frontage of the property abounding and abutting upon the improvement, and there are lands subject to such assessment which are not assessed for taxation, the City Engineer shall fix, for the purpose of such assessment, the value of such lots as they stand and of such lands at depths as the City Engineer considers a fair average of the depth of lots in the neighborhood, so that it will be a fair average of the assessed value of other lots in the neighborhood. Where lands are not subdivided into lots, but are assessed for taxation, the City Engineer shall fix the value and the depth in the same manner; but the above rule shall not apply in making a special assessment according to benefits.

ISSUE OF NOTES IN ANTICIPATION OF COLLECTIONS.

Sec. 111. Be it further enacted, etc., (a) When bonds or notes are issued in anticipation of the collection of assessments, the interest thereon shall be treated as the part of the cost of the improvements for which assessments may be made.

(b) The Commission shall have the right by ordinance to provide for the payment of property owners of their assessments for local improvements in annual installments of one, two, three, four and five years and to authorize the advertisement for bids for such work or itself cause it to be done, as herein elsewhere provided, upon such terms of deferred payment and for such purpose the city may contract for such improvements payable partly in cash and the balance in one, two, three, four and five years, or wholly in deferred payments, as the Commission may determine, or it may itself cause the work to be done, and in either event it may issue its notes, bonds or other evidences of debt in payment therefor, the same to be secured by the liens upon the property subject to such assessments as herein elsewhere provided.

The interest on such deferred payments shall be six per cent (6%) per annum, and the liens on such property shall remain in full force and effect for both principal and interest due until final payment thereof and the contractor or other holder or owner of such evidences of debt shall be subrogated to such liens and privileges.

LIMITATION IN ASSESSMENTS.

Sec. 112. Be it further enacted, etc., The Commission shall limit all assessments to the special benefits conferred upon the property assessed, and in no case shall there be levied on any lot or parcel of land any assessments for any or all purposes within a period of five years in excess of thirty-three and one-third per cent ($33\frac{1}{3}\%$) of the actual value thereof after the improvement is made. Assessments levied for the construction of main sewers or drains shall not exceed the sum that in the opinion of the Commission would be required to construct an ordinary street sewer or drain of sufficient capacity to drain or sewer the lots or lands to be assessed for such improvement, nor shall any lots or lands be assessed that do not need local drainage, or which are provided therewith.

APPORTIONMENT OF COSTS, CITY'S PART.

Sec. 113. Be it further enacted, etc., (a) The city shall pay such part of the costs and expenses of improvements for which special assessments are levied as the Commission deems just, which shall not be less than one-fiftieth ($\frac{1}{50}$) of all such cost and expense; and in addition thereto the city shall pay the cost of intersections. The Commission may provide for the payment of the city's portion of all such improvements by the issuance of bonds or notes, or other evidences of debt, therefor, and may levy taxes in

addition to all other taxes authorized by law, to pay such evidences of debt and the interest thereon, subject only to the limitations and in the manner and form prescribed by the Constitution of Louisiana.

(b) Nothing contained in this Act shall the effect be construed so as to prevent the city from making such improvements, changes, alterations or betterments to the municipally owned public utilities or to the streets or other places occupied by such utilities on such terms, in whatever manner and by whatever method the Commission shall deem proper and necessary, subject to the assessment provision of this Act only when property owners are called on to pay any part of the cost thereof.

(c) In making assessments for local improvements the city shall be considered and treated as any other property owner as to such lots or lands owned or occupied by it, including that portion of the streets used by the municipal street railway.

COST OF REPLACING IMPROVEMENT.

Sec. 114. Be it further enacted, etc., the Commission may provide in whole or in part the cost of replacing any improvement existing in a street at the time of the adoption of this Act, by levying special assessments as hereinbefore provided; but any assessment for such replacement in less than fifteen (15) years from the date of a prior assessment for the improvement to be replaced shall be limited to a sum not in excess of fifty per cent (50%) of the cost of such replacement.

ORDINANCE MUST CONTAIN ESTIMATE.

Sec. 115. Be it further enacted, etc., Every ordinance passed subsequent to the adoption of this Act, providing for an improvement to be paid for in whole or in part by special assessments shall contain an estimate by the City Engineer of the life of the proposed improvement.

SURPLUS OF ASSESSMENT OVER COST OF IMPROVEMENT.

Sec. 116. Be it further enacted, etc., Upon the completion of any improvement by the City Manager shall rebate to the then owner of the property which shall have been assessed to pay for such improvement, any surplus or excess remaining unexpended for the purpose which such assessment was made, in the event of there being a deficit in the fund provided for the making of any such improvement, the City Manager shall report to the Commission a supplementary assessment within the limitations hereinbefore provided, which supplementary assessment shall be made by ordinance of the Commission and certified for collection as is provided in the case of original assessments.

WATER, SEWER, GAS, ETC., CONNECTIONS.

Sec. 117. Be it further enacted, etc., the City Manager shall have authority to compel the making of sewer, water, gas and other connections whenever, in view of contemplated street improvements or as a sanitary regulation, sewer, water, gas and other connections should in his judgment be constructed. He shall cause written notice of his determination thereof to be given to the owner of each lot or parcel of land to which such connections are to be made, which notice shall state the number and character of connections required. Such notice shall be served by a person designated by the City Manager in the manner provided for the service of summons in civil actions. Non-residents of the city, or persons who cannot be found, may be served by one publication of such notice in a daily newspaper of general circulation in the city. The notice shall state the time within which such connections shall be constructed; and if they be not constructed within the said time, the city may cause the work to be done, and the cost thereof, if any, together with a penalty of five per cent (5%) assessed against the lots and lands for which such connections are made. Said assessments shall be certified and collected as other assessments for street improvements.

CONSTRUCTION AND REPAIR OF SIDEWALKS.

Sec. 118. Be it further enacted, etc., the Commission may by resolution declare that certain specified sidewalks, curbing, or gutters shall be constructed or repaired. Upon the passage of such resolution the City Manager shall cause written notice of the passage thereof to be served upon the owner, or agent of the owner, of each parcel of land abutting upon such sidewalk, who may be a resident of the city, in the manner provided by law for the service of summons in civil actions. He shall return a copy of the notice with the time and manner of service endorsed thereon, signed by the person serving it, to the City Engineer, who shall file and preserve such return. For the purpose of such service, if the owner of any such property be not a resident of the city, any person charged with the collection of rent, or the payment of taxes on such property, or having control thereof in any way, shall be regarded as the agent of the owner, and service upon such person shall have the like force and effect as though personal service were made upon the owner thereof. If it appears in such return, however, that the owner is a non-resident, or that neither such owner nor agent could be found, one publication of a copy of the resolution in a daily paper of general circulation in the city shall be deemed sufficient notice to such owner.

SAME SUBJECT, WORK DONE BY CITY.

Sec. 119. Be it further enacted, etc., If sidewalks, curbing or gutters be not constructed or repaired within fifteen (15) days from service of the notice provided for in the preceding section, or the completion of the publication thereof, the City Manager may proceed by direct employment of labor, or by contract to carry out the said construction or repair at the expense of the owner, as in the case of other improvements, and all such expense shall be reported by the City Manager to the Commission. The Commission shall thereupon, by ordinance, assess the cost and expense thereof upon the owner or owners of all the property bounding or abutting thereon, and such assessments shall be collected in the same manner as other assessments, with a penalty of five per cent (5%) and interest for failure to pay at the time fixed by the assessment resolution.

AUTHORITY OF COMMISSION TO BORROW MONEY.

Sec. 120. Be it further enacted, etc., The Commission may at any time borrow money and authorize the issuance of notes, bonds, certificates and other evidences of debt therefor in anticipation of the collection of assessments, levied for the purpose of paying the cost of constructing or repairing sidewalks, curbing and gutters which are to be or have been constructed by the City Manager, upon the failure of the owners of the property to construct or repair the same, pursuant to notice as hereinbefore provided, and under the terms and conditions and carrying the same rights and privileges as hereinbefore provided for in the case of special assessments.

PUBLIC IMPROVEMENTS, HOW MADE.

Sec. 121. Be it further enacted, etc., Public improvements of all kinds may be made by the appropriate department, either by direct employment of the necessary labor and the purchase of the necessary supplies and materials, with separate accounting as to each improvement so made, or by contract duly let after competitive bidding, either for a gross price, or upon a unit basis for the improvement, or by contract containing a guaranteed maximum and stipulating that the city shall pay within such maximum cost the cost of labor and materials, plus a fixed percentage of profit to the contractor. The Commission, by ordinance, shall determine by which of the foregoing methods improvements shall be made. Contracts may provide a bonus per day for completion of the contract prior to a specified date, and liquidated damages to the city to be exacted in the like sum for every day of delay beyond a specified date.

ALTERATION, ETC., OF CONTRACT.

Sec. 122. Be it further enacted, etc., When it becomes necessary in the prosecution of any work or improvement under contract, to make alterations or modifications in such contract, such alterations or modifications shall be made only upon resolution of the Commission. No such order shall be effective until the price to be paid for the work and material, or both, under the altered or modified contract, shall have been agreed upon in writing and signed by the contractor and the City Manager upon authority of the Commission.

LAYING OUT BY, FOR STREETS—MAP.

Section 123. Be it further enacted, etc., An owner of lots or grounds within the city who subdivides or lays them out for sale, shall cause to be made an accurate map or plat of such subdivision, describing with certainty all grounds laid out, or granted for streets, alleys, ways, commons or other public uses. Lots sold or intended for sale shall be numbered by progressive number, or described by the square in which situated, and the precise length and width shall be given of each lot sold or intended for sale. Such map or plat shall be subscribed by the owner and lien holders, acknowledged before an officer authorized to take the acknowledgement of deeds, approved by the City Manager and recorded in the office of the Parish Recorder.

WHAT CONSTITUTES CONVEYANCE.

Sec. 124. Be it further enacted, etc., The map or plat so recorded shall thereupon be a sufficient conveyance to vest in the city the fee of the parcel of land designated or intended for streets, alleys, ways, commons, or other public use to be held in the corporate name in trust to and for the uses and purposes in the instrument set forth, expressed, designated or intended.

CITY ENGINEER IS SUPERVISOR OF PLATS.

Sec. 125. Be it further enacted, etc., The City Engineer shall be the supervisor of plats of the city. He shall provide regulations governing the platting of all lands so as to require all streets and alleys to be of proper width, and to be co-terminous with adjoining streets and alleys, and otherwise to conform to regulations prescribed by him. Whenever he shall deem it expedient to plat any portion of territory within the city limits, in which the necessary or convenient streets or alleys have not already been accepted by the city so as to become public streets or alleys, or when any person plats any land within the corporate limits or within three miles thereof, the supervisor of plats shall, if such plats are in accordance with the rules as prescribed by him, endorse his written approval thereon. No plat shall be entitled to record in the recorder's office of the parish without such written approval so endorsed thereon.

STREETS AND ALLEYS.

Sec. 126. Be it further enacted, etc., No street or alleys, except those laid down on such plat and bearing the approval of the supervisor of plats as hereinbefore provided, shall subsequently in any way be accepted as public streets, or alleys, by the city, nor shall any public funds be expended in the repair or improvement of streets and alleys subsequently laid out and not on such plat. This restriction shall not apply to a street or alley laid out by the city, nor to streets, alleys or public grounds laid out on a plat or with the approval of the supervisor of plats.

CARE, SUPERVISION OF STREETS.

Sec. 127. Be it further enacted, etc., The Commission shall provide by ordinance for the care, supervision, control and improvement of public highways, streets, avenues, alleys, sidewalks, public grounds, bridges, aqueducts and viaducts within the city, and shall cause them to be kept open, in repair, and free from nuisance.

OPENING STREETS, ETC.

Sec. 128. Be it further enacted, etc., When it deems necessary, the Commission may cause any street, alley or public highway to be opened, straightened, altered, diverted, narrowed, widened or vacated.

WHAT DEEMED A PUBLIC STREET.

Sec. 129. Be it further enacted, etc., No street or alley hereafter dedicated to public use by the proprietor of ground in the city shall be deemed a public street or alley, or under the care or control of the Commission, unless the dedication be accepted and confirmed by ordinance passed for such purpose, or unless the provisions hereof relating to subdivisions shall have been complied with.

VACATING ANY STREET.

Sec. 130. Be it further enacted, etc., The Commission in vacating any street or part of street, or changing the names of any street, may include in one ordinance the change of name or the vacation or narrowing of more than one street, avenue or alley, but before vacating any street or part thereof, or narrowing any street, the Commission shall first pass a resolution declaring its intention so to do. The City Manager shall cause notice of such resolution to be served and return made in the manner that service of summons is required to be made in civil actions upon all persons whose property abuts upon the portion of the street affected by the proposed vacation or narrowing, and by publication once in one daily newspaper of general circulation in the city as to all the persons who cannot be personally served. Said notice shall state the time and place at which objections can be heard before the Board of Revision of Special Assessments. Upon the report by the Board of Revision of Special Assessments approving the proposed vacation or narrowing, the Commission may by ordinance declare such vacating or narrowing, and such order of the Commission vacating or narrowing a street or alley which has been dedicated to public use by the proprietor shall, to the extent of which it is vacated or narrowed, operate as a revocation of the acceptance thereof by the Commission, but the right of way and easement therein of any lot owner shall not be impaired thereby.

EXPROPRIATION OF PROPERTY.

Sec. 131. Be it further enacted, etc., Property within the corporate limits of the city may be expropriated for any public or municipal purpose, and to the full extent of the authority granted by the Constitution of the State, such expropriation shall be made as herein provided. By such appropriation the city may acquire a fee simple title or any less estate, easement or use. Expropriation of property located outside the corporate limits of the city shall be made according to the requirements of, and as provided by general law.

PROCEDURE FOR EXPROPRIATION.

Sec. 132. Be it further enacted, etc., When it is deemed necessary to expropriate property the Commission shall adopt a resolution declaring such intent, defining the purposes of the expropriation, setting forth a pertinent description of the property, and the estate or interests therein desired to be expropriated.

NOTICE TO PARTIES IN INTEREST.

Sec. 133. Be it further enacted, etc., Immediately upon the adoption of such resolution, the City Manager shall cause written notice thereof to be given to the owner, person in possession thereof, or having an interest of record in, every piece of land sought to be expropriated, or his authorized agent; and such notice shall be served by a person designated for the purpose, and return made in the manner provided by law for the service and return of summons in civil actions. If such owner, person or agent cannot be found, notice shall be given by publication once a week for three consecutive weeks in a daily newspaper of general circulation in the city.

CONDUCT OF PUBLIC UTILITIES.

Sec. 136. Be it further enacted, etc., The Commission may by ordinance grant permission to any individual, company or corporation to construct and operate a public utility in the streets and public grounds of the city. The ordinance granting any such franchise shall be subject to petition and referendum as specified herein. No franchise shall be considered an emergency measure. No franchise or grant or renewal thereof for the construction and operation of a public utility shall be granted for a term longer than thirty (30) years.

RENEWAL OF GRANTS.

Sec. 137. Be it further enacted, etc., The Commission may, by ordinance, renew any grant for the construction or operation of any utility, at its expiration subject to petition and referendum as before stated.

EXCLUSIVE FRANCHISES.

Sec. 138. Be it further enacted, etc., No exclusive franchise or renewal shall ever be granted and no franchise shall be renewed before one year prior to its expiration.

RENEWAL OF FRANCHISE, CONDITIONS.

Sec. 139. Be it further enacted, etc., The Commission shall in any ordinance granting or renewing any franchise to construct and operate a public utility, prescribe the kind and quality of service or product to be furnished, the rate or rates to be charged therefor, the manner in which the streets and public grounds shall be used and occupied; and any other terms and conditions conducive to the public interest.

RIGHT OF CITY TO TERMINATE FRANCHISES.

Sec. 140. Be it further enacted, etc., All such grants and renewals thereof shall reserve to the city the right to terminate the same and to purchase all the property of the utility in the streets and highways in the city and elsewhere, as may be provided in the ordinance making the grant or renewal, used in or useful for the operation of the utility, at a price fixed in the ordinance or to be fixed in the manner provided by the ordinance making the grant or renewal of the grant. Nothing in such ordinance shall prevent the city from acquiring the property of any such utility by condemnation proceedings or in any other lawful mode, but all such methods of acquisition shall be alternative to the power of purchase, reserved in the grant or renewal as hereinbefore provided. Upon acquisition

by the city of the property of any utility by purchase, condemnation or otherwise, all grants or renewals shall at once terminate.

PRICE OF PROPERTY TO WHICH FRANCHISE IS GIVEN.

Sec. 141. Be it further enacted, etc., No ordinance making such grant or renewal shall be valid unless it shall expressly provide therein that the price to be paid by the city for the property that may be acquired by it from such utility by purchase, condemnation or otherwise, shall exclude all value of such grant or renewal.

POWER OF AUTHORITY OVER PUBLIC UTILITIES.

Sec. 142. Be it further enacted, etc., The Commission may, by ordinance grant to any individual, company or corporation operating a public utility the right to extend the appliances and service of such utility, subject to petition and referendum as before stated. All such extensions shall become a part of the aggregate property of the utility, and shall be subject to all the obligations and reserved rights in favor of the city, applicable to the property, of the utility by virtue of the ordinance providing for its construction and operation. The right to use and maintain any such extension shall expire with the original grant of the utility to which the extension was made or any renewal thereof.

CONSENT OF OWNER OF LAND REQUIRED.

Sec. 143. Be it further enacted, etc., No consent of the owner of the property abutting on any highway or public ground shall be required for the construction, extension, maintenance, or operation of any public utility by original grant or renewal, unless such public utility is of such a character that its construction or operation is an additional burden upon the rights of the property owners in such highways or public grounds.

SPACE FOR PUBLIC UTILITIES.

Sec. 144. Be it further enacted, etc., The Commission shall at all times control the distribution of space, in, over, under or across all streets or public grounds occupied by public utility fixtures. All rights granted for the construction and operation of public utilities shall be subject to the continuing right of the Commission to require such reconstruction, relocation, change or discontinuance of the appliances used by the utility in the streets, alleys, avenues and highways of the city, and shall in the opinion of the Commission be necessary in the public interest.

No franchise or renewal thereof shall ever be granted or made so as to impair, or in any manner deprive the city of the right to regulate the terms, conditions and limitations thereof.

PERMITS FOR SPUR TRACKS.

Sec. 145. Be it further enacted, etc., The revocable permits for laying spur tracks across or along streets, alleys or public ground, to connect a steam or electric railroad with any property in need of switching facilities shall not be regarded as a grant within the meaning of this act, but may be permitted in accordance with such terms and conditions as the city commission may by ordinance prescribe.

Nothing in this act contained shall operate in any way, except as herein specifically stated, to limit the city commission to the exercise of any of its lawful powers respecting public utilities or to prohibit the city commission from imposing any such grant, such further restrictions and provisions as it may deem to be in the public interest, provided only that the same are not inconsistent with the provisions of this act or the Constitution of this State.

Sec. 146. Be it further enacted, etc., The fiscal year of the city shall begin on the first day of January. On or before the first day of November

of each year the City Manager shall submit to the Commission an estimate of the expenditures and revenues of the city departments for the ensuing year. Estimate shall be compiled from detailed information obtained from several departments on uniform blanks to be furnished by the City Manager. The classification of the estimate of expenditures shall be as nearly uniform as possible for the main functional divisions of all departments, and shall give in parallel columns the following information:

(a) A detailed estimate of the expense of conducting each department as submitted by the department.

(b) Expenditures for corresponding items for the last two fiscal years.

(c) Expenditures for corresponding items for the current year, including adjustments due to transfers between appropriations plus an estimate of expenditures necessary to complete the current fiscal year.

(d) Amount of supplies and materials on hand at the date of the preparation of the invoice.

(e) Increase or decrease of requests compared with the corresponding appropriations for the current year.

(f) Such other information as is required by the Commission or that the City Manager may deem advisable to submit.

(g) The recommendation of the City Manager as to the amounts to be appropriated with reasons therefor in such detail as the Commission may direct.

Sufficient copies of such estimate shall be prepared and submitted that there may be copies on file in the office of the Commission for inspection by the public.

RECEIPT OF ESTIMATE—PUBLIC HEARING.

Sec. 147. Be it further enacted, etc., Upon receipt of such estimate the Commission shall prepare an appropriation ordinance in such form as may be prescribed by ordinance or resolution. Before finally acting upon such tentative appropriations the Commission shall fix a time and place for holding public hearings upon the tentative appropriation, and shall give public notice of such hearings. Following the public hearings and before its final passage, the appropriation ordinance shall be published with a parallel comparison with the recommendation of the City Manager. CREATION AND GOVERNMENT OF MUNICIPAL CORPORATIONS.*

Act 136 of 1898, p. 224.

TITLE.

AN ACT for the creation and government of municipal corporations throughout the State and defining their powers and duties and providing for the extension or contraction of their limits.

CLASSES OF MUNICIPAL CORPORATIONS.

Section 1. (As amended by Act 35, 1914, p. 100.) Be it enacted by the General Assembly of the State of Louisiana, That municipal corporations are divided into three classes, viz.: cities, towns, and villages. Those having five thousand inhabitants or more, are cities, those having less than five thousand and more than one thousand inhabitants, are towns and those having less than one thousand and more than one hundred and fifty inhabitants, are villages. A municipal corporation shall not be created with less than one hundred and fifty inhabitants.

NAMES OF RESPECTIVE CLASSES.

Sec. 2. Be it further enacted, etc., That the corporate name of a city shall be "The City of _____," of a town, "The Town of _____;" if a village, "The Village of _____," filling the blank in each case with the name of the city, town or village; and by such name may sue and be sued, contract and be contracted with, and exercise and perform all municipal powers and duties.

LIMITS AND BOUNDARIES.

Sec. 3. Be it further enacted, etc., That the limits and boundaries of the existing cities, towns and villages shall remain as now established until

*Note. This and some of the following Acts are perhaps repealed by Act 160, 1918, printed supra. Nevertheless it was not deemed advisable to omit them from this edition.

altered as hereinafter provided. To enlarge or contract the boundaries of a city, town or village it shall be necessary for the municipal authorities to pass an ordinance defining with certainty the territory which it is proposed to include in or to exclude from the corporate limits, and also defining the entire boundary as changed. The ordinance shall not become operative until one month after its passage and until it shall have been published for three weeks in some newspaper of the city, town or village, if there be one, and, if none, by publication in a newspaper having general circulation therein for that time; and in either case, by posting written copies of the ordinance for said time in not less than three public places in the city, town, or village, when it shall become operative, unless an appeal be prosecuted. Any person interested may prosecute an appeal from the ordinance at any time before it becomes operative, by executing a bond, payable to the city, town or village, in the penalty of two hundred dollars, with two sufficient sureties, conditioned to pay all costs of suit in case the appeal be unavailing. The bond shall be approved by the judge of the District Court, and the appeal shall operate suspensively.

Note. Act 105, 1892, p. 137, prescribing the manner in which municipalities may extend their limits is not printed in this edition, as the subject matter is covered by this Act.

Note. Power and authority to extend its limits, was by the act vested in all existing municipalities, without the municipality as a condition precedent placing itself within the act. *Brown vs. Town of Providence*, 114 L. 631.

APPEALS FROM ORDINANCES FIXING LIMITS.

Sec. 4. Be it further enacted, etc., That the appeal from the ordinance shall be by suit in the District Court against the Mayor of the city, town, or village; and the question shall be whether the proposed extension or contraction of the corporate limits be or be not reasonable. If it be adjudged reasonable, the ordinance shall go into effect ten days thereafter, if no appeal be taken within that time, and the appellant and the sureties on this bond within its penalty, shall be adjudged to pay the costs. But if it be adjudged to be unreasonable, the ordinance shall be vacated, and the extension or contraction of limits and all ordinances proposing practically the same, shall be prohibited for one year.

BOARD OF PLAINTIFFS.

Sec. 5. Be it further enacted, etc., That any number of persons interested may join in one suit for the purpose of appealing from an ordinance extending or contracting the limits of a corporation, and one bond shall be sufficient; and when more than one suit shall have been brought for such purpose, it shall be the duty of the district judge to order them consolidated and to be tried as one suit.

WHEN ORDINANCE BECOMES OPERATIVE.

Sec. 6. Be it further enacted, etc., That if appeal be not prosecuted from the ordinance, the municipal authorities shall, at the expiration of the time therefor, inquire into the fact of the publication and notice, and adjudge whether the same has or has not been given, and such finding, if made in good faith shall be conclusive, and if adjudged to have been made and given, the ordinance shall thereupon, after the end of a month after its passage, become operative. In case of an affirmance of an ordinance by the Court of Appeals, it shall become operative and valid.

ATTACKING EXTENSION OR CONTRACTION OF LIMITS.

Sec. 7. Be it further enacted, etc., That if the limits of any town, city, or village shall be unreasonably extended or contracted, any person interested may, after five years from the time when the limits were fixed, whether fixed under this act or heretofore, petition the municipal authorities thereof for a contraction or extension of the limits. In case the prayer of the petition be granted, in whole or in part, the ordinance for that purpose shall be subject to appeal by parties interested, as in other cases; and in case of a refusal to grant the petition, in whole or in part, the petitioner may appeal to the Circuit Court, by the execution of a bond

as provided in other cases and an issue shall then be made up and tried, and the question shall be whether the existing limits be or be not reasonable. If it be adjudged that the limits are reasonable the appellant and his sureties shall pay the costs as in other cases; but if it be adjudged that they are unreasonable, the court shall define the extent of the unreasonable extension or contraction, direct the municipal authorities to pass an ordinance conforming the limits to the judgment of the court, and shall enforce the direction. Such ordinance shall take effect from its adoption.

CENSUS TO CLASSIFY CORPORATION.

Sec. 8. Be it further enacted, etc., That whenever, by a census taken under an act of Congress or of the Legislature, it shall be shown that the population of a city, town or village has increased or diminished so as to take or place such city, town or village out of the class to which theretofore it hath belonged, the municipal authorities thereof shall certify the facts to the Governor, who shall investigate the matter; and if he finds the municipality to be wrongfully classed, he shall issue his proclamation in accordance with the facts, and shall correctly classify it, transmitting a copy of the proclamation to the mayor of such city, town or village. Such proclamation shall be published and recorded by the municipal authorities of the city, town or village as an ordinance is required to be published and recorded, and shall be conclusive from its issuance of the matter determined by it, until there be a new classification under the provisions of this act.

—WHEN MUNICIPALITY CONTAINS LESS THAN MINIMUM.

Sec. 9. Be it further enacted, etc., That if in any case the census show that a municipality hereafter created contains less than one hundred inhabitants, the Governor shall issue his proclamation abolishing the same; and thenceforward it shall not exercise any corporate power or function whatever, and shall cease to exist. The person who was mayor thereof at the time shall record the proclamation on the minute book and deposit the same with all of the other records of the defunct corporation, in the office of the clerk of the District Court of the parish, who shall receive the same, and preserve them as records; but such dissolution shall not relieve the property theretofore liable for the debts of the municipality. Nor shall any territory taken out of a municipality by contracting the limits in the manner provided by Section 7, of this act, be relieved from taxation for debts of the municipality legally incurred before said contraction.

ASCERTAINMENT OF NUMBER BY GOVERNOR.

Sec. 10. Be it further enacted, etc., That in the performance of his duties under this act, the Governor shall not be bound by the returns of a census, if he be of the opinion that the same are fraudulent. In such case, he may ascertain the facts for himself, and in such manner as he may deem proper, and classify or abolish municipalities accordingly.

Sec. 11. Be it further enacted, etc., That whenever a petition, signed by two-thirds of the electors of any hamlet or unincorporated village, shall be presented to the Governor, setting forth the metes and bounds of their hamlet or village, stating the number of inhabitants therein, and praying incorporation, he shall inquire into the facts. If he find the petition sufficient and sufficiently signed, and it be shown to his satisfaction that it has been published in full for three weeks in some newspaper of the proposed municipality, if there be one, and, if not, by posting in at least three conspicuous places in the hamlet or village, and that the place contains at least two hundred and fifty inhabitants, he shall, by proclamation, declare the village incorporated, defining its limits and boundaries, and fixing its name as "The Village of ———." Such proclamation shall be filed in the office of the Secretary of State, and remain a record thereof.

Note. The municipality may in some regular way ascertain the number of its inhabitants and it may be shown by competent testimony, but an enumeration had after an ordinance has been enjoined, will not affect the injunction. *McFarlain vs.*

Town of Jennings, 106 L. 541. The publication of a petition for incorporation of the Town of Gretna was enjoined by some of its signers on the ground that they had given notice of their intention to withdraw their names therefrom. The publication was nevertheless continued, and publishers cited for contempt for violation of the injunction. Held that punishment was properly inflicted. *Schwartz et al vs. Edrington Judge*, 133 L. 235.

The Governor has authority to issue his proclamation declaring a village to have been incorporated, and when this was done, an action by the District Attorney will not lie to set aside the incorporation, and oust the officers on the ground that the statutory requirements had not been observed. *State ex rel Marrero vs. Ebret et al*, 135 L. 643.

APPOINTMENT OF OFFICERS.

Sec. 12. Be it further enacted, etc., That when any village shall have been incorporated as provided in the last section, the Governor shall appoint all the officers thereof, who shall hold their office until the next general municipal election, and until their successors are qualified. Such officers shall give bond as required in other cases and shall cause a certified copy of the Governor's proclamation declaring the village incorporated, to be recorded on its municipal records.

POWERS OF MUNICIPAL CORPORATIONS.

Sec. 13. (As amended by Act 135, 1916. p. 135). Be it further enacted, etc., That each city, town or village which is incorporated shall be governed by the provisions of this act and shall be a municipal corporation, with power:

Such certificates may be secured by vendor's lien and special mortgage upon the property acquired and all improvements thereon or additional thereto or by pledge of any revenue arising from the operation of the said public utility above its cost of operation and upkeep or by pledge of not more than two (2) mills per year for not more than ten (10) years out of the general levy which the municipality is now or may hereafter be authorized to levy for ordinary, fixed, usual, or statutory charges; or the said certificates of indebtedness may be secured by the vendor's lien and special mortgage on the property acquired, pledge of excess revenues of the public utility, and pledge of not more than two (2) mills.

The act in specific terms merely grants authority to prescribe regulations whereby such establishment shall be kept clear and in good order. *Town of Crowley vs. West* 52 A 526. Municipalities are by this act empowered to pass ordinances to restrain, prohibit and suppress games, gambling houses, etc. *Town of Ruston vs. Perkins*, 114 L. 851. *City of Lake Charles vs. Roy et al*, 115 L. 939. The general jury privilege granted to all municipal corporations by this act is not inconsistent with the special privilege granted jointly to the police juries of the parish of Lafourche and the town of Thibodeaux by Act 67, 1855, p. 61 and Act 1866. *Police Jury vs. Robichaux*, 116 L. 286.

Par. 19 of this Section is not repealed by Act 131, 1904, but a municipality cannot under it, order the property owner to construct a sidewalk and in default do the work itself and collect the cost from the owner. *Town of Rayne vs. Harrel*, 119 L. 652. A municipal corporation is without authority to compel persons to work on the public streets. The laws relating to parishes and work on public roads have no application. *Town of Winnfield vs. Long*, 122 L. 697. A municipality which has not adopted the provisions of this act, but continues to operate under a charter adopted at a time when no form of gambling was unlawful except banking games, such as faro, is not authorized to prohibit playing cards for money in any and all places within the corporate limits. *Town of Marksville vs. Worthy*, 123 L. 432.

The authority granted a municipality authorizes it to fix the amount of bonds which officers shall give and the salaries which shall be paid them, and no alleged unreasonableness of the one or the other gives the courts the power to review the exercise of the unlimited power granted. (The bond of the marshal was fixed at \$3,000 his salary at \$1.00 per month). *State ex rel Gentry vs. Mayor*, 123 L. 903.

A municipal corporation organized under Act 136 of 1898 has the authority under Sec. 15 to adopt ordinances prohibiting vagrancy and to enforce it in imposing a penalty not to exceed \$100.00. *State ex rel. Fritz vs. Gassens*, 128 L. 270.

This Section as it stood under amendment by Act 111, 1912, p. 128, authorized a municipality to maintain and operate an ice making plant (par. 23). This provision it will be noted is renewed by the amendment of 1916 printed above, though it was held that the legislature was without power to grant to municipalities the power to levy taxes for that purpose, which it was held was not a public purpose. *Union Ice Co. vs. Town of Ruston*, 135 L. 898.

A municipal corporation has authority to suppress the business of operating pool tables for gain or for gambling purposes, and of maintaining halls or rooms where the game of pool may be played, though not specifically mentioned in the act Sub. 24, 26. *Town of Eros vs. Powell*, 137 L. 342.

Where a public road along a navigable stream is included within the limits of a municipality, the road becomes one of the streets and the municipal authorities had authority to lay it out. R. S. Sec. 3369 does not apply. *Village of Moreauville vs. Bayer*, 138 L. 1070.

Note. Authority to regulate the storage of powder * * * and other combustible and inflammable material "includes authority to prohibit the storage of refined and other explosive oils within the corporate limits. A special ordinance granting the right to some individual is superseded by the general ordinance prohibiting it. *City of Crowley vs. Ellsworth*, 114 L. 308.

ADDITIONAL POWERS OF MAYOR AND ALDERMEN.

Sec. 17. (As amended by Act 17, 1902, p. 24.) Be it further enacted, etc., That the following additional powers are conferred on the Mayor and Aldermen of cities and towns having more than one thousand inhabitants, and incorporated parish seats:

First: To levy and collect a license tax upon and regulate all callings, trades, professions and occupations, conducted, pursued, carried on or operated within the limits of the city or town, or incorporated parish seats, and when the license taxes equal in amount those levied by police juries for parochial purposes, said towns and cities and incorporated parish seats shall be exempt from the payment of parochial licenses. Provided said licenses shall be devoted only to street or sidewalk improvements, or water-works, or lights, or street railways, or sewerage or public school purposes. And further provided that all municipal corporations in the State shall enjoy and exercise the power conferred by this act, provided they shall build water works, lights, sewerage or street railways, within the first year for which they may claim the benefits provided by this Act.

Second: To authorize the proper officer to grant and issue such licenses and to direct the manner of issuing the same. All license taxes shall be regulated by ordinance, and a license shall not be issued for a longer period than one year.

Sixth: That all Mayors shall have the power of committing magistrates.

Note. The legislature in declaring that parish licenses shall not be collected in municipalities, where the license imposed by the municipal authorities equal those of the parish, cannot be taken to mean that the parish may collect licenses in those municipalities exempt from such taxation by special laws, though these municipalities may not collect a license tax, equal to that imposed by the parish. *Cade vs. Mitchell* 51 A. 1493. See also *City of Gretna vs. Bailey* 141 L. 639.

Where the power to collect license taxes is vested in a municipality, it must be exercised under Act 171, 1898, the general license act. Before the amendment of the section, villages were without the power to impose licenses. *Arnold vs. Jones*, 118 L. 143. Aliter since the amendment by Act 17, 1902. *Parish vs. Avery*, 119 L. 143. See *Hunter vs. Express Co.* 134 L. 358. Municipal corporations are authorized to impose license taxes, but those imposed on wholesale dealers must be distinct from those on retailers. *Town of Houma vs. Houma Lighting & Ice Mfg Co.*, 121 L. 21. A municipal corporation organized under Act 136, 1898 may exist and maintain a lighting system and may pay therefor out of the revenues derived by it from licenses, and based on this revenue and as evidence thereof it may issue certificates to be paid out of the revenues of future years. *Houma Lightg & Ice Mfg Co. vs. Town of Houma*, 127 L. 726.

DIVISION OF CITY INTO WARDS.

Sec. 18. Be it further enacted, etc., That each city shall be divided into four wards, which shall be as near equal in population as can be conveniently provided, and the territory of each shall be contiguous. The boundaries of wards may be changed by ordinance when the same shall be passed by a vote of at least two-thirds of all the aldermen elected, and when fixed by ordinance the boundaries of the ward shall not again be changed for the purpose of uniting thereto such territory as may at any time be added to the city limits. No change in the boundary of a ward shall be made, however, less than one year before a municipal election. But in case a city shall not be divided into wards before the first election hereunder all the aldermen may be elected from the city at large. Towns may or may not be divided into wards, as shall be determined by the mayor and board of aldermen; but if divided, the whole of this section shall apply. Where not divided, the municipality shall be treated as constituting but one ward within the provisions of this act as concerns the subject of registration and elections.

OFFICERS OF CITY.

Sec. 19. (As amended by Act 306, 1908, p. 466.) Be it further enacted, etc., That the officers of every municipality shall be a Mayor, Aldermen, a Marshal, a Tax Collector, a Clerk and a Street Commissioner.

Sec. 20. (As amended by Act 309, 1910, p. 526.) Be it further enacted, etc., That the Mayor shall preside at all meetings of the board of Aldermen, and in case there be an equal division, he shall give the deciding vote. He shall have the superintending control of all officers and affairs of the municipality, and shall inquire into and see to it that all the laws and ordinances are being properly executed and enforced; and he shall have the power to veto any law, by-laws, or ordinance adopted; notwithstanding the exercise of the veto power, any law or ordinance may be adopted, if two-thirds of the aldermen vote thereafter in favor of its adoption. He shall sign commissions and appointments of all the officers elected or appointed by him and the Board of Aldermen. He shall sign warrants drawn on the treasury for money, and require the clerk to attest to the same, and to affix thereto the seal of the municipality and to keep an accurate record thereof in a well bound book, to be kept for that purpose. He shall from time to time communicate, in writing, to the Board of Aldermen such information and recommend such measures as in his opinion may tend to the improvement of the finances, the police, health, security, ornament, comfort and general prosperity of the municipality. He is authorized to call on every male inhabitant of the municipality over eighteen years of age and under fifty-five to aid in enforcing the laws. He shall have the power to remit fines and forfeitures and to vacate and annul penalties of all kinds for offenses against the ordinances of the municipality, by and with the consent of the Board of Aldermen; but a fine or penalty shall not be remitted or annulled unless the reason therefor be entered on the minutes by the clerk, together with and as a part of the order so doing. He shall be a qualified elector of the municipality, and he must have been for two years a resident of the parish.

QUALIFICATION, ETC., OF ALDERMEN.

Sec. 21. (As amended by Act 139, 1906, p. 239.) Be it further enacted, etc., That the qualifications of the aldermen shall be the same as are prescribed for the Mayor and in addition, those elected by and from wards must be residents of their respective wards, and no member of the Board of Aldermen shall hold any other office or employment under the municipal government while he is a member of said board, except as is provided for in Sections 19 and 23 of this Act, and no member of the Board of Aldermen, or any other officer of the corporation, shall be directly or indirectly interested in any work, business or contract the expense or price or consideration of which is to be paid from the treasury or municipality, nor be surety for any person having a contract, work or business with the municipality, for the performance of which security may be required, nor be surety for any officer or employe.

MEETINGS.

Sec. 22. Be it further enacted, etc., That the mayor and board of aldermen shall hold regular meetings on the first Tuesday in each month at such place and hour as may be fixed by the ordinance. The first meeting after this act becomes operative may be held and called at such time and place and in such manner as was authorized by law theretofore in force. The mayor or any other alderman may, by written notice, call a special meeting of the mayor and board of aldermen for the transaction of important business. The notice must state the time of meeting and distinctively specify the subject matter of business to be acted upon; it must be signed by the officer or officers calling the meeting, and must be served by the marshal or any policeman, on the members of the board including the mayor, who have not signed it, and who can be found personally, at least three hours before the time fixed for the meeting; said notice with the endorsement of its service, shall be entered on the minutes of the special meeting, and business not specified therein shall not be transacted at the meeting. But a member of the board shall not receive pay for attending a special meeting. In all cases it shall require a majority of the aldermen elected to transact business.

ELECTION OF OFFICERS BY ALDERMEN.

Sec. 23. (As amended by Act 306, 1908, p. 466.) Be it further enacted, etc., That at the first regular meeting of the board of aldermen succeeding each regular municipal election, they shall elect a clerk, a tax collector and all other officers as may be necessary, whose election is not provided for in Section 19. The clerk or tax collector shall execute a bond to the municipality, in such penalty, with such sureties and conditions as may be prescribed by ordinance and shall hold their offices for two years or until their successors shall be elected and qualified. The Board of Aldermen may annually appoint an attorney at law for the municipality, prescribe his duties and fix his compensation, or it may employ counsel to represent the interest of the municipality, should occasion require.

DUTIES OF CLERK.

Sec. 24. Be it further enacted, etc., That it shall be the duty of the clerk to keep a well bound book to be labeled "Municipal Minutes, City of

.....," or "Town of" or "Village of" as the case may be, in which he shall record the proceedings and all order ordinances, and judgments of the mayor and board of aldermen, and to keep the same fully indexed alphabetically, so that all entries on said minutes can be easily found. The clerk shall be the custodian of the municipal seal, and each municipality shall adopt and provide a seal. The clerk shall keep a well-bound book, to be styled "Municipal Docket, City of" or "Town of" or "Village of" as the case may be, upon which he shall enter each claim against the municipality, and each subject matter to be acted upon by the mayor and board of aldermen. After each meeting he shall make up such docket for the next regular meeting. He shall examine the statutes of the State and the ordinances of the municipality to ascertain subject matter required or proper to be acted upon at the following meeting, and shall docket all such matters. He shall keep all such other books and records as may be provided for by ordinance, and shall file in his office and preserve all records and papers appertaining to the business of the municipality. He shall keep a well-bound book to be styled "Tax Record, City (or town, or village) of" in which he shall enter all deeds to individuals, and the list of lands sold to the municipality by the Tax Collector, showing (a) the description of the land, (b) as whose property sold, (c) date of sale, (d) amount of taxes, costs and damages due, and to whom the costs are owing, (e) when redeemed, (f) by whom redeemed, (g) date of redemption, and (h) amount paid therefor.

DUTIES OF MARSHAL.

Sec. 25. Be it further enacted, etc., That the marshal shall be ex-officio a constable. He shall be the chief of police thereof, and shall perform all other duties required of him by ordinance.

DUTIES OF TAX COLLECTOR.

Sec. 26. Be it further enacted, etc., That the tax collector shall collect, account for and pay over all taxes levied by the municipality, and perform all other duties required of him by ordinance, under the same penalties prescribed by law for the collection of State and parish taxes.

DUTIES OF TREASURER.

Sec. 27. Be it further enacted, etc., That the Treasurer shall receive, safely keep, and pay out according to law, all monies belonging to the municipality. He shall keep correct and accurate accounts of all receipts and disbursements, and shall make report, in writing to the mayor, and board of aldermen, at each regular meeting of the finances of the municipality; and shall perform all other duties that may be prescribed by ordinance; and shall pay out money only on the warrant issued by the order of the mayor and board of aldermen.

DUTIES OF STREET COMMISSIONER.

Sec. 28. Be it further enacted, etc., That the street commissioner shall, under the direction of the mayor and board of aldermen, have general control of the streets, alleys, avenues and sidewalks; he shall see that they are always in proper repair; he shall have the same worked, repaired, altered, paved, lighted, sprinkled, and everything else done that ought to be done to keep the same in good repair and condition, and shall perform all other duties that may be required of him by ordinance.

MAYOR'S COURT—JURISDICTION, FEES, ETC.

Sec. 29. (As amended by Act 160, 1910, p. 240.) Be it further enacted, etc., That there shall be a Mayor's Court for each city, town or village, with jurisdiction over all violations of municipal ordinances; and the Mayor shall have power and authority to try all breaches of said ordinances, and to impose fines and imprisonment, or both, provided for the infraction thereof; provided, that in wards containing cities of more than 5,000 inhabitants, there shall be elected by the voters of the ward for a term of four

years, a City Judge, who shall possess at least the qualifications now prescribed by law for Justices of the Peace, with civil jurisdiction as now conferred upon Justices of the Peace and criminal jurisdiction for the trial of cases not punishable by imprisonment at hard labor; and all violations of municipal and parochial ordinances, and the holding of preliminary examinations in all cases where the punishment does not exceed imprisonment at hard labor for a term of five years.

He shall in civil cases receive such fees as are paid to Justices of the Peace, and, for compensation in all other matters, he shall be paid a salary, payable monthly on his own warrant, to be fixed by the municipality and the Police Jury of the Parish in such sum as they may agree upon, and to be divided between them. Said salary shall not be decreased during the term of office of the Judge.

He shall be his own clerk and shall keep a docket record of the proceedings in civil and criminal cases.

In all criminal cases, in prosecutions under the State laws, it shall not be necessary to file an information or indictment against the accused, but the accused shall be prosecuted under an affidavit setting forth such particulars therein as may be necessary to enable him to make a report.

Upon the election of said City Judge, the office or offices of justice of the peace in the ward shall be ipso facto abolished.

In the event of the absence of the City Judge or his inability to act from any cause, the Judge of the District in which said city lies, or the City Judge, in the absence of the District Judge from the Parish, shall appoint some good and competent person to preside as City Judge pro tempore over said Court; provided, that the said City Judge shall have the right to recuse himself or be recused, in any case, in which he is incapacitated, which recusation shall be for the same causes now applicable to District Judges and the said City Judge, in the event of his recusation, shall have the right to appoint any competent person to try the said cause in which he is recused. As compensation for City Judge pro tempore, there shall be deducted from the emoluments of the City Judge-elect all fees in the causes in which said Judge pro tempore presides, and, in the absence or inability of the City Judge, said Judge pro tempore shall receive, in addition the pro rata share of the salary of the City Judge during the period he actually serves, to be deducted from the salary of the City Judge.

For every City Court there shall be a Marshal who shall be elected at the same time as the City Judge, by the voters of the ward, who shall hold his office for a term of four years. His salary shall be fixed by the Police Jury and the Board of Aldermen, payable monthly on his own warrant in such sum and as the said Boards may agree upon, and to be divided between them.

He shall also have the same power as Constable in the Justice of the Peace Courts, and shall receive in civil matters the same compensation as are now or may hereafter be paid to said Constables. Before qualifying, he shall be compelled to furnish a bond in the same amount, and with the same responsibility as now are or may hereafter be attached to constables of Justice of the Peace Courts.

In the event of the Marshal's absence or inability to act for any cause, any duly qualified deputy sheriff, who may be acceptable to the City Judge, can act in his place and stead. The city within which said City Court is located shall provide a suitable place for holding said court.

DOCKET OF MAYOR'S COURT.

Sec. 30. Be it further enacted, etc., That the mayor shall keep a regular docket, on which he shall enter the causes arising under the ordinances and to be tried by him and he shall keep a perfect record of all cases tried; he may hold his court at any time. The marshal shall attend the court and serve its process and act as its executive officer.

EXPENDITURES OF MUNICIPALITY.

Sec. 31. Be it further enacted, etc., That all expenditures of money for any purpose whatever, shall be in pursuance of a specific appropriation

made by order, and in no other manner. Every warrant drawn on the Treasury shall express on its face to whom issued and for what purpose allowed; and the ordinance authorizing its issue shall be cited by minute book and page, in or upon it.

MUNICIPAL BUILDING.

Sec. 32. Be it further enacted, etc., That the mayor and board of aldermen of every city, town, or village, not already provided therewith, may cause to be erected a suitable, convenient and creditable municipal building for the offices and court of the municipality, for the meetings of the board, and such other purposes, including public meetings of the citizens, as may be designated by ordinance.

STYLE AND PUBLICATION OF ORDINANCES.

Sec. 33. Be it further enacted, etc., That the style of all ordinances shall be: "Be it ordained by the mayor and board of aldermen of the City (town or village, as the case may be,) of ———," and all ordinances and allowances shall, as soon as practicable, after they are passed, be published in some newspaper of the municipality, or, if there be no such newspaper, by posting at three or more public places within the corporate limits, for three weeks; and ordinances shall not be enforced, unless for cause, the contrary be ordered, for one month after their passage. All ordinances shall be read and considered by sections at a public meeting of the mayor and board of aldermen, and the vote on their final passage shall be taken by "yeas" and "nays," which shall be entered on the minutes by the clerk; and a vote shall never be taken on an ordinance not previously reduced to writing. An ordinance shall not contain more than one subject, which shall be clearly expressed in its title; and an ordinance shall not be amended or revised unless the new ordinance contain the entire ordinance revised, or the section or sections as amended, and the original shall thereby be repealed. The clerk shall keep a well-bound book to be styled "Ordinances, City (or town, or village) of ———," in which he shall enter at length in a plain and distinct handwriting, every ordinance in force at the time this law becomes operative, and which shall remain in force sixty days thereafter, and every ordinance thereafter enacted immediately after its passage; and he shall append to each a note stating the date of its passage and cite therein the book and page of the minutes containing the record of its passage. The ordinances to be so recorded are those which are in their nature laws of the municipalities, and not mere orders or decrees temporary in their nature. The clerk shall keep said book accurately indexed alphabetically. The mayor and board of aldermen may from time to time authorize the revision of the ordinances and their publication in pamphlet or book form; and they may cause to be published in connection therewith the laws relating to municipalities with such annotations of Supreme Court decisions thereon as they shall deem advisable. The whole may be preceded with an historical sketch of the city, town or village.

Note. The failure to inscribe an ordinance in the "Ordinance Book" does not make it invalid. The provision of the law that ordinances be so inscribed is merely directory. *Town of Crowley vs. Rucker* 107 L. 213. Publication of an ordinance cannot be shown by oral testimony, it is not the best evidence obtainable. Municipal courts may take judicial cognizance of ordinances of the municipality, it is otherwise with the courts of the State. *Pucheu vs. Jennings*, 107 L. 415. (The case was remanded for the production of the newspaper showing the publication), a municipal ordinance which has not been promulgated as required by law is void. *Town of Slidell vs. Levy*, 128 L. 809. An ordinance adopted two days before its alleged violation and which has not been published nor posted in public places has not acquired the force of law, although the ordinance provides it shall go into effect from and after its passage. *Town of Winnfield vs. Grisby*, 126 L. 929.

Near beer containing less than two per cent of alcohol is not a malt or alcoholic liquor within Const. Art. 229, and a license tax for its sale cannot be adopted by a resolution of the council adopted by a viva voce vote. *Village of Marthaville vs. Chambers*, 135 L. 767.

A municipal ordinance is not legally adopted, where the minutes of the meeting which passed it read, "upon motion and second ordinance providing for * * * was read and adopted by Section." *Town of De Ridder vs. Head*, 139 L. 840; *Village of Elton vs. Britterell*, 142 L. 1025; but where the minutes recite "Ordinance No. 137 was adopted by the following vote on this Sept 7, 1915, ayes; nays, none"

the presumption is that the ordinance was properly enacted. *Town of Ruston vs. Lewis*, 140 L. 777.

Act 136, 1898 being later in date than 18 of 1886, known as the Sunday law, controls, and municipalities existing under the Act of 1898, have power and authority to require theaters, including moving picture shows, to be closed on Sundays. *City of Bogalusa vs. Blanchard*, 141 L. 33. The power to penalize gambling games was specially conferred on municipalities by Act 136, 1898. *Baton Rouge* was however not incorporated under the act. *City of Baton Rouge vs. Wels, et al*, 141 L. 99.

Under this section which relates to the subject and title of town ordinances, the word "subject" means "subject matter." The provision reciting that the title of an ordinance shall not contain more than one subject should be given a broad and extended meaning. *Town of Ruston vs. Dewey*, 142 L. 295.

MUNICIPALITIES POWER TO PAVE STREETS, ETC.

Sec. 34. (As amended by Act 131, 1904 p. 295.) Be it further enacted, etc., That the mayor and board of aldermen of all cities incorporated under the provisions of this Act shall have the power to pave, plank, gravel, macadamize, or otherwise improve the streets and alleys or any part thereof, not less than one block, and the sidewalks, or any part thereof, and construct curbing, within their corporate limits, and shall have power to levy and collect special taxes or local assessments on all real estate abutting the streets, alleys, sidewalks, or curbing to be improved or constructed, for the purpose of defraying the costs of such improvements, either in whole or in part, as hereinafter provided.

Note. This section does not repeal Act 10 of 1896 as to the town of Thibodeaux, because that town having less than 5000 inhabitants did not come under the Act of 1896. The town of Thibodeaux has elected to come under the Act of 1898 and its dedication of future revenues to pay part of the contract price for street paving is valid, where existing debts had been refunded and extended and did not together with the payment on the paving contract and the ordinary expenses exceed the estimated excess of revenues over the statutory charges of the year. *Rotte et al vs. Town of Thibodeaux*, 137 L. 210.

PETITION FOR PAVING MUST BE MADE BY PROPERTY HOLDERS.

Sec. 2. (Act 131, 1904.) Be it further enacted etc., That the mayor and board of aldermen shall not order the paving, planking, graveling, macadamizing, or otherwise improving any street, alley, or part thereof, under said Section 3, of Act 136 of 1898 as herein amended and re-enacted, except upon the written petition of a majority of the abutting real estate owners, in number and in value, on the street, alley, or portion thereof, to be so improved; provided, that the words "streets" and "alleys" as herein used, shall not include sidewalks and curbing; and provided, further, that the number of abutting real estate owners shall be determined alone by the conveyance records of the parish in which such city is situated, and the value of the abutting real estate shall be determined alone by the assessment rolls of such city, and when any real estate is not assessed, its value shall not be estimated.

ALDERMEN MAY BY ORDINANCE ORDER PAVING OF SIDEWALK, ETC.

Sec. 3. (Act 131, 1904.) Be it further enacted, etc., That whenever the mayor and board of aldermen of a city desire to pave, or improve, any sidewalk, street, alley, or portion thereof, or construct curbing, as herein provided, it shall prepare plans and specifications of said work to be placed on file in the Clerk's or Engineer's office, and shall adopt an ordinance ordering and describing in general terms the contemplated improvement, and authorizing the clerk to advertise for bids. Said advertisement shall be inserted at least twice in some newspaper published in such city, the first insertion to be not less than ten days prior to the date fixed for the reception of the bids, and shall contain a general description of the contemplated improvement, shall refer to the plans and specifications on file, and shall designate the hour, date and place for the reception and opening of the bids. The mayor and board of aldermen shall let the contract to the lowest responsible bidder who can furnish satisfactory security, but shall have the right to reject all bids.

PROVISION FOR PAYMENT OF COST OF PAVING.

Sec. 4. (Act 131, 1904.) Be it further enacted, etc., That the total costs of paving, planking, or otherwise improving sidewalks and curbing, as herein

provided, shall be paid for by the owners of the real estate abutting upon such sidewalk or curbing on the basis of the respective frontage of the property on the sidewalk or curbing to be paved or improved, by ascertaining the entire expense of said improvement and charging it upon each lot or parcel of real estate in the proportion that its frontage or abutment bears to that of all the abutting lots or parcels of real estate to be improved.

APPORTIONMENT OF COST.

Sec. 5. (Act 131, 1904.) Be it further enacted, etc., That the entire costs, including costs of culverts, headers, filling, engineering, labor, material, etc., of the paving, planking, graveling, macadamizing, or otherwise improving streets, alleys, or any portion thereof, as herein provided, shall be apportioned as follows: (1) The City shall pay in the proportion that the area of the intersection of the streets, or alleys, or portion thereof, to be improved, bears to the total area of such street, alley or portion thereof. (2) The abutting real estate owners shall pay the remainder of the costs according to the front foot rule provided for in Section 5. (3) When a railway occupies a portion of the street or alley, the owner thereof shall pay in proportion that the area of the space occupied by its roadbed bears to the total area of the street, alley, or portion thereof to be improved.

Note. The rule of apportionment for paving is as laid down in Sec. 4 of Act 131, 1904, amending Sec. 34 of the original act. This rule is the total cost of the work, after deduction made of whatever part falls to the city, or to any street railway on the street, must be paid for by the owners of real estate abutting upon the street in the proportion that the frontage of the property so abutting bears to that of all the other property so abutting. So that the property owner pays, not according to the number of square feet of pavement in front of his property, but according the frontage, regardless of whether the street be wider or narrower there than elsewhere." *City of Crowley vs. Police Jury* 138 L. 503. See also rule as to intersections. *Ibid*, p. 506.

ENFORCING PAYMENT.

Sec. 7. (Act 131, 1904.) Be it further enacted, etc., That the amounts assessed in said ordinance shall be due and exigible immediately upon its passage, and, if not paid within ten days after the passage of said ordinance, the city shall have power to proceed by suit against the assessed properties and owners thereof to enforce collection, together with ten per cent of the amount of judgment recovered as attorney's fees, and all delinquent assessments shall bear eight per cent yearly interest.

PAYMENT BY INSTALLMENTS.

Sec. 8. (Act 131, 1904.) Be it further enacted, etc., That the mayor and board of aldermen may, in their discretion, in the ordinance accepting the work and making said assessments, allow all property owners therein assessed, who, within ten days after the passage of said ordinance, make written application therefor and pay in cash twenty per cent of the amount of their indebtedness, to pay the balance of said indebtedness, in four equal annual installments; provided that, as evidence of said deferred payments,

the property owner so applying and depositing said twenty per cent, shall sign and execute four promissory notes, payable to the order of the city, each for twenty per cent of the amount due by him, dated ten days after the passage of said ordinance accepting said work, maturing respectively one, two, three and four years from date, or sooner, at the option of said owner, bearing eight per cent yearly interest from date, and ten per cent attorney's fees in event of suit to enforce collection after maturity, which notes, paraphed by the City Clerk as being "secured by Assessment No. — of local Assessment Ordinance No. —," shall carry with them the lien and privilege above provided and said notes may be transferred by the city, without recourse, to the contractor, at their face value, in payment pro tanto of the work done by him.

Sec. 9. (Act 131, 1904) Be it further enacted, etc., That all ordinances relative to sidewalks and street paving and curb constructions shall be known as "Local Assessment Ordinances" and shall be numbered separately from other ordinances of the City, and all petitions, bids, resolutions, ordinances, and all proceedings of the City Council relative to sidewalk and street improvements shall be copied by the City Clerk in a separate book, and certified excerpts from the same shall be received as evidence.

MUNICIPAL ASSESSMENT, HOW MADE.

Sec. 35. Be it further enacted, etc., That the municipal assessment of property for taxation shall be made by the clerk or tax collector, by copying from the parish assessment rolls that portion thereof which embraces property or persons within the corporate limits; the copy may be made at any time after the assessment rolls are approved, and all changes in the parish assessment thereafter made shall likewise be made in the copy; and the said copy shall be placed in the hands of the municipal tax collector, and be his warrant for the collection of municipal taxes. In all cases where persons or property have escaped taxation for a previous year, the clerk shall assess the same taxation, and his assessment, when approved by the mayor and board of aldermen, on notice to the person, assessed, shall be binding and conclusive, unless appealed from within five days after his approval. The mayor and board of aldermen of a city, town, or village, may, at a regular or special meeting, to be held in September or October in each year, increase or diminish the valuation of property as assessed for taxation. Ten days' notice of the meeting at which such changes are to be made shall be given by posting written notices thereof in five or more public places in the municipality, and in cities the notice shall also be published in a newspaper, if there be one published therein. The mayor and board of aldermen shall levy the municipal taxes at the regular meeting in September of each year, or, in case of failure to do so, at any other regular meeting thereafter. The tax collector shall collect municipal taxes during the time and in the same manner and under the same penalties as the State and parish taxes are collected.

He shall, where not otherwise provided, in all particulars, be governed by the general revenue laws of the State, so far as applicable, in making such collections; but he shall make the reports thereby required to the mayor and board of aldermen, and shall pay over the money collected to the municipal treasurer; and shall receive only such commissions or compensation as may be allowed by ordinance. Sales for the non-payment of municipal taxes shall be made by the tax collector at such place, within the corporate limits as the mayor and board of aldermen may direct. The sale of real estate and the distraint and sale of personal property, shall be made upon the same notice, at the same time, and in the same manner as provided by law for the sale of like property for unpaid State and parish taxes. The deed to the purchasers for lands so sold shall be filed with the municipal clerk, and there remain subject to redemption for the same length of time, and in the same manner as prescribed for the redemption of lands sold for State and parish taxes. Where lands are offered for sale for unpaid municipal taxes, and a person will not bid therefor, the amount

of taxes, damages, and costs due the same shall be struck off to the municipality, and otherwise dealt with as lands are which are sold to the State for delinquent State and parish taxes. The board shall be authorized to pay the State and parish taxes on lands thus acquired by it, and to collect the money thus paid, with the damages and interest allowed individuals in similar cases under the general revenue laws of the State thereon, from the date of such payment, upon the redemption of the lands from the municipal sale. The deeds of the tax collectors for individuals and a list of the lands sold to the municipality, which shall be made as required to be made by the State and parish collector, shall be filed within ten days after the tax sale, with the municipal clerk; and each shall have the same force and effect, and confer the same right, and entitle to the same remedies, as deeds and list made for delinquent taxes by the State and parish tax collector. But such title shall be subject to a title acquired under a sale for State and parish taxes.

After time for redemption has expired, the mayor and board of aldermen may take possession of the lease or sell any lands which it has acquired at tax sale to any person, in any manner that may be prescribed by ordinance.

Note. This section was repealed by Act 170 of 1898 and so much of it as authorizes the mayor and aldermen of a municipality to increase or diminish the valuation of property as assessed for taxation is null and void as in contravention of Const. Art. 225. *McCune et al vs. White*, 137 L. 310.

LIMITATION OF APPROPRIATIONS.

Act 32 of 1902, p. 39.

TITLE.

AN ACT to amend and re-enact Act No. 30 of the General Assembly of 1877, entitled, "An act to limit the appropriations and expenditures of parishes and municipal corporations; to prohibit the issue of warrants by their officers; to permit police juries to make certain contracts, and prescribing certain penalties"; to permit police juries and municipal corporations to make contracts against future revenues within certain restrictions; to permit police juries and municipalities to issue certificates of payment and to provide the effect to be given to such certificates; and to permit municipalities to borrow money in case of public emergency.

EXPENDITURES NOT TO EXCEED ESTIMATED REVENUE.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That no police jury of any parish nor any municipal corporation in this state shall, in any one year, make any appropriation of, approve any claim against or make any expenditure from the annual revenue for that year, which appropriation, approved claim or expenditure shall, separately or together with other appropriations, approved claims or expenditures, be in excess of the estimated revenue of that year.

PURPOSES TO WHICH REVENUES ARE DEDICATED.

Sec. 2. (As amended by Act 128, 1910, p. 199). Be it further enacted, etc., That the revenues of the several parishes and municipal corporations of this state of each year, shall be dedicated as follows: First, all statutory charges shall be paid from the respective funds upon which they are imposed; second, all charges for services rendered annually under time contracts; third, all necessary usual charges provided for by ordinance or resolution. Any excess of revenue above statutory, necessary and usual charges may be applied to the payments of amounts due and unpaid out of the revenues of former years. Police juries and municipal corporations shall also have authority to make, in any year, agreements or contracts dedicating in whole or in part the excess of annual revenues of subsequent years above statutory, necessary and usual charges, provided that no such agreement or contract shall have any longer terms fixed for payment than ten years from the date of the agreement or contract; except to the city of New Orleans, said city of New Orleans, being hereby authorized and em-

Note. By the adoption of Act 32 of 1902, the Act 30 of 1877 ceased to exist. Act 128 of 1910 amended Sec. 2 of the Act of 1902. At the same session of 1910 by Act 270, Sec. 2 of the act of 1902 was again amended; but as the title of Act 270 of 1910 failed to refer to Act 128 of 1910, it could not affect it, and as Act 270 failed to do that, it therefore amended Sec. 2 of the Act of 1902, which having been amended by Act 128 of 1910, had ceased to exist. If Act 270 could be so construed as to affect Act 128 of 1910, it would be in conflict with Const. Art. 31 and 32. *Mouton vs. City of Lafayette*, 130 L. 1064.

On the subject of amending statutes and acts which had been repealed see *State vs. Nelson*, 135 L. 685, on rehearing in which *Mouton vs. Lafayette* is distinguished and the entire subject carefully reviewed by Chief Justice Monroe. See also on the same subject *State vs. Walters*, 135 L. 1070.

CERTIFICATES OF PAYMENTS.

Sec. 3. Be it further enacted, etc., That parishes and municipal corporations shall have authority to issue certificates of payments covering that portion of the cost of public improvements which by existing laws is to be borne by parishes and municipalities under contracts payable out of the revenues of subsequent years as provided for in Section 2 of this act. Such certificates shall bear such rate of interest as may be fixed by the contracts under which they are issued, but said interest shall never exceed five per centum per annum, such certificate shall have no other effect than to furnish prima facie evidence that the contractor is entitled, for work done at the prices fixed by the contracts, to a fixed amount of money, provided all stipulations of the contracts under which such certificates have been issued have been complied with.

BORROWING MONEY TO MEET EMERGENCIES.

Sec. 4. Be it further enacted, etc., That municipalities shall have authority in cases of public emergency, to be determined by the municipalities, to borrow money in sums necessary to meet such emergencies, provided that payment of such sums shall be a fixed charge upon the revenues of the year next following the year in which said sums are borrowed.

WARRANTS NOT DRAWN UNLESS FUNDS IN TREASURY.

Sec. 5. Be it further enacted, etc., That no evidence of indebtedness or warrant for the payment of money shall be issued by any officer of any parish or municipal corporation in this state, except against money actually in the treasury of such parish or municipal corporation; provided, that this section shall not apply to the certificates of payment authorized to be issued under Section 3 of this act or to certificates issued to jurors and witnesses for their services in court.

VIOLATIONS, PENALTIES.

Sec. 6. Be it further enacted, etc., That any officer violating any of the provisions of this act, on conviction, shall be punished by imprisonment or fine, or both, at the discretion of the court; provided, that the fine shall not exceed one thousand dollars or the imprisonment one year.

REPEALING CLAUSE.

Sec. 7. Be it further enacted, etc., That all laws or parts of laws contrary to or in conflict with the provisions of this act be and the same are hereby repealed.

Note. The act is not retrospective. *State ex rel Knollman vs. King*, Judge. 100 L. 790. Debts of the City of New Orleans of former years, can be paid only after

STREET PAVING.

Act 210 of 1914, p. 400.

TITLE.

AN ACT to amend and re-enact Act 241 of 1912, being an Act to amend and re-enact Act 10 of 1896, entitled an Act to empower cities and towns (the city of New Orleans excepted) having a population exceeding ten thousand and all incorporated parish seats, to pave, macadamize or otherwise improve streets and alleys and to levy and collect special taxes and local contributions on real estate abutting the same to defray a part of the cost of such work or improvement.

CITIES WHICH HAVE POWER TO PAVE.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the municipal authorities of any town or city in this State, (the city of New Orleans excepted), in addition to any existing charter provisions, having a population exceeding ten thousand people, and all incorporated parish seats, shall have the power to pave, gravel, macadamize, re-surface, repair or otherwise improve the streets and alleys, or any part thereof, not less than one block, within the corporate limits, and shall have the power to levy and collect special taxes or local assessments on the real estate abutting the street or alley to be improved, for the purpose of defraying a part of the cost of such work, repair, or improvement as hereinafter provided.

PAYMENT THEREFOR—HOW APPORTIONED.

Sec. 2. (As amended by Act 25, 1916, p. 56). Be it further enacted, etc., That the owners of real estate so abutting shall pay two-thirds (2-3) of the entire cost of such work or improvement and the municipality shall pay one-third (1-3) out of its resources; provided, that where a railway bed and track other than one municipally owned, occupies a portion of the street or alley, the owner shall pay in the proportion that the space occupied by its roadbed bears to the total area of the street or alley to be improved, and provided further that in the event such railway bed and track is municipally owned, it shall be responsible only for the cost of extra work made necessary by the presence of the track in the street or alley to be improved, and provided further that in the event the space occupied by the railroad track is paved with a different material, the entire extra cost of such paving shall be borne by the owner thereof.

Upon the petition of property owners, representing more than one-half (1-2) in number and amount of assessed valuation of the property abutting upon any given street or alley or portion thereof, not less than one (1) block to be improved, the governing authority of the municipality may order said street, alley or portion thereof, to be paved, graveled, macadamized, resurfaced, repaired, or otherwise improved as set forth in said petition, and the cost thereof shall be apportioned as follows:

A. In the event a railway bed or track other than one municipally owned, occupies a portion of the street or alley, the owner thereof shall pay of the total cost of the work, the proportion that the area occupied by the roadbed bears to the total area of the street or alley to be improved.

B. The municipal corporation shall pay of the total cost, the proportion that the net area of the intersection bears to the total area of the street or alley to be improved. In the event a municipally owned railway be on the street or alley, it shall pay in addition, only for the cost of the extra work made necessary by the presence of the track in the street or alley to be improved.

C. The abutting property owners shall pay for the balance of the cost of the paving or other improvement as herein provided in proportion to the respective frontages of the properties owned by them.

ORDINANCES—PUBLICATION BIDS, ETC.

Sec. 3. Be it further enacted, etc., That whenever the governing bodies of municipalities herein described shall resolve to pave, gravel, macadamize, re-surface, repair or otherwise improve the streets or alleys or any part thereof not less than one block, they shall pass an ordinance or resolution calling for bids for the work of which notice shall be published at least twice, the last insertion appearing not less than ten days prior to the date of the opening of such bids, in a newspaper published in said city or parish seat and shall let the contract to the lowest responsible bidder who can give satisfactory security; provided, that the municipality shall have the right to reject any and all bids; and after the contract has been completed the council shall provide for an assessment on all real estate abutting the street or alley, and on railroad tracks as aforesaid or portion thereof to be paved or otherwise improved in such manner as to apportion the contract price on the basis of the respective frontage of the real estate so abutting and on the railroad track in the proportion as set forth in Section 2 hereof. Such assessment shall be levied by ordinance or resolution and the same shall be recorded in the mortgage record of the parish in which the municipality is located not less than ten days nor more than twenty days after the completion and acceptance of the work by the municipality. Instead of letting the contract to the lowest bidder for the paving of a street, alley or portion thereof the municipality may purchase the material and have the work done, in which case the cost of the work when completed, shall be paid for and assessed in the same manner as provided for in Section 2 of this Act.

ASSESSMENTS AGAINST PROPERTY WHEN DUE.

Sec. 4. Be it further enacted, etc., That the sum assessed against said real estate and railroad track and roadbed shall be due and collectible within ten days after the completion of the work and its acceptance by the municipality, and if not paid within ten days the municipal authorities shall have the power to proceed by suit against the said owners and said real estate and railroad company and track to collect the delinquent assessment and said municipality and its transferees shall have a special privilege on said property or properties to secure the payment of the sum assessed against it with eight per cent per annum interest thereon from the expiration of said ten days until paid which privilege shall be a first privilege over and above all other claims except taxes, and shall affect third persons from the date of registry of the assesment in the mortgage book of the parish in which said real estate is situated. The governing bodies of municipalities instead of enforcing the said assessment within the time above fixed, may upon the written application by the property owner and payment by him of twenty per cent of the amount due, extend the payment of the balance of said indebtedness to make same payable in four equal annual installments, provided, that, as an evidence of such deferred payments, the property owner so applying and depositing said twenty per cent, shall sign and execute four promissory notes payable to the order of the municipality, each for twenty per cent of the amount due by him, dated ten days after the passage of the ordinance accepting the work, maturing respectively one, two, three and four years from date, or sooner, at the option of the owner of the property, bearing eight per cent yearly interest from date until paid and ten per cent additional as attorney's fees if placed in the hands of an attorney for collection after maturity, which said notes when paraphed by the city clerk or secretary as being secured by assessment covering said work shall carry with them the lien and privilege above provided, and may be transferred by the municipality without recourse to the contractor at their face value in payment pro tanto for the work done by him, carrying with them the lien and privilege above provided.

WHEN ACT BECOMES EFFECTIVE.

Sec. 5. Be it further enacted, etc., That this act shall take effect from and after its passage and promulgation according to law.

Note. Act 187, 1898, p. 432, is on the same subject. The Act of 1914, has no repealing clause, but has so clearly superseded the Acts of 1898, that it is not printed in this edition.

See Act 31, E. S. 1915, printed at p. 1307.

Where the property owners proceeding under this act, take the initiative for the paving of a street, designating the kind of pavement to be laid, and the city authorities let the contract therefor, and the work is done according to specifications, etc., the property holders are liable for the cost although the pavement proves not suitable for the purpose. Neither the property holders, nor their mortgage creditors, have any standing to contest the enforcement of the lien. *City of Shreveport vs. Hester*, 139 L. 495.

PAYMENT FOR WORK, HOW APPORTIONED.

Sec. 4. Be it further enacted, etc., that, upon the final and satisfactory completion of the work, the municipal authorities shall accept it by ordinance, and provide for the assessment of all abutting real estate and railroad tracks and roadbeds in the amounts due by the owners thereof, according to the rule of apportionment stipulated in this act. MAY GRANT RAILROADS RIGHT TO USE STREETS, ETC.

Act 79 of 1896, p. 113.

TITLE.

AN ACT to authorize cities and towns of this state of less than 25,000 inhabitants, to grant to railroads and other corporations subject to conditions, the right to occupy and use the streets and alleys therein; provided that an election held, the majority of the property taxpayers voting at such election in said town or city shall consent thereto.

Note. The grant by a municipality to a railroad company to use a street, does not relieve the railroad company from the payment of such damages as all owners of property abutting on the street may have suffered through diminution in the value of his property. *Lewis vs. Colorado So. Be it enacted by the General Assembly of the State of Louisiana, that the cities and towns of this State (having a population of less than 75,000 persons) shall have authority to grant to railroads and other corporations the right to use and occupy the streets and alleys therein and to obstruct same, or part thereof, with buildings necessary to and used by said corporations; provided that prior to said grant a majority of the property tax payers in said city or town voting at an election to be called, for such purpose shall approve said proposed grant; provided further that in making said grant, the said cities and towns through their councils shall impose such conditions and make such charges as they may deem fit.

Note. This act does not contain a repealing clause and does not repeal Sec. 1, par. 7, Act 111, 1912. Authority to grant the use of the streets to erect electric light poles, etc., may be given without submitting the issue to a vote of the property holders. *Mandeville T. & L. Co. vs. Town*.

Note. Tax payers as such have no standing in court to contest an ordinance of the city council on the ground that it violates the vested right of a corporation in which they have no legal interest, nor have they any standing as property owners unless and until danger of injury to their own property becomes actual and real. Nothing in Act 111, 1900, affects the legal situation. *Morris vs. Municipal Gas Co.*, 121 L. 1016.

Sec. 16. Be it further enacted, etc., That it shall be unlawful to use a dredge, or any means or implements other than hand tongs, in removing oysters from the natural oyster reefs of this State except in bodies of water over a depth of ten feet, or where in the opinion of the Conservation Commission of Louisiana the body of water regardless of its depth, is declared to be too open and exposed to be fished with hand tongs, in which event the Commission shall be authorized to issue a license for the use of scrapers or dredges, provided the applicant shall pay an annual license fee of twenty-five dollars (\$25.00) for each sailing vessel using scrapers or dredges, and of fifty dollars (\$50.00) for each power vessel in addition to other licenses, and shall give bond in favor of the Commission with good security in the sum of one thousand dollars (\$1,000.00) conditioned that said implements shall not be used on the natural reefs contrary to law. The Commission is granted the power to increase or diminish the depth of water in which it shall be lawful to use scrapers or other implements in the fishing of oysters from the natural reefs of the State, provided that it shall not decrease the depth of water in which dredging may be permitted in any water other than in the parish of St. Bernard; or the Commission may suspend the fishing of oysters altogether from natural reefs when said reefs are threatened with depletion.

Lack of possession of such document on a vessel or a refusal to show same, shall be prima facie evidence that such paper does not exist.

Note. The courts have no authority to construe this section so as to make it unlawful for any person knowingly or wilfully to take oysters growing naturally on a natural oyster reef. To be guilty, the accused must have taken the oysters, etc., from

a reef "bedded or planted by a lessee under this act." *State vs. Guidry*, 142 L. 422. The failure to prove that the oysters taken by the defendant had been bedded or planted by a lessee constitutes reversible error. *State vs. Authement*, 139 L. 1075, quoted with approval in 142 L. 437. (The subject is very fully considered). See also *State vs. Guidry*, 142 L. 441.

of Louisiana after deducting costs, fees, and commission prescribed by law in judicial sales.

Should the owner of such seized vessel be able to prove to the satisfaction of the court before whom the case is tried, that the captain and crew of said vessel had agreed in writing to comply with the provisions of Section 18 of this Act in every particular and that it was not the intention of said owner to permit or allow any infraction of said provisions, then and in that event, the owner of said vessel shall be considered blameless, the vessel shall be released upon payment of all costs, and the captain and crew of said vessel only shall be adjudged guilty of violating the provisions of said section, the penalty of which shall be imprisonment in the parish jail for not less than ninety (90) days, nor more than two (2) years, at the discretion of the court.

The cargo of the seized vessel, if perishable, shall at once be sold to the best advantage by the sheriff or by the seizing officer, and the proceeds disposed of in the same manner as the proceeds from the sale of the vessel. Pending this proceeding such vessel may be released upon the owner furnishing bond with good and solvent security in double the value of the vessel and which bond shall remain in the lien and stead of said vessel and cargo in the hands of the sheriff to insure its being returned in good condition to the sheriff and have the same subjected to the judgment of the court, or to pay the amount of the judgment and costs rendered in the suit.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That whenever any school land or lands, or school section or sections, are located within the boundaries of any game, fish or bird preserve or propagating ground or nesting place, whether public or private, established or designated, or which may be hereafter established or designated as such by the Conservation Commission, by and with the consent of the Parish Board of School Directors, or under its authority, or whenever any school land or lands, or school section or sections are immediately contiguous or adjoining any such game, fish or bird preserve or propagating ground or nesting place, it shall be unlawful for any person to kill, snare or pursue with intent to take or kill by any means, or to have in possession any wild animal or bird from or upon such school land or lands, or school section or sections.

The killing or pursuing with intent to kill, snare or take, or the having in possession of each wild animal or bird on any such school land or lands, or school section or sections, shall constitute a separate offense.

This section shall not prohibit the Conservation Commission from killing or having killed, any wolves, wildcats or other obnoxious animals on any such school land or lands, or school section or sections, or from having caught or ensnared any wild animal or birds on such school land or lands, or school section or sections, for the purpose of propagation, restocking, educational purposes or scientific investigation.

PENALTIES.

Sec. 2. Be it further enacted, etc., That a person who violates any provision of this Act shall be guilty of a misdemeanor, and shall be subject to a fine of not less than five dollars (\$5.00), nor more than one hundred dollars (\$100.00), with costs of suit, for each offense or trespass, to be imposed by any court of competent jurisdiction.

REPEALING CLAUSE.

Sec. 3. Be it further enacted, etc., That all laws or parts of laws inconsistent with or contrary to this Act, be and the same are hereby repealed.

[R. S., Secs. 2474, 2475, 2476.] "Neat Cattle and Hogs" were repealed by Act 80, 1918. The sections are not repealed by numbers, Act 80, 1918, repeals Act 236, 1855, on which these sections are based.

NEGOTIABLE RECEIPTS AND BILLS OF LADING.*

[Receipts Not to Issue Without Actual Deposit of Goods.]

[R. S., Sec. 2477.] No cotton press owner or lessee, wharfinger, or other person shall issue any receipt or other voucher for any goods, wares, merchandise, grain, flour, or other produce or commodity to any person or persons purporting to be the holder, owner or owners thereof, unless such goods, wares, merchandise, grain or other produce or commodity shall have been actually received into store or upon the premises of such cotton press, wharfinger or other person, and shall be in the store or on the premises aforesaid, or under his control at the time of issuing such receipt.

[Same Subject—Receipts as Collateral Security.]

[R. S., Sec. 2478.] No cotton press owner or lessee, wharfinger or other person shall issue any receipt or other voucher upon any goods, wares, merchandise, grain, flour or other produce or commodity to any person or persons for money loaned or other indebtedness, unless such goods, wares, merchandise, grain, flour or other produce or commodity shall be at the time of issuing such receipt in the custody of such cotton press owner or lessee, wharfinger or other person, and shall be in store, or upon the premises and under his control, at the time of issuing such receipt or other voucher as aforesaid.

[Duplicate Receipt Shall Not Issue While Original Outstanding.]

[R. S., Sec. 2479.] No cotton press owner or lessee, wharfinger, or other person shall issue any second or duplicate receipt for any goods, wares, merchandise, grain, flour or other produce or commodity, while any former receipt for any such goods, wares, merchandise, grain, flour, or other produce or commodity as aforesaid, or any part thereof, shall be outstanding and uncanceled without writing across the face of the same, "Duplicate."

[No Delivery Without Written Release.]

[R. S., Sec. 2480.] No cotton press, wharfinger or other person shall sell or incumber, ship, transfer or in any manner remove or permit to be shipped, transferred or removed beyond his control any goods, wares, merchandise, grain, flour, or other

*Note. This title is retained, because the official numbering of the Sections of the Revised Statutes compels it. Other acts on the same subject are printed under titles, "Bills and Notes." "Public Warehouses," under the last title is printed Act 72, 1876. "Pledge of Receipts as Collateral Security." Act 156, 1888, "Public Warehouses." Act 221, 1908, "Warehouse Receipts Act."

competent jurisdiction, whether such person or persons shall have been convicted of fraud as aforesaid under this act or not.

[Statutes Made Applicable to Bills of Lading.]

[R. S., Sec. 2484.] All the provisions of this act shall apply and be applicable to bills of lading and to all persons or corporations, their agents or servants that shall or may issue bills of lading of any kind or description the same as if the words "forwarded and bills of lading" were mentioned in every section of this act.

[Receipts, Etc., Made Negotiable by Indorsement.]

[R. S., Sec. 2485.] All receipts, bills of lading, vouchers or other documents issued by any cotton press, wharfinger, forwarder or other person, boat, vessel, railroad, transportation or transfer company, as by this act provided, shall be negotiable by indorsement in blank or by special indorsement, in the same manner and to the same extent as bills of exchange and promissory notes now are.

Note. Only genuine Bills of Lading are negotiable. Bills issued for merchandise not actually laden are not genuine, and so not negotiable and not binding on the carrier, even in the hands of a third innocent holder for value. *Henderson vs. L. & N. Railway Co.*, 116 L. 1047, citing *Hunt & Macauley vs. Railway Co.*, 29 A. 446.

Bills of Lading are negotiable in the same manner and to the same extent as Bills and Notes. *Hardie & Co. vs. S. & P. Railway Co.*, 118 L. 258.

A Bill of Lading is a negotiable instrument and as such may be transferred for an antecedent or pre-existing debt, or for any consideration sufficient to support a simple contract. It may be pledged by endorsement and delivery to secure any lawful obligation. *Scheurman vs. Monarch Fruit Co.*, 123 L. 55. (This is the latest case in our jurisprudence on the subject, and the earlier cases are considered in the cases here given in the notes. It should be noted that in *Henderson vs. L. & N. Ry. Co.*, 116 L. 1047, the full negotiability is restricted to "genuine" Bills of Lading, i. e.—in that case—Bills of Lading for goods actually delivered to the carrier. In *Shaw vs. Railway Co.*, 101 U. S. 557, the court refused to give Bills of Lading the full negotiability of bills and notes, etc. As this last case is mentioned in the *Hardie* case, which is followed by the *Scheurman* case in the 123 L. 55, the *Henderson* case would appear to be overruled, all these cases were however, decided before the enactment of Act 94, 1912—The Uniform Bill of Lading Act, printed at p. 1447.

[Evasions Not Permitted.]

[R. S., Sec. 2486.] No printed or written conditions or clauses inserted in or attached to any cotton press receipt on or bill of lading, which in any way limits the liability imposed by this act shall have any effect or force whatsoever.

[Removal of Property by Legal Process.]

[R. S., Sec. 2487.] So much of the preceding sections of this act as forbids the delivery of property except on surrender and cancellation of the original receipt or bill of lading or the indorsement of such delivery thereon in case of partial delivery, shall not apply to property, replevied or removed by operation of law.

[R. S., Sec. 2488.] Penalty for fraudulently disposing by pledge or otherwise of Receipts. R. S., Sec. 824, title "Criminal Law."

[R. S., Sec. 2489.] Purchasing Goods, etc., with intent to defraud or canceling them, etc., declared a felony. R. S., Sec. 825, title "Criminal Law."

[R. S., Sec. 2490.] How pledge shall be made, etc. This section was originally Sec. 2, Art. 287, 1855, p. 348. The same act was verbatim again enacted by Act 138, 1866, p. 266, and section of both acts became R. S., Sec. 2490, and the whole act was embodied in R. C. C., Art. 3158, which was amended by Act 157, 1890, p. 239.

UNIFORM BILLS OF LADING ACT.

Act 94 of 1912, p. 101.

TITLE.

AN ACT to make uniform the Law of Bills of Lading.

Be it enacted by the General Assembly of the State of Louisiana; That the Law of Bills of Lading in this State shall hereafter be as follows; to-wit:

PART 1.

The Issue of Bills of Lading.

BILLS GOVERNED BY THIS ACT.

Section 1. Bills of Lading issued by any common carrier shall be governed by this Act.

FORM OF BILLS; ESSENTIAL TERMS.

Sec. 2. Every bill must embody within its written or printed terms:

- (a) The date of its issue.
- (b) The name of the person from whom the goods have been received.
- (c) The place where the goods have been received,
- (d) The place to which the goods are to be transported,
- (e) A statement whether the goods received will be delivered to a specified person, or to the order of a specified person,
- (f) A description of the goods or of the packages containing them which may, however, be in such general terms as are referred to in Section 23, and
- (g) The signature of the carrier.

A negotiable bill shall have the words "order of" printed thereon immediately before the name of the person whose order the goods received are deliverable.

A carrier shall be liable to any person injured thereby for the damage caused by the omission from a negotiable bill of any of the provisions required in this section.

FORM OF BILLS—WHAT TERMS MAY BE INSERTED.

Sec. 3. A carrier may insert in a bill, issued by him, any other terms and conditions, provided that such terms and conditions shall not—

- (a) Be contrary to law or public policy, or
- (b) In any wise impair his obligation to exercise at least that degree of care in the transportation and safe-keeping of the goods entrusted to him which a reasonably careful man would exercise in regard to similar goods of his own.

DEFINITIONS OF NON-NEGOTIABLE OR STRAIGHT BILL.

Sec. 4. A bill in which it is stated that the goods are consigned or destined to a specified person, is a non-negotiable or straight bill.

DEFINITION OF NEGOTIABLE OR ORDER BILL.

Sec. 5. A bill in which it is stated that the goods are consigned or destined to the order of any person named in such bill, is a negotiable or order bill.

Any provision in such a bill that is non-negotiable shall not affect its negotiability within the meaning of this Act.

NEGOTIABLE BILLS MUST NOT BE ISSUED IN SETS.

Sec. 6. Negotiable bills issued in this State for the transportation of goods to any place in the United States on the continent of North America, except Alaska, shall not be issued in parts or sets.

If so issued the carrier issuing them shall be liable for failure to deliver the goods described therein to any one who purchases a part for value in good faith, even though the purchase be after the delivery of the goods by the carrier to a holder of one of the other parts.

DUPLICATE NEGOTIABLE BILLS MUST BE SO MARKED.

Sec. 7. When more than one negotiable bill is issued in this State for the same goods to be transported to any place in the United States on the continent of North America, except Alaska, the word "duplicate" or some other word or words indicating that the document is not an original bill shall be placed plainly upon the face of every such bill, except the one first issued. A carrier shall be liable for the damage caused by his failure so to do any one who has purchased the bill for value in good faith as an original, even though the purchase be after the delivery of the goods by the carrier to the holder of the original bill.

NON-NEGOTIABLE BILLS SHALL BE SO MARKED.

Sec. 8. A non-negotiable bill shall have placed plainly upon its face by the carrier issuing it "non-negotiable" or "not negotiable."

This section shall not apply, however, to memoranda or acknowledgments of an informal character.

INSERTION OF NAME OF PERSON TO BE NOTIFIED.

Sec. 9. The insertion in a negotiable bill of the name of a person to be notified of the arrival of the goods shall not limit the negotiability of the bill, or constitute notice to a purchaser thereof of any rights or equities of such person in the goods.

ACCEPTANCE OF BILL INDICATES ASSENT TO ITS TERMS.

Sec. 10. Except as otherwise provided in this Act, where a consignor receives a bill and makes no objections to its terms or conditions at the time he receives it, neither the consignor nor any person who accepts delivery of the goods, nor any person who seeks to enforce any provision of the bill, shall be allowed to deny that he is bound by such terms and conditions, as far as they are not contrary to law or public policy.

PART 2.

Obligations and rights of carriers upon their Bills of Lading.

OBLIGATION OF CARRIER TO DELIVER.

Sec. 11. A carrier in the absence of some lawful excuse, is bound to deliver goods upon a demand made either by the consignee named in the bill for the goods, or if the bill is negotiable, by the holder thereof, if such demand is accompanied by—

(a) An offer in good faith to satisfy the carrier's lawful lien upon the goods

ALTERED BILLS.

Sec. 16. Any alteration, addition or erasure in a bill after its issue without authority from the carrier issuing the same either in writing or noted on the bill shall be void, whatever be the nature and purpose of the change, and the bill shall be enforceable according to its original tenor.

LOST OR DESTROYED BILLS.

Sec. 17. Where a negotiable bill had been lost or destroyed, a court of competent jurisdiction may order the delivery of the goods upon satisfactory proof of such loss or destruction and upon the giving of a bond with sufficient surety to be approved by the court to protect the carrier or any person injured by such delivery from any liability or loss, incurred by reason of the original bill remaining outstanding. The court may also in its discretion order the payment of the carrier's reasonable costs and counsel fees.

The delivery of the goods under an order of the court as provided in this section, shall not relieve the carrier from liability to a person to whom the negotiable bill has been or shall be negotiated for value without notice of the proceedings or of the delivery of the goods.

EFFECT OF DUPLICATE BILL.

Sec. 18. A bill upon the face of which the word "duplicate" or some other word or words indicating that the document is not an original bill is placed plainly shall impose upon the carrier issuing the same the liability of one who represents and warrants that such bill is an accurate copy of an original bill properly issued, but no other liability.

CARRIER CANNOT SET UP TITLE IN HIMSELF.

Sec. 19. No title to goods or right to their possession, asserted by a carrier for his own benefit, shall excuse him from liability for refusing to deliver the goods according to the terms of a bill issued for them, unless such title or right is derived directly or indirectly from a transfer made by the consignor or consignee after the shipment, or from the carrier's lien.

INTERPLEADER OF ADVERSE CLAIMANTS.

Sec. 20. If more than one person claims the title or possession of goods, the carrier may require all known claimants to interplead, either as a defence to an action brought against him for non-delivery of the goods, as an original suit, whichever is appropriate.

CARRIER HAS REASONABLE TIME TO DETERMINE VALIDITY OF CLAIMS.

Sec. 21. If some one other than the consignee or person in possession of the bill, has a claim to the title or possession of the goods, and the carrier has information of such claim, the carrier shall be excused from liability for refusing to deliver the goods either to the consignee or person in possession of the bill, or to the adverse claimant, until the carrier has had a reasonable time to ascertain the validity of the adverse claim or to bring legal proceedings to compel all claimants to interplead.

ADVERSE TITLE IS NO DEFENCE, EXCEPT AS ABOVE PROVIDED.

Sec. 22. Except as provided in the two preceding sections and in Section 12, no right or title of a third person unless enforced by legal process shall be a defence to an action brought by the consignee of a non-negotiable bill or by the holder of a negotiable bill against the carrier for failure to deliver the goods on demand.

LIABILITY FOR NON-RECEIPT OR MISDESCRIPTION OF GOODS.

Sec. 23. If a bill of lading has been issued by a carrier or on his behalf by an agent or employee the scope of whose actual or apparent authority includes the issuing of bills of lading, the carrier shall be liable to

- (a) The consignee named in the non-negotiable bill, or
- (b) The holder of a negotiable bill.

Who has given value in good faith relying upon the description therein of the goods, for damages caused by the non-receipt by the carrier or a con-

necting carrier of all or part of the goods or their failure to correspond with the description thereof in the bill at the time of its issue.

If, however, the goods are described in a bill merely by a statement of marks or labels upon them or upon packages containing them or by a statement that the goods are said to be goods of a certain kind or quantity, or in a certain condition, or it is stated in the bill that packages are said to contain goods of a certain kind or quantity or in a certain condition, or that the contents or condition of the contents of packages are unknown, or words of like purport are contained in the bill, such statements, if true, shall not make liable the carrier issuing the bill, although the goods are not of the kind or quantity or in the condition which the marks or labels upon them indicate, or of the kind or quantity or in the condition they were said to be by the consignor. The carrier may, also by inserting in the bill the words "shipper's load and count" or other words of like purport indicate that the goods were loaded by the shipper and the description of them made by him; and if such statement be true, the carrier shall not be liable for damages caused by the improper loading or by the non-receipt or by the misdescription of the goods described in the bill.

ATTACHMENT OR LEVY UPON GOODS FOR WHICH A NEGOTIABLE BILL HAS BEEN ISSUED.

Sec. 24. If the goods are delivered to a carrier by the owner or by a person whose act in conveying the title to them to a purchaser for value in good faith would bind the owner and a negotiable bill is issued for them, they cannot thereafter, while in the possession of the carrier, be attached by garnishment or otherwise, or be levied upon under an execution, unless the bill be first surrendered to the carrier or its negotiation enjoined. The carrier shall in no such case be compelled to deliver the actual possession of the goods until the bill is surrendered to him or impounded by the court.

CREDITOR'S REMEDIES TO REACH NEGOTIABLE BILLS.

Sec. 25. A creditor whose debtor is the owner of a negotiable bill shall be entitled to such aid from courts of appropriate jurisdiction by injunction and otherwise in attaching such bill, or in satisfying the claim by means thereof as is allowed at law or in equity in regard to property which can not be readily attached or levied upon by ordinary legal process.

NEGOTIABLE BILL MUST STATE CHARGES FOR WHICH LIEN IS CLAIMED.

Sec. 26. If a negotiable bill is issued the carrier shall have no lien on the goods therein mentioned, except for charges on those goods for freight, storage, demurrage and terminal charges, and expenses necessary for the preservation of the goods or incident to their transportation subsequent to the date of the bill, unless the bill expressly enumerates other charges for which a lien is claimed. In such case there shall be, also, a lien for the charges enumerated so far as they are allowed by law and the contract between the consignor and the carrier.

EFFECT OF SALE.

Sec. 27. After the goods have been sold to satisfy a carrier's lien, or because they have not been claimed, or because they are perishable or hazardous, the carrier shall not thereafter be liable for failure to deliver the goods to the consignee or owner of the goods, or to a holder of the bill given for the goods when they were shipped, even if such bill be negotiable.

PART 3.

Negotiation and Transfer of Bills.

NEGOTIATION OF NEGOTIABLE BILLS BY DELIVERY.

Sec. 28. A negotiable bill may be negotiated by delivery where, by the terms of the bill, the carrier undertakes to deliver to the order of a specified person, and such person or a subsequent indorsee of the bill has indorsed it in blank.

NEGOTIATION OF NEGOTIABLE BILLS BY ENDORSEMENT.

Sec. 29. A negotiable bill may be negotiated by the endorsement of the person to whose order the goods are deliverable by the tenor of the bill. Such endorsement may be in blank or to a specified person. If indorsed to a specified person, it may be negotiated again by the indorsement of such person in blank or to another specified person. Subsequent negotiation may be made in like manner.

TRANSFER OF BILLS.

Sec. 30. A bill may be transferred by the holder by delivery, accompanied with an agreement, express or implied, to transfer the title to the bill or to the goods represented thereby.

A non-negotiable bill cannot be negotiated, and the endorsement of such bill gives the transferee no additional right.

WHO MAY NEGOTIATE A BILL.

Sec. 31. A negotiable bill may be negotiated by any person in possession of the same, however such possession may have been acquired if, by the terms of the bill, the carrier undertakes to deliver the goods to the order of such person, or if at the time of negotiation the bill is in such form that it may be negotiated by delivery.

RIGHT OF PERSON TO WHOM A BILL HAS BEEN NEGOTIATED.

Sec. 32. A person to whom a negotiable bill has been duly negotiated acquires thereby—

(a) Such title to the goods as the person negotiating the bill to him had or had ability to convey to a purchaser in good faith for value, and also such title to the goods as the consignee and consignor had or had power to convey to a purchaser in good faith for value, and

(b) The direct obligation of the carrier to hold possession of the goods for him according to the terms of the bill as fully as if the carrier had contracted directly with him.

RIGHTS OF PERSON TO WHOM A BILL HAS BEEN TRANSFERRED.

Sec. 33. A person to whom a bill has been transferred but not negotiated acquires thereby as against the transferor, the title of the goods, subject to the terms of any agreement with the transferor. If the bill is non-negotiable, such person also acquires the right to notify the carrier of the transfer to him of such bill, and thereby to become the direct obligee of whatever obligations the carrier owed to the transferor of the bill immediately before the notification. Prior to the notification of the carrier by the transferor or transferee of a non-negotiable bill, the title of the transferee to the goods and the right to acquire the obligation of the carrier may be defeated by garnishment or by attachment or execution upon the goods by a creditor of the transferor, or by a notification to the carrier by the transferor or a subsequent purchaser from the transferor of a subsequent sale of the goods by the transferor.

A carrier has not received notification within the meaning of this section unless an officer or agent of the carrier, the actual or apparent scope of whose duties includes action upon such notification, has been notified; and no notification shall be effective until the officer or agent to whom it is given has had time with the exercise of reasonable diligence to communicate with the agent or agents having actual possession or control of the goods.

TRANSFER OF NEGOTIABLE BILL WITHOUT INDORSEMENT.

Sec. 34. Where a negotiable bill is transferred for value by delivery, and the endorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to endorse the bill, unless a contrary intention appears. The negotiation shall take effect as of the time when the endorsement is actually made. This obligation may be specifically enforced.

WARRANTIES ON SALE OF BILL.

Sec. 35. A person who negotiates or transfers for value a bill by endorsement or delivery, including one who assigns for value a claim secured by a bill, unless a contrary intention appears, warrants—

- (a) That the bill is genuine,
- (b) That he has a legal right to transfer it,
- (c) That he has knowledge of no fact which would impair the validity or worth of the bill, and
- (d) That he has a right to transfer the title of the goods, and that the goods are merchantable or fit for a particular purpose whenever such warranties would have been implied, if the contract of the parties had been to transfer without a bill the goods represented thereby.

In the case of an assignment of a claim secured by a bill, the liability of the consignor shall not exceed the amount of the claim.

INDORSER NOT A GUARANTOR.

Sec. 36. The indorsement of a bill shall not make the endorser liable for any failure on the part of the carrier or previous indorsers of the bill to fulfill their respective obligations.

NO WARRANTY IMPLIED FROM ACCEPTING PAYMENT OF A DEBT.

Sec. 37. A mortgagee or pledgee, or other holder of a bill for security who in good faith demands or receives payment of the debt for which such bill is security, whether from a party to a draft drawn for such debt or from any other person, shall not be deemed by so doing to represent or to warrant the genuineness of such bill or quantity or quality of the goods.

WHEN NEGOTIATION NOT IMPAIRED BY FRAUD, ACCIDENT, MISTAKE, DURESS OR CONVERSION.

Sec. 38. The validity of the negotiation of a bill is not impaired by the fact that such obligation was a breach of duty on the part of the person making the negotiation, or by the fact that the owner of the bill was deprived of the possession of the same by fraud, accident, mistake, duress or conversion, if the person to whom the bill was negotiated, or a person to whom the bill was subsequently negotiated, gave value therefor, in good faith, without notice of the breach of duty, or fraud, accident, mistake, duress or conversion.

SUBSEQUENT NEGOTIATION.

Sec. 39. When a person having sold, mortgaged, or pledged goods which are in a carrier's possession and for which a negotiable bill has been issued, or having sold, mortgaged, or pledged the negotiable bill representing such goods, continues in the possession of the negotiable bill, the subsequent negotiation thereof by that person under any sale, pledge, or other disposition thereof to any person receiving the same in good faith, for value and without notice of the previous sale, shall have the same effect as if the first purchaser of the goods or bill had expressly authorized the subsequent negotiation.

FORM OF THE BILL AS INDICATING THE RIGHTS OF BUYER AND SELLER.

Sec. 40. Where the goods are shipped by the consignor in accordance with a contract or order for their purchase, the form in which the bill is taken by the consignor shall indicate the transfer or the retention of the property or right to the possession of the goods as follows:

- (a) Where by the bill the goods are deliverable to the buyer or to his agent, or to the order of the buyer or of his agent, the consignor thereby transfers the property in the goods to the buyer.
- (b) Where by the bill the goods are deliverable to the seller or to his agent, or to the order of the seller or of his agent, the seller thereby re-

serves the property in the goods. But if, except for the form of the bill, the property would have passed to the buyer on shipment of the goods, the seller's property in the goods shall be deemed to be only for the purpose of securing performance by the buyer of his obligations under the contract.

(c) Where by the bill the goods are deliverable to the order of the buyer or of his agent, but possession of the bill is retained by the seller or his agent, the seller thereby reserves a right to the possession of the goods, as against the buyer.

(d) Where the seller draws on the buyer for the price and transmits the draft and bill together to the buyer to secure acceptance or payment of the draft, the buyer is bound to return the bill if he does not honor the draft, and if he wrongfully retains the bill he acquires no added right thereby. If, however, the bill provides that the goods are deliverable to the buyer, or to the order of the buyer, or is indorsed in blank or to the buyer by the consignee named therein, one who purchases in good faith, for value, the bill or goods from the buyer, shall obtain the title of the goods, although the draft has not been honored, if such purchaser has received delivery of the bill indorsed by the consignee named therein, or the goods, without notice of the facts making the transfer wrongful.

DEMAND, PRESENTATION OR SIGHT DRAFT MUST BE PAID, BUT DRAFT ON MORE THAN THREE DAYS' TIME MERELY ACCEPTED BEFORE BUYER IS ENTITLED TO THE ACCOMPANYING BILL.

Sec. 41. Where the seller of the goods draws on the buyer for the price of the goods and transmits the draft and a bill of lading for the goods either directly to the buyer or through a bank or other agency, unless a different intention on the part of the seller appears, the buyer and all other parties interested shall be justified in assuming:

(a) If the draft is by its terms or legal effect payable on demand or presentation or at sight, or not more than three days thereafter (whether such three days be termed days of grace or not), that the seller intended to require payment of the draft before the buyer should be entitled to receive or retain the bill.

(b) If the draft is by its terms payable on time, extending beyond three days after demand, presentation or sight (whether such three days be termed days of grace or not), that the seller intended to require acceptance, but not payment of the draft before the buyer should be entitled to receive or retain the bill.

The provisions of this section are applicable whether by the terms of the bill the goods are consigned to the seller, or to his order, or to the buyer, or to his order, or to a third person, or to his order.

NEGOTIATION DEFEATS VENDOR'S LIEN.

Sec. 42. Where a negotiable bill has been issued for goods, no seller's lien or right of stoppage in transitu shall defeat the rights of any purchaser for value in good faith to whom such bill has been negotiated, whether such negotiation be prior or subsequent to the notification to the carrier who issued such bill of the seller's claim to a lien or right in stoppage in transitu. Nor shall the carrier be obliged to deliver or justified in delivering the goods to an unpaid seller unless such bill is first surrendered for cancellation.

WHEN RIGHTS AND REMEDIES UNDER MORTGAGES AND LIENS ARE NOT LIMITED.

Sec. 43. Except as provided in Section 42, nothing in this Act shall limit the rights and remedies of a mortgagee or lienholder whose mortgage or lien on goods would be valid, apart from this Act, as against one who for value and in good faith purchased from the owner, immediately prior to the time of their delivery to the carrier, the goods which are subject to the mortgage or lien and obtained possession of them.

PART 4.

Criminal Offences.

ISSUE OF BILL FOR GOODS NOT RECEIVED.

Sec. 44. Any officer, agent, or servant of a carrier, who with intent to defraud issues or aids in issuing a bill knowing that all or any part of the goods for which such bill is issued have not been received by such carrier, or by, an agent of such carrier or by a connecting carrier, or are not under the carrier's control at the time of issuing such bill, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars, or by both.

ISSUE OF BILL CONTAINING FALSE STATEMENT.

Sec. 45. Any officer, agent, or servant of a carrier, who with intent to defraud issues or aids in issuing a bill for goods knowing that it contains any false statement, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars, or by both.

ISSUE OR DUPLICATE BILLS NOT SO MARKED.

Sec. 46. Any officer, agent, or servant of a carrier, who with intent to defraud issues or aids in issuing a duplicate or additional negotiable bill for goods in violation of the provisions of Section 7, knowing that a former negotiable bill for the same goods or any part of them is outstanding and uncanceled, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding five years.

NEGOTIATION OF BILL FOR MORTGAGED GOODS.

Sec. 47. Any person who ships goods to which he has not title, or upon which there is a lien or mortgage, and who takes for such goods a negotiable bill which he afterwards negotiates for value with intent to deceive and without disclosing his want of title or the existence of lien or mortgage shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars, or by both.

NEGOTIATION OF BILL WHEN GOODS ARE NOT IN CARRIER'S POSSESSION.

Sec. 48. Any person who with intent to deceive negotiates or transfers for value a bill knowing that any or all of the goods which by the terms of such bill appear to have been received for transportation by the carrier which issued the bill, are not in the possession or control of such carrier, or of a connecting carrier, without disclosing this fact, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars, or by both.

INDUCING CARRIER TO ISSUE BILL WHEN GOODS HAVE NOT BEEN RECEIVED.

Sec. 49. affect the law in regard to employees appointed in warehouses on the recommendation of the Board of Examiners of the New Orleans Cotton Exchange as is now or may be hereafter provided for by law.

Note. Act 70 of 1896 is not a local or a special statute, it is general in effect, nor is it obnoxious to Const. Arts. 48 and 56. The Board of Commissioners do not constitute a corporation its members are properly appointed by the Governor, its effects are not limited to the city of New Orleans, the matters involved are not local and municipal. Wharves and landings within the limits of a municipal corporation are not within the powers of the municipal government, unless made so by legislation. Const. Art. 46 applies to roads, etc., but not to wharves and landings. The Board has only powers of administration. The law does not deprive the city of any property. *Duffy et al. vs. City et al.* 49 A. 114. The powers of the Board over the spaces occupied by the sheds erected thereon by the New Orleans Sugar Shed Company is not extended by the Act, beyond those vested in the wharfingers prior to Act 70, 1896. *Fleitas vs. City*, 51 A. 1. (The old legislation and the cases relating thereto are reviewed in the opinion.)

Riparian proprietors who desire to build wharves on their lands on the river front, must obtain the consent of whatever body or functionary is by the legislative vested with authority over the river front at the time the consent is solicited. In New Orleans, this authority for private wharves is for the time being vested in the City council, under the provisions of Const. Art. 290. *State ex rel. Ill. Cent. R. R. Co. et al. vs. Board of Levee Commissioners of Orleans Levee Dist.* 109 L. 403. (This was a warmly contested case, and the final opinion, was rendered on rehearing.) Except as to consenting to the building of "private wharves, the State has granted authority over the public wharves to the Board of Commissioners of the Port of New Orleans, and the city has no power without the consent of the Board to authorize the construction and maintenance of a railroad on the wharves. *Board vs. N. O. & S. F. R. Co. et al.*, 112 L. 1011. See also *Saucier vs. City of New Orleans*, 119 L. 179.

The levees in the city of New Orleans constitute the banks of the river, the batture in front of the levees is dedicated to public use in the interest of commerce and navigation in their broadest sense; the riparian owner holds the naked title to the banks and cannot take possession or use them in any manner without the permission of the municipal authority, unless authorized by judgment of a competent court. The Board of Commissioners of the Port of New Orleans has plenary power to construct wharves, landings, roadways and other facilities for the purpose of maintaining and developing the commerce of the port. Injunction will not lie at the instance of a riparian proprietor, to prevent the Board from constructing a roadway for freight cars and vehicles across the batture lying between the crown of the levee and the waters of the Mississippi River. *Warriner et al. vs. Board of Commissioners, etc.*, 132 L. 1008.

Act 134, 1906, providing for a bond to be given for the protection of owner, subcontractor, workmen and furnishers of materials, has no application to the Board of Commissioners of the Port of New Orleans. It is a State agency and as a general rule public property is not subject to mechanics liens unless specially granted by statute. *Barret Mfg Co. vs. Board*, 133 L. 1022.

The Board cannot be held responsible for damages suffered by merchandise stored on the wharves and under the sheds. The funds and revenue of the Board are designated for certain fixed purposes and cannot be held for others. *Lamport & Holt vs. Board*, 137 L. 784.

AUTHORITY TO ISSUE BONDS, ETC.

Act 180 of 1908, p. 262.

TITLE.

AN ACT to authorize the Board of Commissioners of the Port of New Orleans to issue three million, five hundred thousand dollars (\$3,500,000.00) of five (5) per cent bonds, which shall be exempt from taxation; to authorize the exchange of so many of said bonds as may be necessary to retire valid outstanding obligations of said board, and to provide for the sale of the remainder thereof; to provide for the payment of the principal and interest of said bonds and the disposition of the proceeds thereof; to define the powers and duties of the Board of Commissioners of the Port of New Orleans and the Treasurer of the State of Louisiana in relation thereto; to continue said board in existence until the payment of said bonds; and to submit to the people an amendment to the Constitution of the State of Louisiana authorizing the issue of said bonds and ratifying the provisions of this Act.

is vested with the administration of the public wharves and landings of the port and harbor of New Orleans, and charged with the duty of extending, improving and maintaining the same and the appurtenances thereto; and

Whereas, on account of the growing commerce of the port and harbor of New Orleans it is now necessary that additional wharves be constructed and extensive enlargements and improvements of the system of wharves, landings, sheds and appurtenances be made so that the facilities for the handling of export and import cargoes in the port and harbor of New Orleans will be equal, if not superior, to similar facilities at any South Atlantic or Gulf port; and

Whereas, funds cannot be made available for these purposes except by the issue of bonds; and

Whereas, the said Board of Commissioners of the Port of New Orleans is assured that provision can safely be made from its revenues for the payment of the interest annually, and the payment of the principal at maturity, of three million five hundred thousand dollars (\$3,500,000.00) of five per cent bonds; and

Whereas, legislation providing for the issue of said bonds and recommending the submission to the people of an amendment to the Constitution of the State of Louisiana authorizing the issuance of said bonds and ratifying the provisions of this Act, is recommended by the Port Investigation Commission, created by Act No. 9 of the Extra Session of 1907; therefore:

BOND ISSUE AUTHORIZED, SUBJECT TO RATIFICATION, ETC.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, two-thirds of all the members elected to each House concurring:

They shall be signed by the President and countersigned by the Secretary of the Board of Commissioners of the Port of New Orleans. They shall be exempt from all taxation, State, parish and municipal, and the tutors of minors and curators of interdicts shall be authorized to invest the funds in their hands in such bonds. They may be registered and released from registry under such rules and regulations as may be prescribed by said Board of Commissioners of the Port of New Orleans, and no registered bond shall be negotiable. They shall be receivable on deposit with the State, or its officers, or any of its political subdivisions or municipalities, in all cases where, by law, deposits of bonds are required or allowed to be made as security, with the State, or its officers, or any of its political subdivisions or municipalities.

EXCHANGE OF BONDS FOR OUTSTANDING OBLIGATIONS, ETC.

Sec. 2. Be it further enacted, etc., That, as soon as the Constitutional authority for the issuance of said bonds shall have been obtained, it shall be the duty of the Board of Commissioners of the Port of New Orleans to cause said bonds to be engraved and executed. The Board of Commissioners of the Port of New Orleans is hereby authorized and empowered, on and after January 1, 1909, to exchange, at not more than par and accrued interest, so many of said bonds as may be necessary to retire outstanding obligations of said Board, coupons past due at the date of exchange to be detached and canceled by said Board before delivery of bonds; and said Board is hereby authorized and empowered to sell the remainder of said bonds, in whole or in part, in such manner, and upon such terms and conditions, as by said Board may be deemed advisable; provided, that no sale shall be made by said Board at a price which will net to the Board less than par and accrued interest. Coupons attached to said bonds, past due at the time of delivery, shall be detached and canceled by said Board before delivery of the bonds.

PAYMENT OF INTEREST AND PRINCIPAL; APPOINTMENT OF MEMBERS OF BOARD.

Sec. 3. Be it further enacted, etc., That the principal and interest of said bonds shall be paid by preference from the revenues of the Board of Commissioners of the Port of New Orleans, and all revenues collectible under the laws, as now existing, shall be and are hereby pledged to secure said bonds and interest. In no event shall the charges imposed by said Board, under the law now existing, be reduced to an amount less than necessary for the payment of the principal and interest of said bonds; and the Board of Commissioners of the Port of New Orleans, as presently organized and without diminution of existing territorial jurisdiction, shall continue in legal existence until all the bonds issued in accordance with this Act shall have been paid in principal and interest; provided that the members of said Board shall be appointed by the Governor, subject to removal by the Governor, and the Governor shall have power to fill all vacancies.

The interest on said bonds shall be evidenced by coupons attached thereto, payable semi-annually, by the Treasurer of the State of Louisiana, on the first days of July and January, and said Board shall place on deposit, on or before April 1, 1909, and on or before the first of April of every subsequent year, with the Treasurer of the State of Louisiana, to the credit of a special account to be styled "Interest Account," an amount equal to the annual interest on all bonds that may have been delivered. Said Treasurer is hereby empowered and directed, and it is made his duty, to pay any and all such coupons that may be due when presented by any holder thereof. In the year 1924, and annually thereafter, said Board shall, in addition to the amount of the annual interest due on the 1st of July, place on deposit, on or before April 1, with the Treasurer of the State of Louisiana, to the credit of a special account to be styled "Bond Redemption Account," a sum of one hundred thousand dollars (\$100,000.00), and the said Treasurer is hereby empowered and directed, and it is made his duty, to pay, on the 1st of July, of the year 1924, and annually thereafter, out of said Bond Redemption Account, one hundred (100) of said bonds in the reverse order of their issue; and all bonds and coupons retired under this Act shall be by said Treasurer duly canceled and delivered to the Board of Commissioners of the Port of New Orleans, which shall receipt for same, and which shall retain and paste the same as vouchers, in a book to be by it kept for that purpose. It shall be the duty of said Treasurer to require said deposits to be made as aforesaid; and in case of failure on the part of said Board to make said deposits, or to impose, under the law as now existing, the charges for the use of said wharves, landings, sheds and appurtenances thereto, or to collect the revenues therefrom, in an amount sufficient to provide for the payment of interest due or to become due, and the redemption of bonds as provided in this Act, said Treasurer is hereby empowered and directed, and it is made his duty, to impose said charges and collect said revenues, and to apply

the same to the purposes of this Act, and to that extent, and for that purpose only, and for such time as may be necessary to that end, the said Treasurer is hereby authorized to exercise all the powers and is charged with all the duties vested under existing law in the Board of Commissioners of the Port of New Orleans.

The only purpose of the section is to continue the legal existence of the Board of Commissioners as a body corporate until the bonds are paid. *State ex rel. Such contract or contracts shall provide for the re-payment or re-imbusement by the Board of Levee Commissioners of Orleans Levee District to the Board of Commissioners of the Port of New Orleans, of the cost and expense of such levees, flood-gates and other protection works and appliances, upon such terms and conditions as may be determined upon by said Boards and such compensation or cost may be paid in one or more installments, as may be fixed and determined upon by said contract or contracts, provided that if said compensation or cost shall be payable in installments, the said installments shall not extend beyond a period of fifty years from the date of such contracts. EFFECT ON ACT 244, 1914, ADOPTED AS AMENDMENT TO CONSTITUTION.

Sec. 7. Be it further enacted, etc., That nothing herein contained shall be construed to in any manner impair or affect the power conferred by said Act No. 244 of 1914 adopted as a constitutional amendment, upon the Board of Commissioners of said Port, to pay for the said canal and appurtenances, and for the lands necessary therefor, by mortgage or mortgages, bond or bonds or the plenary power of the said Board of Commissioners to carry out the power so conferred upon them by said Act No. 244 of 1914, or by any other provision of the Constitution of this State, and it is hereby declared that the said Board of Commissioners of the Port of New Orleans, for the purpose of constructing the said canal, works and other improvements, and acquiring the said real estate, be and it is hereby authorized to make, execute and record a mortgage in such form as the said Board of Commissioners shall deem proper, to secure bonds to be issued for the purposes aforesaid, in such amount as in the opinion of said Board of Commissioners is necessary, and to sell the said bonds from time to time, in such amounts as may be necessary; that the said mortgage shall from the date of its execution and edelivery, be a good and valid lien upon all property acquired and works constructed by the said Board of Commissioners for the said purposes, to the full amount specified therein, and any and all lands acquired, and any and all canals and works constructed, shall from the time of acquisition and construction thereof, be subject to the lien of the said mortgage, which shall attach to and effect the title of the said Board of Commissioners to the same, when and as the said lands are acquired, and the said canal, locks, and other improvements are constructed, the intention being to carry out the said Act No. 244 of 1914, adopted as a constitutional amendment as aforesaid, according to its tenor and effect, and to give to the bond holders and any trustee named in said mortgage a first and prior lien and charge on the lands, canals and works for the acquisition or construction of which they have advanced or shall advance money to the said Board of Commissioners, and upon all receipts and revenues from such canals and works and any sums of money which may be paid to the said Board of Commissioners by any other public body in respect of work performed by them in connection with the construction of the said canal and appurtenances, or incident to or in connection therewith, or from the leasing of any portion of said lands or privileges thereon, the said right to lease being hereby recognized. Any lands acquired by the Board of Commissioners of the Port of New Orleans for the purpose of constructing the said canal, together with the necessary locks, slips, laterals, basins and appurtenances thereof, and other structures necessary therefor, after the making and delivery of the said mortgage shall immediately on the execution thereof be affected by and come under the lien of the said mortgage, and the title of said Board of Commissioners to such additional lands shall be acquired by the Port subject to the lien of the said mortgage. Sec. 9. Be it further enacted, etc., That this act shall take effect from and after its promulgation.

AUTHORITY TO SELL, ETC., LANDS TO UNITED STATES GOVERNMENT.

Act 34 of 1918, p. 43.

TITLE.

AN ACT to further promote the development of the Port System of the Port of New Orleans, and to authorize the Board of Commissioners of the Port of New Orleans to change the dedication of lands and property under its control from State to Federal use, and to sell, lease, or otherwise alienate same to the United States Government, or any of the Department thereof.

Whereas due notice of intention to apply for this Act has been published in the City of New Orleans, at least 30 days prior to its introduction into the General Assembly, and due notice thereof has been exhibited in the General Assembly.

Section 1. Be it enacted by the General Assembly of the State of Louisiana: The power and authority of the Board of Commissioners of the Port of New Orleans to change the dedication of particular parcels or portions of lands and property under its administration or control from a State to a Federal use; and to sell, lease or otherwise alienate to the United States Government, or any department thereof, any of said lands and property which may be needed for Federal purposes is hereby recognized, declared and affirmed.

Sec. 2. Be it further enacted, etc., The Board of Commissioners of the Port of New Orleans is authorized by Ordinance, contract or otherwise, to carry the provisions of this Act into effect.

Sec. 3. Be it further enacted, etc., This act shall take effect from and after its promulgation, and all laws or parts of laws in conflict or inconsistent with the provisions thereof, be, and the same are, hereby repealed.

NOTARY PUBLIC.

[Governor to Appoint as Many as May be Deemed Necessary.]

[R. S., Sec. 2491.] The Governor of this State be, and he is hereby authorized to appoint, by and with the consent of the Senate, as many notaries public in the different parishes of the State, as he may deem necessary.

[Powers of Notaries.]

[R. S., Sec. 2492.] Notaries Public shall have power within their several parishes, to make inventories, appraisements, partitions, to receive wills, make protests, matrimonial contracts, conveyances, and generally all contracts and instruments of writing; to hold family meetings and meetings of creditors; to receive acknowledgments of instruments under private signature; to affix the seals upon the effects of deceased persons, and to raise the same; and all acts executed by them, in conformity with the provisions of article two thousand two hundred and thirty-one of the Civil Code, shall be authentic acts.

Note. The purchaser of a slave deposited the purchase money with a notary to pay for the slave, when the act of sale was passed. The title proved defective and the notary failed to return the money to the depositor. Held, that the surety on the bond of the notary was not liable. The receipt of money on deposit for the purpose set out is not within the official capacity of the notary, and the surety is not liable for other than official acts. *Monrose vs. Brocard, et al.*, 20 A. 78. A purchaser of property who deposits the purchase price with the notary, without the consent of the vendor, cannot recover the money from the vendor, when the notary absconds and the act of sale to the property is not completed. *Brown vs. Schmidt*, 7 A. 349. Money was deposited with a notary to erase a certain mortgage on the depositor's property. The notary failed to do this and absconded. Held, the surety on the notary's bond was not liable. The receipt of money for the purpose mentioned, is not within the scope of the official duties of the Notary, and for these alone the surety binds himself. *Lesconze vs. Ducatel*, 18 A. 470.

A mortgage debtor having paid the notes, took them to a notary public in order that he might have them cancelled. The notary instead sold the notes—and the purchaser foreclosed on them. Held that the surety on the bond was liable, as the preparation of acts for the cancellation of mortgages was an official duty which the law authorized the notary, to perform, and for which the bond is furnished, *Storck et al. vs. American Surety Co.*, 100 L. 713.

The obligations of a surety on the bond of a notary must be strictly construed and must not be extended beyond the intent of the law. *Schmidt et al. vs. Drouet*, 42 A. 1064. It is not part of his duty as notary to solicit or receive money for investment, and the security on the bond is not liable for misappropriation. *Nolan vs. Labatut*, 117 L. 431. Cases are referred to in the cases cited.

See note to R. S. Sec. 2503; to Act 42, 1890, at p. 1473.

[Oaths They May Administer.]

[R. S., Sec. 2493.] They shall have the right to administer oaths, *quoad* the duties of their office, and such oaths as may be necessary to enable free white citizens of the United States to procure their protection certificates from the regularly authorized officers of the Customs of the United States.

Note. One who is publicly acting as the deputy of a notary, and whose oath of office has been administered by the notary himself, is qualified to make demand of payment of a note and perform the other functions of a deputy notary. *Buckley vs. Seymour*, 30 A. 1341.

MAY TAKE OATHS AND ACKNOWLEDGMENTS.

Act 7, E. S. 1917, p. 10.

TITLE.

AN ACT authorizing Notaries Public to administer oaths and take acknowledgments.

Section 1. Be it enacted by the Senate and House of Representatives of the State of Louisiana in General Assembly convened, That from and after the passage of this act, oaths and acknowledgments, in all cases, may be taken or made by or before any notary public duly appointed and qualified in this State.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws inconsistent herewith be and the same art hereby repealed.

Note. Act 140, 1896, p. 219, Notaries in Other States, may take acknowledgments, etc., thereof; act printed at p. 289.

[Acts Must be Executed in Office—Exceptions.]

[R. S., Sec. 2494.] All notarial acts shall be made and executed in the office of the Notary, unless where the illness of the party, or some other sufficient cause, shall prevent him from attending in such office.

[Marital Status Must be Given in Act.]

[R. S., Sec. 2495.] (As amended by Act 122, 1908, p. 179.) Whenever they shall pass any acts they shall be bound to give the marital status of all parties to the act, viz:

If either or any party or parties are men, they shall be described as single, married, or widower. If married or widower the Christian and family name of wife shall be given. If either or any party or parties are women, they shall be described as single, married or widow. If married or widow, their Christian and family name shall be given, adding that she is the wife of or widow of, the husband's name.

[Christian Names Must be Given in Full.]

[R. S., Sec. 2496.] They shall insert in their acts the Christian names of the parties in full and not with their initial letters alone.

[Penalties for Violating Sections 2495 and 2496.]

[R. S., Sec. 2497.] All Notaries or other persons acting as such, contravening the provisions of the two preceding sections, shall be liable to a fine of one hundred dollars, to be recovered before any court of competent jurisdiction, one-half for the benefit of the informer.

[R. S., Sec. 2498.] Register of Mortgages to refuse certificates to persons whose Christian or first names designated by letters alone. R. S., Sec. 3146, title "Recorder."

[Notaries, Etc., Must Keep Office in Brick Building.]

[R. S., Sec. 2499.] Every Notary Public or other officer in the city of New Orleans, having the custody of public records, shall keep his office in a brick building covered with tiles, slates or terrace, in default whereof he shall be deprived of his office.

[Leaves of Absence, How Granted.]

[R. S., Sec. 2500.] The Governor shall be authorized to grant leave of absence to Notaries Public for a period not exceed-

ing eight months, to date from the day of the permission granted by the Governor.

Notaries Public thus permitted to absent themselves shall be required to name and signatede another Notary Public to represent them during their absence.

[R. S., Secs. 2501, 2502.] Notaries outside New Orleans must deposit acts with Recorder of Parish. R. C. C., Art. 2251.

[Appointment of Notary—Bond, Etc.]

[R. S., Sec. 2503.] (As amended by Act 40, 1886, p. 53.) Any male citizen of the State may be appointed a Notary Public in and for the Parish in which he resides, upon giving bond with good and solvent security, in the sum of five thousand dollars for the Parish of Orleans, and one thousand dollars for the other parishes of the State, conditioned for the faithful performance of all duties required by law toward all persons who may employ him in his profession of notary; and after being examined by any judge of the Supreme Court, Circuit or District Court of the State, and after having received a certificate of having been found competent on such examination, to exercise the profession of a notary public.

Note. The sureties on the official bond of a notary public are liable for any loss or damage caused by his affixing his notarial paraph to a mortgage note which he knew to be forged. Anyone injured by this act, has a right of action on the bond against the sureties. The illegal cancellation of a bond will not release the sureties for the official delinquency of the principal. *Rochereau vs. McJones*, 29 A. 82. |

The prescription of one year is not applicable to an action brought upon the bond of a notary public for failure to perform the duties incumbent upon him. *Weintz vs. Kramer*, 44 A. 35.

A notary and his sureties are liable for his failure to observe the requirements of law in confecting a last will and testament by public act, when his failure causes the loss of a legacy. The measure of damages is the amount the legatee would have received under the will. *Weintz vs. Kramer*, 44 A. 35. See note to R. S. Sec. 2492; to Act 42 of 1890, at p. 1473.

[Before Whom Bond Shall be Executed.]

[R. S., Sec. 2504.] Said bond shall be executed before the clerk of any of the district courts, and, with the certificate of examination by any judge of the Supreme Court, district or parish courts of the State, be filed with the Auditor of Public Accounts.

[Bonds Must be Renewed Every Five Years.]

[R. S., Sec. 2505.] All notaries shall renew their bonds every five years; and may be suspended by any judge of the Supreme Court or district courts of the State for failure to pay over money intrusted to them in their professional character, for failure to satisfy any final judgment rendered against them in such capacity, or for other just cause.

Note. Failure of a notary to record his bond with the auditor of State is cause for suspension, but it does not ipso facto vacate the office. Until suspended he is *de jure* and *de facto* an officer, and his acts as notary are valid. *Monroe vs. Liebman*, 47 A. 155. As to suspension of notaries at the instance of the State, see *State vs. Laresche*, 28 A. 20. See note to R. S. Sec. 2492, 2503; to Act 42, 1890, at p. —.

[Notaries Continue to Act as Long as They Renew Bonds.]

[R. S., Sec. 2506.] All notaries now exercising functions as such, as well as those to be qualified under the provisions hereof, are authorized, and shall continue, to act as such so long as they shall renew their bonds, unless suspended by the Supreme Court.

[R. S., Secs. 2507 to 2510, inclusive.] Separate Book for Notices of Protest; value of protest as proof, etc. Notice, how given, etc. See R. S., Secs. 325 to 328, title "Bills and Notes."

[R. S., Sec. 2511.] Stealing and Destruction of Notarial Records. R. S., Sec. 876, title "Crimes and Offenses."

[Notaries to Record Marriage Contracts, etc.]

[R. S., Sec. 2512.] And it shall likewise be the duty of notaries public and other officers performing their duties, to cause marriage contracts and other acts which are executed before them, and from which any legal mortgage is derived in favor of a married woman, on the property of her husband, to be recorded in the same manner as aforesaid.

[Liability of Officers for Failing to Record.]

[R. S., Sec. 2513.] The judges, clerks and notaries who shall fail to cause the legal mortgages which exist in favor of minors, interdicted, or absent persons, or in favor of married women, to be recorded as herein provided for, shall be liable in damages towards any person who shall suffer thereby, and shall be subject to be removed from office.

[Dispensing With Mortgage Certificate.]

[R. S., Sec. 2514.] The parties to a notarial act may, by written clause in the act, dispense with the certificate of mortgage required by article three thousand three hundred and twenty-eight of the Civil Code, and the notary or parish recorder shall not in such case be entitled to charge for such certificate

[R. S., Sec. 2515.] Notice for family meeting delivered by notary in whose office meeting will be held is equivalent to legal notice. R. C. C., Art. 288.

[R. S., Sec. 2516.] To have effect against third persons, notarial acts concerning immovables must be recorded. R. C. C., Art. 2264.

[R. S., Sec. 2517.] Method of recording authentic acts and acts under private signature. R. C. C., Art. 3348.

[R. S., Sec. 2518.] Married women above age of twenty-one may renounce matrimonial, dotal, paraphernal and other rights—notarial act, consent of husband, etc. R. C. C., Art. 129.

[Acts of Sale Not to be Executed Unless Taxes Paid.]

[R. S., Sec. 2519.] (As amended by Act 88, 1888, p. 148.) Hereafter neither recorders, sheriffs, notaries, throughout the State, nor other persons authorized to convey real estate by public act, shall pass or execute any act for the sale, transfer or exchange of any real estate unless the State, parish and municipal taxes due on the same for three years next preceding the passage of the act of transfer be first paid, to be shown by the tax collector's receipt or certificate for that purpose.

Note. The conduct of the notary in passing an act transferring Real Estate, before all taxes were paid, does not render the act void. The act if otherwise regular should be admitted in evidence and is a basis for commencement of title, *Gulf States Land & Mfg Co. vs. Wade*, 51 A. 251. The judicial sale of real estate does not have the effect of discharging it from the tax liens and privileges and to refer them to the proceeds, until the taxes are paid. The title to the property is in statu quo. *Suc. of Girardey*, 42 A. 497; see *Dunlap vs. Whitmer*, 133 L. 318.

[Penalty for Violating Preceding Sections.]

[R. S., Sec. 2520.] The recorders, sheriffs, notaries public, or other persons violating the provisions of the preceding sections, shall, upon conviction thereof, be fined in a sum of not less than fifty nor more than two hundred dollars for each violation, to be recovered by the district attorney, for the use of the free schools before any competent tribunal.

Note. See note to R. S. Sec. 2519.

Be it further enacted, etc., That any male citizen of the State over twenty-one years of age, a resident of the Parish of Orleans for at least two years next preceding his appointment, being of good moral character, integrity, competency and sober habits, may be appointed under the provisions of this act, a notary public in and for the Parish of Orleans, upon giving bond with one or more good and solvent sureties, in the sum of ten thousand dollars subscribed in favor of the Governor of the State, and conditioned as the law directs for the faithful performance and discharge of his duties as a notary public, which bond shall be approved by the presiding judge of the Civil District Court for the Parish of Orleans, and recorded in a special book kept for that purpose in the Conveyance Office of the Parish of Orleans, and upon complying with the requirements of this act.

Sec. 7. Be it further enacted, etc., That every applicant for a commission as notary public for the Parish of Orleans, shall give, during ten consecutive days, public notice in one of the daily papers published in the City of New Orleans, of his intention to apply for said commission; and upon producing to the Supreme Court of this State proof of said publication, together with a certificate establishing his citizenship, residence and character, as provided above, sworn to and subscribed by at least two reputable citizens of this State, the Supreme Court of this State may then proceed to examine said applicant in open court; and if he be found competent and possessed of the necessary qualifications, shall issue to him a certificate accordingly, signed by at least three judges of said Supreme Court. The public examination herein provided for may be dispensed with by the Supreme Court, if the applicant produces proof of his having previously obtained a certificate from the said court.

Sec. 8. Be it further enacted, etc., That before the Governor of this State shall issue to the applicant a commission of notary public for the Parish of Orleans, he shall require of him the production of:

1st. A certificate as above provided for, signed by at least three judges of the Supreme Court of this State.

3rd. His bond, properly executed, approved and registered in the Conveyance Office, as provided above.

4th. His official signature, and

5th. The impress of his official seal, all of which shall, upon the issuing of said commission, be deposited in the office of the Secretary of State and annexed in the margin of a book to be kept for that purpose by the said Secretary of State to be styled "The Notarial Book of Orleans Parish."

Sec. 9. Be it further enacted, etc., That all notaries public for the Parish of Orleans shall renew their bonds every five years or whenever one or both sureties on their bonds shall die or become insolvent, and they shall continue to act as such notaries so long as they shall renew their bonds, unless suspended or removed for cause.

Sec. 10. Be it further enacted, etc., That it shall be the duty of the District Attorney of the Parish of Orleans to institute proceedings by rule in the Civil District Court of said Parish at least once every twelve months, and oftener if he deem it proper and necessary, on all notaries in said parish to test the surety on their official bonds, and should the sureties on said official bonds so tested, be judicially declared not good and solvent as required by law, the notary whose surety has been so declared shall pay costs of said rule, and shall be allowed thirty days within which to give a new bond, and on his failure to do so within that time shall forfeit his commission and turn over his notarial archives and records to the custodian of notarial records.

Provided, That he shall not be entitled to act as a notary during said period of thirty days; and,

Provided, further, that should anyone ceasing by removal or otherwise to be a notary subsequently again be appointed to that office he shall be entitled to recover and obtain his said notarial records and archives from the custodian of notarial records.

Sec. 11. (As amended by Act 22, 1912, p. 28.) Be it further enacted, etc., That it shall be the duty of every Notary Public for the Parish of Orleans to keep and preserve in his office and under his custody, the original of all acts, contracts and instruments of writing executed before him with the exception only of affidavits and instruments under private signature, which may be acknowledged or proved before him, and depositions of witnesses, and he shall cause the said acts, contracts and instruments of writing to be bound in separate volumes for each year, with complete indices attached to each volume, which, together with the protests made by him, will constitute the archives of his office. It shall be the duty of the District Attorney of the Parish of Orleans, at the time of the trial of the rule provided in the preceding section 10, to require evidence from every notary public that he has caused his acts to be bound and indexed in the manner aforesaid before the first day of March of the year following their date, and in case it shall then appear that any notary public shall have neglected to comply with the provisions of this statute, the Court shall allow thirty (30) days to said notary within which to index and bind his acts; and on his failure so to do within that time, he shall forfeit his commission and turn over his notarial archives to the custodian of Notarial Records in the same manner as providing in the preceding section 10 for the failure to furnish a proper bond.

Sec. 12. (As amended by Act 22, 1912, p. 28.) Be it further enacted, etc., That every notary public in and for the Parish of Orleans shall keep his office in a building covered with tile, slates or terrace, and keep such office open, for the ready examination of his records, every day from the hour of 10 o'clock a. m. to 3 o'clock p. m., Sundays and holidays excepted. Any notary public violating the provisions of this section shall, on proof thereof before the Criminal Court for the Parish of Orleans be condemned to pay a fine of twenty-five dollars (\$25.00) for each and every day he shall deprive the public from access to his records; and on failure to pay such fine and in case he should continue for a period of ten successive days in the violation of the provisions of this section, he shall forfeit his commission and he shall be required to turn over his archives to the Custodian of Notarial Records.

Sec. 14. Be it further enacted, etc., That this act shall take effect from and after its passage.

Note. The bond of a notary guarantees not only his honesty, but also his competency and where a will by public act is annulled because the notary failed to state the residence of the witnesses, in the manner required by law, he and his sureties are liable to the legatee. Such a cause is not prescribed by one year, *Wentz vs. Kramer*, 44 A. 35. The bond of the notary inures to the benefit of any one who may sustain a loss by reason of the failure of the notary to faithfully discharge his duties, so the surety on such a bond is liable to the holder of a note, which the notary had forged and thereafter paraphed and subsequently transferred for a present consideration as a note with a genuine signature. The surety on the bond is not liable where money is placed with the notary for investment. *Nolan vs. Labatut*, 117 L. 431. (The case was apparently well contested and the opinions rendered original and on rehearing/review the preceding jurisprudence and seek to lay down the distinction between acts which are done in the capacity of a notary and those which are not. For the former the bond is liable, for the latter it is not.) See notes to R. S. Sec. 2492, 2503.

The temporary deposit of their acts by notaries in New Orleans with the Register of Conveyances, for the purpose of having them inscribed in the books of his office, gives them the same effect against third persons, as the permanent deposits of the acts required in the parishes other than Orleans. *Schneidan vs. New Orleans Land Co.*, 132 L. 263.

Note. The notary was charged—inter alia—with failing to obtain a certificate of non alienation, before passing an act of transfer. An exception to the suit was maintained. On appeal the judgment was reversed and remanded for trial. *State vs. Laresche*, 28 A. 26. As to the liability of the Register of Conveyances, who issues the certificate. See *Gordon vs. Stanley*, 108 L. 182.

And if said affidavit be not taken and filed in the Secretary of State's office within said thirty days, the person so elected or appointed shall be deemed ineligible to such office and the office deemed vacant; then such office shall be held to be vacant, and shall be filled as the Constitution or laws may provide for filling such vacancies.

PUBLIC OFFICE.

Note.—The relator in a suit of this character cannot maintain his suit if he only contests the title of the defendant. The relator must show a muniment of title thereto in himself. *State ex rel Ford vs. Miltenberger*, 33 An. 263; *Osgood vs. Black*, 33 An. 493. The claimant is the necessary plaintiff and the officer *de facto*, in actual possession, the defendant. The claimant can, however, not take the law in his own hands, and with the assistance of others practically oust the incumbent in advance of a judicial determination. Injunction will lie to prevent this, until the dispute is judicially settled. *Guillotte vs. Poincy*, 41 An. 333; *Osgood vs. Black*, 33 An. 493. See also *State ex rel Saizan vs. Judge*, 48 An. 1501. Where no other person is interested, the suit may be brought by the Attorney General alone, and the Civil District Court of Orleans has jurisdiction in a suit between the State and a "Recorder" to test the title to the office. *State vs. Grandjean*, 51 An. 1099. (In this case a vacancy had been created by the death of the incumbent, and the City Council elected the defendant to fill the vacancy. The State sued to oust the defendant, claiming the right of appointment was in the Governor, who had not yet acted. The Court cited and distinguished *Guillotte vs. Poincy*, 41 An. 333.)

Mandamus will lie at the instance of taxpayers to compel the District Attorney to bring suit to oust from his office a parish superintendent of public education who the taxpayers allege has "usurped, intruded into and is unlawfully holding and exercising," etc. Such an action is not brought under Const. Art. 212, 222, but under R. S. Sec. 2593. *State vs. Theus*, 114 La. 1100. (In *State ex rel Lannes vs. Attorney General*, 30 An. 954, the Court held that mandamus would not lie to compel the Attorney General to file suit to forfeit the charter of a private corporation, that in such a case the officer was vested with discretion, etc.)

Where the fees of the office in contest exceed one hundred but not two thousand dollars, the Supreme Court is without jurisdiction of an appeal, where an appointee seeks to mandamus the District Attorney to file suit to oust the incumbent. The Court transferred the case to the Court of Appeal. *State ex rel Rogers vs. Parsons*, 120 La. 263.

PRIVATE CORPORATIONS.

Note.—A suit to forfeit the charter of a corporation does not lie at the instance of private persons, even when they are parties in interest; nor can the Attorney General of the State be compelled to do so by mandamus, as the matter is within his discretion. *State ex rel Lannes vs. Attorney General*, 30 An. 54.

A suspensive appeal from a judgment decreeing the charter of a corporation null and void, may be taken on a bond sufficient in amount to cover costs. *State ex rel Columbia Debenture Co. vs. Judge*, 51 An. 466.

[Duty of District Attorney and Attorney General.]

[R. S., Sec. 2594.] In the cases mentioned in the foregoing section it is hereby made the duty of the district attorney or district attorney *pro tempore* of the parish in which the case arises, and for the parish of Orleans by the Attorney General, to bring action against the offending party or parties, when so required to do.

[R. S., Sec. 2598.] If the judgment be against the defendant, and rendered upon the right of the person so alleged to be entitled, and the same be in favor of such person, he shall be entitled after taking the oath of office, and otherwise complying with the requirements of law, to take upon himself the execution of the office, and it shall be his duty immediately thereafter to demand of the defendant in the action all the books and papers pertaining to said office.

AN ACT declaring it a crime to usurp a public office and providing the punishment for such offense; providing that if any public officer shall adhere to or recognize any usurper, his office shall be forfeited and considered abandoned, and directing and regulating legal proceedings to have such abandonment and forfeiture declared; authorizing the Governor to declare such forfeiture and abandonment in certain cases, and to remove such officers and to fill the vacancies so made, by appointment.

WHAT CONSTITUTES USURPATION DECLARED A CRIME.

Section 1. Be it enacted by the Senate and House of Representatives of the State of Louisiana in General Assembly convened, That if any person shall assume or pretend to be an officer of the State, executive, judicial, or legislative, without authority of an election declared by the returning board constituted by law, or without authority of a commission from the Governor of the State, in case the law require such officer to be commissioned, such person so illegally assuming or pretending to be a public officer shall be deemed a usurper. If any such usurper shall attempt to exercise the functions of a public officer, and shall interfere with any public officer in the discharge of his duties, such usurper so interfering shall be deemed to be guilty of a crime, and upon conviction may be fined or imprisoned at the discretion of the Court, or both.

RECOGNITION OF USURPER BY A PUBLIC OFFICER.

Sec. 2. Be it further enacted, etc., That if any public officer, whether State, parish or municipal, shall give adhesion to, or in any manner recognize the authority of any such person who may be usurping a public office within contemplation of this law, such public officer so giving adhesion to or recognizing such usurper shall be deemed to have forfeited and abandoned the public office held by him under the constitution, the laws and the government of the State.

PROCEEDINGS AGAINST USURPER.

Sec. 3. Be it further enacted, etc., That whenever the Governor of the State shall be informed that any public officer has forfeited and abandoned his office by giving adhesion to or recognizing any usurper within the contemplation of this law, he, the Governor, may in case such office is established by the constitution, direct that the Attorney General or the District Attorney shall take legal proceedings before the court of competent jurisdiction to have such forfeiture and abandonment declared. The proceedings in such case shall be summary and shall be had by rule, of which the officer so charged with having abandoned his office shall have notice of one full day. The court shall at once hear and determine such rule. If an appeal shall be taken by the State or by the party defendant to such proceedings, it shall be made returnable within ten days, and shall be heard by preference by the Supreme Court, as in case of contest for judicial office.

FILLING VACANCIES CREATED BY ABANDONMENT OF OFFICE.

Sec. 6. Be it further enacted, etc., That all laws or parts of laws conflicting with this act shall be and are hereby repealed so far as they conflict, and this act shall take effect from and after its passage.

Note. A controversy for the office of sheriff should be brought under the "Intrusion in Office Act." It is not authorized by this act. *Breaux vs. Lejenne*, 25 An. 365. Acts performed by persons pretending to be officers cannot have any legal effect, and the sureties on a bail bond are not liable where the principal was arrested, bond furnished, etc., all through persons who were not officers. *State vs. McFarland*, 25 An. 547.

Act 39 of 1873, p. 78.

Be it enacted by the Senate and House of Representatives of the State of Louisiana in General Assembly convened, That Act No. 11, entitled, "An act to regulate proceedings in contestations between persons claiming judicial office," approved January 15, 1873, be and the same is hereby amended and re-enacted so as to read as follows: That in any case in which a person claiming to have been appointed to the office of judge of any court in this State, and shall have been confirmed by the Senate and commissioned thereto, or shall have been elected, and in pursuance of said election shall have been commissioned, such commission shall be prima facie proof of the right of such person to immediately hold and exercise such office.

PROCEEDING BY RULE TO TEST RIGHT TO JUDICIAL OFFICE.

Sec. 2. Be it further enacted, etc., That if any person, being an incumbent of such office, or any person pretending to hold or exercise a judicial office, shall refuse to vacate said office, or desist from exercising such judicial functions, and turn the same over to the person so commissioned, such person so commissioned shall have the right to proceed by rule before any court of competent jurisdiction to have himself declared to be entitled to such office, and to be inducted therein. Such rule shall be taken contradictorily with such incumbent or person pretending to hold or exercise judicial functions, and shall be made returnable within twenty-four hours if the defendant in said rule resides within ten miles of the court, with an additional twenty-four hours for every additional ten miles his said residence may be from the court issuing said rule. And the case shall be tried immediately and without jury, and by preference to all other matters or causes pending in said court, and the judgment thereon shall be signed the same day of its rendition; provided, that when any party may desire to take such rule or make application for removal of his case, as provided in section — of this act, if the court may not be in session, the same may be granted at chambers, and it shall be the duty of the said court to try the same at chambers, or to open and hold a special term for the trial of any such rule.

COURTS IN WHICH RULE MAY BE TAKEN.

Sec. 3. Be it further enacted, etc., That in case of recusation, or inability from any cause whatever, the judge or judges of the parish, or district wherein the persons so contesting shall reside, shall be unable to act, then and in that case the plaintiff in said rule may take said rule before the judge of the adjoining parish or judicial district, or to the Superior Court at New Orleans, as he may deem advisable; and in cases now pending, in which contestations between persons claiming judicial office is the subject matter at issue, either party shall have the right to have his cause removed to the adjoining parish or judicial district, or to the Superior Court at New Orleans, upon application to the judge of any adjoining parish or judicial district, or Superior Court at New Orleans, and affidavit of the recusation or inability of the judge to act from any legal cause, and upon the party filing said application and affidavit the court shall, by order, direct the removal of such cause, and the record shall thereupon be transferred to the said court; and in case of inability on the part of the party applying to obtain said record, or a duly certified copy thereof, sworn copies of the record may be filed with the court, and the case shall thereupon be tried in the same manner as if the original record was with the court; provided, that before any case so removed at the instance of any party shall be proceeded with, the court making the removal shall require that the adverse party shall have twenty-four hours' notice, with an additional twenty-four for every ten miles his place of residence may be from the court.

Note.—The commission is prima facie evidence of right to office, but the Court will take judicial cognizance of irregularity which rendered null the commissions that were issued. *Kemp vs. Ellis*, 25 An. 253. The act is constitutional. A commission issued through error does not confer any rights on the holder. *McGregor vs. Allen*, 33 An. 870. Nor does it deprive an incumbent of his office. *State ex rel Lemonnier vs. Board*, 34 An. 280; *State ex rel Duffy vs. Goff et al.*, 135 La. 335.

If the term of court next preceding that during which the jury is prayed for, or succeeding the time when such prayer is filed, if filed in vacation, be not a jury term, the case remaining untried, the judge shall order the jury commissioners to draw a special jury to appear at such term of court to try the case, and these rules shall apply to all succeeding terms until the case shall be finally tried. In all cases when a special jury is ordered, the judge shall order the drawing of thirty qualified jurors who shall be summoned by service of notice in the usual form. APPEALS FROM INTERLOCUTORY DECREES.

Sec. 6. Be it further enacted, etc., That from all interlocutory decrees that might work irreparable injury, and from all final judgments in such cases, any party thereto or any of the citizens whose names are set forth in the petition may appeal, on giving bond in such sum as the court may fix in the order granting the same. Sec. 9. Be it further enacted, etc., That judgments in all such suits shall become of force and be executory as in other cases before the district courts of the State.

PAYMENT OF COSTS.

Sec. 10. Be it further enacted, etc., That if judgment in such suits be rendered against the defendant he shall be condemned to pay all costs, and if judgment be rendered in his favor the citizens at whose request the suit was brought shall be condemned jointly and in solido to pay all costs.

Note.—A suit by a District Attorney on the relation of the State for the removal of a sheriff under Const. Arts. 196, 200 and 201, is triable by a jury to be drawn in conformity with Act 135 of 1880. *State ex rel Leche vs. Waggoner*, 42 An. 54. Acts denounced by Const. Art. 196 and done by a sheriff in a prior term, who was his own successor, may form the foundation for a suit for removal from office under Const. Art. 201. *State ex rel Billon vs. Bourgeois*, 45 An. 1350. The citizens at whose instance a suit is brought under this act need not be made parties to the action, and if not made parties they are nevertheless condemned to pay costs; the judgment against them is an absolute nullity, and cannot affect the right of the State to an appeal without making them parties. *State ex rel Stewart vs. Reid*, 118 La. 106. As to time for appeal from judgment in cases brought under the act, see *State ex rel Bourg vs. Marrero*, 132 La. 109. The act is still in force. The allegation in the petition that the suit was brought at the request of twenty-five citizens, which request "is hereto attached and made part hereof," is a sufficient compliance with the act, to authorize taxation of costs against such citizens on the acquittal of the officer. *State ex rel De Bellevue vs. Egan*, 138 La. 201. (But see *State ex rel Stewart vs. Reid*, 118 La. 106.)

The finding of the said officers as to the sufficiency of such petition shall be final and no court of this State shall have authority by injunction or otherwise to disturb or review their findings or to interfere with them in the discharge of the duties imposed upon them by this Act. Sec. 8. Be it further enacted, etc., The Secretary of State shall certify to the Governor or Lieutenant Governor, as the case may be, the total number of signatures appended to the recall petition filed in his office and the total number of registered voters qualified to participate in the last preceding general election for the office, the incumbent of which is sought to be recalled. If such certificates show that the required number of signatures appear on the recall petition, then the Governor or the Lieutenant Governor, as the case may be, shall immediately notify the officer sought to be recalled, and if there is to be a general election in the territory affected by the recall petition in not less than three months but in not more than five months from the date of the certificate of the Secretary of State, the Governor or Lieutenant Governor, as the case may be, shall issue his proclamation submitting at such general election the question of recalling the officer affected by the recall petition, and he shall in such proclamation

RECALL BALLOTS.

Sec. 10. Be it further enacted, etc., The recall ballot shall be prepared, printed and forwarded to the election officers in the territory affected, by the officer or officers whose duty it is, or may be hereafter to prepare, print and forward to the election officers, ballots to be used at regular general elections. A line shall be drawn entirely across the ballot beneath the above question and below this line there shall be printed the names of the candidates arranged alphabetically, and after each name shall be printed two squares, in one of which shall be printed "First Choice" and in the other shall be printed "Second Choice." There shall be printed below the names of the candidates directions to voters,

to the effect that the voter may vote for his first choice and for his second choice of the candidates.

PURPOSE OF ACT.

Sec. 17. Be it further enacted, etc., It is hereby declared to be the purpose of this Act and of the amendment to the Constitution of the State of Louisiana relative to the recall of certain officers elected by the people, to furnish a quick and sure means by which an officer elected by the people may be removed by the people without intervention of the courts and without delays, and a substantial compliance with the terms, conditions, and requirements of this Act shall be sufficient, so that the spirit and intention of the Act be observed rather than the letter.

EXTORTION IN OFFICE BY PUBLIC OFFICERS.

Act 57 of 1888, p. 59.

TITLE.

AN ACT to amend and re-enact an act entitled "An act punishing extortion in office by the public officers of the State of Louisiana, or parishes, judicial and other districts, and of cities and towns incorporated or having governments authorized by law," being "Act No. 256" of the General Assembly of the State of Louisiana, approved February 15, 1873.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That Act No. 256 of the General Assembly of the State of Louisiana, approved February 15, 1873, be amended and re-enacted so as to read as follows:

That any public officer or employee authorized by the Constitution and laws of the State of Louisiana in either the Legislative, executive, judiciary or military departments of the State government, or any officer or employee of the parishes, judicial and other districts, or of cities and towns incorporated or having governments authorized by law, whose compensation for official services or employment therein as fixed by the Constitution or laws thereof, who shall charge, or receive or take, directly or indirectly, any more than the said lawful compensation for said official services or employment, shall be deemed guilty of extortion in office, and shall be punishable in the manner hereinafter prescribed by this act.

Sec. 2. Be it further enacted, etc., That any public officer or employee as designated in Section 1 of this act, who shall fraudulently carry or cause to be carried, directly or indirectly, upon the lists or pay rolls of his office the name or names of persons as employees therein to whom are thus allowed salaries or pay for services not rendered, said pretended employee or employees being such as are commonly known as "deadheads," shall on conviction by a court of competent jurisdiction be guilty of the crime of extortion in office, and shall be punishable in the manner hereinafter prescribed by this act.

Sec. 3. Be it further enacted, etc., That any officer or person violating the provisions of this act shall be deemed guilty of misdemeanor, and upon conviction thereof by a court of competent jurisdiction, shall be liable to pay a fine of not more than one thousand dollars, and to imprisonment for a term not exceeding five years, at the discretion of the court; and any person aggrieved or injured by the acts of said offender shall, independent of any criminal proceedings, be entitled to maintain a civil action against the same for damages or injuries sustained, and a verdict in favor of the party injured, or a conviction of such offender, shall, ipso facto, operate a vacation of the office or functions of said offending official or employee.

Sec. 4. Be it further enacted, etc., That this act shall take effect and be in force from and after its passage, and all conflicting laws herewith be and the same are hereby repealed.

Note.—It is an act of extortion or oppression in office on the part of a sheriff to demand and recover from an accused person in custody the sum of one dollar in cash as a precedent to his release on an appearance bond, and in advance of any trial, conviction and sentence to pay costs. *State ex rel Leche vs. Waggoner*, 42 An. 54. The Supreme Court is without jurisdiction of an appeal from the conviction of a justice of the peace, who has been sentenced to pay a fine of twenty-five dollars and to be imprisoned for half an hour, but not at hard labor, even though the conviction ipso facto works a vacation of the office. *State vs. Mayer*, 117 La. 945.

PARISHES.

[Duties of Police Juries—of Surveyors.]

[R. S., Sec. 2624.] Whenever the Police Jury of any parish shall pass an ordinance for ascertaining and fixing the boundary lines of any parish adjoining thereto, and shall appoint a time and place for commencing the running thereof, and shall duly serve the President of the Police Jury of said adjoining parish with a copy of the ordinance, with notice of the time and place for commencing the running thereof six months previous to the time so fixed, then the Parish Surveyors of said parishes, or such Surveyors as may be appointed for that purpose, shall proceed to the running and marking of said boundary line, and in case the Parish Surveyor of either parish shall fail to attend at the time and place appointed, then the other Parish Surveyor, after waiting two entire days, shall proceed to the running and marking of the said adjoining boundary line.

Note.—The fixing of parish boundary lines is a legislative proceeding, but the determination of the line to be fixed under the statute is a judicial function. Jurisdiction *ratione personae et materiae* may be determined by the principles underlying questions of revendication. Thus where the territory affected by the boundary line lies partly in one and partly in the other parish, the suit may be brought in either parish, and the value of the space between the disputed lines would fix the jurisdiction *ratione materiae*. R. S. Sec. 2624 is in full effect. The course prescribed must be followed. *Parish of Caddo vs. Parish of De Soto*, 114 La. 366, 119 La. 992; *Parish of Caddo vs. Parish of Red River*, 114 La. 370.

Property had been assessed and taxes paid for several years as being in the Parish of Iberville. Under an assessment made of a portion of the property in West Baton Rouge, the property was sold for taxes and adjudicated to the State. Held, the sale was null and void in toto. The State was bound by the acts of her officers in the assessment and collection of taxes. *Booksh vs. Wilbert Sons, L. & L. Co.*, 115 La. 351.

Where the boundary line between two parishes has not been established by a joint survey, as prescribed in this section, the question of the venue of a crime alleged to have been committed in one of the parishes should be referred to the jury to be determined by a preponderance of the evidence, *State vs. Malone*, 134 La. 779.

[Returns of Survey—How Preserved.]

[R. S., Sec. 2625.] Whenever a boundary line shall have been run and marked as above prescribed, due returns thereof shall be made to the President of the Police Juries of both the said parishes, who shall cause them to be carefully filed and preserved in the office of the Recorder.

[Compensation of Surveyors.]

[R. S., Sec. 2626.] Each of the Surveyors shall receive, as full compensation for the running and marking of said lines, five dollars per day, and shall be paid for all reasonable expenses, by the Treasurer of the parish interested.

[Neglect of Duty by Surveyor.]

[R. S., Sec. 2627.] If any Parish Surveyor shall neglect to perform any of the duties herein prescribed, he shall, on conviction thereof, suffer a fine not exceeding fifty dollars and imprisonment not exceeding ten days.

[R. S., Secs. 2628 to 2630.] Collections of judgments against parishes. Repealed by Act 56, E. S. 1877, p. 87.

[Fines, Etc., for Violations of Law Go to Parishes, Etc.]

[R. S., Sec. 2631.] The fines and forfeitures collected for violation of the criminal laws of the State, and which have been required by law to be paid into the State Treasury, shall belong to and be paid into the treasury of the parish in which they may be collected, and in New Orleans into the Treasury of the city.

[R. S., Secs. 2632, 2633.] Assessment of land divided by parish lines, of movable property, superseded by Act 170, 1898, Sec. 11, printed under title "Taxation."

RECALL OF OFFICERS BY ELECTORS.

Sec. 11. Be it further enacted, etc., That the holder of any office provided for in this act may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of any incumbent of elective office shall be as follows, to-wit: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least thirty per centum of the qualified electors of the parish, demanding an election of a successor of the person sought to be removed, shall be filed with the clerk of the Board of Commissioners, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, or be under one cover; but each signer shall add to his signature his place of residence, and, if in a city, town or village having street numbers, give his street and number. One of the signers of each such paper shall make oath, before an officer competent to administer oaths, that the statements therein made are true, as he believes; and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days of the date of the filing of such petition, the Registrar of Voters shall examine this petition, and ascertain whether or not it is signed by the required number of qualified electors; and he shall attach to said petition his certificates showing the result of such examination. If, by his certificate, the petition is shown to be insufficient, it may be amended within twenty days from the date of said certificate. The Register of Voters shall, within ten days after such an amendment, make a like examination of the amended petition, and, if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect at any time. If the petition shall be deemed and certified sufficient, the clerk of the Board of Commissioners shall submit the same to the Board of Commissioners without delay. If the petition shall be found to be sufficient, the Board of Commissioners shall, by ordinance, order an election, and fix the date for the holding thereof, not less than thirty days nor more than sixty days from the date of the first regular meeting of the board after the date of the register's certificate to the board that a sufficient petition has been filed.

The Board of Commissioners shall make publication of the said election, shall prepare and deliver to the commissioners of election the necessary ballots, tally sheets, ballot boxes, and other election necessities, and shall appoint the commissioners and clerks of election. The returns of the said election shall be made to the Board of Commissioners, and shall be canvassed by it in open session, and the result immediately declared. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise in writing, his name shall be placed on the official ballot, without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some person other than the incumbent receive the highest number of votes, the incumbent shall thereupon be deemed removed from the office, upon the qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of his election, the office shall be deemed vacant, and another election called. If the incumbent receives the highest number of votes, he shall continue in office. This method of removal shall be cumulative and additional to the other methods provided by law.

All recall elections under this act shall be at large, and by nonpartisan ballot. Any qualified elector of the parish may become a candidate at a recall election, by filing notice of his intention with the clerk of the Board of Commissioners, accompanied by a petition of twenty-five qualified electors requesting the placing of his name on the official ballot. This notice of intention, accompanied by said petition, shall be filed with the clerk at least twenty days before the date fixed for the election.

ELECTORS MAY PROPOSE ORDINANCES.

Sec. 12. Be it further enacted, etc., That any proposed ordinance may be submitted to the board by a petition signed by electors of the parish, equal in number to the percentage hereinafter required; the signatures, verifications, certificates, amendment, and submission of such petition shall be the same as provided for petitions in Section 11 of this Act.

If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty-five per centum of the qualified voters of the parish, and contains a request that the said ordinance be submitted to a vote of the people if not passed by the board, the board shall either (1) pass the said ordinance without alteration, within thirty days after the filing of said petition accompanying the said ordinance; or (2) forthwith call a special election, unless some general election in the parish is fixed within six months thereafter, and at such special or general election, such ordinance shall be submitted without alteration to a vote of the electors of the parish.

If the petition is signed by not less than fifteen per centum, nor more than twenty per centum of the qualified electors, then the board shall, within thirty days, pass the said ordinance without change, or submit the same at the next general election in that parish.

The ballots used when voting upon said ordinance shall contain these words:

"For the Ordinance" (stating the nature of the proposed ordinance), and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the parish. Any ordinance proposed by petition, or which shall be adopted by a vote of the people, shall be repealed or amended only by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, but there shall not be more than one special election in any period of twelve months for such purpose.

The Board may submit a proposition for the repeal of any such ordinance or for amendment thereto, to be voted upon at any succeeding general Parish or State election; and should such proposition so submitted receive a majority of the votes cast thereon, at such election, such ordinance or ordinances shall thereby be repealed or amended accordingly. Whenever any ordinance is required by this Act to be submitted to the voters of the Parish at any election, the Board shall cause such ordinance to be published in the official journal of the Parish for at least thirty days next preceding the election, and, in case there is no official journal in the Parish, then in the manner provided for judicial sales.

WHEN ORDINANCES OF ELECTORS GO INTO EFFECT.

Sec. 13. Be it further enacted, etc., That no ordinance passed by the Board, except emergency ordinances, provided for in Section 9 of this Act, or when required by the general laws of the State, shall go into effect before ten days from the time of passage. If, during the said ten days, written notice is given to the Board by twenty-five electors of the Parish, that a petition of protest against the passage of said ordinance will be filed, then the said ordinance shall not take effect before the expiration of twenty days from the date of the filing of said notice. If a petition be filed with the Clerk of the Board within the said last named twenty days, containing the signatures of electors of the Parish equal in number to at least twenty-five per centum of the qualified voters of the Parish, protesting against the passage of such ordinance, the same shall thereupon be suspended from going into operation, and it shall be the duty of the Board to reconsider such ordinance. If the same is not entirely repealed after reconsideration, the Board shall submit the ordinance, as provided in Section 12 hereof, to a vote of the electors of the parish, either at a special election or at a general election, as provided for in said Section; and such ordinance shall not go into effect and

become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. The said petition shall be in all respects in accordance with the provisions of Section 11 hereof, except that it cannot be amended.

REVISION OF BUDGET, ETC.

Sec. 14. Be it further enacted, etc., That if, at the beginning of the term of the first Board elected under this Act, the budget and appropriations for the current fiscal year have been made, the Board shall have power, by ordinance, to revise, repeal and change the said budget and appropriations. If, however, the taxes, licenses and other levies have been made to meet the total of this budget, the Board shall not in any change, revision or repeal, exceed the total revenues estimated under the levy already made.

ALL PARISHES MAY ADOPT ACT—ORLEANS EXCEPTED.

Sec. 15. Be it further enacted, etc., That any parish of the State of Louisiana, the parish of Orleans excepted, may adopt the provisions of this act, and become organized hereunder as a parish, by proceeding as provided in this Section: Upon the petition of electors equal in number to fifteen per cent of the qualified voters of the parish, certified to by the Registrar of Voters, the President of the Police Jury of the parish shall at once by his proclamation call a special election, and submit the proposition of organizing as a parish under this act. The election so ordered shall be held not sooner than thirty days, nor later than sixty days from the issuance of that proclamation. The proposition submitted shall be: "Shall the Commission form of government, under Act No. (Here insert the No. of this act), of 1914, be adopted?"

The preparation and delivery of ballots, tally sheets, ballot boxes and other election necessities, shall be attended to and furnished by the Police Jury; the commissioners and clerks of election shall be appointed by it; the returns shall be made to it; and the returns shall be canvassed by it in open session, and the result immediately declared.

In case the said form of government is not adopted at the special election called, the question shall not be re-submitted within two years from the date of that election; after that time it may be re-submitted, in the same manner as provided above.

ABANDONMENT OF COMMISSION FORM.

Sec. 16. Be it further enacted, etc., That any parish which shall have operated for more than six years under the provisions of this act may abandon such organization hereunder and may resume its original or "police jury" form of government by proceeding as follows: Upon the petition of not less than thirty per centum of the electors of such parish, a special election shall be called, at which the following proposition only shall be submitted: "Shall the Parish of (name of parish) abandon its organization under Act No. (number of this act) of 1914, and resume its original or "police jury" form of government. If a majority of the votes cast at such special election in favor of such proposition, the officers elected at the next succeeding quadrennial election shall be those then prescribed by the laws of this State for parishes in which the form of government prescribed by this act shall not have been adopted; and upon the qualification of such officers, such parish shall resume its original or police jury form of government, with such changes in or alteration of such police jury form as the laws of this State shall have prescribed; but such change from the one form of government to the other shall not in any matter or degree effect the property, right or liability of any nature or such parish, but shall merely extend to such change in its form of government. The sufficiency of such petition shall be determined, the election ordered and conducted, and the result declared, generally as provided by Section 15 of this Act, insofar as the provisions thereof are applicable."

S., Sec. 2662.] That where a partition of a succession has been or may be made, belonging to one or several heirs, who are present or represented therein, all actions relative to the said succession shall be brought against the heirs before the District Court of the district where the succession is opened, which court shall have an exclusive jurisdiction to try the same, though the heirs or any of them may reside out of the district.

[R. S., Sec. 2666.] Major co-proprietors may demand that sale for purpose of partition, be made for cash. R. C. C., Art. 1342.

[Partition Where Minors Are Interested.]

[R. S., Sec. 2667.] (As amended by Act 245, 1918.) When two or more persons, some or all of whom are minors or persons interdicted, hold property in common and it is the wish of a co-owner or co-owners, or of a minor or minors, or of an interdict or interdicts represented by his, her or their tutor or tutrix, or curator or curatrix on the advice of a family meeting duly held and convened according to law to represent said minor or minors, or interdict or interdicts to effect a partition of the property held in common, the whole of said property may be sold at private sale for its appraised value, said appraisement to be made and the terms of said sale to be fixed by a family meeting duly convened for that purpose on behalf of the minor or minors, interdict or interdicts as the case may be, and any co-owner or co-owners may purchase the entire interest of the said minor or minors, interdict or interdicts at private sale for its appraised value, said appraisement of the value of the interest of the said minor or minors, interdict or interdicts to be made and the terms of the said sale to be fixed by the family meeting convened for that purpose on behalf of the said minor or minors, interdict or interdicts, and the said proceedings of the said family meeting to

Where a minor is interested, the law requires a sale—public or private—of the whole property to effect a partition. The sale is void whether the purchaser be a co-owner or a third person. *Moore vs. Gulf Ref. Co.*, 124 La. 607; *Fahey et al. vs. Fahey*, 128 La. 503; citing and affirming *Gallagher vs. Lurgis*, 116 La. 755.

The appointment of an undertutor ad hoc for a minor in a partition proceeding is proper, even if both parents are living. Where the mother alone is living, it is doubtful whether she could obtain the appointment of a tutor ad hoc for the purpose of partition, but the appointment may be made in a suit for partition by the mother and a major child. In a partition suit the mere allegation, unsupported by proof, that there are no relatives living, warrants the naming of friends to constitute the family meeting. Evidence is not required to show that a small city lot with a house on it is indivisible in kind. *Blandin vs. Blandin*, 126 La. 819. See also *Dautrieve vs. Shaw*, 47 An. 889, where both parents were living. The sale may be private, even if the mother alone be living. *Blandin vs. Blandin*, 126 La. 819. See Act 50, 1912, *infra*, and note that the decisions cited were rendered before the amendment of the section by Act 245, 1918.

Act 53 of 1912, p. 63.

TITLE.

AN ACT to provide a period of prescription in which actions may be brought to set aside or annul sales of real estate made to effect partition under the provisions of Section 2667 of the Revised Statutes of Louisiana where the sole reason for attack is that a part and not the whole of the property was sold.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That any action to set aside or annul a sale of Real Estate, made in good faith, to effect a partition, under the provisions of Section 2667 of the Revised Statutes of Louisiana, where the sole reason for the attack upon such sale is that a part and not the whole of the property sought to be partitioned was sold and where said sale was made prior to the passage of this act, shall be prescribed by the lapse of six months from and after the promulgation of this act.

Sec. 2. Be it further enacted, etc., That all laws or parts of laws contrary to or in conflict with this act are hereby repealed.

Note.—The prescription applies to minors. The act is constitutional. *McNamara et al. vs. Marx*, 136 La. 150. The act is a statute of repose, *id.*

Be it enacted by the General Assembly of the State of Louisiana:

Section 1. That when property is held in common among persons some of whom are sui juris and some of whom are not, said property may be divided in kind without the necessity of drawing lots when the co-owners, who are sui juris consent to the proposed partition and the proper court having jurisdiction, on the recommendation of a family meeting duly convened and held, shall have authorized it on behalf of those co-owners who are not sui juris.

Sec. 2. That all laws contrary to or in conflict with this act be and they are hereby repealed.

AN ACT to provide for the fixing of the fee of the attorney for the plaintiff in all partition suits and proceedings, in cases where there is no contest by defendant in the suit, or proceeding, and no attorney employed by him; and for the assessment of the same by the Court as cost of the suit, or proceeding, to be paid out of the mass of the funds, or property, to be partitioned, prior to the partition of the same.

Section 1. Be it enacted by the General Assembly of the State of Louisiana; That in all cases of judicial partition, either among co-heirs or other co-owners of property or funds, where there is no contest by the defendant, co-heirs or other co-owners, of the property or funds the partition of which is petitioned for, the fee of the attorney bringing the suit, or proceeding, for the plaintiff shall be fixed by the judge ordering the partition, and shall be assessed as costs of the suit, or proceeding, for partition, and ordered paid out of the mass of the funds, or property, to be partitioned, prior to the partition of the same. Note. The defendant excepted, averring that the plaintiff co-partnership had no existence in fact, that J. R. Kent alone did business under the name. Held the only purpose of the section was to prevent fraud and imposition on creditors, exception overruled. *J. R. Kent & Co. vs. J. F. Mojomer*, 36 A. 259, (the question is fully considered) *Joel B. Wolfe (doing business under the firm name of Udolpho Wolf, Son & Co.) vs. Ulysse Joubert*, 45 A. 1100. We have held that one may recover a debt due him, though engaged in business under the style of a partnership; but that ruling has not been extended beyond cases in which the recovery was sought in the proper name of the party to whom the debt was due. C. P. Art. 15. *In re Great Southern Lumber Co.*, 132 L. 995.

[Penalty for Offending Sec. 2668.]

[R. S., Sec. 2669.] Any person offending against the provisions of this act shall, upon conviction thereof, be deemed guilty of a misdemeanor and be punished by a fine not exceeding one thousand dollars, recoverable before any court of competent jurisdiction.

Note. The Board of Pharmacy properly established its domicile in the city of New Orleans, and a suit brought in the Parish of Acadia based on a citation served on the President of the Board in the Parish of Iberville, was properly dismissed for want of jurisdiction. *State ex rel. Martin vs. State Board of Pharmacy*, 105 L. 535. The resolution of the Board could not abrogate the law, nor will a subsequent amendment of the act, adopting the course advocated in the resolution, have the retroactive effect of depriving an applicant for registry of his rights as they existed under the act before amendment. The court maintained its appellate jurisdiction saying "while the relator does not in his petition make any averment as to the value of the right of registry to him, it abundantly appears from the evidence, that the same is worth more than two thousand dollars. *State ex rel. Monnier vs. Board*, 110 L. 99. The act is not unconstitutional as violating Const. Art. 29, 46, 1 and 8 of the State Constitution and the fourteenth amendment of the Constitution of the United States. *State vs. Kumpfert*, 115 L. 950. *State vs. Fowler*, 50 A. 1358. A member of an official body is not liable in damages to one who may have been injured by the body, which acted in good faith and within the jurisdiction conferred on it by law. *Monnier vs. Godbold*, 116 L. 165.

The charge of one dollar imposed on every registered pharmacist and qualified assistant for the renewal of his certificate, is not a license tax, but a charge imposed for carrying out the police regulation. *DeGruy vs. Louisiana State Board of Pharmacy*, 141 L. 896. PLEADING AND PRACTICE.

Act 300 of 1914, p. 611.

TITLE.

AN ACT to re-enact and amend Act 157 of 1912, entitled "An Act to further regulate the pleadings and practices in civil causes other than appeals from Justice of the Peace courts in the District Court of this State.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in the conduct of civil causes in the District Courts of this State other than appeals from Justice of the Peace Courts, the following rules of practice shall be observed and enforced, towit:

PLAINTIFF TO STATE MATERIAL FACTS IN SEPARATE PARAGRAPH.

First. The plaintiff in his petition shall state his cause of action articulately, that is to say, he shall, so far as practical, state each of the material facts upon which he bases his claim for relief in a separate paragraph, separately numbered. The petition shall be in all cases verified as hereinafter provided.

EXISTING RULES OF PRACTICE NOT EFFECTIVE.

Second. The defendant, in his answers, shall either admit or deny specifically each material allegation or fact contained in plaintiff's petition; provided, that nothing in this Act contained shall be construed as affecting in any way the existing rules of practice in regard to what defenses must be specially pleaded by a defendant.

The denial by the defendant in such case may be based upon lack of sufficient information to justify a belief in regard to the allegation in question, but in such case the denial must be expressly so qualified.

The answer, both as to the admission or denials, of the allegations of the petition, and as to allegation of new matter, shall, in all cases, be verified as hereinafter provided.

Third. All material allegations of fact contained in the petition which are not denied in the answer shall be deemed to be admitted.

MATERIAL ALLEGATIONS DEEMED TO BE TAKEN AS TRUE.

Fourth. At any time after the answer is filed the plaintiff may by rule submit to the Court the question of his right to a judgment upon the petition and answer. For the purpose of the trial of such rule all material allegations of fact contained in the petition and not denied in the answer, and all allegations of fact contained in the answer, shall be deemed and taken as true; provided, however, that this proceeding by rule for judgment on the petition and answer shall not lie in any case in which there may be a demand in warranty by the defendant, or in which there has been filed a petition of intervention, or a third opposition, unless the state of the pleadings be such as to justify a judgment at the same time upon the demand in warranty, the petition of intervention, or the third opposition, as the case may be.

Note.—The words "each material allegation or fact" should read "each material allegation of fact." The denial of an allegation of fact is the equivalent of a denial of the facts alleged. The statute permits but does not require the defendant to make affirmative allegations in his answer. Defenses that must be specially pleaded in order to avail the defendant are governed by the rules of practice which obtained before the adoption of the act. (Other matters of pleading under the act are discussed.) *Newspaper Feature Service vs. Southern Pub. Co.*, 140 La. 702. The allegation of indebtedness is merely a statement of the pleaders conclusion of law resulting from the facts stated. Admission of the facts does not mean an admission also of the conclusion reached. *Suc. of McLain*, 141 La. 375. See also *Atlas Oil Co. vs. Standard Oil Co. of La.*, 142 La. 601. In *State ex rel. Long vs. Nixon*, 142 La. 714, the Court said, p. 715: "The defendant's answer to the suit did not conform with the requirements of Section 1 of Act 300 of 1914. * * * However, having considered the case on its merits, we have concluded to rest our judgment on the evidence, rather than on the defendant's error in pleading."

COURT TO RENDER JUDGMENT.

If, upon the consideration of the petition and answer as above provided, the Court shall be of the opinion that the plaintiff is entitled to a judgment, it shall proceed to render and sign such judgment in the same manner and form and with the same effect as if a trial had been had upon evidence regularly adduced, and such judgment shall constitute for all purpose a definitive judgment; provided, that if such judgment so rendered be for less than the amount claimed by the plaintiff, jurisdiction of the cause shall be retained in so far as the balance is concerned; and, provided further, that in no such case, if the answer sets forth a legal cause of action by way of reconventional demand and is properly verified, shall the plaintiff be entitled in any event to a judgment for more than the difference between the amount found to be due the plaintiff and the amount of the

reconventional demand, and in any such case, jurisdiction of the cause shall be retained by the Court as regards the balance of the plaintiff's claim and the defendant's reconventional demand.

NO APPEAL FROM JUDGMENT DISMISSING RULE.

If, upon consideration of the petition and answer, as above provided, the Court shall be of the opinion that the plaintiff is not entitled to judgment, it shall dismiss the rule, and the fixing and trial of the cause shall be proceeded with in the same manner and form as if such rule had not been taken.

No appeal shall lie from such judgment dismissing such rule.

PLEADINGS TO BE VERIFIED BY PLAINTIFF OR DEFENDANT.

Fifth. The petition or answer, as the case may be, shall be verified by the plaintiff or the defendant, if a natural person or a member of the firm, if a partnership, or in the case of a corporation, by the President, Vice-President or other managing officer thereof; provided, however:

(a) The joint petition or answer of several plaintiffs or defendants may be verified by any one of said joint plaintiffs or defendants.

The verification in the case of parties shall consist in an affidavit to the effect that all of the allegations of fact made in the petition or answer are true, except as to those allegations expressly made on information and belief, and that as to these, the affiant believes them to be true.

ATTORNEY MAY VERIFY.

(b) The petition or answer may be verified by the attorney of the party or parties in all cases.

WANT OF VERIFICATION BY EXCEPTION IN LIMINE LITIS.

Want of verification or defective verification must be taken advantage of, if at all, in the case of a petition by exemption filed in limine litis, and in all such cases the Court may in its discretion allow the verification to be supplied or amended upon terms as to the payment of costs, or otherwise, as it may deem proper.

In the case of an answer, such want of verification, or defective verification, may be taken advantage of in those cases in which such rules will lie as hereinabove provided, by the filing within ten judicial days after the answer shall have been made, of a rule for judgment on the petition and answer as hereinabove provided, upon the trial of which, if it appear to the Court that the answer is not verified or is defectively verified, all of the allegations of fact made in plaintiff's petition shall be deemed and taken as true, and all allegations of new matter made in the answer shall be deemed and treated as not written; or said want of verification, or of defective verification in case of answers, shall be grounds for motion to strike the pleading from the files, said motion to be filed within ten judicial days after the filing of the answer; provided, that in every such case the Court may in its discretion allow the verification to be supplied or amended upon such terms as to the payment of costs, or otherwise as it may deem proper.

VERIFICATION BY ATTORNEY.

A verification by the attorney of a party or parties for a reason deemed by the Court insufficient to justify such form of verification shall not be treated as a defective verification, but the Court shall in such case require pleading to be verified by the proper party within a delay to be fixed by the Court, and such verification shall be retroactive in its effect, provided that this paragraph shall in no way vary or affect the foregoing paragraph as to the conclusiveness or verification when made by counsel in the cause.

CERTIFICATE OF COUNSEL MUST ACCOMPANY EXCEPTION.

Sixth. Every exception which may be filed in advance of the filing of an answer shall be accompanied by a certificate of the counsel filing the

same, to the effect that it is filed in good faith and not merely for the purpose of delay; and in the case of every such exception involving matters of fact, the same must also be verified as to such matters of fact in the manner and form hereinabove prescribed for the verification of petition and answers. Unless accompanied by the certificate of counsel aforesaid, no such exception shall have any effect as a defense or to prevent the taking in regular course of a judgment by default; and in the case of exceptions involving matters of fact, unless same be verified as above provided, they shall be overruled as a matter of course; provided, that in such case, the Court may in discretion allow the verification to be supplied or amended upon such terms as to the payment of costs, or otherwise, as it may deem proper.

ALL RULES APPLICABLE TO INTERVENTION, ETC.

Seventh. All of the rules of practice hereinabove prescribed in regard to petitions and answers and exceptions thereto shall apply, so far as practicable, to petitions of intervention and of third opposition and to demands in warranty and to exceptions and answers thereto.

REPEALING CLAUSE.

Section 2. Be it further enacted, etc., That all laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Provided, that if any individual, made garnishee, shall with the purpose of avoiding personal service of garnishment process, conceal or absent himself, then the court, upon application and proper proof, may order service of such garnishment process made in some other manner, with the same effect as if made personally.

WHERE PERSONS MAY BE SUED.

(12) Any person engaged in commercial business may be sued and served in all matters connected with said business in the parish where the business is carried on, even though he may have his legal domicile elsewhere, or at his legal domicile, as desired by the party controlling the suit or process; and for the purpose of service upon commercial and ordinary partnerships, ~~they shall be considered as having their domicile where the partnership carries on its business, notwithstanding all or some of the partners may reside elsewhere, and in any of said cases service may be made at the legal domicile of that of the members of the partnership, or of any one of them.~~

WHERE SERVICE MAY BE MADE.

(13) In suits which under the law may be brought in parishes other than the legal domicile of the defendant, citation and all other legal process may be served on said defendant in the parish where the suit is brought, if he be personally found therein, or otherwise, as herein provided, or may

be sent by the clerk of the court where the suit is brought, to any other parish in the State where the party may be found, whether the parish of his legal domicile or otherwise, and service made by the sheriff or constable of that parish.

SERVICE IN OTHER PARISHES.

(14) When the defendant in any suit or proceeding is absent from the parish of his domicile where the suit is brought or pending, and is in any other parish of the State, service may be made on him wherever found by the sheriff or any constable of that parish to whom the papers may be sent.

WHEN ABSENT FROM DOMICILE.

(15) Where the defendant in any suit or proceeding has his legal domicile in the parish where a suit is pending, but has no agent or other legal representative in the parish, and no fixed place of residence, with a person living there competent to receive service of process, and is shown by proof to the court to be in another State, then the court on proper application may appoint a curator ad hoc to represent him, and upon whom service may be made.

(16) After suit has been brought and the defendant has appeared, through counsel, service of all other process in the suit, except garnishment process, but including supplemental petitions, should same be allowed by the court, may be accepted, by or service made upon the attorney of record, and the right so to serve shall remain until the attorney shall have formally withdrawn from the case under order of court; and this rule shall also apply to the plaintiff and his attorney after suit filed.

ACCEPTANCE OF SERVICE.

(17) All acceptances of service shall be dated, or, if the date should be inadvertently omitted, shall have effect from the date of filing, but no acceptance of service shall affect the legal delays granted by law or by the rules of court.

RETURN OF SHERIFF AND CONSTABLE.

(18) The return of the sheriff or constable shall be conclusive, unless directly attached; but the attachment may be by rule in the same proceeding, if before judgment, but after judgment can only be direct action, but in the same proceeding; and the return, if correct, may be amended at any time before or after judgment, provided proceedings for that purpose are taken contradictorily with the party upon whom it is alleged the service was made, or who is affected thereby; said party to have personal service of any process to correct the return, unless it can be shown, as hereinabove set forth, that personal service cannot be had, in which event the court may direct some other kind of service.

INMATES OF PUBLIC INSTITUTIONS.

(19) Inmates of public institutions in the State may be sued at their former domicile, and service of process upon them may be made by the sheriff or any constable of the parish where the institution is situated.

DIRECTIONS AS TO SERVICE.

(20) In addition to the rules for service herein provided for, any person either in his individual representative capacity, or any partnership or corporation, domestic or foreign, may by notarial act deposited with the sheriff, or any constable of the parish, provide that service may be made of legal process addressed to him, or it, in some manner different from that herein set forth or upon some person not herein provided for, and when service has been made in that way, it shall be binding upon the parties so directing, and such direction shall remain in force until withdrawn by order of court.

SERVICE MAY BE MADE BY DEPUTY.

(21) All process herein required to be served by a sheriff or constable may be served by any deputy, provided that said deputy shall be duly appointed and sworn, and the record of his appointment approved by the court and entered upon the minutes thereof, or otherwise placed on record therein.

Section 1. Sec. 2. Be it further enacted, etc., That all laws or parts of laws in conflict herewith, be and the same are hereby repealed.

NUMBER OF POLICE JURORS.**Act 279 of 1908, p. 412.****TITLE.**

AN ACT to provide for the number of police jurors to represent wards in parishes (except the Parish of Orleans) having a population of less than fifty thousand inhabitants.

PROVIDING THE NUMBER OF POLICE JURORS FOR WARDS IN COUNTRY PARISHES.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That in each parish of this State (Parish of Orleans excepted) having a population of less than fifty thousand inhabitants there shall be elected in the manner provided by law, in addition to the police juror to which said ward is entitled, an additional police juror for each five thousand inhabitants which said ward contains; also, one additional police juror for each additional five thousand inhabitants or part thereof in excess of twenty-five hundred inhabitants; said police jurors shall be residents of the ward from which they are elected and shall be elected by the voters of said ward.

REPEALING CLAUSE.

Sec. 3. Be it further enacted, etc., That all laws or parts of laws in conflict with the provisions of this Act be and the same are hereby repealed.

[Power and Authority of Police Juries.]

[R. S., Sec. 2743.] (As amended by Act 202, 1902, p. 391.)
The Police Juries shall have power to make all such regulations as they may deem expedient:

First—For their own government.

Second—As to the proportion and direction, the making and repairing of the roads, bridges, causeways, dikes, levees and other highways.

Note. The police jury is without authority to actually "trace a line of road;" this should be done "by a jury of freeholders," but the police jury has power to determine "the proportion and direction of the road." *Calder vs. Police Jury*, 44 An. 173. It has the power to regulate the direction, the making and the repairing of the roads, bridges, causeways, dikes and levees. *Parish vs. Nalting, etc.*, R. R. Co., 44 An. 613. It has authority to grant to a private corporation the right to construct, maintain and operate a toll road, and to collect tolls in an amount limited to compensation of the company for the use of the money and for its services. The grant does not violate Const. Arts. 48 and 58 (Const. 1898). *St. Joseph Plank Road Co. vs. Kline*, 106 La. 325. The police jury is, however, without authority to grant a right to construct, own and operate a line of railways over and through the public roads in the parish. *Farmer vs. Miles*, 106 La. 333.

Third—Clearing the banks of rivers and natural drains; for the clearing of the banks of the Mississippi River and all other navigable streams and natural drains for the purpose of secur-

ing a free passage for boats and other water crafts, and for logs and timber; and they shall therefore likewise have power to make all such regulations as they may deem necessary and proper to prevent the introduction into and propogation in all such streams and natural drains of aquatic plants and all other vegetation which can in any manner impede or obstruct navigation of boats and other water craft or the towing of logs and timber, as well as to prevent the passing from one stream to another (though one or both of such streams be not navigable) of all such aquatic plants and vegetation; and they shall have likewise power to pass and make all such penal ordinances as they may deem proper for the punishment by fine or imprisonment or both, of all such persons as may transgress against such regulations as said police juries may pass by virtue of this paragraph.

Fourth—As to the form and height of inclosures or fences, whenever they may think proper to require the proprietors to enclose any ground.

Note. A police jury has the power to enact a "no fence" law for a particular ward of the parish. To what extent the roving of animals shall be permitted, restrained or suppressed is left to the discretion of the police jury. *Miller vs. Bopp*, 136 La. 788.

Fifth—To pass all ordinances and regulations which they shall deem necessary in relation to the marking, the sale, destruction of cattle in general and especially of wild cattle which are not marked; and also of horses and mules; and to take any measure concerning the police of cattle in general in all the cases not provided for by law; to fix the time in which cattle may be suffered to rove in the parishes of this State, where that custom prevails, so that such roving may not be detrimental to the crops; to determine what animals shall not be suffered to rove, and in what cases they may lawfully be killed.

Note.—Inspection of cattle. *State vs. Overby*, 142 La. 23. Dipping cattle. *State vs. Malone*, 142 La. 331.

Sixth—To regulate the police of taverns and houses of public entertainment and shops for retailing liquor in their respective parishes, and to impose whatever parish tax they may see fit on all keepers of billiard tables and grog shops, and on all hawkers, peddlers and trading boats.

Note. The police jury has authority to impose any license tax it may see fit to impose on trading boats trading within the parish. *Parish vs. Bowman*, 30 An. 1403. The payment of State and Parish licenses by a retailer of spiritous liquors does not exempt him from the operation of a police regulation adopted by the police jury, requiring the dealer to close his place of business after certain hours. *State and Police Jury vs. Isabel*, 40 An. 340. See *Cade, Tax Collector, vs. Mitchell*, 51 An. 1494. Where in a general election under Act 76 of 1884 the decision is against the sale of liquors, the police jury is powerless to impose a license; when, however, the voters of a particular town subsequently reverse that decision insofar as that town is concerned, the police jury may for that town impose a license. *Parish vs. Campbell & Hart*, 106 La. 464. The power to regulate the police of taverns, etc., extends to all measures deemed necessary to prevent violations of regulations, such as offering a reward for evidence to convict offenders. *Carnes et al. vs. Police Jury*, 110 La. 1011. *Luchini vs. Police Jury*, 126 La. 972.

Seventh—To determine the quantum of fines against all such as shall transgress their regulations.

Note. In the absence of a State law prohibiting traffic, etc., on Sunday, the Legislature is without constitutional authority to delegate authority to a police jury to enact such ordinances and in the name of the State to prosecute the violation of such ordinances as misdemeanors. *State vs. Baum*, 33 An. 981.

Eighth—To levy such taxes as they may judge necessary to defray the expenses of their respective parishes.

Note. As a general rule, a police jury may not contract a debt or incur an obligation without at the same time providing for its payment; where, however, the parish is involved in serious litigation, a valid contract may be made with counsel to aid the regularly retained attorney for the defense of such suits. The compensation to counsel may fairly be considered a contingent expense. *Talbot vs. Parish of Iberville*, 24 An. 135. Property situated within an incorporated town and the inhabitants thereof are subject to property and license taxes imposed by the police jury, unless specially exempted by the Legislature. *Parish of Iberia vs. Chiapella*, 30 An. 1143. Power to employ experienced timber estimators in making assessments. *Haynes vs. Police Jury*, 139 La. 101. The police jury of the Parish of Lafayette is without jurisdiction to impose taxes on property in the town of Lafayette, except such as may be necessary to make, maintain and repair the courthouse and jail, and to pay the city's portion of the criminal expenses. *Billeaud vs. Police Jury*, 141 La. 957.

Ninth—Note—This paragraph is identical with R. S., Sec. 1501. As Section 1501, it was amended by Act 132 of 1906, p. 220. Therefore, see R. S., Sec. 1501.

Note. The construction of a "pontoon ferry bridge" by a large majority of the patrons of a ferry across a navigable stream is an unlawful infringement of the franchise of the lessee of the ferry privilege. The license to conduct the line is in its nature exclusive, and the police jury has power to prohibit the operation of unlicensed ferries and bridges within competitive distance of the licensed ferry. *Blanchard vs. Abraham*, 115 La. 989. So with a bridge built and maintained by a parish and a town of the parish. The right may be protected by injunction. *Police Jury vs. Robichaux*, 116 La. 286.

Tenth—To appoint a treasurer for the parish.

Note. The right of the police jury to remove a parish treasurer was not abrogated by Const. 1879, Art. 201. *Richard vs. Rousseau*, 35 An. 933. (Compare Const. 1913, Art. 222.) For removal of the Board of Police Commissioners of New Orleans, under Act 63, 1888, Sec. 4, citing the *Rousseau* case with approval. See *State ex rel. Denis vs. Shakespeare*, 43 An. 92. (Constitutional provisions bearing on the subject are discussed and many cases cited.)

Eleventh—To appoint all officers necessary to carry into execution the parish regulations, and to remove them from office.

Note. A police jury is without power to deprive itself of the power to remove its employees. A contract for a period of years is void. *Ehret vs. Police Jury*, 136 La. 391.

Twelfth—To provide for the support of the poor and necessitous within their respective parishes by taxation or otherwise.

Thirteenth—To cause to be opened in any town suburb or other place divided into house lots, or when a point of land on the Mississippi or other water course shall be divided among several proprietors, such ancient natural drains as have been obstructed by the owners of the adjacent lands, and to prescribe the mode to be observed in that respect; to cause any water course which is not navigable to be filled up for the purpose of carrying the public highways over the same; provided that no injury be thereby occasioned to the neighboring inhabitants; and whenever an application made by more than twelve (12) inhabitants of a town, suburb or other place divided into house lots, or when a point of land on the Mississippi or other water course shall be divided among several proprietors, it shall be found necessary to dig one or more common draining ditches, the said juries shall have the power to ordain that the said ditches be dug at the expense of the owners of the lots, and that the expenses be borne by a contribution among the owners, to be levied in such manner as the jury shall prescribe; saving to individuals or persons aggrieved the

right of complaining for the making or opening of such natural or artificial drainings when unnecessary or hurtful to them.

Note. The police jury had a dam built across an unnavigable stream. After its completion the plaintiff purchased some land in the vicinity, and about six years thereafter claimed that the dam obstructed the natural drainage of his land. He prayed for damages and the removal of the dam. Held that damages would be allowed, though plaintiff purchased with full knowledge of the conditions; but the removal of the dam would not be ordered. *Lalanne vs. Savoy*, 29 An. 516. The police jury is without power to interfere with or obstruct navigation on any navigable water course, by the construction of bridges without draws or by the erection of embankments. *Goodwill vs. Police Jury*, 38 An. 752. The right of the police jury to build a dam across a stream not navigable in order to carry a road across it, is clear, and injunction will issue to prevent threatened interference with the work or its destruction. *Egan vs. Russ*, 39 An. 972. Lands may be entered for the purpose of doing the work necessary to render and keep drains efficient, to remove obstructions, and enlarge systems of drainage. Where new drains are to be cut, the land must be expropriated. *Drainage Dist. vs. Iberia & V. R. Co.*, 124 La. 502.

Fourteenth—To adopt such regulations as (*sic*) may think necessary to prevent and punish trespasses committed by hunters on inclosures or lands fenced in; provided, however, that the fines imposed by the said police juries for such offenses, shall, in no case be less than five dollars (\$5.00) nor more than fifty dollars (\$50.00).

Fifteenth—To grant permission and to determine the rate of toll to be demanded by persons desiring to build a bridge or make a turnpike road; provided, that in no case whatever the police jury shall grant the right of toll for more than ten (10) years.

Note. The police jury has authority to grant to a private corporation the right to construct, maintain and operate a toll road, and to collect tolls in an amount limited to compensation of the company for the service it renders and the use of its money. The grant does not violate Const. Arts. 48, 58 (Const. 1898). *St. Joseph Plank Road Co. vs. Kline*, 106 La. 325.

Sixteenth—To enact ordinances and regulations, not inconsistent with the laws and Constitution of the United States, nor of this State, to protect their respective parishes against the introduction of all and every kind of contagious or epidemical diseases.

Seventeenth—To sue any person for whose account levees, roads, etc., may have been made or repaired at the expense of the parish, and to obtain the reimbursement of said amount, by privilege on the land subject to the said works.

Eighteenth—To appoint parish syndics, and overseers of roads and levees, at any regular meeting, by a majority of the votes present, and whether a quorum be in attendance or not.

Nineteenth—To lease to the bidder for the shortest time, not exceeding ten (10) years, any tract of land within the limits of their respective parishes, given by the general government of the State for the use of the schools, and upon which a levee shall be necessary, as will (*sic*) as for its own protection as that of the adjoining lands from inundation; the only consideration of said lease to be making and keeping in repair the necessary levee by the lessee, for the whole term of his lease.

Note. See Act 90, 1882, p. 2 et seq., for additional powers of police juries.

[Majority Required to Levy Parish Tax.]

[R. S., Sec. 2744.] A vote of a majority of all the members elect of police juries shall be required to levy any parish tax, or

to make any appropriation; provided, that in levying parish taxes the police juries shall levy a uniform per centum on every species of property, trade or profession, on which the State assesses a tax.

Nothing in the fifth section of this act shall be so constructed as to prevent police juries in the river parishes from levying a special tax on land for the construction and support of levees.

[Estimate of Expenditures Before Fixing Assessment.]

[R. S., Sec. 2745.] The police jury of the several parishes of the State, before they shall fix and decide on the amount of taxes to be assessed for the current year, shall cause to be made out an estimate, exhibiting the various items of expenditures required; and cause the same to be published in the official newspaper published of the parish, or in parishes where an official newspaper is not published, then by posting up written statements of said estimates in at least three of the most public places in such parishes, at least thirty days before their meeting to fix and decide on the amount of taxes to be assessed as aforesaid.

Note. The estimate or schedule or statement or budget need not include anything relating to the resources or revenues of the parish. It should be a statement or estimate of the expenditures for a given year; it should state the year for which it was made, and the publication should name the year for which it was adopted. It should be published for thirty days. *Police Jury et al. vs. Bouanchaud & Co. et al.*, 51 An. 866. (The Court indicated the budget should be published several times during the thirty days, but held it was not necessary to decide the point, as the budget was void for other reasons.) A property or license tax levied by a police jury is void, unless it is preceded by a budget or estimate of expenditures adopted and published at least thirty days in advance of the levy. The law is mandatory, and failure of substantial compliance with it strikes the taxing ordinance with nullity. A license tax for the entire year, predicated on a budget for only the first half of the year, is not a compliance with the statute. *Constant, Benjamin & Co. vs. Parish of East Carroll*, 105 La. 286. Failure to object to a license tax, on the ground that it was not preceded by a budget legally adopted and published, must be timely urged. If the tax debtor waits until many taxpayers have paid the levy, and an annulment of the levy would throw the parish finances into confusion, he will be held estopped. *Fuseller vs. St. Landry Parish*, 107 La. 224 (many cases are cited). The law is not substantially complied with when license taxes are fixed at the same time the budget is adopted, although the ad valorem tax ordinance be not adopted until after expiration of thirty days. *Swords vs. Daigle*, 107 La. 510. In the absence of a budget, taxes are not adopted as required, and the sale of property for such taxes is void. *Waggoner vs. Maumus*, 112 La. 229. A budget adopted in November, 1905, warrants the levy of taxes for the succeeding year. The police jury is not required to make out and publish an estimate of expenditures within the same year that it levies taxes to meet them. *Murphy et al. vs. Police Jury*, 118 La. 401 (many cases are cited in the opinion). *Board of School Directors vs. Police Jury*, 123 La. 416. See also *Howcott vs. Smart*, 128 La. 130. *Farmerville Bank vs. Police Jury*, 138 La. 835.

[Police Jury Must Provide Courthouse.]

[R. S., Sec. 2746.] The police jury of each parish shall be bound to provide a good and sufficient courthouse, with proper rooms for jurors; and also a good and sufficient jail, at such place as they may deem most convenient for the parish at large; provided. That when the seat of justice is established by law, they shall not have the power to remove it.

Note. The lease of a building for a courthouse under an ordinance of the police jury is invalid, unless means for paying the rent are provided in the ordinance. *Destrehan vs. Police Jury*, 31 An. 180. The law contemplates that the police jury should provide a permanent and substantial courthouse; "it did not mean that there should be rented a house nor that there should be built a loghouse nor a frame-house, nor that there should be furnished any other makeshift." *State vs. King*.

109 La. 813. Whether a police jury is acting wisely or unwisely in undertaking to build a new courthouse on a new site, or that it may involve the building of a new jail, is a question which the courts are not competent to consider, as the law vests discretion in such matters in the police jury. *Dupuy vs. Police Jury*, 115 La. 579. *Murphy vs. Police Jury*, 118 La. 401. See also *Board of School Directors vs. McBride*, 138 La. 598.

See *City of Shreveport vs. Moroun*, 134 La. 497. A prosecution for violation of a police jury ordinance is a "criminal case" within the meaning of Art. 109 of the Constitution, conferring original jurisdiction upon the District Courts in all criminal cases. *State vs. Toggin*, 135 La. 497. See also *State vs. Hagen*, 136 La. 868.

The defendant was sentenced in default of payment of fine and costs to confinement in parish prison for sixty days, "subject to road work." On appeal the Court held it was without jurisdiction, as "subject to road work" was not imprisonment at hard labor within Const., Art. 85. *State vs. Rigmalen*, 135 La. 236.

Such a franchise must be sold at auction, and where the police jury incorporates in the franchise such conditions that in the natural order of things there will only be one bidder, a sale to such bidder is null and void. *Friscoville Realty Co. vs. Police Jury*, 127 La. 318.

CHARACTER OF ROAD; HOW DETERMINED.

Sec. 7. Be it further enacted, etc., That whenever any road construction is to be let for account of any road or sub-road district, the contract whereof will exceed in value two thousand dollars (\$2,000.00), the governing authority or the supervising board, if one there be, must determine the character of road to be constructed, and they shall proceed to provide through the parish surveyor, or any other surveyor selected by said board, proper specifications for the construction of said road or highway, which specifications, before they shall be announced as the official specifications of said subdivision as to the character of road desired, will receive the sanction and approval of the Board of State Engineers through the highway department thereof, and after the adoption of said specifications thus approved, shall be advertised for bids to do the work according to the plans and specifications prepared, which advertisement shall appear for the full term of thirty (30) days in the official newspaper of the parish where the road is to be located, and may also be advertised in other paper or papers in the discretion of the Police Jury or Supervising Board, if one there be, such advertisement shall state the place where the bids will be received, the time and place where the bids will be opened and a general outline of the work expected to be performed. Every bid will be accompanied by a certified cheque of the bidder in an amount equal to five per cent (5%) of the amount of the bid, which cheque shall be forfeited to the road district or sub-road district should the bidder to whom such contract is awarded fail to enter into the contract required within ten (10) days after notice to do so from the governing authority or supervising board of the district awarding the work. The cheques of all unsuccessful bidders to be returned after the contract is awarded. All bids so submitted shall be addressed to the governing authority or supervising board of the district and shall be publicly opened and read at the time stated in the advertisement. The Police Jury or supervising board shall have the right to reject any and all bids if in their opinion it should be deemed to the interest of the district so to do, but unless for cause, which in their discretion may be deemed sufficient, it should award the bid to the lowest bidder. The Police Jury of supervising board may also proceed to execute the work with its own force and its own equipment and under its own supervision. The bidder, however, to whom such contract is awarded shall be required to furnish bond of a surety company authorized to do business in Louisiana, in a sum equal to one-half of the contract awarded, conditioned that such work shall be performed in accordance with the plans and specifications and the terms of the contract. The awarding of the contract by the Police Jury to a successful bidder will be binding upon both, even though for some cause there should be no signing of the actual contract.

Sec. 8. Be it further enacted, etc., That all specifications for road contracts shall be drawn to conform as nearly as possible to terms and conditions imposed by the highway department of the State of Louisiana as outlined in Act 49 of the Legislature of 1910, which act, for the purposes of road districts, shall be followed as closely as compatible and shall be the guidance for the governing authority or Supervising Board of such road districts in construction, operation and maintenance of the public highways under their control and shall be altered to conform to the class and character of road desired. When, however, any road district is expected to cooperate with the highway department of the State and has applied for and is receiving State aid in the construction of its roads, its contracts and operation shall be governed exclusively by the terms and conditions of the State Highway Act No. 49 of 1910. It is specially made the duty of the engineers of Police Juries and supervising board to provide for the most adequate drainage for the road constructed under their supervision and care.

MAINTENANCE OF ROADS FUND; PROVISIONS IN BUDGET.

Sec. 9. Be it further enacted, etc., That whenever there shall have been constructed in any of the parishes, road districts or sub-road districts of this State any hard-surfaced roads, it shall be the duty of the police juries of the various parishes of this State and of the parish in which said roads are located, to provide annually in its budget for such amount as will be required for the maintenance and repair of the roads thus constructed in said Parish, and any taxpayer shall have the right of action to enforce the fulfillment of this requirement, provided, however, that this shall not apply in cases where a special tax may have been voted in any parish, or portion of a parish, to provide for the maintenance of the roads or highways in that locality where the tax is levied.

SPECIAL TAXES, LIENS, ETC.

Sec. 10. MAY DIVIDE PARISH INTO DRAINAGE DISTRICTS.

Section 1. (As amended by Act 225, 1916, p. 483.) Be it enacted by the General Assembly of the State of Louisiana, That the Police Juries of

the various Parishes of the State of Louisiana are authorized and empowered upon their own initiative to divide their respective Parishes in one or more drainage districts, such district to be known as drainage district with such other name or number as the Police Jury may designate, provided, that no such district shall contain within its limits less than five land owners; and provided further that the Police Jury with the concurrence of the Drainage Commission may at any time prior to the incurring of debt, issuing bonds or levying a tax based upon the vote of the property owners in such drainage district, change the boundaries of such drainage district so as to enlarge or diminish same, or to repeal entirely the ordinance creating the drainage district.

Provided further—That the boundaries of gravity drainage or sub-drainage districts created under the provisions of this act may be changed at any time so as to enlarge such drainage or sub-drainage district and additional lands included therein notwithstanding that prior thereto bonds have been issued, debt incurred and a tax levied based upon the vote of the property owners in such drainage or sub-drainage district upon a petition in writing executed by the owners whether residents or non-residents owning at least two-thirds ($\frac{2}{3}$) of the acres of the additional land to be included, and a like number of petitioners of the territory already included in such drainage or sub-drainage district; that the enlargement of such drainage or sub-drainage district shall not in any manner affect the bonds that have been issued and are then outstanding against the property situated in said drainage or sub-drainage district, nor the tax that has been voted by the property owners in such drainage or sub-drainage district for the purpose of paying the principal and interest of such bonds according to the terms and conditions thereof; but the said tax shall be collected and the proceeds thereof used to pay the principal and interest of such bonds and the liquidation of such debt the same as though the enlargement of such drainage district had not been made, or may refund and retire such bonds from the proceeds of any bonds that such drainage or sub-drainage district may issue after such district has been enlarged. In order to provide funds to pay the cost of constructing and maintaining a drainage system or to pay and retire the principal and interest of any bonds that may be outstanding against such drainage or sub-drainage district, for either one or all the aforesaid purposes, the Board of Drainage Commissioners shall have the authority, after being authorized by a vote of the property taxpayers in said drainage or sub-drainage district at an election held in accordance with the provisions in that respect contained in the Constitution and laws of the State of Louisiana to levy and collect an acreage tax or forced contribution per annum on each and every acre of the land composing said drainage district before the enlargement thereof, and a tax for a like amount per acre per annum on each and every acre of the land added to said drainage district by the enlargement thereof susceptible to gravity drainage, or may levy and collect an ad valorem tax on the taxable property in such drainage or sub-drainage district, provided that such acreage tax or forced contribution shall not exceed the constitutional limit of fifty cents per acre per year, or if an ad valorem tax be levied the same shall not exceed the constitutional limit of ten per cent. of the assessed valuation of the property in such drainage or sub-drainage district, and to incur debt and issue negotiable bonds secured by the acreage tax or forced contribution or ad valorem tax as hereinbefore provided, and to sell the bonds thus issued at a price not less than that fixed by the Constitution at the time of such sale and to use the proceeds from the sale of such bonds to construct and maintain a drainage system in said drainage or sub-drainage district; or to pay and retire the principal and interest of any bonds that may be outstanding against such drainage or sub-drainage district, and provided further that when any bonds are issued under the provisions of this act, a certified copy of the proceedings of the Board of Drainage Commissioners authorizing the issuing of said bonds and the levy of the tax to pay the same shall be published and promulgated in two consecutive issues of the official journal and thereafter shall be recorded in the mort-

gage records of the parish or parishes where the drainage or sub-drainage district is located, and shall be registered with the Secretary of State who shall also be furnished with a copy of the official journal publishing the proceedings; and further provided that in order to fully comply with the due process of law every taxpayer in said Drainage or Sub-Drainage District, whether resident or non-resident, and every other person interested, shall be allowed a period of sixty days in which to file any contest over the benefits to accrue from the drainage or over the validity, legality or constitutionality of the proceedings leading up to and including the levy of said tax, or to the said bond issue, and after the lapse of the said sixty days reckoning from that date of the last publication and promulgation of the proceedings as hereinbefore provided and upon the production of a certificate from the clerk of court of the parish or parishes where the drainage or sub-drainage district is situated; that there is no litigation pending on the docket of said court affecting said bond issue in any manner, or the proceedings leading up to the levy of tax or issue of bonds, the Secretary of State shall sign and seal the following certificate;

Incontestable Secured by Tax

Secretary of State."

And seal said bonds without making any charge therefor, all bonds issued under the provisions of this act and so registered shall constitute a binding and irrevocable contract between the holder or holders of said bonds and the drainage or sub-drainage district issuing the same and they will be protected by every constitutional guarantee of good faith, and every taxpayer in said drainage or sub-drainage district whether a resident or non-resident and every other person interested is, after the lapse of the said sixty (60) days irrevocably estopped from setting up any defense to the levying and collecting of said tax, or to the issuing of the bonds secured thereby, or to any of the proceedings leading up to and including the authorization to levy and collect said tax and issue said bonds; and no court shall have jurisdiction to entertain any suit to contest the validity or legality of said bonds or of any proceedings leading up to and including the issuance of said bonds or the levying and collecting of the tax provided for the payment of such bonds.

In all cases where drainage districts have been or will be organized by the action of the police juries under the provisions of this act, and the drainage commissioners should deem it expedient, or necessary for the better drainage of the district, to divide the same into sub-drainage districts, they shall have the right to do so by a simple resolution to that effect, defining the limits of such sub-drainage district. Such sub-drainage district may be increased or diminished, and the boundaries thereof changed, by a simple resolution of the board of drainage commissioners, if such action is taken prior to the authorization to issue bonds or levying of a tax in such sub-drainage district based upon a vote of the property taxpayers in such sub-drainage district. If, however, such sub-drainage district is created for the purpose of reclaiming lands that must be levied and pumped in order to be drained and reclaimed, then the limits of such district may be changed at any time and other lands included therein, upon the petition of at least two-thirds ($\frac{2}{3}$) of the acres represented by owners owning the additional territory to be included and a like number of petitioners of the territory already included in such sub-drainage district shall not in any manner affect any bonds that may have been issued against the property situated in said sub-drainage district, and the board of drainage commissioners shall have the authority to issue bonds for a like amount per acre upon the additional property embraced in the drainage district and to levy an acreage tax or forced contribution to pay the interest and principal of such bonds, together with the maintenance of the drainage district; and all such bonds when thus issued shall be issued upon the same terms and conditions and shall be equal in every respect to the bonds already issued and shall be regarded as one issue all resting

upon the same sub-drainage district, and there shall be no preference or priority given or distinction made on account of some of the bonds of the district having been issued prior to the issuing of others. Such sub-drainage district shall be composed of, and acreage taxes shall be levied on lands only that are especially benefited by the particular reclamation or drainage that is proposed to be inaugurated for the purpose of draining the same and may be composed entirely of the lands of one individual or corporation. That all sub-drainage districts the boundaries of which have been enlarged and bonds issued upon the additional land embraced therein are hereby declared to be valid and existing sub-drainage districts, and such bonds are hereby declared to be valid and binding obligations of the district and incontestable for any cause after sixty (60) days have expired from the date of the promulgation of the proceedings evidencing the issuing of said bonds.

COMMISSIONERS FOR DISTRICT QUALIFICATIONS.

Sec. 2. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That all drainage districts formed or created under the provisions of this act shall be governed and controlled by five commissioners. These commissioners, or their wives, must be assessed with real estate in the district to the value of Five Hundred Dollars (\$500.00), or they must be the representative of some corporation owning lands in the district to the value of Five Hundred Dollars (\$500.00); such representative of a corporation may be an officer thereof or may be designated to represent the corporation by resolution of the board of directors to that effect, and persons possessing such qualifications may be drainage commissioners, whether they be residents of non-residents. A drainage commissioner may hold the position of drainage commissioner in one or more drainage districts, and may hold such position in addition to any other office that may be held by him, and such holding of the position of drainage commissioner shall not be considered in contemplation of law as dual office holding.

THREE COMMISSIONERS FOR EACH DISTRICT.

Sec. 3. Be it further enacted, etc., That the police juries organizing such drainage district shall appoint three commissioners in each district, except when otherwise provided herein, two of said commissioners for the period of two years and one for the term of four years, and all selections or appointments by the said police jury thereafter shall be for the period of four years. The remaining two commissioners shall be appointed by the Governor for the period of four years. The appointment of commissioners by the police jury shall be made upon the recommendation of a majority in number of acres or a majority of the resident land owners in such district, where the district contains forty or less land owners. Where the district has more than forty land owners embraced therein, then the appointment shall be made upon the recommendation of twenty-five of the land owners of said district. Where there is a contest over the appointment of commissioners, the police jury shall give the appointment to those commissioners who are recommended by land owners owning the greatest number of acres of land in said district, or who are recommended by a majority of the resident land owners in such district, in the discretion of the police jury.

DISTRICTS OF LANDS IN SEVERAL PARISHES.

Sec. 4. Be it further enacted, etc., That when the drainage of any locality is such that, in the opinion of the police juries of the respective parishes, it becomes necessary to organize or create drainage districts composed partly of lands situated in adjoining parishes, then such drainage district may be created by joint resolution of the police juries of the respective parishes, or by an ordinance to that effect, passed by the police jury of one parish and approved by the police jury or juries of the other parish or parishes; and in the event of the creation of such drainage district, then the commissioners shall be appointed or selected as aforesaid, two by the police jury of the parish which has the greatest area in said

district, and one by the police jury of the other parish; when portions of three parishes are included, each parish shall have one commissioner; provided, that when portions of more than three parishes are embraced in one district, then the said commissioners shall be apportioned one to each parish, according to the greatest area furnished by each, who, together with the two commissioners appointed by the Governor, shall constitute the commission of said drainage district, and shall hold their terms of office as provided for in this act; provided, however, that, instead of the police juries naming the terms of office of each commissioner, this shall be determined by the commissioners themselves, by drawing lots for the long and short terms. After said lots are drawn the results shall be made known to the respective police juries as to whom will serve the long and who will serve the short term. Any commissioner so appointed may be removed for cause by the police jury appointing such commissioner, and those commissioners appointed by the Governor may be removed in like manner by him. Failure or refusal by a commissioner to perform any or all of the duties prescribed by this act, shall be good cause for removal.

FORMATION OF DISTRICT ON PETITION OF PROPERTY OWNERS.

Sec. 5. Be it further enacted, etc., That upon the failure or refusal of any of the police juries of any of the parishes of the State to organize drainage districts when needed, or on the failure of any one or more police juries to organize drainage districts of the lands composed partly of the parishes of each, they are hereby required to form a drainage district when petitioned to do so by a number of the property owners representing a majority of the acres of land in said district or by a majority of the resident land owners in said district; that in presenting such a petition to the police jury or police juries, such petition shall set forth substantially the boundaries of the district which is proposed to be organized.

COMMISSION CONSTITUTES BODY CORPORATE.

Sec. 6. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That any drainage district thus created and named and numbered by any police jury of any parish of the State, or by the joint action of the police juries of any two or more adjoining parishes, as aforesaid, shall constitute a body corporate in law, with all the powers of a corporation; shall have perpetual existence; shall have the power and right to incur debts and contract obligations; to sue and be sued; to have a corporate seal and to do and perform any and all acts in its corporate capacity and in its corporate name necessary and proper for the carrying out of the purposes and objects for which the drainage district was created. Such drainage district shall also have the power of expropriating property for the purpose of acquiring sites for pumping stations or acquiring land for any other purposes that it may find necessary. Such drainage district shall also have the power to acquire machinery to maintain pumping plants or any machinery whatever that may be found necessary for the purpose of draining or reclaiming any of the lands of the State of Louisiana embraced within their respective drainage districts, and shall own the right of way for canals and ditches, and all sites which are acquired either by donation, purchase, prescription or expropriation, in full ownership. The drainage commissioners of a drainage district for the purpose of securing a proper outlet for the waters of the district they represent, shall have authority to extend canals or ditches, or both canals and ditches, beyond the limits of their respective districts, with the same power and authority of expropriating the right of way in the same manner and to the same extent as if such canals and ditches were wholly within the district they represent.

The police juries creating drainage districts, as aforesaid, with corporate powers, shall designate the domicile of such corporation, at which domicile it shall be sued and service of citation made on the President, either in person or on some person in charge of the office. The domicile of a drainage district, when once established by the police jury, may thereafter

be changed and a new domicile fixed, by a resolution of the drainage commissioners after having declared their intention to change the domicile and notice that that effect having been given by said commission; said notice to be signed by the president of the commission and published for thirty (30) days in the official journal of the parish in which the drainage district is situated. After the publication of such notice, if there is no sufficient reason shown why the said domicile should not be changed, then the drainage commission shall have the authority by resolution to make such change.

DESIGNATION OF TIME AND PLACE FOR MEETING—OFFICERS—BONDS, ETC.

Sec. 7. (As amended by Act 57, 1918.) Be it further enacted, etc., That in the creation of drainage districts and the appointment of commissioners as provided for in Sections 1, 2, and 3 of Act 227 of 1914, the police juries shall, at the same time, designate a time, and place for said commissioners to meet, and immediately after such meeting the said commissioners shall proceed to organize by electing officers as follows: First, they shall elect from among their number a President and Vice-President. It shall be the duty of the President to preside over the meetings of the board and to perform such duties as are usually required of presidents of corporate bodies; it shall be the duty of the Vice-President to perform the duties of the President in case of his absence or disability.

Second, That they shall elect a Secretary and Treasurer, who shall furnish bond in a sum fixed by the board, but must be fixed for an amount at least one-fourth ($\frac{1}{4}$) over and above any amount that may come into possession of said secretary and treasurer, which bond may be increased or diminished as the said secretary and treasurer shall have under his control more or less money or in such amount as may be fixed in the discretion of the board.

The premiums on such bond executed by the secretary and treasurer shall be paid by the drainage commission. That in all reclamation or pumping drainage districts created and organized under law and which said drainage districts shall comprise and contain twenty-five thousand or more acres, the secretary-treasurer shall receive a salary not exceeding one hundred and twenty-five dollars (\$125.00), per month, and in all other drainage districts with less than twenty-five thousand acres created and organized under law, the secretary-treasurer shall receive a salary not exceeding twenty-five dollars (\$25.00), per month, and the secretary and treasurer shall perform all duties required of him by the board of commissioners.

Third. They shall elect one of the solvent chartered banks of the State, and other things being equal a bank situated in the drainage district or parish or parishes in which the district is situated; in which all moneys shall be deposited, which bank shall pay interest of not less than three per centum (3%) on daily balances, provided a fiscal agent may be chosen who will materially aid the sale of bonds in any drainage district, in which event the said fiscal agent may pay a less rate of interest.

DUTIES—OPEN DRAINS, ETC.

Sec. 8. (As amended by Act 227, 1914, p. 424). Be it further enacted, etc., That said drainage board or ("or" is the word in the Act—Ed.) shall have the power and it shall be their duty to open all natural drains which they may deem necessary in their respective districts, and to perform all work connected therewith, which they may deem necessary to make the opening of said natural drains effective. They shall also have power to cut and open new drains or canals, wherever deemed necessary. They shall have the further power, as hereinbefore provided, to divide their districts into subdrainage districts and to drain the entire district or subdrainage district by leveeing, canaling and pumping, or by any means whatever they deem most advantageous to drain or reclaim the lands. In order to carry out this drainage work the drainage commissioners are

specially authorized to enter into contracts for the performance of such work, or to purchase machinery and have the work performed under their supervision, and to perform all other acts necessary to fully drain all the lands in their said district or subdrainage district, and maintain such drainage when established.

That the drainage commissioners of any district upon creating a subdrainage district shall appoint any number not exceeding three property owners, or representatives of property owners, of the said subdrainage district, who may or may not be drainage commissioner of the district, for the purpose of superintending and looking after the work of reclamation and drainage. Such committee shall act under the direction of the drainage commissioners, but shall have full power and authority to conduct the work of drainage and reclamation, maintain such drainage, and make their report from time to time to the drainage commissioners of the district. Such committee shall have power to employ and discharge laborers, to perform ordinary works, to solicit and enter into contracts, provided that any contract in excess of one hundred dollars (\$100.00) must be approved by the board of commissioners of the drainage district in which such subdrainage district is situated. They shall upon the petition of a majority in acres of the property owners situated in the subdrainage district employ the persons named in the petition as engineers, laborers, etc., that may be necessary to the maintenance of the drainage of the district, and such engineers, laborers, etc., shall be discharged upon the petition of landowners owning two-thirds of the acres of land situated in the said subdrainage district, and in making such selection, other things being equal, preference shall be given to a resident or landowner of the subdrainage district and the term of employment shall be at the pleasure of the landowners and the drainage commission.

COMMISSION HAS POWER TO PROVIDE FUNDS BY TAXATION.

Sec. 9. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That in order to carry out the provisions of this act relative to the drainage of lands situated in said drainage or subdrainage district as herein provided, the commissioners appointed or selected as aforesaid shall have the power to provide the funds necessary therefor by levying any tax or forced contribution which is now or may hereafter be authorized by the Constitution and laws of this State. If the tax to be levied is an acreage tax levied by the vote of the people for gravity drainage, then such tax shall, by resolution of the governing authority of the district be levied for the full term for which it was voted. If the tax levied be an ad valorem tax assessed for the purpose of paying the principal and interest of the bonded indebtedness issued upon the vote of the property taxpayers, or if an acreage tax must be levied for the purpose of paying the principal and interest of the bonded indebtedness and the cost of maintaining a drainage district issued upon a petition of landowners for the purpose of reclaiming lands that must be levied and pumped in order to be drained and reclaimed, then such ad valorem tax and such forced contributions shall be levied annually.

Provided, that in all cases where drainage commissioners are authorized to issue bonds upon the application of landowners for the purpose of reclaiming lands by leveeing and pumping, such drainage commissioners shall not issue such bonds until and after the landowners of such district, or their agents authorized in writing, whether residents or non-residents, representing two-thirds in acres of the land situated in said drainage district or subdrainage district, have petitioned the drainage commissioners to issue such bonds and proceed with the work of reclamation, and in all cases where such bonds are authorized to be issued by such petition, then the drainage commission each year as long as any bonds are outstanding shall levy upon each and every acre of land, whether public or private, situated within the drainage or subdrainage district, an acreage tax or forced contribution for an amount per acre sufficient to pay the interest on the bonded indebtedness of the said district, the fraction of the principal due that year and the cost of maintaining the drainage.

FORMATION OF NEW DISTRICT ON REFUSAL TO SECURE DEBT, ETC.

Sec. 10. Be it further enacted, etc., That any drainage district organized under the provisions of this act, or any drainage district already organized under the provisions of existing laws, the property taxpayers of which shall have rejected a proposition to incur debt, issue bonds of a levy a tax for drainage purposes at an election held for that purpose, or if the validity of any drainage district has been questioned, or its right to call an election, levy and assess taxes, incur debt or issue bonds, as contemplated by Article 281 of the Constitution, has been assailed or questioned by a suit, and a decision of the Supreme Court of Louisiana has been rendered adverse to said district, or the right of the commissioners therein to call an election, incur debt, issue bonds and levy taxes as aforesaid, then the police jury or police juries of the parish or parishes in which said drainage district is situated shall have authority to reorganize said drainage district, either by increasing or diminishing the limits thereof, or dissolving said district and forming a new district out of the same territory or a portion thereof, or change the same in any manner authorized and contemplated by the provisions of this act, to exercise the same authority as if said police jury or police juries were organizing a new drainage district. When such contingency arises as herein contemplated, the commissioners of the old district shall become *functus officio* and the commissioners shall be appointed for the district in the same manner as contemplated in Section 2 of this act.

COMBINATION WITH MUNICIPALITIES.

Sec. 11. Be it further enacted, etc., That whenever the interest of two or more contiguous drainage districts, or if any such drainage districts and any municipal corporation are identical, or if they have to any extent a community of interest in the cleaning and opening of natural drains or new works of whatever nature they may be, said drainage districts and municipal corporations may undertake and complete such work as a joint enterprise, determining in advance the proportion which each drainage district and municipal corporation shall contribute to said work; and, provided, that if the work so undertaken be paid for by a special tax or by issuing bonds, the said drains shall belong to, and the title shall be vested in the drainage district and municipality contributing said tax, in proportion to the said contribution; provided that the provisions of this section shall not prevent the police juries of the various parishes included in a drainage district, incorporated towns as a part thereof, it matters not that the provisions of the charter of such municipal corporation may exempt it from the authority of the police jury, provided nothing herein shall be construed to in any manner curtail or limit the authority or power of the municipal authorities to carry on drainage work within the municipality, in any manner, or under any rules or regulations which the governing body of such municipalities shall deem expedient.

COMBINATION OF PUBLIC IMPROVEMENTS WITH DRAINAGE.

Sec. 12. Be it further enacted, etc., That whenever in the opinion of the board of drainage commissioners other works of public improvements within the drainage district may be combined with the drainage thereof for public benefit, the proposition to combine same may be included in and made part of the proposition to be submitted to the taxpayers, and then said tax, when imposed, or said bonds when issued, shall be for the combined purpose of drainage and such other works of public improvements as may be mentioned in the proposition submitted by virtue of and under the authority that may now or hereafter be conferred by the Constitution and laws of Louisiana.

ASSESSMENT OF PROPERTY; DUTY OF ASSESSORS.

Sec. 13. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That the assessors of the various parishes throughout the State in which drainage districts, in whole or in part, are located, shall assess all

property in said drainage district for the taxes levied against the property therein by the drainage commission thereof, and shall also list and extend on the assessment rolls all acreage tax that has been assessed upon the lands of the district by the commissioners thereof, and shall, after said assessment is completed, make in triplicate an assessment roll which shall be styled "Assessment Roll for Drainage District" (here give name and number of the district or subdistrict). The original of this roll shall be filed with the clerk of the district court of the parish or parishes in which the said drainage district is situated; a copy with the sheriff and tax collector, which shall be his warrant for collecting the taxes, and the other with the commissioners of the drainage districts. The assessors making the assessment roll shall receive as compensation for such services the fees fixed by law on all ad valorem taxes, and the sum of seventy-five dollars for the listing of property to serve as a basis to collect the acreage tax which shall be paid him by the drainage district, when the triplicate rolls are completed and filed as herein required; provided, that the fee herein fixed of seventy-five dollars shall constitute the total charge for all rolls made for the district or subdrainage district therein, and the cost shall be divided between the original district and any subdrainage districts therein issuing bonds or levying a tax. He shall list and assess all property in such district in the same manner as is required by law for State and parochial assessments and also list the name of the property owner and the number of acres owned by him where there is an acreage tax levied. When said listing and assessment has been completed the drainage commission, or a committee therefrom, shall have the power, and it shall be their duty, to appear before the police jury or juries of the parish or parishes in which the district is situated, sitting as a board of reviewers, and to urge any correction or change in any assessment in said district, and insist upon the police jury making any correction or change in any manner that the police jury, sitting as a board of reviewers, are now authorized to make in assessments under existing laws. In order that such board of commissioners may secure a correct list of all property situated in their respective districts, and the actual cash value thereof, they shall have the right to employ at a fair compensation a person or persons for the purpose of listing the property in said districts, and placing the cash value thereon, which listing and valuation shall be admitted in evidence and considered by the court upon any contest as to the value of any property assessed.

CONSTITUTION AND GENERAL LAWS GOVERN TAXATION.

Sec. 14. Be it further enacted, etc., That all the articles and provisions of the Constitution of 1898, or as subsequently amended and all laws in force or that may be hereafter enacted regulating and relating to the collection of taxes, and the creation of tax liens, and mortgages, tax penalties and of sales, shall also apply to and regulate the collection of the special tax which may be imposed under the provisions of this act, including an acreage tax or forced contribution, same to be collected through the sheriff and ex-officio tax collector for said parish, at the same time and in the same manner that he collects the State and parish taxes, and the same shall be by him turned over to the treasurer of said drainage district. The said tax collector or tax collectors shall make monthly settlements with the treasurer of said drainage districts as aforesaid, and receive from him a receipt for the amount of taxes paid by him, and when all taxes shall have been collected for the current year, the said tax collector shall make a final settlement with the drainage commission in the same manner as tax collectors are required to settle with the auditor of the State of Louisiana. And when said final settlement is made, and all the taxes assessed in said drainage district are collected and paid in or accounted for by delinquent or deduction lists as is contemplated and accepted by the auditor of public accounts in the collection of State taxes, then the said drainage commissioners shall give the said tax collector or ex-officio tax collectors a quietus in full for the taxes of that year. Said tax collectors or ex-officio tax collectors shall receive for all services rendered in

collecting and paying over the tax herein provided for, one-tenth of one per centum on the amount collected and paid in. Upon the failure of such collector to comply with the provisions of this act, the board of commissioners of the drainage district shall have the authority, and it shall be their duty, to forthwith proceed against said tax collector or sheriff and ex-officio tax collector, and the sureties on his official bond as tax collector for the collection of whatever amount that may be due to said drainage district.

MEETINGS; EXPENSES.

Sec. 15. Be it further enacted, etc., That the commissioners of drainage districts, appointed under the provisions of this act, may meet as often as they deem it necessary, provided they shall hold at least one meeting in every year. All expenses of the administration of said board, salaries of officers, etc., shall be paid out of any funds in the hands of the treasurer belonging to said district, when the items, bills, salaries, or expenses shall have been approved at a regular meeting of the board of commissioners, provided that the commissioners themselves shall not be allowed any compensation for their services as members of said drainage board, but may be reimbursed any expenses incurred in performing the duties imposed upon them by virtue of their appointment.

EXISTING DISTRICT REORGANIZATION.

Sec. 16. Be it further enacted, etc., That any drainage district organized under existing laws, may avail itself of the provisions of this act and reorganize under the provisions hereof by making the fact known to the police jury or juries of the parish or parishes in which said drainage district may be located, and upon application from the drainage board of such drainage district to said police jury or juries, shall immediately organize such district under the provisions of this act, and commissioners shall be appointed for said district as hereinbefore provided. That any drainage district as now organized that may avail itself of the provisions of this act and is reorganized under the same, must assume all the debts and obligations of the old district and same must be liquidated and adjusted with the creditors of the said district and paid out of any funds that may be turned over to the new district as herein organized from the old district, or any funds that may be realized under the provisions of this act by the levying and collecting of taxes, issuing of bonds or in any other manner herein provided. They shall also have the power to carry out any contract that may have been entered into by the old district, which they supplant in the same manner, as though the old district had continued in existence.

Sections 17 and 18 were repealed by Act 219, 1912, p. 493.

COMMISSION HAS ABSOLUTE CONTROL—STATE ENGINEERS.

Sec. 19. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That the drainage commissioners of a drainage district or subdrainage district and the committee appointed under the provisions of this act to carry on the work of reclamation and superintend the maintenance of such subdrainage district, together with the State Board of Engineers, shall have absolute control over the drainage of their respective districts or subdrainage districts and shall act to the best interest of the district.

AUTHORITY TO ISSUE BONDS—LANDS BELONGING TO STATE, ETC.

Sec. 20. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That if any lands or shallow lakes not navigable, lying within a drainage or subdrainage district belonging to either the State of Louisiana, School Board, Levee Board, or any other of the political subdivisions of the State, and such shallow lakes or lands are capable of reclamation and cultivation, and same are included in a drainage or subdrainage district for reclamation purposes, and the drainage commissioners are authorized under the Constitution and laws of the State of Louisiana to issue bonds

against the lands of such drainage or subdrainage district and levy a forced contribution or acreage tax with which to pay the interest on the debt, the fraction of the principal due that year and the cost of maintaining the drainage of such district, then the said board of drainage commissioners shall also issue bonds against any lands belonging to the State, School Board, Levee Board or any of the political subdivisions of the State as above set forth, for the same amount per acre as is issued against the lands of individuals or corporations, and shall also be authorized to levy an acreage tax or forced contribution for the same amount and in the same manner as is levied against the lands of individuals or private corporations, and as long as the State of Louisiana, or any minor political subdivision thereof, is the owner of any land situated in such drainage or subdrainage district, the acreage tax or forced contribution levied against such land shall be paid at the same time, in the same manner and to the same extent as the land of individuals or corporations. In case the property belongs to a School Board, Levee Board or any other minor political subdivision of the State, the governing authority of such board shall make provisions for the purpose of paying the taxes upon such lands and may use any monies in hand for said purpose or may sell the land by complying with existing laws. If the land is the property of the State of Louisiana, then the acreage tax or forced contribution shall be paid by the Governor of the State out of the monies to be secured by him from the fiscal agent pending an appropriation by the Legislature for a refund thereof.

That the president and chairman of the governing authority of any of the political subdivisions of the State, acting upon the resolution of the board of commissioners of which he is president or chairman, in case of lands belonging to such political subdivisions, and the Governor, in case the lands belong to the State shall for the purpose of draining and reclaiming the lands of such district, sign petition for said purpose and the acreage represented by such authority in such petition shall be regarded exactly in the same manner as the property of private individuals or corporations.

BUILDING LEVEES, PUMPS, ETC.

Sec. 21. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That whenever it is necessary for the drainage of a district, or a subdrainage district, to levee the district, or any portion thereof, and pump the water therefrom, the board of commissioners of the drainage district is hereby authorized and empowered, after having, through the Board of State Engineers, on the drainage department thereof, the drainage or subdrainage district, surveyed and lines and levels run, and the cost of draining the particular area embraced therein ascertained per acre, and after complying with the Constitution and laws in force, to incur debt and issue negotiable bonds therefor, in an amount sufficient to drain and reclaim the lands of such district; provided, no bonds shall be issued against any lands where the report of the Board of State Engineers shows that the project is not feasible, or that the cost per acre for the reclamation would be so great as to make it doubtful that an acreage tax or forced contribution of three dollars and fifty cents (\$3.50) per acre would be sufficient to pay the interest on the debt, the fraction of the principal due each year and the cost of maintaining the drainage.

The said board of commissioners shall have power, and it is hereby made their duty, acting within the authority of the Constitution and laws that may then be in force to levy annually an acreage tax forced contribution, of whatever amount is necessary per acre upon the lands embraced within said district and drained or reclaimed, as aforesaid, to pay the interest on said bonds and the principal at maturity, and also an additional sum to maintain the drainage of said district after the lands therein have been reclaimed.

The bonds shall be issued of such denominations as that when the annual interest is added thereto the payments each year shall be as near equal and uniform as practical.

The money realized from the sale of the bonds shall be used exclusively by said drainage district for the purpose of draining and reclaiming such lands, and performing other necessary work in connection therewith, and such acreage tax shall only be imposed upon such lands in the districts as are necessary especially benefited by the drainage.

In determining the cost of drainage, it shall be the duty of the Board of State Engineers, either in person or by an engineer appointed by said Board, to make survey and estimate the cost of such drainage, and it shall be the duty of said Board of State Engineers in person, or by an engineer appointed by it, when called upon, to make all surveys and examinations necessary to determine such cost and to run all lines and levels, lay off canals and levees, locate pumping stations, and perform any and all other services in connection with the drainage and reclaiming of the lands of any district that may be required by the commissioners of said district. In making their report to the Board of Drainage Commissioners, the said Board of State Engineers shall state specifically whether or not the project is feasible, the cost per acre to drain and reclaim the lands; the cost per acre of maintenances after the drainage is established, the character of the lands, whether prairie or timbered, and, if partly timbered, the proportion of each; the cost per acre of putting the lands in a state of cultivation after the drainage is accomplished; the fertility of the soil of such drainage district, and the value of the land per acre after the reclamation is completed.

All expenses for preliminary surveys to determine the cost of draining and reclaiming the land shall be advanced by the land owners petitioning the drainage commission for such drainage, which amounts shall be reimbursed to said land owners by the drainage commission out of any funds realized from the sale of bonds; provided, the drainage of the lands is proceeded with as contemplated in this act.

The total cost of all legal expenses incurred in organizing a drainage or subdrainage district and issuing bonds therefor shall never exceed one and one-half per cent of the total bond issue where said bond does not exceed three hundred thousand dollars, and not exceeding one per cent where the bond issue is three hundred thousand dollars or more.

The cost and expenses for engineering work shall never exceed five per cent of the cost of such reclamation or drainage work, and it is especially made the duty of the drainage commission to have such work performed as economically as possible. The acreage tax thus levied may be increased or diminished as the needs of the district may require.

MATURITY OF BONDS.

Sec. 22. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That in all drainage districts or subdrainage districts that are formed for the purpose of reclaiming lands, and when bonds are issued for said purpose based upon a forced contribution or acreage tax, the authority issuing said bonds may fix the first maturity of such bonds not longer than five years from the date of issue, during which time the drainage of such drainage district or subdrainage district shall be completed.

That in issuing bonds for the purpose of reclamation where the character of the land is such that it must be leveed and pumped in order to be drained and reclaimed, the drainage commission of such drainage district may issue at one time, and as one series bonds, to the total amount necessary for the purpose of completing the drainage, or they may issue such bonds in one or more series and at different times, or if, after the work has progressed, any disaster shall befall the district, by which the works are injured or destroyed, and a greater amount than first contemplated was necessary to be expended, or if it was found that some error or mistake had been made as to the cost and that a greater amount than was contemplated originally was necessary to be expended in order to drain and reclaim the lands, then additional bonds may be issued, which bonds shall have the same maturities, bear the same rate of interest and be equal in every respect to the bonds previously issued, provided, that bonds

shall not be issued in a sum per acre greater than that a forced contribution of three dollars and fifty cents (\$3.50) per acre per annum will be sufficient to pay the interest on the said bonds, the fraction of the principal due each year, and the cost of maintaining the drainage.

DUTY TO RECLAIM LANDS AND MAINTAIN DRAINAGE.

Sec. 23. Be it further enacted, etc., That it is especially made the duty of the drainage commissioners, not only to reclaim unreclaimed lands of their district, but when such lands are reclaimed by artificial means, such as pumping, then they must at all times maintain the necessary pumping stations to insure the continuous drainage of the said lands, and to this end they are authorized to levy such acreage tax or forced contribution as is authorized by the Constitution and laws in force at that time, and by complying with the provisions of Section 9 of this act, or to use for said purpose any other funds raised in any other manner in said district.

WHEN ACREAGE TAX MAY BE IMPOSED.

Sec. 24. (As amended by Act 219, 1912, p. 493.) Be it further enacted, etc., that where lands have already been drained or reclaimed, and are situated within the district, if the drainage of such lands is maintained by the owner, no acreage tax shall be imposed thereon. But if such lands are embraced in a drainage or sub-drainage district, the drainage commissioners may issue bonds against such lands for the full amount that the drainage and reclamation of same would have cost if same had never been reclaimed, and in such case the drainage commissioners shall pay the owner or mortgage creditor, out of the funds realized from the sale of bonds the value of all canals, ditches, and pumping plants situated thereon which can be used to advantage by the drainage commissioners, or the drainage commissioners may embrace such reclaimed area in a drainage or subdrainage district without issuing bonds thereon, in which case the drainage commissioners shall take over all canals, ditches and pumping plants without cost, and the annual taxes or forced contributions levied on such lands in such case shall be only for the cost of maintenance. Any money due landowners for improvements on lands already reclaimed shall be paid by the drainage commissioners to the first mortgage or privilege creditor holding a mortgage or privilege on such lands, or to the owner by the written consent of such mortgage or privilege creditor.

DUTY OF STATE ENGINEERS.

Sec. 25. Be it further enacted, etc., That it shall be the duty of the Board of State Engineers to give special study to the drainage and reclamation of the wet, marsh and swamp lands of the State of Louisiana, and to be in a position at all times to have surveys made, where requested, and to give the necessary information as to the feasibility of the drainage proposed.

POWER OF COMMISSIONER OF DRAINAGE DISTRICTS.

Sec. 26. Be it further enacted, etc., That the commissioner of drainage districts, especially in that portion of the districts which may be uninhabited, shall have the power in locating canals and ditches for said districts to also lay out public roads and build the same in constructing the drainage of the district, and the commissioners shall at all times have free ingress and egress to and from all lands in the drainage district.

PROCEEDINGS WHERE TAX IS TO BE LEVIED.

Sec. 27. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That whenever, upon petition as provided for by Section 9 of this act, it is decided by a board of drainage commissioners to drain certain lands by levying a forced contribution or acreage tax thereon, the said drainage commissioners shall act in said matter by resolution or motion, fully setting forth and giving in detail the number of acres in said district to be drained, as shown by the survey; the amount that the report of the Board of State Engineers shows it will cost per acre to drain the lands,

and proceed to provide the funds with which to drain said lands as authorized by the Constitution and laws of this State in force at that time; which resolution, when thus passed by the board of commissioners, shall be notified to the assessor of the parish by forwarding him a copy thereof in order that he may extend the acreage tax, or forced contribution thus levied upon the assessment rolls for the parish in which the property is situated, and they shall record the original in the mortgage records of the parish, and also publish the same in the official journal of the parish, which official journal shall not be permitted to charge in excess of the legal rates paid by the police jury of the parish of which the paper is the official journal.

APPEAL TO COURTS FOR TEST OF VALIDITY.

Sec. 28. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That whenever a debt has been incurred and bonds ordered to be issued and a forced contribution, or acreage tax, levied as provided for in previous sections, any land owner having property situated within the limits of the area proposed to be drained, shall have the right during sixty days next following the date of the publication of the resolution required by the preceding sections, to appeal to the courts, for the purpose of testing the validity of such proceedings, after which time the validity of the proceedings, of the bonds authorized to be issued and the tax levied, or authorized to be levied, shall be absolutely incontestable for any cause whatever, and no court shall have jurisdiction to hear or determine any such cause. After which time the bonds shall be registered by the Secretary of State without charge, as provided for bonds under Section 31, Act 256, of 1910, as amended by Act 218 of 1912. The landowners in a drainage district or subdrainage district may, by unanimous consent, waive the right to resort to the court and absolutely ratify and confirm what has been done by the drainage commission and thereafter be forever barred from testing or contesting the validity of the proceedings, the bonds issued or the tax levied for the payment of the principal and the interest of said bonds and the cost of maintaining the district. And all boards are required to levy the tax in such instance, and shall not be permitted to question their authority to do so. When unanimous consent of property owners is obtained, as above set forth, the Secretary of State shall be required to register the bonds without waiting for the lapse of sixty days.

ENFORCEMENT OF TAX—SALE OF PROPERTY.

Sec. 29. (As amended by Act 227, 1914, p. 424.) Be it further enacted, etc., That if in the enforcement of the collection of the acreage tax or forced contribution assessed against the lands within a drainage or subdrainage district; it becomes necessary to sell said property for the payment of the acreage tax or forced contribution due thereon, and the entire property thus offered fails to sell for an amount sufficient to pay such acreage tax or forced contribution, together with the State and other taxes assessed thereon, it shall be the duty of the sheriff of the parish in which the property is situated to adjudicate the same to the State of Louisiana, and when such adjudication is made, then it shall be the duty of the Register of the State Land Office to immediately take possession of the said land in the name of the State, and to lease, or rent the said land, and as soon as one year in which the property can be redeemed expires, then to offer the said land for sale and to sell it either at public or private sale for the best price obtainable; provided that it shall not be sold for less than all taxes or forced contributions due thereon, together with interest and penalties; and that any conveyance made by the Register of the State Land Office of such property after the period of redemption has expired, to-wit: twelve months from the date of the recording of the act of adjudication to the drainage board shall convey a good and valid title to the purchaser, and all prescriptive statutes enacted in favor of the sales shall apply with equal force to any tax adjudication under this statute. That all bonds issued under the Constitution and laws of the State of Louisiana and especially under the provisions of this act and those that it amends, shall be protected by all the guarantees herein set forth and shall con-

stitute a valid and binding contract which shall be enforceable before any court of competent jurisdiction.

AUTHORITY TO ISSUE BONDS.

Sec. 15. (Act 227, 1914, p. 424.) Be it further enacted, etc., That the board of commissioners of drainage districts shall have authority to issue bonds as authorized by Article 281 of the Constitution as amended by Joint Resolution No. 70 of the General Assembly of the year 1914.

REPEALING CLAUSE PROVISIO.

Sec. 30. Be it further enacted, etc., That all laws or part of laws appertaining to drainage districts, contrary to or inconsistent with the provisions of this act, are hereby repealed; provided, that all laws or part of laws which are applicable alike to drainage districts or other corporations provided for by the Constitution or laws of Louisiana, shall in no manner be affected by the provisions of this act, in so far as they relate to other corporations above referred to.

Note. Under this act the Drainage Commissioners are authorized to levy taxes for maintaining the system without a previous vote of the taxpayers. The Sections 9, 23, 27, adopted in anticipation of pending changes in the Constitution were validly enacted, and the subsequent adoption of the amendment to the Constitution authorizes the tax proposed by the act. The contention that the local assessment provided in the act was under it imposed without regard to due process of law is not well taken—ample opportunity to be heard is given the taxpayer. *Goguenham vs. Avoca Drainage District*, 130 La. 323. The power of the majority in acreage of the taxpayers and of the Board of Commissioners of the Drainage District to bind the minority does not extend beyond the limits fixed by the Constitution. Action of the majority of the taxpayers and of the commissioners outside of the constitutional authority is without effect, and where the majority of the taxpayers propose and the commissioners adopt a resolution imposing a tax of two dollars per acre for forty years, the action is void, for the law intends that the tax shall be levied each year. Nor can the Board disregard the sub-districts which had been established and establish a uniform acreage tax for all, when it appears that the cost of drainage for the sub-districts was not the same in all of them. These defects are not cured by the prescription of sixty days, fixed in Sec. 28. *St. Charles Mun. Drg. Dist. vs. Cousin*, 130 La. 331. The entire sum realized from the levy of a drainage tax cannot be used to drain only a part of the district. The prescription of sixty days is not applicable. *Williams vs. Board of Commissioners*, 130 La. 969. A special tax to secure the payment of negotiable bonds issued by a drainage district must be levied each year, and the amount of the levy must be determined by the amount payable each year under the terms of the contract. A levy in advance of the full tax for the full term is contrary to the requirements of the Constitution. *Board of Commissioners vs. Randolph*, 131 La. 244. The law gives right to create such drainage districts and to levy taxes in such sub-districts without levying the tax throughout the entire district. *Board vs. Bank of Abbeville*, 135 La. 763. See also *Marceaux vs. East Cameron Drg. Dist.*, 136 La. 912. The levy of a drainage tax on the entire district to pay the bonds which had been issued does not prevent the commissioners from thereafter levying an additional tax on one of the sub-districts. *Jefferson, etc., Drainage Dist. vs. Whitney Central T. & S. Bank*, 141 La. 843. A drainage district has the special purpose of the improvement of particular property, and when it is so formed as to include property which is not and cannot be benefited directly or indirectly, including it only so that it may pay for the benefit to others' property, that is an abuse of power and injunction will not issue to prevent it. *Shaw vs. Board of Commissioners*, 138 La. 917.

DRAINAGE SYSTEMS; TAX LEVIES.

Act 90 of 1916, p. 207.

TITLE.

AN ACT to define a drainage system, provide for the levy of taxes and the issuance of bonds under the terms and conditions of Paragraph 2 of Article 281 of the Constitution of Louisiana, when said bonds are to be issued to complete a system of drainage without an election to authorize the same, and to provide a period of estoppel when suits may be brought to contest said taxes, bonds and proceedings leading to the levy and issuance.

NOTICE OF INTENTION TO LEVY TAX.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That whenever a Board of Drainage Commissioners proposes to

issue bonds to complete a system of drainage eighty per cent (80%) of which shall have been accomplished under the terms of Paragraph 2 of Article 281 of the Constitution, it shall first be necessary to give notice in the official journal or journals of the parish or parishes where the drainage district is located of the intention to levy the acreage taxes proposed to be funded into the bond issue contemplated, which notice shall appear once, at least ten days prior to the proposed issuance of said bonds.

ESTIMATE OF AMOUNT OF WORK DONE.

Sec. 2. Be it further enacted, etc., That at or about the time of such notice the board of drainage commissioners shall request the Board of State Engineers to make an estimate of the amount of work performed and done in such drainage district, in order to determine affirmatively whether or not eighty per cent (80%) of the proposed system has been accomplished, and if the report of the Board of State Engineers determines that eighty per cent (80%) of the work has been accomplished, they shall advise and recommend what work will be necessary to complete the system of drainage thus begun and shall advise the extent of bonds required to be issued and sold for the purpose of completing such system of drainage.

WHAT CONSTITUTES DRAINAGE SYSTEM.

Sec. 3. Be it further enacted, etc., That a drainage system or a system of drainage as defined by this act and as understood by Article 281 of the Constitution of Louisiana is such basic and fundamental water courses or canals that provide an outlet for the water shed of a given district or locality.

ISSUE OF BONDS FOR WORK ALREADY DONE.

Sec. 4. Be it further enacted, etc., That the Board of Drainage Commissioners acting on the report and advice of the Board of State Engineers will proceed to levy such tax as will be necessary to fund into bonds sufficient to complete the system already begun, and they will fix the denominations of said bonds so that each year the amount to be paid in principal and interest will be as nearly equal to the previous year as possible on a slightly increasing ratio for each year until said bonds are fully paid, provided that all bonds issued hereunder will begin their maturities at a period not longer than five years from their date and run not longer than forty years and bear interest at the rate of five per cent (5%) per annum.

COMPLETION OF WORK.

Sec. 5. Be it further enacted, etc., That the board of drainage commissioners will proceed, either before the sale of bonds or after the sale thereof, to call for bids for the completion of the work contemplated in said drainage system, and will let the contract for its completion as in its discretion will be to the best interest of the district, said contract to be let subject to the legal sale of the bonds at par and to be paid for out of the proceeds of sale of said bonds in such manner and under such conditions as the Board of Drainage Commissioners may determine.

PUBLICATION OF PROCEEDINGS RELATING TO BOND ISSUES.

Sec. 6. Be it further enacted, etc., That whenever any bonds are issued under the provisions of this act, a certified copy of the proceedings of the board of drainage commissioners, authorizing the issuance of said bonds and the levy of the taxes to pay the same, shall be published and promulgated in the official journal and shall be recorded in the mortgage records of the parish or parishes where the drainage district is located and further shall be registered with the Secretary of State who will also be furnished with a copy of the journal publishing the proceedings.

PERIOD WITHIN WHICH TAXPAYERS MAY CONTEST TAX LEVY.

Sec. 7. Be it further enacted, etc., That in order to fully comply with the due process of law, every taxpayer in said district, whether resident or

non-resident, and every other person interested, shall be allowed a period of sixty days in which to raise any contest over the benefits to accrue from the drainage or over the validity, legality or constitutionality of the proceedings leading up to the levy of said tax or to said bond issue, and after the lapse of sixty days, reckoning from the date of publication and promulgation of the proceedings as provided for in the previous section, on the production of a certificate from the clerk of court of the parish or parishes where the drainage district is situated, that there is no litigation on the docket of said court affecting said bond issue in any manner, or the proceedings leading up to the levy of tax or to the issue of bonds, the Secretary of State shall sign and seal the following certificate.

"Incontestable.

Secured by tax.

Registered this.....day of.....

(Seal)

Secretary of State."

And seal the said bonds without making any charge therefor. Bonds so registered shall constitute a binding and irrevocable contract between the holder of said bonds and the drainage district and they will be protected by every constitutional guarantee of good faith and estoppel.

SALE OF BONDS.

Sec. 8. Be it further enacted, etc., That the Board of drainage commissioners shall sell the bonds thus issued at not less than the price fixed by the Constitution at the time of sale and the proceeds of sale shall constitute a trust fund for the accomplishment of the purposes for which the bonds were issued, and all the provisions of law now applicable to the collection of drainage taxes under the laws now in force shall apply to the collection of taxes herein provided for.

ORGANIZATION—ISSUE OF BONDS.

Sec. 9. Be it further enacted, etc., That in order for existent drainage districts to issue bonds under the provisions of this act it shall not be considered essentially necessary to reorganize the said district as provided for by Section 16 of Act 317 of 1910 as amended, but nothing herein is intended to prevent the reorganization of such drainage districts, if in the discretion of the board of commissioners and the police jury of the parish it may be deemed most advisable.

INCONTESTABILITY OF BONDS.

Sec. 10. Be it further enacted, etc., That any bonds authorized or the proceedings for the issuance of which have been commenced under the constitutional grant of authority herein set forth, are hereby recognized as valid obligations of the district issuing the bonds after the lapse of sixty days from the date of issuance thereof and no court shall entertain jurisdiction of any suit to contest the validity or legality of any proceedings leading up to the issuance of said bonds or to the imposition of the tax to provide for their payment.

ACT DOES NOT REPEAL PREVIOUS LEGISLATION.

Sec. 11. Be it further enacted, etc., That this act is not intended to repeal any of the existent laws on the same subject-matter, but is supplemental to and in furtherance of said laws, except as same may conflict, in case of which conflict this act to take precedence over any other act.

Note. The law does not prevent the commissioners from creating a sub-district and imposing a tax on the lands therein, in addition to the tax which was imposed on the lands of the sub-district, as part of the entire drainage district. *Jefferson and P. D. Dist. vs. Whitney Central T. & S. Bank*, 141 La. 849. See note to Act 217, 1910, at p. 1362.

DRAINAGE COMMISSIONS MAY ANTICIPATE REVENUES.

Act 22, E. S. 1917, p. 32.

TITLE.

AN ACT authorizing Boards of Commissioners of duly organized drainage districts in this State to anticipate their revenues of the current year by borrowing moneys required for the needs of the district for the current year, and to secure such loans by pledge of their revenues.

BOARD OF COMMISSIONERS OF DRAINAGE DISTRICTS AUTHORIZED TO ANTICIPATE THEIR REVENUES BY BORROWING MONEY.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That the Board of Commissioners of the duly organized Drainage Districts of the State, shall, in their discretion, have authority to anticipate the current revenues of each year, in advance of their availability, by borrowing such sums as in their judgment may be required for the needs of the District for the current year, upon such terms as they may see fit, at rates of interest not exceeding six (6%) per cent per annum, and to secure such loans by a pledge of the revenues of the District for the current year.

PLEDGE TO BE BY NOTARIAL ACT.

Sec. 2. Be it further enacted, etc., That such pledge shall be either by notarial act or by act under private signature, duly acknowledged, and a copy thereof shall be filed with the Fiscal Agent of the Drainage District, and another copy shall be filed with the Supervisor of Public Accounts; and upon such filing the pledge shall be entitled to payment of the sums advanced upon the pledge, out of the revenues of the current year as collected, by preference and priority over all persons whatsoever, subject only to the legal rights of the holders of any bonds theretofore issued by the said Drainage District.

REPEALING CLAUSE.

Sec. 3. Be it further enacted, etc., That all laws and parts of laws in conflict or inconsistent herewith are hereby repealed.

BOARD OF STATE ENGINEERS TO MAKE SURVEYS FOR DRAINAGE CANALS.

Act 103 of 1906, p. 168.

TITLE.

AN ACT to require the Board of State Engineers to make such preliminary surveys and other surveys and to perform such services as may be required by the Board of Commissioners of any drainage district in the State of Louisiana, for the construction of ditches or canals, or other public works necessary for drainage purposes in any drainage district in this State; and providing for the defraying the expenses that may be incurred by said State Board of Engineers in the performance of such services.

REQUIRING STATE BOARD OF ENGINEERS TO MAKE SURVEYS FOR DRAINAGE DISTRICTS.

The Boards are authorized to enter upon lands through which natural drains pass, for the purpose of doing the work necessary to render and keep them efficient, to remove obstructions. The Boards may enlarge such drains to meet the requirements of the systems of drainage which may have been adopted; where, however, new drains are cut, the land must be expropriated and paid for. *Petit Anse Coteau Drainage Dist. vs. Iberia & V.
